(b) The defendant is not in need of correctional treatment that can be provided most effectively by his or her commitment to a correctional institution; and

(c) The granting of shock probation or conditional discharge will not unduly depreciate the seriousness of the defendant's crime.

(2) (a) The court may grant shock probation or conditional discharge if it believes, by a preponderance of the evidence, that the granting of shock probation or conditional discharge will not violate subsection (1) of this section.

(b) There shall be a presumption that a person who has been previously convicted of a felony offense, or who has previously violated a condition of parole, a condition of probation, a condition of conditional discharge, or a condition of pretrial diversion shall not be granted shock probation unless the court finds, beyond a reasonable doubt, that the granting of shock probation or conditional discharge will not violate subsection (1) of this section.

Section 2. KRS 439.265 is amended to read as follows:

Time spent on any form of release following conviction shall not count toward time required under this section.

The defendant may, in the discretion of the trial court, have the right to a hearing on any motion he may file, or have filed for him, that would suspend further execution of sentence. During this period of detention, and prior to the court's ruling on said motion, the court may require the defendant to participate in any approved community work program or other forms of work release. Persons held in the county jail pursuant to this subsection shall not be subject to transfer to a state correctional facility until the decision is made not to place the petitioner on shock probation.

(b) The provisions concerning community work programs or other forms of work release shall apply only to persons convicted of Class C or Class D felonies, and may be granted only after a hearing at which the Commonwealth's attorney ***or the Attorney General, or both,*** has the opportunity to present arguments in favor or opposition thereto.

The comprehensive sex offender presentence evaluation shall provide to the court a recommendation related to the risk of a repeat offense by the defendant and the defendant's amenability to treatment, and shall be considered by the court in determining whether to suspend the sentence. If the court suspends the sentence and places the defendant on probation, the provisions of KRS 532.045(3) to (7) shall apply.

(7) The authority granted in this section shall be exercised by the judge who imposed sentence on the defendant, unless he is unable to act and it appears that his inability to act should continue beyond the expiration of the term of the court. In this case, the judge who imposed sentence shall assign a judge to dispose of a motion filed under this section, or as prescribed by the rules and practices concerning the responsibility for disposition of criminal matters.

(4) If the defendant has been convicted of a misdemeanor offense under KRS Chapter 510, or criminal attempt to commit any of these offenses under KRS 506.010, prior to considering the motion to suspend the sentence, the court may, for a

(3) (a) During the period in which the defendant may file a motion pursuant to this statute, the sentencing judge, within his or her discretion, may order that the defendant be held in a local detention facility that is not at or above maximum capacity until such time as the court rules on said motion. During this period of detention, and prior to the court's ruling on said motion, the court may require the defendant to participate in any approved community work program or other forms of work release. Persons held in the county jail pursuant to this subsection shall not be subject to transfer to a state correctional facility until the decision is made not to place the petitioner on shock probation.

The comprehensive sex offender presentence evaluation shall provide to the court a recommendation related to the risk of a repeat offense by the defendant and the defendant's amenability to treatment, and shall be considered by the court in determining whether to suspend the sentence. If the court suspends the sentence and places the defendant on probation, the provisions of KRS 532.045(3) to (7) shall apply.

(3) The authority granted in this section shall be exercised by the judge who imposed sentence on the defendant, unless he is unable to act and it appears that his inability to act should continue beyond the expiration of the term of the court. In this case, the judge who imposed sentence shall assign a judge to dispose of a motion filed under this section, or as prescribed by the rules and practices concerning the responsibility for disposition of criminal matters.

(4) If the defendant has been convicted of a misdemeanor offense under KRS Chapter 510, or criminal attempt to commit any of these offenses under KRS 506.010, prior to considering the motion to suspend the sentence, the court may, for a misdemeanor offense specified herein, and shall, for any felony offense specified in this subsection order an evaluation of the defendant to be conducted by the sex offender treatment program operated or approved by the Department of Corrections or the Department for Mental Health and Mental Retardation Services. The evaluation shall provide to the court a recommendation related to the risk of a repeat offense by the defendant and the defendant's amenability to treatment, and shall be considered by the court in determining whether to suspend the sentence. The House of Representatives of the Commonwealth of Kentucky hereby pays most ardent tribute to Amelia Brown for the phenomenal perseverance and enthusiasm that she continues to demonstrate on behalf of the large number of Kentucky citizens awaiting organ transplants. A graduate of Monroe County High School and a recent graduate of the University of Kentucky, Ms. Brown coordinated UK's 2003 Gift of Life Challenge, a unique annual endeavor which pits UK against rival University of Louisville in a competition to sign up the most potential organ donors which resulted in UK winning the competition for the third consecutive year and in the two universities garnering more than 2,500 signatures of potential donors. Diagnosed with severe liver failure over three years ago, Ms. Brown possesses a profound understanding of the apprehension and concern associated with waiting for a transplant. Though her doctors initially told her to keep her expectations low regarding the quality of life that she could expect to enjoy prior to a transplant, Ms. Brown has exceeded all expectations for success, maintaining a high level of involvement in the university during her years as a student; graduating from UK on December 12, 2003, with a degree in Family and Consumer Sciences; and, recently embarking upon a new job as a Fayette County Cooperative Extension Agent. Inasmuch as this phenomenal young lady has truly demonstrated what can be accomplished when one maintains unwavering faith and a positive outlook on life and when one utilizes one's difficult experiences for the common good, the members of this august body are honored to join Representative Ruth Ann Palumbo and Representative James R. Comer, Jr., in commending Amelia Brown for the outstanding example of courage and integrity that she continues to set for her fellow citizens and in extending to her best wishes for many future years of happiness and good health. Done in Frankfort, Kentucky, this nineteenth day of February, in the year

HB 262, AN ACT relating to accessible electronic information for the disabled, and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 163 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds and declares that:

(1) Approximately 874,000 Kentuckians have disabilities, including blindness or other print impairments, that prevent them from using conventional print material;

(2) Kentucky fulfills an important responsibility by providing books and magazines prepared in Braille, audio, and large-type formats to eligible blind and disabled persons;

(3) The technology, transcription methods, and means of distribution used for these materials are labor-intensive and cannot support rapid dissemination to individuals in rural and urban areas throughout the state;

(4) Lack of direct and prompt access to information included in newspapers, magazines, newsletters, schedules, announcements, and other time-sensitive materials limits educational, employment, and independent opportunities, literacy, and full participation in society by blind and disabled persons;

(5) This limitation can be overcome through the use of high-speed computer and telecommunications technology, combined with customized software, providing a practical and cost-effective way to convert electronic text-based information, including newspapers, into synthetic speech suitable for statewide distribution and accessible through a touch-tone telephone with modern telecommunications technology;

(6) Low telecommunications rates make distribution of electronic text-based information to eligible users both efficient and cost-effective for the state;

(7) Federal funds have been used to develop the technology and infrastructure needed for statewide toll-free access to daily newspapers and other timely information of local, state, and national interests, providing an efficient and cost-effective means of reader registration, content acquisition, and intrastate telecommunications support; and

(8) Use of this accessible electronic information service will enhance Kentucky's efforts to meet the needs of blind and disabled citizens for access to information that is otherwise available in print, thereby reducing isolation and supporting full integration and equal access for such individuals.

SECTION 2. A NEW SECTION OF KRS CHAPTER 163 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 3 of this Act, unless the context requires otherwise:

(1) "Accessible electronic information service" means news and other timely information, including newspapers, provided to eligible individuals using high-speed computers and telecommunications technology for acquisition of content and rapid distribution in a form appropriate for use by those individuals; and

(2) "Blind and disabled persons" means those individuals who are eligible for library loan services through the Library of Congress and the Department for the Blind pursuant to 36 C.F.R. sec. 701.10(b).

SECTION 3. A NEW SECTION OF KRS CHAPTER 163 IS CREATED TO READ AS FOLLOWS:

(1) The Accessible Electronic Information Service Program is created and shall be administered by a nonprofit entity selected by the Department for the Blind through a state bidding process. The program shall provide:

(a) Intrastate access for eligible persons to read daily newspapers using a touch-tone telephone, thereby producing audio editions by use of computer; and

(b) A means of program administration and reader registration on the Internet.

(2) The program shall:

(a) Provide accessible electronic information services for all eligible blind and disabled persons as defined by subsection (2) of Section 2 of this Act;

(b) Make maximum use of available state, federal, and other funds by obtaining grants or in-kind support from appropriate programs and securing access to low-cost interstate rates for telecommunications by reimbursement or otherwise.

(3) In the competitive bidding process used to select the nonprofit entity, priority shall be given to an entity that has previously provided accessible electronic information services to the blind and disabled in Kentucky, and that has the existing technological infrastructure to provide these services.

(4) The nonprofit entity that administers the accessible electronic information services program shall submit an annual report by October 1 of each year to the Department for the Blind of all services provided. The report shall include but not be limited to:

(a) An accounting of funds received;

(b) The types and numbers of people served;

(c) The frequency of which services were accessed; and

(d) Recommendations for improvement of the program.

(5) The Department for the Blind shall prepare an annual report by November 1 of each year that includes the complete report received by the nonprofit entity, and any other information and recommendations of the department for the improvement of the program. This report shall be submitted to the Governor and the Legislative Research Commission.

SECTION 4. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

(1) To support the program created under Section 3 of this Act the Public Service Commission shall require all local exchange telecommunications companies to impose periodic surcharges on bills rendered to all local exchange telecommunications company providers.

(2) The Public Service Commission, in consultation with the entity administering the program, shall annually determine the amount of the surcharge based on the amount of funding necessary to support the program created under Section 3 of this Act.

(3) The amount of the surcharge may be computed as a portion of any other surcharge required under existing law, order, or regulation, but shall not increase the surcharge by more than two cents ($0.02) per line each month.

(4) Local exchange telecommunications companies shall remit the amount received from the surcharge to the entity administering the program, in accordance with a schedule determined by the Public Service Commission not to exceed the amount of contracted services as determined in the competitive bidding process. Any excess funds shall be transmitted by the Department for the Blind for use in other public assistance programs administered by the department.

Section 5. This Act shall be known as the "Accessible Electronic Information Act."

The Committee Substitute to **HB 262** is as follows:

However, a state or local law enforcement agency may adopt policies that are more restrictive on the agency than those contained in the model policy and that fairly and uniformly implement the provisions of this chapter.

(10) On July 13, 1990, each state or local law enforcement agency which seizes property for the purpose of forfeiture under KRS 218A.410 shall, prior to being eligible to receive grants from the trust fund, have one (1) or more officers currently employed attend asset-forfeiture training as approved by the Kentucky Law Enforcement Council which shall approve a curriculum of study for asset-forfeiture training.

HJR 136, A JOINT RESOLUTION urging the Secretary of the Cabinet for Health and Family Services and the Department for Medicaid Services to implement an Omnibus Medicaid Modernization Program.

WHEREAS, the Kentucky Medicaid Program has experienced considerable cost growth in recent years as it has expanded to provide health care coverage for nearly 670,000 citizens of the Commonwealth; and

WHEREAS, Kentucky expends a disproportionate amount of money on certain high-cost diseases that may be better controlled through a comprehensive education and management approach; and

WHEREAS, recipients' knowledge and education about their health conditions and input with treatment decisions will enable recipients to receive the most appropriate and highest-quality care; and

WHEREAS, Medicaid recipients average more than twice the number of prescriptions each year compared to the national average. Approximately 240,000 recipients in the outpatient pharmacy program take eight or more prescription medications each month, and national studies suggest that persons taking eight or more prescription medications each month are more likely to have an adverse reaction; and

WHEREAS, the use of reliable and complete data will provide the department with information necessary to analyze and modernize the Medicaid program while also improving the quality of care and reducing risks associated with inappropriate care; and

WHEREAS, the Governor's Office and cabinet departments associated with management of the Medicaid program have a critical need to upgrade the program's administrative capabilities consistent with other states' Medicaid programs and consistent with the Commonwealth's commercial health care market;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Kentucky Medicaid program shall embark on an omnibus plan to modernize Medicaid through improvements in technology, advanced medical management initiatives, and improved benefit management approaches. The impact of these efforts will serve to improve the health care received and overall health status of the Medicaid population. This modernization may be centered on three areas: (1) Technology Improvement, (2) Care Management, and (3) Benefit Management.

Section 2. To improve technology, the Department for Medicaid Services may:

(1) Assess the computer systems technology that supports the Medicaid program. This integral component of Medicaid modernization may include a review of the program's claims processing, eligibility management, and reporting capabilities both internally and through contracted agents; and

(2) Create a data warehouse to capture demographic and utilization data on the full spectrum of the Medicaid program. The data warehouse may allow for the accurate and timely retrieval of data in a readily accessible format. The data may be utilized to track programmatic trends and monitor the progress of new initiatives.

Section 3. To improve care management, the Department for Medicaid Services may:

(1) Institute a disease management initiative. This initiative may contain the following components:

   (a) Member education. Member education may provide for instruction to Medicaid recipients about the causes and triggers of the medical conditions that are targeted by the initiative and the available treatment options for the conditions. Education may assist recipients with information about appropriate access of the health care system and identifying alternatives to emergency room care for nonemergency conditions; and

   (b) Case management. Case management may involve the use of a team of medical professionals who may answer questions, give information, and offer medical advice;

(2) Institute a self-directed care initiative. This initiative may combine educational and delivery system approaches to create consumer-driven health care, including but not limited to Cash and Counseling, that empowers the Medicaid recipient to be an informed participant in the dollar distribution of his or her care management by making more care decisions, thereby facilitating improved accountability and quality of care; and

(3) Institute a utilization management initiative. This initiative may include a review of the department's utilization review processes to determine whether they conform to industry standards and are the most cost-effective means of achieving those standards. The review may include an analysis and update to any contract with a peer review organization, with the goal of implementing utilization review approaches that are consistent with industry standards.

Section 4. To improve benefit management, the Department for Medicaid Services may:

(1) Institute pharmacy benefit management. This initiative may include the selection of a pharmacy benefit management firm and implementation of a pharmacy benefit management program to ensure appropriate oversight, appropriate pharmacy usage levels, management, and reporting within the outpatient pharmacy program; and

(2) Empower the Pharmacy and Therapeutics Advisory Committee. This committee, which assists the department with decisions about appropriate utilization and authorization requirements of prescription medications in the outpatient pharmacy program, may be given increased responsibility with management of the preferred drug list; and

(3) Secure supplemental rebates. The department may work with the Pharmacy and Therapeutics Advisory Committee and a pharmacy benefit management firm to develop systems to allow the department to secure additional financial rebates from pharmaceutical manufacturers.

Section 5. This Act shall be known as the Omnibus Medicaid Modernization Program Act of 2004.

The Committee on Transportation reported **HB 172**, with Committee Substitutes attached thereto, with the expression of opinion that the same should pass. Reported to the Committee on Rules.

The Committee Substitute No. 2 to **HB 172** is as follows:

SECTION 1. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

Notwithstanding any other statute to the contrary, a certified employee of a local board of education who is called to active military duty shall be granted a leave of absence for this purpose and shall be considered to be rendering service to the state.

(1) A local board of education that has granted military leave to a certified employee and has a commitment from the employee to return to work upon his or her honorable discharge may provide the employer's contribution toward the purchase of the state's medical insurance program during the period of military leave as long as the employee or spouse pays the additional cost of dependent coverage.

(2) Upon the employee's return to work, a local school district may pay the member contribution and any accrued interest that is required to be paid to the Kentucky Teachers' Retirement System under KRS 161.507(4)(b) in order for the member to receive retirement service credit for the period of active military duty. This payment shall be paid in lump sum by the school district directly to the retirement system on the member's behalf under the conditions set forth in KRS 161.540(2). This lump sum payment shall not be included in a member's annual compensation as defined under KRS 161.220(10). Under no circumstances shall a member be entitled to service credit under this paragraph that is in violation of the provisions of KRS 161.500.

(3) For each year of military service or each year of combined military and school service within a school year, the certified employee shall receive a year of service credit for purposes of the district's single salary schedule defined in KRS 157.320.

(4) No provisions of this section shall be construed to provide disability benefits under KRS 161.611 or 161.663, survivorship benefits under KRS 161.520, life insurance benefits under KRS 161.555 or any other benefit available from the Kentucky Teachers' Retirement System as a result of active military service, or conditions or injuries resulting from active military service, except for the accrual of service credit which shall be acknowledged by the retirement system subject to the relevant conditions set forth in KRS 161.507.

Section 2. KRS 161.720 is amended to read as follows:

(1) The term "teacher" for the purpose of KRS 161.730 to 161.810 shall mean any person for whom certification is required as a basis of employment in the public schools of the state, with the exception of the superintendent.

(2) The term "year" as applied to terms of service means actual service of not less than seven (7) school months within a school year; provided, however, that any board of education may grant a leave of absence for professional advancement *or military leave for active duty service* with full credit for service.

(3) The term "limited contract" shall mean a contract for the employment of a teacher for a term of one (1) year only or for that portion of the school year that remains at the time of employment.

(4) The term "continuing service contract" shall mean a contract for the employment of a teacher which shall remain in full force and effect until the teacher resigns or retires, or until it is terminated or suspended as provided in KRS 161.790 and 161.800.

(5) The term "continuing status" means employment of a teacher under a continuing contract.

(6) The term "standard" or "college" certificate for the purpose of KRS 161.730 to 161.810 shall mean any certificate issued upon the basis of graduation from a standard four (4) year college or completion of a local district alternative certification training program.

(7) The term "superintendent" for the purpose of KRS 161.765 shall mean the school officer appointed by a board of education under the authority of KRS 160.350 or any person authorized by law to perform the duties of that officer.

(8) The term "administrator" for the purpose of KRS 161.765 shall mean a certified employee, below the rank of superintendent, who devotes the majority of his employed time to service as a principal, assistant principal, supervisor, coordinator, director, assistant director, administrative assistant, finance officer, pupil personnel worker, guidance counselor, school psychologist, or school business administrator. The term "administrator" shall also include those assistant, associate, or deputy superintendents who do not fall within the definition of "superintendent" as set forth in subsection (7) of this section.

(9) The terms "demote" or "demotion" for the purpose of KRS 161.765 shall mean a reduction in rank from one position on the school district salary schedule to a different position on that schedule for which a lower salary is paid. The terms shall not include lateral transfers to positions of similar rank and pay or minor alterations in pay increments required by the salary schedule.

Section 3. KRS 161.740 is amended to read as follows:

(1) Teachers eligible for continuing service status in any school district shall be those teachers who meet qualifications listed in this section:

  (a) Hold a standard or college certificate as defined in KRS 161.720 or meet the certification standards for vocational education teachers established by the Education Professional Standards Board.

  (b) When a currently employed teacher is reemployed by the superintendent after teaching four (4) consecutive years in the same district, or after teaching four (4) years which shall fall within a period not to exceed six (6) years in the same district, the year of present employment included, the superintendent shall issue a written continuing contract if the teacher assumes his duties, and the superintendent shall notify the board of the action taken. *A limited status employee on approved military leave shall be awarded service credit for each year of military service or each year of combined military and school service within a school year toward continuing contract status.* Each day served in the General Assembly by a board of education employee during a regular or extraordinary session shall be included in the computation of a year as defined in KRS 161.720(2).

  (c) When a teacher has attained continuing contract status in one district and becomes employed in another district, the teacher shall retain that status. However, a district may require a one (1) year probationary period of service in that district before granting that status. For purposes of this subsection, the continuing contract of a teacher shall not be terminated when the teacher leaves employment, all provisions of KRS 161.720 to 161.810 to the contrary notwithstanding, and the continuing service contract shall be transferred to the next school district, under conditions set forth in this section, for a period of up to seven (7) months from the time employment in the first school district has terminated. Nothing contained herein shall be construed to give a teacher a right to reemployment in the first school district during the seven (7) month period following termination.

(d) Service credit toward a continuing contract shall begin only when a teacher is properly certified as defined in KRS 161.720(6) or, in the case of a vocational education teacher, when the required certification standards established by the Education Professional Standards Board have been met.

(2) Vocational education teachers fulfilling the requirements in subsection (1) of this section as of July 15, 1982, shall be eligible for continuing service status.

(3) ***Whether employed under a limited contract or continuing service contract status,*** any teacher or superintendent who has been or may be hereafter inducted into the Armed Forces of this country, shall at the expiration of service be reemployed or reinstated in a comparable position as of the beginning of the next school year, provided application is made at least thirty (30) days before the opening of school, unless physically or mentally incapacitated according to medical notations on official discharge papers. WHEREAS, the Government pension offset reduces public employees' Social Security spousal or survival benefits by up to two-thirds of their public pension; and

WHEREAS, the windfall elimination provision greatly reduces the earned Social Security benefits of an individual who also receives a public pension from a job not covered by Social Security; and

Failure to so disclose such interest shall constitute misconduct in office. No payment shall be made to any officer or employee for any property or interest therein acquired by the city, consolidated local government, or county containing a city of the first ***to sixth*** class from such officer or employee unless the amount of such payment is fixed by court order in eminent domain proceedings, or unless payment is unanimously approved by the legislative body.

The Committee Amendment No. 1 Title to **HB 373** is as follows:

HB 373, Amend the title to read as follows:

"AN ACT relating to the taxation of abandoned urban property.".

HB 485, AN ACT relating to the Uniform State Building Code.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 198B.060 is amended to read as follows:

(1) Each local government shall employ a building official or inspector and other code enforcement personnel as necessary, or shall contract for inspection and code enforcement services in accordance with subsections (8) and (11) of this section to enforce the Uniform State Building Code within the boundaries of its jurisdiction, except that permits, inspections, and certificates of occupancy shall not be mandatory for single-family residences unless a local government passes an ordinance requiring inspections of single-family residences.

(2) Local governments shall be responsible for the examination and approval or disapproval of plans and specifications for churches having a capacity of four hundred (400) or less persons, and six thousand (6,000) or less square feet of total floor

area, and buildings of no more than three (3) stories in height, exclusive of attic and basement, which do not contain more than twenty thousand (20,000) square feet of floor area, and are not intended for educational, institutional, or high hazard occupancy; or assembly, business, or industrial occupancy in excess of one hundred (100) persons, except churches as stated in this subsection, or for use as a frozen food locker plant as defined in KRS 221.010. Local governments shall be responsible for the issuance and revocation of building permits, licenses, certificates, and similar documents which cover activities within their area of responsibility, and the inspection of all buildings pursuant to the provisions of this chapter and the Uniform State Building Code. Each local government issuing a building or demolition permit or an initial certificate of occupancy on a new structure shall send a copy of the permit or certificate to the commissioner for his use in maintaining an accurate housing inventory for Kentucky.

(3) Urban-county governments may determine service districts within their boundaries within which farm dwellings and other farm buildings, not used in the business of retail trade or as a place of regular employment for ten (10) or more people, shall be exempt from the requirements of the Uniform State Building Code. The determination may be reviewed and altered by the board.

(4) With the exception of single-family dwellings, the department shall be responsible for the examination and approval or disapproval of plans and specifications for all buildings which are not the responsibility of local governments. The department may issue and revoke permits, licenses, certificates, and similar documents within its area of responsibility, and shall have concurrent jurisdiction with local governments for the inspection of all buildings pursuant to the provisions of this chapter and the Uniform State Building Code. If the commissioner determines that the local jurisdiction is not adequately performing any portion of its program, he may recommend to the board that the department preempt that portion of a local program, except that the commissioner shall not preempt or assert jurisdiction for the enforcement of the code on single-family dwellings. The commissioner shall explain his reasons for preemption in writing and provide a copy to the board and the local jurisdiction. The local jurisdiction may appeal the recommended preemption directly to the board, and the board shall review the appeal according to the procedures found in subsections (8) to (10) of KRS 198B.070. No preemption by the department shall take place until the final decision of the board. If the department preempts any portion of a local program, it shall collect the fees applicable to that portion of the program.

(5) Any local government may petition the commissioner requesting that additional plan review functions be allocated to that local government. The petition shall include evidence of the local government's capability to perform additional plan review functions. The commissioner, after review of the petition and supporting evidence, may grant or deny to the local government any part of a request for additional responsibility. If the commissioner denies any part of a petition, he shall explain his reasons for denial in writing, and provide a copy to the board and the local government. A local government may appeal the denial directly to the board, and the board shall review the appeal according to the procedures found in subsections (8) to (10) of KRS 198B.070. If the local government is granted additional responsibility by the commissioner or the board, the department shall hold concurrent jurisdiction over the additional responsibility, but the local government shall collect any fees for functions it performs pursuant to the additional responsibility.

(6) Any local government may also petition the commissioner requesting that plans and specifications inspection, building inspection, and approval responsibility relating to the application of local plumbing permits for local installations be allocated to the local government. The petition shall~~[not]~~ be granted unless~~[the local government has demonstrated to]~~ the commissioner ***determines*** that ***the local government cannot***~~[it can]~~ perform these functions in accordance with the provisions of KRS 198B.050 to 198B.090.

(7) The commissioner shall expedite the review of plans and specifications by assigning responsibilities and coordinating review activities among the department's various functional offices so as to prevent unnecessary duplication in the review of plans and specifications.

(8) No building shall be constructed in this state until a local building official and an official representing the department, if the department has jurisdiction, issue a permit for the construction. Nothing in this subsection shall require a single-family dwelling to be permitted or inspected unless a local government has established a building inspection program as set out in this section.

(9) The local building official or the representative of the department shall issue a permit if the proposed building satisfies the requirements of the Uniform State Building Code and if the party desiring to construct the building has complied with all other legal requirements concerning the location and construction of the building. The applicant for a building permit, by the act of applying for the permit, shall be deemed to have consented to inspection by the local government or the department, of the building during construction and upon the completion of construction for the purpose of determining that the building is constructed in compliance with the Uniform State Building Code.

(10) (a) No permit for building, construction, reconstruction, renovation, demolition, or maintenance or for any activity related to building, construction, reconstruction, renovation, demolition, or maintenance shall be issued by any building department or by any political subdivision of the Commonwealth of Kentucky to any person seeking the permit unless the person shall assure, by affidavit, that all contractors and subcontractors employed, or that will be employed, on activity covered by the permit shall be in compliance with Kentucky requirements for workers' compensation insurance according to KRS Chapter 342 and unemployment insurance according to KRS Chapter 341.

(b) Any person who fails to comply with the assurances required under paragraph (a) of this subsection upon such finding by a court of competent jurisdiction, shall be fined an amount not to exceed four thousand dollars ($4,000) or an amount equal to the sum of all uninsured and unsatisfied claims brought under the provisions of KRS Chapter 342 and unemployment insurance claims for which no wages were reported as required by KRS Chapter 341, whichever is greater.

(c) The penalty imposed in paragraph (b) of this subsection shall be enforced by the county attorney for the county in which the violation occurred.

(11) A certified electrical inspector shall be employed by, or contracted for, or contracted with a local government having responsibility over buildings as set out in this section as part of its building inspection program. After a certified electrical inspector has been provided for by the local government or the department, no utility shall initiate permanent electrical service to any new building, or any building which has been moved, until a final certificate of approval has been issued by a certified electrical inspector. Unless the department shall notify the utility in writing as to which buildings are subject to departmental approval, it shall be presumed by the utility that the building is subject to the jurisdiction of the local government. However, nothing in this section shall prohibit the supply or use of necessary electrical services during the construction and testing process.

(12) This section shall apply to industrialized building systems, but destructive disassembly of industrialized building systems which carry a seal of approval pursuant to a manufactured building law in the state in which they were manufactured, which seal of approval is accepted by the Board of Housing, Buildings and Construction, shall not be performed in order to conduct the tests or inspections.

(13) No building on which construction was begun nor any industrialized building system on which site preparation and assembly were begun after the Uniform State Building Code became effective shall be occupied until the local building official or a representative of the department issues a certificate of occupancy certifying that the building was constructed in conformance with the standards of the Uniform State Building Code, or assembled or installed in conformance with applicable instructions. Nothing in this subsection shall be construed to require a certificate of occupancy to be issued for any single-family dwelling unless a local government has established jurisdiction for the enforcement of the Uniform State Building Code under this section.

(14) A local government may associate with other local governments, and may seek the technical assistance of other agencies or area development districts in order to provide for the local enforcement of the Uniform State Building Code.

(15) Local governments or associations of local governments may contract with a person, firm, or company to perform the plans and specifications inspection or building inspection functions required of the local government by the provisions of this section if:

(a) The person performing the plans and specifications inspection is certified by the department as having successfully completed the test requirements provided by KRS 198B.090 to practice as a certified plans and specifications inspector;

(b) The person performing the building inspection is certified by the department as having successfully completed the test requirements provided in KRS 198B.090 to practice as a certified building inspector;

(c) The person, firm, or company does not have a conflict of interest between its plan review or inspection functions and any other employment or business activities;

(d) The person performing the plumbing inspection is certified by the department as having successfully completed the requirements provided in KRS 318.140 to practice as a certified plumbing inspector; and

(e) The person, firm, or company does not have a conflict of interest between its plan review or inspection functions and any other employment or business activities.

(16) If the department has reason to believe that an inspector is not enforcing, or is improperly enforcing, the provisions of the Kentucky building codes, it shall conduct an informal hearing to review the inspector's procedures and return in written form the required corrections resulting from the hearing to the inspector, or may take action to suspend or revoke the inspector's certificate.

(17) If, after written notification from the department to the inspector of any corrections required, the inspector fails to comply within sixty (60) days, the department shall suspend the inspector's certification until the inspector complies. Any action to suspend or revoke an inspector's certificate may be appealed to the board, and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B.

(18) Each local government and the department may establish a schedule of fees for the functions performed under the provisions of this chapter. The fees shall be designed to fully cover the cost of the service performed but shall not exceed the cost of the service performed. Fees payable to the department shall be paid into the State Treasury and credited to a trust and agency fund to be used by the department in carrying out the provisions of this chapter. No part of this fund shall revert to the general fund of the Commonwealth.

(2) ***All delinquent taxes of the former city of a first class in a consolidated local government shall be filed with the county clerk and shall be known as certificates of delinquency and shall be governed by the procedures set out in KRS Chapter 134 except that the certificate of delinquency on tax bills of the former city of the first class do not have to be advertised as set out in KRS 134.440 and may be paid or purchased directly from the clerk under the provisions of KRS 134.480 without a sheriff's sale pursuant to KRS 134.450.***

(3) Notwithstanding the provisions of KRS 67C.115(2), all contracts, bonds, franchises and other obligations of the city of the first class and of the county in existence on the effective date of a consolidated local government shall continue in force and effect as obligations of the consolidated local government and the consolidated local government shall succeed to all rights and entitlements thereunder. All conflicts in the provisions of the contracts, bonds, franchises, or other obligations shall be resolved in a manner that does not impair the rights of any parties thereto.

Section 2. KRS 67C.115 is amended to read as follows:

(1) Upon the successful passage of the question to consolidate a city of the first class and its county, all ordinances and resolutions of the previously existing city of the first class and all ordinances and resolutions of the county shall become effective ordinances and resolutions of the consolidated local government until repealed, modified, or amended in accordance with the following order of precedence:

(b) If a city ordinance addresses a subject matter not addressed by a county ordinance, the city ordinance shall become effective countywide; and

(c) If a county ordinance addresses a subject matter not addressed by a city ordinance, the county ordinance shall become effective countywide.

Notwithstanding paragraph (a) of this subsection and in the event a uniform land development code has not been jointly adopted by the city and county prior to the effective date of a consolidated local government, the historic preservation and landmarks ordinances, and the zoning regulations of the city adopted pursuant to KRS Chapter 100, shall prevail and become effective countywide.

(2) Ordinances and resolutions of either the city of the first class or its county in existence on the effective date of a local government consolidation which conflict with other provisions of this chapter shall be void. Except as provided in KRS 67C.123*(3)*[~~(2)~~], any ordinance, resolution, or order in effect in a city of the first class or its county on the date a consolidated local government takes effect shall expire five (5) years from that date unless amended or reenacted by the consolidated local government.

(3) All ordinances of the city and county creating agencies and boards and interlocal agreements shall survive and be deemed reenacted by the council. All members may serve the balance of the terms to which they were appointed and until their successors are appointed and duly qualified according to law.

(4) For purposes of this section, a conflict shall be deemed to exist between ordinances or resolutions, or the provisions of this chapter, where any rights, remedies, entitlements, or the enforcement thereof cannot reasonably be reconciled.

(5) The county attorney shall serve as the legal advisor and representative to the consolidated local government and except for those duties pertaining to fiscal court set forth in KRS 69.210, the county attorney shall retain and exercise all other duties, powers, and rights delegated to that office by law.

HB 297, AN ACT relating to contracts for the payment of taxes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 371 IS CREATED TO READ AS FOLLOWS:

(1) If a contract requires one party to reimburse another party for taxes levied under Subchapter A of Chapter 32 of the Internal Revenue Code, the party making the reimbursement, at its option, shall not be required to reimburse the other party more than one (1) business day before the other party is required to remit the taxes to the Internal Revenue Service.

(2) If a party chooses to exercise its option under subsection (1) of this section, and provision is not already provided in the contract, the party shall notify the other party in writing of its intention. The option may not be exercised until at least thirty (30) days after the written notification or the beginning of the next federal tax quarter, whichever is later.

(3) The party to be reimbursed under subsection (1) of this section may require security from the reimbursing party for the payment of the taxes in proportion to the amount the taxes represent compared to the security required on the contract as a whole. The party to be reimbursed shall not change other payment terms of the contract due to the timing of the tax reimbursement, but may require the taxes to be reimbursed by electronic transfer of funds.

Section 2. This Act applies to all continuing contracts now in effect that have no expiration date and all contracts entered into or renewed after the effective date of this Act.

The Committee Amendment No. 1 to **HB 297** is as follows:

HB 297, On page 1, line 4, before "***Subchapter***" insert "***Part III of***".

HB 323, AN ACT relating to critical access hospitals and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 216.380 is amended to read as follows:

(1) The licensure category of critical access hospital is hereby created for existing licensed acute-care hospitals which qualify under this section for that status.

(2) It shall be unlawful to operate or maintain a critical access hospital without first obtaining a license from the Cabinet for Health Services. An acute-care hospital converting to a critical access hospital shall not require a certificate of need. A certificate of need shall not be required for services provided on a contractual basis in a critical access hospital. ***A certificate of need shall not be required for an existing critical access hospital to increase its acute-care bed capacity to twenty-five (25) beds.***

(3) Except as provided in subsection (4) of this section, only a hospital licensed as a general acute-care hospital may be relicensed as a critical access hospital if:

  (a) The hospital is located in a county in a rural area that is:

    1. Located more than a thirty-five (35) mile drive, or, where the terrain is mountainous or only secondary roads are available, located more than a fifteen (15) mile drive, from another ***acute-care*** hospital or ***critical access hospital***[~~other health facility~~]; or

    2. Certified by the secretary as a necessary provider of health care services to area residents;

  (b) For the purposes of paragraph (a) of this subsection, a hospital shall be considered to be located in a rural area if the hospital is not in a county which is part of a standard metropolitan statistical area, the hospital is located in a rural census tract of a metropolitan statistical area as determined under the most recent modification of the Goldsmith Modification, or is designated by the state as a rural provider. The secretary shall designate a hospital as a rural provider if the hospital is not located in a county which has the largest county population of a standard metropolitan statistical area;

  (c) Except as provided in paragraph (d) of this subsection, the hospital provides not more than ***twenty-five (25)***[~~fifteen (15)~~] acute care inpatient beds for providing ***acute*** inpatient care for a period that does not exceed, as determined on an annual, average basis, ninety-six (96) hours;

  (d) If the hospital is operating swing beds under which the hospital's inpatient hospital facilities are used for the provision of extended care services, the hospital may be designated as a critical access hospital so long as the total number of beds that may be used at any time for furnishing of either extended care services or acute inpatient services does not exceed twenty-five (25) beds [~~and the number of beds used at any time for acute inpatient services does not exceed fifteen (15) beds~~]. For the purposes of this section, any bed of a unit of the hospital that is licensed as a nursing facility at the time the hospital applies to the state for designation as a critical care access hospital shall not be counted.

(4) The secretary for health services may designate a facility as a critical access hospital if the facility:

  (a) Was a hospital that ceased operations on or after ten (10) years prior to April 21, 2000; or

  (b) Was a hospital that was converted to a licensed primary care center, rural health clinic, ambulatory health center, or other type of licensed health clinic or health center and, as of the effective date of that conversion, meets the criteria for licensure as a critical access hospital under this subsection or subsection (3) of this section.

(5) A critical access hospital shall provide the following services:

  (a) Twenty-four (24) hour emergency-room care that the secretary determines is necessary for insuring access to emergency care services in each area served by a critical access hospital; and

(b) Basic laboratory, radiologic, pharmacy, and dietary services. These services may be provided on a part-time, off-site contractual basis.

(6) A critical access hospital may provide the following services:

(a) Swing beds or a distinct unit of the hospital which is a nursing facility in accordance with KRS Chapter 216B and subject to approval under certificate of need;

(b) Surgery;

(c) Normal obstetrics;

(d) Primary care;

(e) Adult day health care;

(f) Respite care;

(g) Rehabilitative and therapeutic services including, but not limited to, physical therapy, respiratory therapy, occupational therapy, speech pathology, and audiology, which may be provided on an off-site contractual basis;

(h) Ambulatory care;

(i) Home health services which may be established upon obtaining a certificate of need; and

(j) Mobile diagnostic services with equipment not exceeding the major medical equipment cost threshold pursuant to KRS Chapter 216B and for which there are no review criteria in the State Health Plan.

(7) ***In addition to the services that may be provided under subsection (6) of this section, a critical access hospital may establish the following units in accordance with applicable Medicare regulations and subject to certificate of need approval:***

(a) A psychiatric unit that is a distinct part of the hospital, with a maximum of ten (10) beds; and

(b) A rehabilitation unit that is a distinct part of the hospital, with a maximum of ten (10) beds notwithstanding any other bed limit contained in law or regulation.

(8) Psychiatric unit and rehabilitation unit beds operated under subsection (7) of this section shall not be counted in determining the number of beds or the average length of stay of a critical access hospital for purposes of applying the bed and average length of stay limitations under paragraph (c) of subsection (3) of this section.

(9) The following staffing plan shall apply to a critical access hospital:

(a) The hospital shall meet staffing requirements as would apply under section 1861(e) of Title XVIII of the Federal Social Security Act to a hospital located in a rural area except that:

1. The hospital need not meet hospital standards relating to the number of hours during a day, or days during a week, in which the hospital shall be open and fully staffed, except insofar as the facility is required to make available emergency services and nursing services available on a twenty-four (24) hour basis; and

2. The hospital need not otherwise staff the facility except when an inpatient is present; and

(b) Physician assistants and nurse practitioners may provide inpatient care within the limits of their statutory scope of practice and with oversight by a physician who is not required to be on-site at the hospital.

(10)[~~(8)~~] A critical access hospital shall have a quality assessment and performance improvement program and procedures for review of utilization of services.

(11)[~~(9)~~] A critical access hospital shall have written contracts assuring the following linkages:

(a) Secondary and tertiary hospital referral services which shall provide for the transfer of a patient to the appropriate level of care and the transfer of patients to the critical access hospital for recuperative care;

(b) Ambulance services;

(c) Home health services; and

(d) Nursing facility services if not provided on-site.

(12)[~~(10)~~] If the critical access hospital is part of a rural health network, the hospital shall have the following:

(a) An agreement for patient referral and transfer, development, and use of communications systems including telemetry and electronic sharing of patient data, and emergency and nonemergency transportation; and

(b) An agreement for credentialing and quality assurance with a network hospital, peer review organization, or other appropriate and qualified entity identified in the state rural health plan.

(13)[~~(11)~~] The Cabinet for Health Services and any insurer or managed care program for Medicaid recipients that contracts with the Department for Medicaid Services for the receipt of Federal Social Security Act Title XIX funds shall provide for reimbursement of services provided to Medicaid recipients in a critical access hospital at rates that are at least equal to those established by the Federal Health Care Financing Administration for Medicare reimbursement to a critical access hospital.

(14)[~~(12)~~] The Cabinet for Health Services shall promulgate administrative regulations pursuant to KRS Chapter 13A necessary to implement this section.

Section 2. Whereas the Center for Medicare and Medicaid Services implemented a new federal law that, effective January 1, 2004, would allow critical access hospitals to increase their number of acute care beds up to 25 and to operate a separate psychiatric or rehabilitation unit, and further delay in implementing these changes in Kentucky would prevent Kentucky's critical access hospitals from being able to treat additional patients in need of hospital care during the influenza season when more people require treatment, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

The Committee Amendment No. 1 to **HB 323** is as follows:

HB 323, On page 5, between lines 22 and 23, insert the following:

"Section 2. Beginning on the effective date of Section 1 of this Act through June 30, 2006, no acute care hospital shall convert to a critical access hospital unless the hospital has either a feasibility study funded through the Kentucky State Office of Rural Health or has filed a written request by February 1, 2004 with the Kentucky State Office of Rural Health requesting funding for a feasibility study to be conducted." and

Renumber subsequent sections.

HB 489, AN ACT relating to postsecondary institution debt.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 48 IS CREATED TO READ AS FOLLOWS:

(1) The amount of debt service on bonds issued to finance construction of new facilities or to renovate existing facilities used for auxiliary enterprises or for hospitals associated with postsecondary institutions and all revenues generated by such facilities, and including debt service for bonds previously issued for such facilities, shall not be included in any determination of the Commonwealth's debt capacity.

(2) For the purposes of this section, "auxiliary enterprises" means an entity of a postsecondary institution that exists to furnish goods or services to students, faculty, or staff and may incidentally serve the general public as well and that charges a fee directly related to, although not necessarily equal to, the cost of the goods or services. The term includes but shall not be limited to housing, food services, bookstores, recreation or fitness centers, parking facilities, and intercollegiate athletics, but does not include facilities designated as educational and general.

Section 2. KRS 48.180 is amended to read as follows:

In addition to the information required by KRS 48.110, the Governor shall submit the following information as a separate part of the branch budget request for the executive branch of government:

(1) Summary statements of the financial condition of the state, which shall include such detailed schedules of revenues and summary of expenditures by fund as specified by law in addition to those the Governor deems desirable; and summary statements of the estimated fund balances for the current fiscal year and each of the next two (2) fiscal years; and statement of the surplus account for the general fund and the road fund, for the budget reserve trust fund account, and for each special fund. Each surplus account shall show the excess of all current revenues over all current expenditures as of the beginning of each of the two (2) fiscal years last concluded, and all changes in each surplus account during each of such two (2) fiscal years.

(2) A statement as of the close of the last completed fiscal year and as of the close of the current fiscal year, showing *separately* for the Commonwealth *and for postsecondary institutions as issuers of auxiliary enterprises agency revenue bonds or hospital agency revenue bonds* the total funded debt, the value of sinking fund assets, the net funded debt, the floating liabilities as of the close of the last completed fiscal year and the estimated floating liabilities as of the end of the current fiscal year, and the total debt as of the close of the last completed fiscal year and as of the close of the current fiscal year.

(3) A summary statement for each major fund of the cash resources estimated to be available at the beginning of each of the next two (2) fiscal years, and the estimated cash receipts of the fiscal year.

(4) Such other information as is deemed desirable or is required by law or regulation.

SECTION 3. A NEW SECTION OF KRS 164A.550 TO 164A.630 IS CREATED TO READ AS FOLLOWS:

(1) The governing board of any postsecondary institution may issue auxiliary enterprises agency revenue bonds or hospital agency revenue bonds in order to construct, improve, or equip an authorized facility. These bonds shall not be issued to finance educational and general facilities; however, up to ten percent (10%) of the facility financed by the bonds may be used for educational and general uses. Any sale of bonds issued under this section shall be competitively bid pursuant to KRS 424.360.

(2) A capital project to be financed with auxiliary enterprises agency revenue bonds or hospital agency revenue bonds shall be of the type where the auxiliary enterprise system or hospital system will produce revenues, after payment of

costs related to operating and maintaining the system, sufficient to meet all debt service required of the system, issuance costs, reserve fund requirements, insurance premium, and any other expenditures necessary for financing. The governing board that issues an auxiliary enterprises agency revenue bond or a hospital agency revenue bond under this section shall not request an appropriation from the state general fund to pay debt service or other financing costs of the bonds. The governing board shall certify in writing prior to issuance of these agency revenue bonds that the system will produce sufficient revenues to pay for all such expenses, and submit a copy of the certification to the Council on Postsecondary Education, the Finance and Administration Cabinet, and the Capital Projects and Bond Oversight Committee.

(3) All bonds issued under this section shall be obligations only of the governing board of the institution, payable as to both principal and interest from the auxiliary enterprise revenues or hospital system revenues pledged for that purpose. In no event shall the bonds be considered a debt for which the credit of the Commonwealth is pledged. Any resolution adopted under the provisions of this section shall constitute a contract between the governing board of the institution and the holder of any bond and shall be binding in all respects upon the governing board and its successors.

(4) All capital projects to be financed under this section shall be authorized by the General Assembly by title and project scope as an auxiliary enterprises agency revenue bond project or a hospital agency revenue bond project. Notwithstanding KRS 56.495, the governing board may authorize expenditures totaling less than four hundred thousand ($400,000) for necessary financial analysis and project development prior to General Assembly authorization and choose, independent of the Office of Financial Management, an underwriter, financial advisor, or bond counsel notwithstanding KRS 45A.850; however, all funds advanced for this purpose shall be repaid from the proceeds of the such bonds upon issuance.

(5) The governing board shall specify by resolution the project authorized to be financed by the auxiliary enterprises agency revenue bonds or hospital agency revenue bonds. The resolution shall fix the initial minimum rents, tolls, fees, and other charges to be imposed in connection with the services furnished by the related system; and, in those cases where the facility includes limited components relating to educational and general uses as provided in subsection (1) of this section, the resolution may also provide that the governing board pay from the institution's operating budget the reasonable cost and value of any service rendered for those educational and general uses.

(6) The charges for the services from the facility, together with the available revenues of any other facility or facilities of the type that generate revenues and subject to the provisions of this section that are pledged to the payment of the bonds, shall be sufficient at all times to provide for the payment of the interest and to fund a sinking fund to accomplish retirement of the bonds at or before maturity, and to pay the current costs of operating and maintaining the facility to the extent these expenses are not otherwise provided. The charges shall be revised from time to time as to produce sufficient revenues prescribed by this section.

(7) The resolution shall fix the extent of the pledge of revenues generated by any other postsecondary facility or facilities described above, and may specify the terms and conditions upon which additional bonds may be thereafter issued and sold ranking on a parity with and payable from the same sources as the bonds authorized by such resolution, and such additional parity bonds may thereafter be so issued and sold to pay all or any part of the cost of the additional facility or facilities.

(8) Upon authorization of an auxiliary enterprises agency revenue bond project or a hospital agency revenue bond project, the governing board of the institution may issue revenue bond anticipation notes or advance moneys from other legally available funds of the institution in order to pay for the costs of land acquisition, site development, studies, professional services, and other costs incidental to the letting of construction bids. Any moneys advanced by the governing board shall be reimbursed from the proceeds of these bonds.

(9) If the governing board is unable to pay the required principal and interest payments due on bonds issued under this section from system revenues or from other available agency revenues and the governing board fails to transmit to the paying agent bank or trustee the debt service and administrative payments when due as required by the bond issuance resolution, the paying agent bank or trustee shall notify the secretary of the Finance and Administration Cabinet in writing and request that the cabinet withhold or intercept from the governing board a sufficient portion of any appropriated state funds not yet disbursed to the institution to satisfy the required payment on the bonds. If the secretary determines that the institution is in risk of defaulting on the payment of the bonds or has defaulted, the secretary shall notify the governing board and within five (5) days remit payment to the paying agent bank or trustee such funds as are required from the appropriation to the institution. Thereafter, the governing board shall, to the extent it is otherwise legally permitted, take action within sixty (60) days to adopt a resolution to generate additional revenues, such as increasing the minimum rents, tolls, fees, and other charges, in order to positively adjust remittances to the funds accounts. Nothing in this section shall be construed to create any obligation on the part of the Commonwealth to make any payment on behalf of the defaulting institution other than from funds previously appropriated to the governing board of that institution.

Section 4. KRS 56.450 is amended to read as follows:

(1) There is recognized, as an independent agency of the state within the meaning of KRS Chapter 12, and as a constituted authority of the Commonwealth of Kentucky, a state and a sovereign entity within the meaning of regulations of the United States Department of the Treasury, Internal Revenue Service, a State Property and Buildings Commission composed of the

Governor, who shall be chairman thereof, the Lieutenant Governor who shall be vice chairman of the commission, the Attorney General, the secretary of the Cabinet for Economic Development, the secretary of the Finance and Administration Cabinet, and the secretary of the Revenue Cabinet, or their alternates as authorized in subsection (5) of this section.

(2) No member of the commission shall receive any salary, fee, or other remuneration for his services as a member of the commission, but each member shall be entitled to be reimbursed for his ordinary traveling expenses, including meals and lodging, incurred in the performance of his duties.

(3) The commission shall constitute a public body corporate with perpetual succession and power in its name to contract and be contracted with, sue and be sued, adopt bylaws, have and use a corporate seal, and exercise all of the powers granted to private corporations generally in KRS Chapter 271B, except as that chapter may be inconsistent with KRS 56.440 to 56.550.

(4) Subject to the provisions of KRS 56.550, but notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, all revenue bonds issued by state agencies, except as provided in this chapter (but not including bonds issued directly by and in the name of the Commonwealth of Kentucky under authorization of the executive cabinet), shall be issued under the provisions of this chapter. As an additional and alternative method for the issuance of revenue bonds under the provisions of this chapter, upon application of any state agency and approval by the commission, the commission acting for and on behalf of said state agency may issue revenue bonds in its own name, in accordance with the terms and provisions of KRS Chapter 58, secured by and payable solely from all or any part of the revenues of the state agency as may be specified and provided in the approved application. Any covenants and undertakings of the state agency in the approved application with regard to the production of revenues and the use, application, or disposition thereof may be enforced by the holders of any of the revenue bonds or by any trustee for such bondholders. The issuance of any revenue bonds for the state or any of its agencies by or on behalf of the Kentucky Economic Development Finance Authority and the issuance of any revenue bonds for economic development projects authorized by Acts 1980, Ch. 109, shall require the prior approval of the State Property and Buildings Commission. In issuing bonds under its own name, or in approving issuance of bonds by other state agencies, the commission shall be deemed to be acting for the state government of the Commonwealth of Kentucky as one (1) unit within the meaning of the regulations of the United States Department of the Treasury, Internal Revenue Service, and it shall be limited to the issuance of bonds to accomplish the public purposes of that unit.

(5) (a) Each member of the commission may designate, by an instrument in writing over his signature and filed with the secretary as a public record of the commission, an alternate with full authority to attend in the absence of the appointing member for any reason, any properly convened meeting of the commission and to participate in the consideration of, and voting upon, business and transactions of the commission. Any designation of an alternate may, in the discretion of the appointing member, be limited upon the face of the appointing instrument, to be effective only for a designated meeting or only for specified business; or the same may be shown on the face of the appointing instrument to be on a continuing basis (but in no case for a period of more than four (4) years), whenever the appointing member is unable to attend, but always subject to revocation by the appointing member in an instrument of like formality, similarly filed with the secretary as a public record of the commission. Any party transacting business with the commission, or materially affected thereby, shall be entitled to accept and rely upon a joint certificate of the secretary of the commission and any member of the commission concerning the designation of any alternate, the time of designation, the scope thereof, and if of a continuing nature, whether the same has been revoked, and when; and the joint certificate shall be made and delivered to any such party within a reasonable time after written request is made therefor with acceptable identification of the business or transaction referred, and of the requesting party's interest therein. Each alternate shall be a person on the staff of the appointing member, or in the employ of his agency or department of the government of the Commonwealth, as the case may be.

(b) Any four (4) members of the commission, or their alternates authorized under paragraph (a) of this subsection, shall constitute a quorum and shall by majority vote be authorized to transact any and all business of the commission.

(c) The State Property and Buildings Commission is reconstituted as of October 1, 1976, with the powers herein provided.

(6) Any bonds authorized by the General Assembly for projects at postsecondary institutions or any refundings of such bonds that require a specific appropriation from the state general fund for associated debt service shall be issued by the commission unless the secretary of the Finance and Administration Cabinet approves the bonds to be issued by the institution. This approval shall be transmitted by the secretary, with findings of fact, to the Capital Projects and Bond Oversight Committee.

HB 498, AN ACT relating to delinquent property taxes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 134.500 is amended to read as follows:

(1) Uncollectible tax claims shall bear interest at twelve percent (12%) per annum simple interest from the date the certificate of delinquency is issued. A fraction of a month is counted as an entire month. The sheriff's add-on fee provided in KRS

134.430, the clerk's add-on fee provided in KRS 134.480, and the county attorney's add-on fee provided in this section shall be excluded from the interest calculation except in counties containing cities of the first class or consolidated local government. All tax bills on omitted property that were not turned over to the sheriff in time to be collected or to make the sale provided for in KRS 134.430 and 134.440 shall also be submitted to the fiscal court but shall be carried over as a charge against the sheriff at the time he makes his next regular settlement.

(2) The cabinet shall be responsible for the collection of certificates of delinquency and delinquent personal property tax bills; however, the cabinet shall first offer the collection duties to the county attorney, unless the cabinet determines that the county attorney has previously failed to perform collection duties in a reasonable and acceptable manner. Any county attorney desiring to perform the duties associated with the collection of delinquent tax claims shall enter into a contract with the cabinet on an annual basis. The terms of the contract shall specify the duties to be undertaken by the county attorney. These duties shall include but are not limited to the following actions:

(a) Within fifty (50) days after the issuance of a certificate of delinquency to the state, county, and taxing district, the county attorney or the Revenue Cabinet shall cause a notice of the purchase to be mailed by regular mail to the property owner at the address on the records of the property valuation administrator. The notice shall advise the owner that the certificate is a lien of record against all property of the owner, and bears interest at the rate of twelve percent (12%) per annum, and if not paid will be subject to collection by the county attorney as provided by law.

(b) The county attorney shall file in the office of the county clerk a list of the names and addresses to which the notice was mailed along with a certificate that the notice was mailed in accordance with the requirements of this section.

(c) All notices returned as undeliverable shall be submitted to the property valuation administrator. The property valuation administrator shall attempt to correct inadequate or erroneous addresses and, if property has been transferred, shall determine the new owner and the current mailing address. The property valuation administrator shall return the notices with the corrected information to the county attorney prior to the expiration of the one (1) year tolling period provided in KRS 134.470.

(d) Within ninety (90) days after the expiration of the one (1) year tolling period provided in KRS 134.470, the county attorney shall cause a notice of his intention to enforce the lien to be mailed to all owners whose tax bills remain delinquent. No second notice shall be required for addresses previously determined to be undeliverable and for which the property valuation administrator has not provided corrected information.

(e) Failure to mail the notices shall not affect the validity of the claim of the state, county, and taxing district. The postal cost of mailing the notices shall be added to the certificate of delinquency and, upon collection, the county attorney shall be reimbursed for the postage. The county attorney shall deliver at the same time a list of the owners whose tax bills remain delinquent to the property valuation administrator. The property valuation administrator shall review this list in accordance with the provisions of KRS 132.220 to establish that the properties on the list can be identified and physically located.

(3) The county attorney who enters into a contract with the cabinet shall have a period of two (2) years after the expiration of the one (1) year tolling period provided in KRS 134.470 to collect delinquent tax bills or to initiate court action for their collection. At the expiration of the two (2) years the cabinet may assume responsibility for all uncollected bills except those with pending court action.

(4) The county attorney who enters into a contract with the cabinet and performs his duties in respect to the certificate of delinquency and delinquent personal property tax bills shall be entitled to twenty percent (20%) of the amount due each taxing unit, whether the tax claim is voluntarily paid or is paid through sale or under court order, and the fee shall be paid to him by the county clerk when making distribution, as provided in KRS 134.480. This fee shall be added to the amount of the tax claims and paid by the persons paying the tax claims. They shall not be paid by the taxing districts or deducted from the taxes due the taxing districts. This fee shall be waived if the certificate of delinquency is paid by the taxpayer only within five (5) days of the sheriff's sale. If more than one (1) county attorney renders necessary services in an effort to collect a tax claim, the attorney serving the last notice or rendering the last substantial service preceding collection shall be entitled to the fee. When the county attorney's office, in an effort to collect a certificate of delinquency, or delinquent personal property tax bills files a court action ***or files a cross claim***~~[which is litigated by the taxpayer]~~, an additional county's attorney fee equal to thirteen percent (13%) of the total tax plus ten percent (10%) penalty, ***shall***~~[may]~~ be added to the certificate or the bill and shall become part of the tax claim.

(5) If a county attorney chooses not to contract for these collection duties or if a county attorney fails to perform the duties required by the contract, the cabinet shall assume responsibility for the collection process. In the performance of those duties, the cabinet shall have all the powers, rights, duties, and authority with respect to the collection, refund, and administration of the amount due on the certificate of delinquency conferred generally upon the cabinet by Kentucky Revised Statutes including, but not limited to, KRS Chapters 131, 134, and 135. The twenty percent (20%) fee that would have otherwise been paid to the county attorney shall be paid to the cabinet for deposit in the delinquent tax fund provided for under KRS 134.400.

(6) Any action on behalf of the state, county, and taxing districts authorized by this section or by KRS 134.470, 134.490, or 134.540 shall be filed on relation of the secretary, and the petition may be sent to the cabinet, which may require revision in instances where it deems revision or amendment necessary. The cabinet shall advise the county attorney in all actions,

and may send him special assistance when the secretary deems assistance necessary. A copy of the judgment shall also be sent to the cabinet. If the cabinet sends assistance to a county attorney who contracts to prosecute the suits or proceedings, the county attorney shall be entitled to his full fee. On the same day that suit is filed, the county clerk shall be given notice of its filing. Costs incident to the suit shall become a part of the tax claim.

(7) The cabinet may make its delinquent tax collection databases and other technical resources, including but not limited to income tax refund offsetting, available to the county attorney upon request from the county attorney. The county attorney seeking assistance shall enter into any agreements required by the cabinet to protect taxpayer confidentiality, to ensure database integrity, or to address other concerns of the cabinet.

(8) The county attorney may, at any time after assuming collection duties, enter into an agreement with the delinquent taxpayer to accept installment payments on the delinquent tax bill. The agreement shall not waive the county attorney's right to initiate court action or other authorized collection activities if the taxpayer does not make payments in accordance with the agreement.

HB 518, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.320 is amended to read as follows:

(1) Any person who has failed to list for taxation his intangible personal property or tangible personal property, in whole or in part, because he was not called upon by the property valuation administrator or for any other reason, may at any time list the property with the cabinet by reporting to the cabinet the full details and a correct description of the omitted property and its value. The cabinet may determine and fix the fair cash value, estimated at the price it would bring at a fair voluntary sale, of the property so reported and listed for taxation.

(2) Any person dissatisfied with or aggrieved by the finding or ruling of the cabinet may appeal the finding or ruling in the manner provided in KRS 131.110.

(3) The cabinet may promulgate administrative regulations, and develop forms for the listing and assessment of the property assessed or to be assessed for taxation.

(a) The tax assessed shall be paid to and collected by the cabinet.

(b) Taxes collected by the cabinet on behalf of the county, school, and other local taxing districts shall be distributed to each district at least quarterly. ***The cabinet shall also provide each county, school, and other local taxing district receiving a distribution a list identifying each individual taxpayer making a tax payment included in the distribution, and the amount of the payment made by each taxpayer.***

(c) From each distribution, the cabinet shall deduct a fee which represents an allocation of cabinet operating and overhead expenses incurred in assessing and collecting the omitted tax. The fee shall be determined by the cabinet and shall apply to all omitted taxes collected after December 31, 1997.

(4) All property assessed pursuant to this section shall be liable for the payment of the taxes, interest, and penalties provided by law for failure to list the property with the property valuation administrator or other assessment board, commission, or authority within the time and in the manner prescribed by law, except that if the taxpayer voluntarily lists property under this section the twenty percent (20%) penalty provided to be paid to the cabinet shall not apply, unless the taxpayer on an appeal from the action of the cabinet attempts to reduce the assessment and is unsuccessful.

(5) If after demand by the cabinet, any taxpayer refuses to voluntarily list any intangible or tangible personal property omitted from assessment, the cabinet shall make an estimate of the fair cash value of the omitted intangible or tangible personal property from the information in its possession and assess the property for taxation and require payment of the taxes, penalties, and interest due to the state and local taxing districts from the person assessed. Notice of the assessment shall be mailed to the taxpayer or the taxpayer's agent. The finality and review of any assessment made pursuant to this section shall be governed by the provisions of KRS 131.110.

HB 499, AN ACT relating to workers' compensation

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.316 is amended to read as follows:

(1) (a) The employer liable for compensation for occupational disease shall be the employer in whose employment the employee was last exposed to the hazard of the occupational disease. During any period in which this section is applicable to a coal mine, an operator who acquired it or substantially all of its assets from a person who was its operator on and after January 1, 1973, shall be liable for, and secure the payment of, the benefits which would have been payable by the prior operator under this section with respect to miners previously employed in the mine if it had not been acquired by such later operator. At the same time, however, this subsection does not relieve the prior operator of any liability under this section. Also, it does not affect whatever rights the later operator might have against the prior operator.

(b) The time of the beginning of compensation payments shall be the date of the employee's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later.

(2) The procedure with respect to the giving of notice and determination of claims in occupational disease cases and the compensation and medical benefits payable for disability or death due to the disease shall be the same as in cases of accidental injury or death under the general provisions of this chapter, except that notice of claim shall be given to the employer as soon as practicable after the employee first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted the disease, or a diagnosis of the disease is first communicated to him, whichever shall first occur.

(3) The procedure for filing occupational disease claims shall be as follows:

(a) The application for resolution of claim shall set forth the complete work history of the employee with a concise description of injurious exposure to a specific occupational disease, together with the name and addresses of the employer or employers with the approximate dates of employment. The application shall also include at least one (1) written medical report supporting his claim. This medical report shall be made on the basis of clinical or X-ray examination performed in accordance with accepted medical standards and shall contain full and complete statements of all examinations performed and the results thereof. The report shall be made by a duly-licensed physician. The commissioner shall promulgate administrative regulations which prescribe the format of the medical report required by this section and the manner in which the report shall be completed.

1. For coal-related occupational pneumoconiosis claims, each clinical examination shall include ***two (2)***~~[a]~~ chest X-ray ***interpretations***~~[interpretation by a National Institute of Occupational Safety and Health (NIOSH) certified "B" reader. The chest X-ray upon which the report is made shall be filed with the~~

~~application]~~ as well as spirometric tests when pulmonary dysfunction is alleged.

2. For other compensable occupational pneumoconiosis claims, each clinical examination shall include a chest X-ray examination and appropriate pulmonary function tests.

(b) To be admissible, medical evidence offered in any proceeding under this chapter for determining a claim for occupational pneumoconiosis resulting from exposure to coal dust shall comply with accepted medical standards as follows:

1. Chest X-rays shall be of acceptable quality with respect to exposure and development and shall be indelibly labeled with the date of the X-ray and the name and Social Security number of the claimant. Physicians' reports of X-ray interpretations shall: identify the claimant by name and Social Security number; include the date of the X-ray and the date of the report; classify the X-ray interpretation using the latest ILO Classification and be accompanied by a completed copy of the latest ILO Classification report. Only interpretations by National Institute of Occupational Safety and Health (NIOSH) certified "B" readers shall be admissible.

2. Spirometric testing shall be conducted in accordance with the standards recommended in the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association and the 1978 ATS epidemiology standardization project with the exception that the predicted normal values for lung function shall not be adjusted based upon the race of the subject. The FVC or the FEV1 values shall represent the largest of such values obtained from three (3) acceptable forced expiratory volume maneuvers as corrected to BTPS (body temperature, ambient pressure and saturated with water vapor at these conditions) and the variance between the two (2) largest acceptable FVC values shall be either less than five percent (5%) of the largest FVC value or less than one hundred (100) milliliters, whichever is greater. The variance between the two (2) largest acceptable FEV1 values shall be either less than five percent (5%) of the largest FEV1 value or less than one hundred (100) milliliters, whichever is greater. Reports of spirometric testing shall include a description by the physician of the procedures utilized in conducting such spirometric testing and a copy of the spirometric chart and tracings from which spirometric values submitted as evidence were taken.

3. The commissioner shall promulgate administrative regulations pursuant to KRS Chapter 13A as necessary to effectuate the purposes of this section. The commissioner shall periodically review the applicability of the spirometric test values contained in the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association and may by administrative regulation substitute other spirometric test values which are found to be more closely representative of the normal pulmonary function of the coal mining population.

4. The procedure for determination of occupational disease claims shall be as follows:

   a. Immediately upon receipt of an application for resolution of claim, the commissioner shall notify the responsible employer and all other interested parties and shall furnish them with a full and complete copy of the application.

   b. The commissioner shall assign the claim to an administrative law judge and, except for ***coal-related occupational***~~[coal workers']~~ pneumoconiosis claims, shall promptly refer the employee to such physician or medical facility as the commissioner may select for examination. The report from this examination shall be provided to all parties of record. The employee shall not be referred by the commissioner for examination within two (2) years following any prior referral for examination for the same disease.

   c. ~~[Except for coal workers' pneumoconiosis claims,]~~Within forty-five (45) days following the notice of filing an application for resolution of claim, the employer or carrier shall notify the commissioner and all parties of record of its acceptance or denial of the claim. A denial shall be in writing and shall state the specific basis for the denial.~~[In coal workers' pneumoconiosis claims, the employer's notice of claim denial or acceptance shall be filed within thirty (30) days of the issuance by the commissioner of the notice of the consensus reading unless the consensus is that the miner has not developed coal workers' pneumoconiosis category 1/0 or greater. In the event the consensus procedure is exhausted without consensus being established, the employer's notice of claim denial or acceptance shall be filed within thirty (30) days of the commissioner's notification to the administrative law judge that consensus has not been reached.~~

   ~~d. Within forty-five (45) days of assignment of a coal workers' pneumoconiosis claim to an administrative law judge, the employer shall cause the employee to be examined by a physician of the employer's choice and shall provide to all other parties and file with the commissioner the X-ray interpretation by a "B" reader. The examination of the employee shall include spirometric testing if pulmonary dysfunction is alleged by the employee in the application for resolution of a claim. The commissioner shall determine whether the X-ray interpretations filed by the parties are in consensus.~~

~~e. If the readings are not in consensus, the commissioner shall forward both films, masking information identifying the facility where the X-ray was obtained and the referring physician, consecutively to three (3) "B" readers selected randomly from a list maintained by the commissioner for interpretation. Each "B" reader shall select the highest quality film and report only the interpretation of that film. The commissioner shall determine if two (2) of the X-ray interpretations filed by the three (3) "B" readers selected randomly are in consensus. If consensus is reached, the commissioner shall forward copies of the report to all parties as well as notice of the consensus reading which shall be considered as evidence. If consensus is not reached, the administrative law judge shall decide the claim on the evidence submitted.~~

~~f. "Consensus" is reached between two (2) chest X-ray interpreters when their classifications meet one (1) of the following criteria: each finds either category A, B, or C progressive massive fibrosis; or findings with regard to simple pneumoconiosis are both in the same major category and within one (1) minor category (ILO category twelve (12) point scale) of each other.~~]

(d)[~~g.~~] The administrative law judge shall conduct such proceedings as are necessary to resolve the claim and shall have authority to grant or deny any relief, including interlocutory relief, to order additional proof, to conduct a benefit review conference, or to take such other action as may be appropriate to resolve the claim.

(e)[~~h.~~] Unless a voluntary settlement is reached by the parties, or the parties agree otherwise, the administrative law judge shall issue a written determination within sixty (60) days following a hearing. The written determination shall address all contested issues and shall be enforceable under KRS 342.305.

5. The procedure for appeal from a determination of an administrative law judge shall be as set forth in KRS 342.285.

(4) (a) The right to compensation under this chapter resulting from an occupational disease shall be forever barred unless a claim is filed with the commissioner within three (3) years after the last injurious exposure to the occupational hazard or after the employee first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted the disease, whichever shall last occur; and if death results from the occupational disease within that period, unless a claim therefor be filed with the commissioner within three (3) years after the death; but that notice of claim shall be deemed waived in case of disability or death where the employer, or his insurance carrier, voluntarily makes payment therefor, or if the incurrence of the disease or the death of the employee and its cause was known to the employer. However, the right to compensation for any occupational disease shall be forever barred, unless a claim is filed with the commissioner within five (5) years from the last injurious exposure to the occupational hazard, except that, in cases of radiation disease or asbestos-related disease, a claim must be filed within twenty (20) years from the last injurious exposure to the occupational hazard.

(b) Income benefits for the disease of ***coal-related occupational*** pneumoconiosis resulting from exposure to coal dust or death therefrom shall not be payable unless the employee has been exposed to the hazards of such pneumoconiosis in the Commonwealth of Kentucky over a continuous period of not less than two (2) years during the ten (10) years immediately preceding the date of his last exposure to such hazard, or for any five (5) of the fifteen (15) years immediately preceding the date of such last exposure.

(5) The amount of compensation payable for disability due to occupational disease or for death from the disease, and the time and manner of its payment, shall be as provided for under the general provisions of the Workers' Compensation Act, but:

(a) In no event shall the payment exceed the amounts that were in effect at the time of the last injurious exposure;

(b) The time of the beginning of compensation payments shall be the date of the employee's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later; and

(c) In case of death where the employee has been awarded compensation or made timely claim within the period provided for in this section, and an employee has suffered continuous disability to the date of his death occurring at any time within twenty (20) years from the date of disability, his dependents, if any, shall be awarded compensation for his death as provided for under the general provisions of the Workers' Compensation Act and in this section, except as provided in KRS 342.750(6).

(6) If an autopsy has been performed, no testimony relative thereto shall be admitted unless the employer or his representative has available findings and reports of the pathologist or doctor who performed the autopsy examination.

(7) No compensation shall be payable for occupational disease if the employee at the time of entering the employment of the employer by whom compensation would otherwise be payable, falsely represented himself, in writing, as not having been previously disabled, laid off, or compensated in damages or otherwise, because of the occupational disease, or failed or omitted truthfully to state to the best of his knowledge, in answer to written inquiry made by the employer, the place, duration, and nature of previous employment, or, to the best of his knowledge, the previous state of his health.

(8) No compensation for death from occupational disease shall be payable to any person whose relationship to the deceased,

which under the provisions of this chapter would give right to compensation, arose subsequent to the beginning of the first compensable disability, except only for after-born children of a marriage existing at the beginning of such disability.

(9) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the general provisions of this chapter and it is subsequently discovered, at any time before the final disposition of the cause, that the claim for injury, disability, or death which was the basis for his application should properly have been made under the provisions of this section, then the application so filed may be amended in form or substance, or both, to assert a claim for injury, disability, or death under the provisions of this section, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and compensation may be awarded that is warranted by the whole evidence pursuant to the provisions of this chapter. When amendment of this type is submitted, further or additional evidence may be heard when deemed necessary. Nothing this section contains shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice of time for filing of a claim, but notice of filing a claim, if given or done, shall be deemed to be a notice of filing of a claim under provisions of this chapter, if given or done within the time required by this subsection.

(10) When an employee has an occupational disease that is covered by this chapter, the employer in whose employment he was last injuriously exposed to the hazard of the disease, and the employer's insurance carrier, if any, at the time of the exposure, shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier, except as otherwise provided in this chapter.

(11) (a) Income benefits for coal-related occupational pneumoconiosis shall be paid fifty percent (50%) by the Kentucky coal workers' pneumoconiosis fund as established in KRS 342.1242 and fifty percent (50%) by the employer in whose employment the employee was last exposed to the hazard of that occupational disease.

(b) Compensation for all other occupational disease shall be paid by the employer in whose employment the employee was last exposed to the hazards of the occupational disease.

(12) A concluded claim for benefits by reason of contraction of ***coal-related occupational***[~~coal workers'~~] pneumoconiosis in the severance or processing of coal shall bar any subsequent claim for benefits by reason of contraction of ***coal-related occupational***[~~coal workers'~~] pneumoconiosis, unless there has occurred in the interim between the conclusion of the first claim and the filing of the second claim at least two (2) years of employment wherein the employee was continuously exposed to the hazards of the disease in the Commonwealth.

(13) For coal-related occupational pneumoconiosis claims, the ***provisions of subsection (3) of this section as amended on the effective date of this Act***[~~consensus procedure~~] shall apply to all claims which have not been assigned to an administrative law judge prior to ***the effective date of this Act***[~~July 15, 2002. The consensus classification shall be presumed to be the correct classification of the employee's condition unless overcome by clear and convincing evidence. If an administrative law judge finds that the presumption of correctness of the consensus reading has been overcome, the reasons shall be specially stated in the administrative law judge's order~~].

Section 2. KRS 342.732 is amended to read as follows:

(1) Notwithstanding any other provision of this chapter, income benefits and retraining incentive benefits for ***coal-related*** occupational pneumoconiosis resulting from exposure to coal dust in the severance or processing of coal shall be paid as follows:

(a) 1. If an employee has a radiographic classification of category 1/0, 1/1 or 1/2, ***coal-related occupational***[~~coal workers'~~] pneumoconiosis and spirometric test values of eighty percent (80%) or more, the employee shall be awarded a one (1) time only retraining incentive benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined by KRS 342.740, but not more than seventy-five percent (75%) of the state average weekly wage, payable semimonthly for a period not to exceed one hundred four (104) weeks, except as provided in subparagraph 3. of this paragraph.

2. Except as provided in subparagraph 3. of this paragraph, these benefits shall be paid only while the employee is enrolled and actively and successfully participating as a full-time student taking the equivalent of twelve (12) or more credit hours per week in a bona fide training or education program that if successfully completed will qualify the person completing the course for a trade, occupation, or profession and which program can be completed within the period benefits are payable under this subsection. The program must be approved under administrative regulations to be promulgated by the commissioner. These benefits shall also be paid to an employee who is a part-time student taking not less than the equivalent of six (6) nor more than eleven (11) credit hours per week, except that benefits shall be an amount equal to thirty-three and one-third percent (33-1/3%) of the employee's average weekly wage as determined by KRS 342.740, but not more than thirty-seven and one-half percent (37-1/2%) of the state average weekly wage, payable biweekly for a period not to exceed two hundred eight (208) weeks.

3. These benefits shall also be paid biweekly while an employee is actively and successfully pursuing a General Equivalency Diploma (GED) in accordance with administrative regulations promulgated by the commissioner. These benefits shall be paid in the amount of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage not to exceed seventy-five percent (75%) of the state average weekly

wage for a maximum period not to exceed seventeen (17) weeks. These income benefits shall be in addition to the maximum amount of retraining incentive benefits payable under this paragraph.

4. The employer shall also pay, directly to the institution conducting the training or education program, instruction, tuition, and material costs not to exceed five thousand dollars ($5,000).

5. The period of weeks during which this benefit is payable shall begin no later than the thirtieth day after the administrative law judge's order awarding the benefit becomes final, except that an employee may elect to defer the beginning of such benefits up to the three hundred sixty-fifth day following the thirtieth day the order becomes final. Unless the employee has requested deferral of income benefits, those income benefits payable under subparagraphs 1. and 2. of this paragraph shall begin no later than thirty (30) days following conclusion of income benefits paid under subparagraph 3. if such benefits were paid.

6. If an employee who is awarded retraining incentive benefits under this paragraph successfully completes a bona fide training or education program approved by the commissioner, upon completion of the training or education program, the employer shall pay to that employee the sum of five thousand dollars ($5,000) for successful completion of a program that requires a course of study of not less than twelve (12) months nor more than eighteen (18) months, or the sum of ten thousand dollars ($10,000) for successful completion of a program that requires a course of study of more than eighteen (18) months. This amount shall be in addition to retraining incentive benefits awarded under this paragraph, and tuition expenses paid by the employer.

7. An employee who is age ***fifty-two (52)***[~~fifty seven (57)~~] years or older on the date of last exposure and who is awarded retraining incentive benefits under subparagraph 1. to 4. of this paragraph, may elect to receive in lieu of retraining incentive benefits, an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage, not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of twenty-five percent (25%) for a period not to exceed four hundred twenty-five (425) weeks, or until the employee reaches sixty-five (65) years of age, whichever occurs first, KRS 342.730(4) notwithstanding.

8. A claim for retraining incentive benefits provided under this section may be filed, but benefits shall not be payable, while an employee is employed in the severance or processing of coal as defined in KRS 342.0011(23).

9. If an employer appeals an award of retraining incentive benefits, upon an employee's motion, an administrative law judge may grant retraining incentive benefits pending appeal as interlocutory relief.

10. If an employee elects to defer payment of retraining incentive benefits for a period of retraining longer than three hundred sixty-five (365) days, benefits otherwise payable shall be reduced week-for-week for each week retraining benefits are further deferred.

(b) 1. If an employee has a radiographic classification of category 1/0, 1/1, or 1/2 ***coal-related occupational***[~~coal workers'~~] pneumoconiosis and respiratory impairment ***resulting from exposure to coal dust*** evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, or category 2/1, 2/2, or 2/3 ***coal-related occupational***[~~coal workers'~~] pneumoconiosis and spirometric test values of eighty percent (80%) or more of the predicted normal values, there shall be an irrebuttable presumption that the employee has a disability rating of twenty-five percent (25%) resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage, but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of twenty-five percent (25%). The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks.

2. An employee who is awarded benefits under this paragraph may, at the time of the award or before benefit payments begin, elect to receive retraining incentive benefits provided under subparagraphs 1. to 6. of paragraph (a) of this subsection, in lieu of income benefits awarded under this paragraph, provided that such option is available one (1) time only and is not revokable, and provided that in no event shall income benefits payable under this paragraph be stacked or added to retraining incentive income benefits paid or payable under subparagraphs 1. to 6. of paragraph (a) of this subsection to extend the period of disability.

(c) If it is determined that an employee has a radiographic classification of category 1/0, 1/1, or 1/2, ***coal-related occupational pneumoconiosis***, and respiratory impairment resulting from exposure to coal dust as evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values, or category 2/1, 2/2, or 2/3 ***coal-related occupational***[~~coal workers'~~] pneumoconiosis and respiratory impairment ***resulting from exposure to coal dust*** evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, or category 3/2 or 3/3 ***coal-related occupational***[~~coal workers'~~] pneumoconiosis and spirometric test values of eighty percent (80%) or more, there shall be an irrebuttable presumption that the employee has a disability rating of fifty percent (50%) resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of fifty percent (50%). The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks.

(d) If it is determined that an employee has a radiographic classification of category 2/1, 2/2, or 2/3 ***coal-related occupational***[~~coal workers'~~] pneumoconiosis[~~, based on the latest ILO International Classification of Radiographics,~~] and respiratory impairment ***resulting from exposure to coal dust*** as evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values or category 3/2 or 3/3 ***coal-related occupational*** pneumoconiosis and respiratory impairment ***resulting from exposure to coal dust*** evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, there shall be an irrebuttable presumption that the employee has a seventy-five percent (75%) disability rating resulting from exposure to coal dust and the employee shall be awarded income benefits which shall be equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of seventy-five percent (75%). The award shall be payable for a period not to exceed five hundred twenty (520) weeks. Income benefits awarded under this paragraph shall be payable to the employee during the disability.

(e) If it is determined that an employee has radiographic classification of 3/2 or 3/3 ***coal-related*** occupational pneumoconiosis and respiratory impairment ***resulting from exposure to coal dust*** evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values, or complicated ***coal-related occupational*** pneumoconiosis (large opacities category A, B, or C progressive massive fibrosis), there shall be an irrebuttable presumption that the employee is totally disabled resulting from exposure to coal dust, and the employee shall be awarded income benefits equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the average weekly wage of the state as determined by KRS 342.740. Income benefits awarded under this paragraph shall be payable to the employee during such disability.

(2) The presence of respiratory impairment resulting from exposure to coal dust shall be established by using the largest forced vital capacity (FVC) value or the largest forced expiratory volume in one second (FEV1) value determined from the totality of all such spirometric testing performed in compliance with accepted medical standards.

(3) When valid spirometric tests are not provided and a physician certifies to the administrative law judge that spirometric testing is not medically indicated because of the permanent physical condition of the employee, the administrative law judge shall make his decision on the basis of evidence admitted which establishes the existence of a diagnosis of occupational pneumoconiosis and respiratory impairment due to the occupational pneumoconiosis. The evidence submitted by the employee shall include one (1) or more arterial blood gas studies performed in accordance with accepted medical standards. Income benefits shall not be awarded in the absence of valid spirometric tests if the claimant's PO2 arterial blood gas value is equal to or higher than one (1) standard deviation from the normal value obtained by the formula (103.5 - 0.42X), where X equals the claimant's age at the time of the arterial blood gas study.

(4) Upon request, the commissioner shall refer an employee who has been awarded retraining incentive benefits under subsection (1)(a) of this section to the Department of Vocational Rehabilitation for evaluation and assessment of the training, education, or other services necessary to prepare the employee for a trade, occupation, or profession that will return the employee to remunerative employment, or services necessary and appropriate to prepare and enable the employee to successfully complete a bona fide training or education program approved by the commissioner. The commissioner shall contract with the Department of Vocational Rehabilitation to provide vocational rehabilitation or education services commensurate with the skill levels and abilities of the employee. Services provided under this subsection shall be funded by the coal workers' pneumoconiosis fund, KRS 342. 1242 notwithstanding.

(5) The commissioner shall promulgate administrative regulations sufficient to effectuate the provisions relating to retraining incentive benefits provided under subsection (1)(a) of this section. The administrative regulations shall:

(a) Define a "bona fide training or education program" to mean a postsecondary education or training program, including but not limited to the postsecondary programs registered with the Higher Education Assistance Authority, and successful completion of which will qualify the person completing the course for a trade, occupation, or profession, and which program can be completed within the period benefits are payable under subsection (1)(a) of this section;

(b) Establish requirements for approval and certification of a bona fide training or education program;

(c) Provide that funds paid to the training or education program by the employer as required under subsection (1)(a)4. of this section shall be applied only to instruction, tuition, material costs, and any fees necessary for the completion of the program;

(d) Establish requirements for successful participation in and completion of an approved and certified bona fide training or education program, and eligibility standards that must be satisfied to receive sums to be paid by the employer pursuant to subsection (1)(a)6. of this section; and

(e) Establish attendance, performance and progress standards, and reporting requirements in consultation with the

Department of Adult Education and Literacy as conditions that must be satisfied to receive retraining incentive income benefits pursuant to subsection (1)(a)3. of this section.

(6) In no event shall income benefits awarded under this section be stacked or added to income benefits awarded under KRS 342.730 to extend the period of disability and in no event shall income or retraining incentive benefits be paid to the employee while the employee is working in the mining industry in the severance or processing of coal as defined in KRS 342.0011(23)(a).

Section 3. KRS 342.792 is amended to read as follows:

(1) ***Notwithstanding any provision of this chapter to the contrary,*** the claim of any miner last exposed to the occupational hazards of ***coal-related occupational***[~~coal workers'~~] pneumoconiosis between December 12, 1996, and ***the effective date of this Act***[~~July 15, 2002~~], shall nonetheless be governed by the provisions of KRS 342.732 and notwithstanding the provisions of KRS 342.125 all claims for benefits which were filed for last injurious occupational exposure to coal dust occurring between December 12, 1996, and ***the effective date of this Act***[~~July 15, 2002~~], shall be considered pursuant to the provisions of KRS 342.732 and administrative regulations promulgated by the commissioner, and closed claims, except claims dismissed for reasons other than failure to meet medical eligibility standards, may be reopened by the claimant. Income or retraining incentive benefits shall be awarded thereon as if the entitlement standards established by the amendments to KRS 342.732***, effective on July 15, 2002, and on the effective date of this Act,*** were effective at the time of last exposure. Any benefits previously granted by an award or settlement shall be credited against any subsequent award or settlement and no interest shall be payable on additional benefits. A previous grant of retraining incentive benefits shall be credited only to the extent that the benefits were actually paid. All income or retraining incentive benefits greater than those which would have been awarded were not these new provisions applicable shall be paid without interest from the Kentucky coal workers' pneumoconiosis fund, the provisions of KRS 342.1242 notwithstanding.

(2)[~~The original claim of any miner last exposed to the occupational hazards of coal workers' pneumoconiosis prior to December 12, 1996, which was subject to a university evaluation pursuant to KRS 342.315 and was dismissed upon a finding that the miner did not prove the presence of coal workers' pneumoconiosis radiographically may be reopened by the claimant notwithstanding the provisions of KRS 342.125, pursuant to administrative regulations adopted by the commissioner. Income benefits may be awarded thereon pursuant to entitlement standards effective as of the date of last exposure, except the income or retraining benefits shall be paid without interest from the Kentucky coal workers' pneumoconiosis fund, the provisions of KRS 342.1242 notwithstanding.~~

~~(3)~~] Notwithstanding the provisions of KRS 342.316(4)(a), the ***coal-related occupational***[~~coal workers'~~] pneumoconiosis claim of any miner last exposed between December 12, 1996, and ***the effective date of this Act***[~~July 15, 2002~~], may be filed with the commissioner on or before December 12, ***2005***[~~2003~~], or within the time frame prescribed by KRS 342.316(4)(a), whichever is longer. All income or retraining incentive benefits greater than those which would have been awarded were not these new provisions applicable shall be paid by the Kentucky coal workers' pneumoconiosis fund without interest, the provisions of KRS 342.1242 notwithstanding.

(3) The commissioner shall promulgate administrative regulations to effectuate the provisions of this section which shall provide that the administrative law judge may consider the findings and interpretations of x-rays previously taken at university medical schools or x-rays previously subject to the consensus procedure, but that such previously taken x-rays and findings and interpretations thereon shall not be binding on the administrative law judge[

~~(4) Administrative regulations promulgated by the commissioner pursuant to subsections (1) and (2) of this section shall provide that chest X rays previously taken at university medical schools pursuant to KRS 342.315 shall be obtained by the commissioner and forwarded to three (3) randomly selected "B" readers for determination of consensus pursuant to KRS 342.316(3)(b)4.e.. The claim shall be assigned to an administrative law judge for determination of whether the claim should be reopened and the award of additional benefits, if any~~].

Section 4. KRS 342.1241 is amended to read as follows:

(1) The General Assembly finds and declares that the awards of workers' compensation benefits for ***coal-related occupational***[~~coal workers'~~] pneumoconiosis (black lung) have placed a substantial financial burden on all employers of the Commonwealth through the special fund assessments imposed on all employers to cover the liabilities of the special fund.

(2) The General Assembly finds and declares that the purpose of creating the Kentucky Coal Workers' Pneumoconiosis Fund in KRS 342.1242 is to assure that liabilities incurred as a result of workers' compensation awards for ***coal-related occupational***[~~coal workers'~~] pneumoconiosis with dates of last exposure after December 12, 1996, shall be the financial responsibility of employers engaged in severance and processing of coal.

(3) Therefore, it is the intent of the General Assembly in imposing the assessments required in KRS 342.1242(3)(a) and (b) to assure that liabilities incurred as a result of workers' compensation awards for ***coal-related occupational***[~~coal workers'~~] pneumoconiosis with dates of last exposure after December 12, 1996, shall be the financial responsibility of employers engaged in the severance and processing of coal.

Section 5. KRS 342.1242 is amended to read as follows:

(1) There is created the Kentucky coal workers' pneumoconiosis fund which shall have one-half (1/2) of the liability for

income benefits, including retraining benefits, payable for claims brought under KRS 342.732 for last exposure incurred on or after December 12, 1996. Income benefit payments by the Kentucky coal workers' pneumoconiosis fund shall be made contemporaneous with the payments made by the employer, except that the employer shall make all payments due under a final award or approved settlement until the liability of the Kentucky coal workers' pneumoconiosis fund is established under subsection (2) of this section and the coal workers' pneumoconiosis fund shall reimburse the employer for such payments to the extent of its liability.

(2) The employer shall defend any claim brought under KRS 342.732 and upon conclusion shall seek participation in payment of the final award or settlement by the Kentucky coal workers' pneumoconiosis fund by making written request upon the director in the manner prescribed by administrative regulation to be promulgated by the commissioner of the Department of Workers' Claims.

(3) (a) For the purpose of funding and prefunding the liabilities of the Kentucky coal workers' pneumoconiosis fund and financing the administration and operation of the Kentucky coal workers' pneumoconiosis fund, as reflected in the budget of the Commonwealth enacted by the General Assembly, a Kentucky coal workers' pneumoconiosis fund assessment at the rate of three percent (3%) is hereby imposed upon the amount of workers' compensation premiums received on and after January 1, 1997, through December 31, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth and by every group of self-insurers operating under the provisions of KRS 342.350(4), from employers engaged in the severance or processing of coal. Likewise, on and after January 1, 1997, through December 31, 1997, an assessment at the rate of three percent (3%) of premium shall be paid by every employer engaged in the severance or processing of coal who is carrying his or her own risk.

(b) In addition to the assessment imposed in paragraph (a) of this subsection, an additional Kentucky coal workers' pneumoconiosis fund assessment at the rate of two and one-half cents ($0.025) per ton is hereby imposed upon the total annual amount of tons of coal severed on or after January 1, 1997, through December 31, 1997, by every entity engaged in the severance of coal as required pursuant to KRS Chapter 143.

(c) As of September 1, 1997, and each year thereafter, the funding commission shall determine the assets of the fund and the claim and administrative expense liability incurred by the fund for all previous years and shall establish the rates under the provisions of paragraphs (a) and (b) of this subsection necessary as of January 1 of the next year to fully fund and prefund all claim liabilities and administrative expenses through December 31 of the next year of operations. The assessment rate authorized by this section for premiums received and tons of coal severed shall be set so as to receive fifty percent (50%) of the needed revenue from each assessment. Notice of any rate changes shall be provided no later than December 1 of the year preceding the rate change.

(4) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to a separate account within the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission. In addition, the powers and responsibilities of the Kentucky Workers' Compensation Funding Commission including its fiduciary duties and responsibilities relating to assessments collected for the special fund pursuant to KRS 342.122, 342.1222, 342.1223, 342.1226, 342.1229, and 342.1231 shall apply to assessments collected for the Kentucky coal workers' pneumoconiosis fund created pursuant to this section. Each entity subject to assessments for the Kentucky coal workers' pneumoconiosis fund shall provide any and all information requested by the Kentucky Workers' Compensation Funding Commission necessary to carry out its powers and responsibilities relating thereto.

(5) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received or the coal is processed or severed. Receipt shall be considered timely through actual physical receipt or by postmark by the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments. Penalty and interest penalties imposed pursuant to KRS 342.1221 and the authority of the Kentucky Workers' Compensation Funding Commission to waive part or all of the penalty shall apply to assessments for the Kentucky coal workers' pneumoconiosis fund in the same manner and amount as they are imposed on assessments for the special fund under KRS 342.122.

(6) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.

(7) Claims for benefits by reason of the development of ***coal-related occupational***[~~coal workers'~~] pneumoconiosis shall be maintained pursuant to KRS 342.732, and the Kentucky coal workers' pneumoconiosis fund shall be liable for payment of a part of the liability only for employees of employers engaged in the severance or processing of coal as defined in KRS 342.0011(23)(a) and (b).

Section 6. KRS 342.270 is amended to read as follows:

(1) If the parties fail to reach an agreement in regard to compensation under this chapter, either party may make written application for resolution of claim. The application must be filed within two (2) years after the accident, or, in case of death, within two (2) years after the death, or within two (2) years after the cessation of voluntary payments, if any have been made. When the application is filed by the employee or during the pendency of that claim, he shall join all causes of action against the named employer which have accrued and which are known, or should reasonably be known, to him. Failure to join all accrued causes of action will result in such claims being barred under this chapter as waived by the employee.

(2) [~~Except with respect to claims for benefits by reason of coal workers' pneumoconiosis,~~]The commissioner shall issue notice of the filing to all parties and shall promptly assign the claim to an administrative law judge. The administrative law judge shall facilitate the exchange of information pertinent to the claim pursuant to administrative regulations promulgated by the commissioner. Within forty-five (45) days of the date of issuance of the notice required by this section, the employer or carrier shall file notice of claim denial or acceptance, setting forth specifically those material matters which are admitted, those which are denied, and the basis of any denial of the claim.

(3) Within one hundred twenty (120) days of July 14, 2000, the commissioner shall promulgate administrative regulations establishing procedures for the resolution of claims. The administrative regulations promulgated pursuant to the provisions of this subsection shall be effective on an emergency basis and be applied to all pending claims.

Section 7. The following KRS section is repealed:

342.794 "B" reader list -- Consenus classifications -- Report evaluating physicians on list -- Removal of physicians.

SB 45, AN ACT relating to wages and hours.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 337.285 is amended to read as follows:

(1) No employer shall employ any of his employees for a work week longer than forty (40) hours, unless such employee receives compensation for his employment in excess of forty (40) hours in a work week at a rate of not less than one and one-half (1-1/2) times the hourly wage rate at which he is employed.

(2) This provision *shall*[~~does~~] not apply to *the following:*

(a) Employees of retail stores engaged in work connected with selling, purchasing, and distributing merchandise, wares, goods, articles, or commodities*;*

(b) [~~or to~~]Employees of restaurant, hotel, and motel operations*;*

(c) [~~, to~~]Employees as defined and exempted from the overtime provision of the Fair Labor Standards Act in Sections 213(b)(1), 213(b)(6), 213(b)(10), and 213(b)(17) of Title 29, U.S.C.*;*

(d) [~~, or to~~]Employees whose function is to provide twenty-four (24) hour residential care on the employer's premises in a parental role to children who are primarily dependent, neglected, and abused and who are in the care of private nonprofit childcaring facilities licensed by the Cabinet for Health Services under KRS 199.640 to 199.670*; or*

(e) Any individual who is employed by a third-party employer or agency other than the family or household using his or her services to provide in-home companionship services for a sick, convalescing, or elderly person.

(3) As used in subsection (2) of this section, "companionship services" means those services which provide in-home fellowship, care, and protection for a person who, because of advanced age or physical or mental infirmity, cannot care for his or her own needs. These services may include household work related to the care of the aged or infirm person such as meal preparation, bed making, washing of clothes, and other similar services. They may also include the performance of general household work, provided that the household work is incidental and does not exceed twenty (20%) percent of the total weekly hours worked. The term "companionship services" does not include services relating to the care and protection of the aged or infirm which require and are performed by trained personnel, such as a registered or practical nurse.

(4)[~~(2)~~] Notwithstanding the provisions of subsection (1) of this section or any other chapter of the KRS to the contrary, upon written request by a county employee, made freely and without coercion, pressure, or suggestion by the employer, and upon a written agreement reached between the employer and the county employee before the performance of the work, a county employee who is authorized to work one (1) or more hours in excess of the prescribed hours per week may be granted compensatory leave on an hour-for-hour basis. Upon the written request by a county employee, made freely and without coercion, pressure, or suggestion by the employer, and upon a written agreement reached between the employer and the county employee before the performance of the work, a county employee who is not exempt from the provisions of the Federal Fair Labor Standards Act, 29 U.S.C. et seq., may be granted compensatory time in lieu of overtime pay, at the rate of not less than one and one-half (1-1/2) hours for each hour the county employee is authorized to work in excess of forty (40) hours in a work week.

(5)[~~(3)~~] (a) Upon the request of the county employee, and as provided in subsection *(4)*[~~(2)~~] of this section, compensatory time shall be awarded as follows:

1. A county employee who provided work in excess of forty (40) hours in a public safety activity, an emergency response activity, or a seasonal activity as described in 29 C.F.R. sec. 553.24, may accrue not more than four hundred eighty (480) hours of compensatory time; or

2. A county employee engaged in other work in excess of forty (40) hours, may accrue not more than two hundred forty (240) hours of compensatory time.

(b) A county employee who has accrued four hundred eighty (480) hours of compensatory time off pursuant to paragraph (a)1. of this subsection, or two hundred forty (240) hours of compensatory time off pursuant to paragraph (a)2. of this subsection, shall for additional overtime hours of work, be paid overtime compensation.

(6)[~~(4)~~] A county employee who has accrued compensatory time off as provided in subsection *(4)*[~~(2)~~] of this section, and who requested the use of compensatory time, shall be permitted by the employer to use the compensatory time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt the operations of the employer. Mere inconvenience to the employer shall not constitute a sufficient basis for denial of a county employee's request for compensatory time off.

(7)[~~(5)~~] If compensation is paid to a county employee for accrued compensatory time off, the compensation shall be paid at the regular rate earned by the county employee at the time the county employee receives the payment.

(8)[~~(6)~~] Upon a county employee's termination of employment, all unused accrued compensatory time shall be paid at a rate of compensation not less than:

(a) The average regular rate received by the county employee during the last three (3) years of the county employee's employment; or

(b) The final regular rate received by the county employee, whichever is higher.

(9)[~~(7)~~] Compensatory time shall not be used as a means to avoid statutory overtime compensation. A county employee shall have the right to use compensatory time earned and shall not be coerced to accept more compensatory time than an employer can realistically and in good faith expect to be able to grant within a reasonable period upon the county employee making the request for compensatory time off.

(10)[~~(8)~~] Nothing in subsections *(4)*[~~(2)~~] to *(9)*[~~(7)~~] of this section shall be construed to supersede any collective bargaining agreement, memorandum of understanding, or any other agreement between the employer and representative of the county employees.

(11)[~~(9)~~] As used in subsections *(4)*[~~(2)~~] to *(9)*[~~(7)~~] of this section, "county employee" means an employee of any county, charter county, consolidated local government, or urban-county government, including an employee of a county elected official.

The term "companionship services" does not include services relating to the care and protection of the aged or infirm which require and are performed by trained personnel, such as a registered or practical nurse.

(4)[~~(2)~~] Notwithstanding the provisions of subsection (1) of this section or any other chapter of the KRS to the contrary, upon written request by a county employee, made freely and without coercion, pressure, or suggestion by the employer, and upon a written agreement reached between the employer and the county employee before the performance of the work, a county employee who is authorized to work one (1) or more hours in excess of the prescribed hours per week may be granted compensatory leave on an hour-for-hour basis. Upon the written request by a county employee, made freely and without coercion, pressure, or suggestion by the employer, and upon a written agreement reached between the employer and the county employee before the performance of the work, a county employee who is not exempt from the provisions of the Federal Fair Labor Standards Act, 29 U.S.C. et seq., may be granted compensatory time in lieu of overtime pay, at the rate of not less than one and one-half (1-1/2) hours for each hour the county employee is authorized to work in excess of forty (40) hours in a work week.

(5)[~~(3)~~] (a) Upon the request of the county employee, and as provided in subsection *(4)*[~~(2)~~] of this section, compensatory time shall be awarded as follows:

1. A county employee who provided work in excess of forty (40) hours in a public safety activity, an emergency response activity, or a seasonal activity as described in 29 C.F.R. sec. 553.24, may accrue not more than four hundred eighty (480) hours of compensatory time; or

2. A county employee engaged in other work in excess of forty (40) hours, may accrue not more than two hundred forty (240) hours of compensatory time.

(b) A county employee who has accrued four hundred eighty (480) hours of compensatory time off pursuant to paragraph (a)1. of this subsection, or two hundred forty (240) hours of compensatory time off pursuant to paragraph (a)2. of this subsection, shall for additional overtime hours of work, be paid overtime compensation.

(6)[~~(4)~~] A county employee who has accrued compensatory time off as provided in subsection *(4)*[~~(2)~~] of this section, and who requested the use of compensatory time, shall be permitted by the employer to use the compensatory time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt the operations of the employer. Mere inconvenience to the employer shall not constitute a sufficient basis for denial of a county employee's request for compensatory time off.

(7)[~~(5)~~] If compensation is paid to a county employee for accrued compensatory time off, the compensation shall be paid at the regular rate earned by the county employee at the time the county employee receives the payment.

(8)[~~(6)~~] Upon a county employee's termination of employment, all unused accrued compensatory time shall be paid at a rate of compensation not less than:

(a) The average regular rate received by the county employee during the last three (3) years of the county employee's employment; or

(b) The final regular rate received by the county employee, whichever is higher.

(9)[~~(7)~~] Compensatory time shall not be used as a means to avoid statutory overtime compensation. A county employee shall have the right to use compensatory time earned and shall not be coerced to accept more compensatory time than an employer can realistically and in good faith expect to be able to grant within a reasonable period upon the county employee making the request for compensatory time off.

(10)[~~(8)~~] Nothing in subsections *(4)*[~~(2)~~] to *(9)*[~~(7)~~] of this section shall be construed to supersede any collective bargaining agreement, memorandum of understanding, or any other agreement between the employer and representative of the county employees.

(11)[~~(9)~~] As used in subsections *(4)*[~~(2)~~] to *(9)*[~~(7)~~] of this section, "county employee" means an employee of any county, charter county, consolidated local government, or urban-county government, including an employee of a county elected official.

HB 290, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 16.577 is amended to read as follows:

(1) Upon retirement at early retirement date, a member may receive an annual retirement allowance payable monthly during

his lifetime which shall be determined in the same manner as for retirement at his normal retirement date, with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(2) There shall be no reduction in the retirement allowance of a member who has twenty (20) or more years of service credit, at least fifteen (15) of which are current service.

(3) A member whose participation begins on or after August 1, 2004, shall not be eligible to retire under subsection (2) of this section until the member has attained age fifty (50).

Section 2. KRS 16.582 is amended to read as follows:

(1) (a) Total and permanent disability means a disability which results in the member's incapacity to engage in any occupation for remuneration or profit. Loss by severance of both hands at or above the wrists, or both feet at or above the ankles, or one (1) hand above the wrist and one (1) foot above the ankle, or the complete, irrevocable loss of the sight of both eyes shall be considered as total and permanent.

(b) Hazardous disability means a disability which results in the member's total incapacity to continue as a regular full-time officer or as an employee in a hazardous position, as defined in KRS 61.592, but which does not result in the member's total and permanent incapacity to engage in other occupations for remuneration or profit.

(c) In determining whether the disability meets the requirement of this section, any reasonable accommodation provided by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered.

(d) If the board determines that the total and permanent disability of a member receiving a retirement allowance under this section has ceased, then the board shall determine if the member has a hazardous disability.

(2) Any person may qualify to retire on disability, subject to the following:

(a) The person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1), or 78.615(1). The service requirement shall be waived if the disability is a total and permanent disability or a hazardous disability and is a direct result of an act in line of duty;

(b) The person shall not be eligible for an unreduced retirement allowance;

(c) The person's application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment, as defined in KRS 16.505, as a regular full-time officer or in a regular full-time hazardous position under KRS 61.592;

(d) The person shall receive a satisfactory determination pursuant to KRS 61.665; and

(e) A person's disability application based on the same claim of incapacity shall be accepted and reconsidered for disability if accompanied by new objective medical evidence. The application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment as a regular full-time officer or in a regular full-time hazardous position.

(3) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:

(a) The incapacity results from bodily injury, mental illness, or disease. For purposes of this section, "injury" means any physical harm or damage to the human organism other than disease or mental illness;

(b) The incapacity is deemed to be permanent; and

(c) The incapacity does not result directly or indirectly from:

1. Injury intentionally self-inflicted while sane or insane;

2. Injury or disease resulting from military service; or

3. Bodily injury, mental illness, disease, or condition which pre-existed membership in the system or reemployment, whichever is most recent, unless:

a. The disability results from bodily injury, mental illness, disease, or a condition which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or

b. The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

For purposes of this subparagraph, "reemployment" shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

(4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a position as regular full-time officer or a hazardous position.

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.

2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.

5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.

(5) The disability retirement allowance shall be determined as provided in KRS 16.576, subject to the following:

(a) If the member's total service credit on his last day of paid employment in a regular full-time position is less than twenty (20) years, service shall be added beginning with his last date of paid employment and continuing to his fifty-fifth birthday. The maximum service credit added shall not exceed the total service the member had on his last day of paid employment, and the maximum service credit for calculating his retirement allowance, including his total service and service added under this section, shall not exceed twenty (20) years;

(b) If the member's total service credit on his last day of paid employment is twenty (20) or more years, then his total service credit shall be used.

(c) For a member whose participation begins on or after August 1, 2004, the disability retirement allowance shall be the higher of twenty-five percent (25%) of the member's monthly final rate of pay or the retirement allowance determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability.

(6) If the member receives a satisfactory determination of total and permanent disability or hazardous disability pursuant to KRS 61.665 and the disability is the direct result of an act in line of duty, the member's retirement allowance shall be calculated as follows:

(a) For the disabled member, benefits as provided in subsection (5) of this section except that the monthly retirement allowance payable shall not be less than twenty-five percent (25%) of the member's monthly final rate of pay; and

(b) For each dependent child of the member on his disability retirement date, who is alive at the time any particular payment is due, a monthly payment equal to ten percent (10%) of the disabled member's monthly final rate of pay; however, total maximum dependent children's benefit shall not exceed forty percent (40%) of the member's monthly final rate of pay. The payments shall be payable to each dependent child, or to a legally appointed guardian or as directed by the system.

(7) No benefit provided in this section shall be reduced as a result of any change in the extent of disability of any retired member who is age fifty-five (55) or older.

(8) If a regular full-time officer or hazardous position member has been approved for benefits under a hazardous disability, the board shall, upon request of the member, permit the member to receive the hazardous disability allowance while accruing benefits in a nonhazardous position, subject to proper medical review of the nonhazardous position's job description by the system's medical examiner.

(9) For a member of the State Police Retirement System, in lieu of the allowance provided in subsection (5) or (6) of this

section, the member may be retained on the regular payroll and receive the compensation authorized by KRS 16.165, if he is qualified.

Section 3. KRS 61.5525 is amended to read as follows:

(1) Effective July 1, 2001, purchase of service under the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, except as provided in subsection (2) of this section, shall be determined by multiplying the higher of the employee's current rate of pay, final rate of pay, or final compensation as of the end of the month in which the purchase is made times the actuarial factor times the number of years of service being purchased.

(2) This provision shall not apply to KRS 61.552(1) and (23), or KRS 61.592(3)(c).

(3) For member whose participation begins on or after August 1, 2004, service purchased under the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, except for service purchased under subsections (1) and (23) of KRS 61.552, shall not be used to determine eligibility for or the amount of the monthly insurance contribution under Section 7 of this Act.

(4) For a member whose participation begins on or after August 1, 2004, service purchased under the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, except for service purchased under subsections (1) and (23) of KRS 61.552, shall not be used to determine eligibility for a retirement allowance under disability retirement, early retirement, normal retirement, or death under any of the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852. Purchased service shall only be used to determine the amount of the retirement allowance of a member who is eligible for a retirement allowance under disability, early retirement, normal retirement, or death under any of the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, based on service earned as a participating employee.

Section 4. KRS 61.559 is amended to read as follows:

(1) In lieu of any other benefits due under KRS 61.510 to 61.705 and KRS 78.520 to 78.852, a member who has attained the age of sixty-five (65) and who has obtained at least one (1) month of service credit but no more than forty-seven (47) months of service may elect to receive an annual retirement allowance payable monthly or less frequently, as determined by the board, which shall be determined by multiplying his accumulated contributions by two (2) and converting this amount to an annual retirement allowance based on an annuity rate adopted by the board which would pay the actuarial equivalent of twice his accumulated contributions over the lifetime of the retired member.

(2) A member sixty-five (65) years of age or older is eligible for a retirement allowance determined under KRS 61.595 provided such member has forty-eight (48) months of service, at least twelve (12) of which are current service, or a retirement allowance determined under KRS 61.595 prior to age sixty-five (65) provided:

(a) The member has attained age fifty-five (55) and has service of sixty (60) months at least twelve (12) of which are current service; or

(b) The member is a retired member of the State Police Retirement System, has attained age fifty-five (55), and has service of forty-eight (48) months at least twelve (12) of which are current service; or

(e) The member of the Kentucky Employees Retirement System has, at least, twenty-six (26) years of service credit, at least sixteen (16) of which are current consecutive years of service as a cabinet secretary or administrative head of one (1) of the three (3) branches of government; or

(f) The member has attained age fifty-five (55) and was an employee of a parted employer at the time his employer became ineligible to continue participation in the system, and his service in the system when added to his service with the parted employer subsequent to his separation from state government equals the early retirement service eligibility requirement of the system on the date his employer became ineligible to continue participation in the system.

(3) A member whose participation begins on or after August 1, 2004, shall not be eligible to retire under paragraphs (c) and (d) of subsection (2) of this section until the member has attained age fifty-five (55).

Section 5. KRS 61.595 is amended to read as follows:

(1) Effective July 1, 1990, upon retirement at normal retirement date or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) for the County Employees Retirement System and one and ninety-seven hundredths percent (1.97%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except that:

(a) Effective February 1, 1999, a member of the Kentucky Employees Retirement System who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) of final compensation multiplied by the number of years of service credit. Any Kentucky Employees Retirement System member whose effective date of retirement is between February 1, 1999, and January 31, 2009, and who has at least twenty (20) years of service credit in one of the state-administered retirement systems and who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) of final compensation multiplied by the number of years of service credit. Notwithstanding the provisions of KRS 61.565, the funding for this paragraph shall be provided from existing funds of the retirement allowance account;

(b) ***For a member of the County Employees Retirement System whose participation begins on or after August 1, 2004, the annual retirement allowance upon retirement at normal retirement date or later shall be equal to one and ninety-seven hundredths percent (1.97%) of final compensation multiplied by the number of years of service credit and shall be payable monthly during his lifetime.***

(c) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(d)[~~(c)~~]The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(e)[~~(d)~~]Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 Regular Session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(f)[~~(e)~~] The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) A member of the Kentucky Employees Retirement System or the County Employees Retirement System who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire with no reduction in the retirement allowance. A member who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority, may count the vested service toward attaining the necessary years of service credit as provided in KRS 61.559(2)(c) and (d) to qualify for a retirement allowance. The credit from a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority shall not be used toward the minimum fifteen (15) years of current service required by KRS 61.559(2)(c) and (d) or to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is two dollars

($2) greater or less than the amount of the initial retirement payment. If the member or beneficiary chose an actuarial equivalent refund payment option, the amount of estimated retirement allowance shall be the official retirement allowance unless the new calculation produces an amount which is one hundred dollars ($100) greater or less than the amount of the initial retirement payment.

Section 6. KRS 61.605 is amended to read as follows:

(1) Upon disability retirement, an employee may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability except that service credit shall be added to the employee's total service beginning with his last date of paid employment and continuing to his sixty-fifth birthday; however, the maximum service credit added shall not exceed the total service the employee had upon his last day of paid employment, and the maximum combined service credit for calculating his disability retirement allowance, including total service and added service shall not exceed twenty-five (25) years. If, however, an employee has accumulated twenty-five (25) or more years of total service, he shall receive added service necessary to bring his combined service credit, including total and added service, to twenty-seven (27) years.

(2) For a member whose participation begins on or after August 1, 2004, the disability retirement allowance shall be the higher of twenty percent (20%) of the member's monthly final rate of pay or the retirement allowance determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability.

Section 7. KRS 61.702 is amended to read as follows:

(1) (a) The board of trustees of Kentucky Retirement Systems shall arrange by appropriate contract or on a self-insured basis to provide a group hospital and medical insurance plan for present and future recipients of a retirement allowance from the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System, except as provided in subsection (8) of this section. The board shall also arrange to provide health care coverage by health maintenance organizations, as defined in KRS 18A.225, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. Any person who chooses coverage by a health maintenance organization shall pay, by payroll deduction from the retirement allowance or by another method, the difference in premium between the cost of health maintenance organization coverage and the benefits to which he would be entitled under this section.

(b) The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status, except as provided in subsection (8) of this section. Notwithstanding the provisions of any other statute, recipients shall be included in the same class as current state employees in determining medical insurance policies and premiums.

(c) For recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky having the same Medicare hospital and medical insurance eligibility status, the board shall provide a medical insurance reimbursement plan as described in subsection (7) of this section.

(2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) (a) The premium required to provide hospital and medical benefits under this section shall be paid:

1. Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or otherwise;

2. Wholly or partly from funds contributed by the Kentucky Retirement Systems insurance fund;

3. Wholly or partly from funds contributed by another state-administered retirement system under a reciprocal arrangement, except that any portion of the premium paid from the Kentucky Retirement Systems insurance fund under a reciprocal agreement shall not exceed the amount that would be payable under this section if all the member's service were in one (1) of the systems administered by the Kentucky Retirement Systems;

4. Partly from subparagraphs 1., 2., or 3., except that any premium for hospital and medical insurance over the amount contributed by the Kentucky Retirement Systems insurance fund or another state-administered retirement system under a reciprocal agreement shall be paid by the recipient. If the board provides for cross-referencing of insurance premiums, the employer's contribution for the working member or spouse shall be applied toward the premium, and the Kentucky Retirement Systems insurance fund shall pay the balance, not to exceed the monthly contribution.

5. In full from the Kentucky Retirement Systems insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement systems (not a beneficiary or dependent child receiving benefits) and had two hundred and forty (240) months or more of service upon retirement. Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred eighty (180) months of service but have at least one hundred twenty (120) months of service, fifty percent (50%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining fifty percent (50%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred twenty (120) months of service but have at least forty-eight (48) months of service, twenty-five percent (25%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining seventy-five percent (75%) by payroll deduction from his retirement allowance or by another method. Notwithstanding the foregoing provisions of this subsection, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who becomes disabled in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have his premium paid in full as if he had two hundred forty (240) months or more of service. Further, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who is killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have the premium for the beneficiary, if the beneficiary is the member's spouse, and for each dependent child paid so long as they individually remain eligible for a monthly retirement benefit. "Months of service" as used in this section shall mean the total months of combined service used to determine benefits under any or all of the three (3) retirement systems, except service added to determine disability benefits shall not be counted as "months of service."

(b) For a member electing insurance coverage through the Kentucky Retirement Systems, "months of service" shall include, in addition to service as described in paragraph (a) of this subsection, service credit in one of the other state-administered retirement plans.

1. Effective August 1, 1998, the Kentucky Retirement Systems shall compute the member's combined service, including service credit in another state-administered retirement plan, and calculate the portion of the member's premium to be paid by the insurance fund, according to the criteria established in paragraph (a) of this subsection. Each state-administered retirement plan annually shall pay to the insurance fund the percentage of the system's cost of the retiree's monthly contribution for single coverage for hospital and medical insurance which shall be equal to the percentage of the member's number of months of service in the other state-administered retirement plan divided by his total combined service. The amounts paid by the other state-administered retirement plans and the insurance fund shall not be more than one hundred percent (100%) of the monthly contribution adopted by the respective boards of trustees.

2. A member may not elect coverage for hospital and medical benefits under this subsection through more than one (1) of the state-administered retirement plans.

3. A state-administered retirement plan shall not pay any portion of a member's monthly contribution for medical insurance unless the member is a recipient or annuitant of the plan.

(4) (a) Group rates under the hospital and medical insurance plan shall be made available to the spouse, dependents, and disabled children, regardless of the disabled child's age, of a recipient who is a former member or the beneficiary, if the premium for the spouse, dependent, disabled child, or beneficiary hospital and medical insurance is paid by payroll deduction from the retirement allowance or by another method. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(b) The other provisions of this section notwithstanding, the insurance fund shall pay a percentage of the monthly contribution for the spouse and dependents of a recipient who was a member of the General Assembly and is receiving a retirement allowance based on General Assembly service, of the Kentucky Employees Retirement System and determined to be in a hazardous position, of the County Employees Retirement System, and determined to be in a hazardous position or of the State Police Retirement System, or the beneficiary of the member, if the member designated only one (1) person as beneficiary. The percentage of the monthly contribution paid for the spouse and dependents of a recipient who was in a hazardous position shall be based solely on the member's service with the State Police Retirement System or service in a hazardous position using the formula in subsection (3)(a) of this section, except that for any recipient of a retirement allowance from the County Employees Retirement System who was contributing to the system on January 1, 1998, for service in a hazardous position, the percentage of the monthly contribution shall be based on the total of hazardous service and any nonhazardous service as a police or firefighter with the same agency, if that agency was participating in the County Employees Retirement System but did not offer hazardous duty coverage for its police and firefighters at the time of initial participation.

(c) The insurance fund shall continue the same level of coverage for a recipient who was a member of the County Employees Retirement System after the age of sixty-five (65) as before the age of sixty-five (65), if the recipient is not eligible for Medicare coverage. If the insurance fund provides coverage for the spouse or dependents or beneficiary of a former member of the County Employees Retirement System, the insurance fund shall continue the same level of coverage for the spouse or dependent or beneficiary after the age of sixty-five (65) as before the age of sixty-five (65), if the spouse or dependent or beneficiary is not eligible for Medicare coverage.

(5) After July 1, 1998, notwithstanding any other provision to the contrary, a member who holds a judicial office but did not elect to participate in the Judicial Retirement Plan and is participating instead in the Kentucky Employees Retirement System, the County Employees Retirement System, or the State Police Retirement System, as provided in KRS 61.680, and who has at least twenty (20) years of total service, one-half (1/2) of which is in a judicial office, shall receive the same hospital and medical insurance benefits, including paid benefits for spouse and dependents, as provided to persons retiring under the provisions of KRS 21.427. The Administrative Office of the Courts shall pay the cost of the medical insurance benefits provided by this subsection.

(6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient. No commission shall be paid for hospital and medical insurance procured under authority of this section.

(7) The board shall promulgate an administrative regulation to establish a medical insurance reimbursement plan to provide reimbursement for hospital and medical insurance premiums of recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky and having the same Medicare hospital and medical insurance eligibility status. An eligible recipient shall file proof of payment for hospital and medical insurance at the retirement office. Reimbursement to eligible recipients shall be made on a quarterly basis. The recipient shall be eligible for reimbursement of substantiated medical insurance premiums for an amount not to exceed the total monthly premium determined under subsection (3) of this section. The plan shall not be made available if all recipients are eligible for the same coverage as recipients living in Kentucky.

(8) For employees hired on or after July 1, 2003, participation in the insurance benefits provided under this section shall not be allowed until the employee has earned at least one hundred twenty (120) months of service in the state-administered retirement systems. An employee who earns at least one hundred twenty (120) months of service in the state-administered retirement systems shall be eligible for benefits determined using the formula in subsection (3) of this section for a recipient with one hundred twenty (120) or more months of service. The one hundred twenty (120) months of service requirement shall be waived for a member who is disabled or killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, and the member or his beneficiary shall be entitled to the benefits payable under subparagraph (3)(a)5. of this section. The benefits of this subsection as provided on July 1, 2003, and thereafter shall not be considered as benefits protected by the inviolable contract provisions of KRS 61.692, 16.652, and 78.852. The General Assembly reserves the right to suspend or reduce the benefits conferred in this subsection if in their judgment the welfare of the Commonwealth so demands.

(9) For a member whose participation begins on or after July 1, 2004, participation in the insurance benefits provided under this section shall not be allowed until the employee has earned at least one hundred twenty (120) months of service in the state-administered retirement systems.

(a) An employee who earns at least one hundred twenty (120) months of service in the state-administered retirement systems shall be eligible for benefits as follows:

1. For employees who are not in a hazardous position, a monthly insurance contribution of ten dollars ($10) for each year of service as a participating employee.

2. For employees who are in a hazardous position or who participate in the State Police Retirement System, a monthly insurance contribution of fifteen dollars ($15) for each year of service as a participating employee in a hazardous position or as a participating member of the State Police Retirement System. Upon the death of the retired member, the beneficiary, if the beneficiary is the member's spouse, shall be entitled to a monthly insurance contribution of ten dollars ($10) for each year of service the member attained as a participating employee in a hazardous position or as a participating member of the State Police Retirement System.

(b) The one hundred twenty (120) months of service requirement shall be waived for a member who is disabled or killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, and the member or his beneficiary shall be entitled to the benefits payable under this subsection as though the member had twenty (20) years of service in a hazardous position.

(c) The monthly insurance contribution amount shall be increased July 1 of each year by the percentage change in the annual average of the consumer price index for all urban consumers for the most recent calendar year as published by the federal Bureau of Labor Statistics, not to exceed five percent (5%). The increase shall be cumulative and shall continue to accrue after the member's retirement for as long as a monthly insurance contribution is payable to the retired member or beneficiary.

(d) The benefits of this subsection as provided on July 1, 2004, and thereafter shall not be considered as benefits protected by the inviolable contract provisions of KRS 61.692, 16.652, and 78.852. The General Assembly reserves the right to suspend or reduce the benefits conferred in this subsection if in its judgment the welfare of the Commonwealth so demands.

The Committee Substitute to **HB 290** is as follows:

HB 290, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 16.582 is amended to read as follows:

(1) (a) Total and permanent disability means a disability which results in the member's incapacity to engage in any occupation for remuneration or profit. Loss by severance of both hands at or above the wrists, or both feet at or above the ankles, or one (1) hand above the wrist and one (1) foot above the ankle, or the complete, irrevocable loss of the sight of both eyes shall be considered as total and permanent.

(b) Hazardous disability means a disability which results in the member's total incapacity to continue as a regular full-time officer or as an employee in a hazardous position, as defined in KRS 61.592, but which does not result in the member's total and permanent incapacity to engage in other occupations for remuneration or profit.

(c) In determining whether the disability meets the requirement of this section, any reasonable accommodation provided by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered.

(d) If the board determines that the total and permanent disability of a member receiving a retirement allowance under this section has ceased, then the board shall determine if the member has a hazardous disability.

(2) Any person may qualify to retire on disability, subject to the following:

(a) The person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1), or 78.615(1). The service requirement shall be waived if the disability is a total and permanent disability or a hazardous disability and is a direct result of an act in line of duty;

(b) The person shall not be eligible for an unreduced retirement allowance;

(c) The person's application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment, as defined in KRS 16.505, as a regular full-time officer or in a regular full-time hazardous position under KRS 61.592;

(d) The person shall receive a satisfactory determination pursuant to KRS 61.665; and

(e) A person's disability application based on the same claim of incapacity shall be accepted and reconsidered for disability if accompanied by new objective medical evidence. The application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment as a regular full-time officer or in a regular full-time hazardous position.

(3) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:

(a) The incapacity results from bodily injury, mental illness, or disease. For purposes of this section, "injury" means any physical harm or damage to the human organism other than disease or mental illness;

(b) The incapacity is deemed to be permanent; and

(c) The incapacity does not result directly or indirectly from:

1. Injury intentionally self-inflicted while sane or insane;

2. Injury or disease resulting from military service; or

3. Bodily injury, mental illness, disease, or condition which pre-existed membership in the system or reemployment, whichever is most recent, unless:

a. The disability results from bodily injury, mental illness, disease, or a condition which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or

b. The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

For purposes of this subparagraph, "reemployment" shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

(4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a position as regular full-time officer or a hazardous position.

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the

member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.

2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.

5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.

(5) The disability retirement allowance shall be determined as provided in KRS 16.576, subject to the following:

(a) If the member's total service credit on his last day of paid employment in a regular full-time position is less than twenty (20) years, service shall be added beginning with his last date of paid employment and continuing to his fifty-fifth birthday. The maximum service credit added shall not exceed the total service the member had on his last day of paid employment, and the maximum service credit for calculating his retirement allowance, including his total service and service added under this section, shall not exceed twenty (20) years;

(b) If the member's total service credit on his last day of paid employment is twenty (20) or more years, then his total service credit shall be used.

(c) For a member whose participation begins on or after August 1, 2004, the disability retirement allowance shall be the higher of twenty-five percent (25%) of the member's monthly final rate of pay or the retirement allowance determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability.

(6) If the member receives a satisfactory determination of total and permanent disability or hazardous disability pursuant to KRS 61.665 and the disability is the direct result of an act in line of duty, the member's retirement allowance shall be calculated as follows:

(a) For the disabled member, benefits as provided in subsection (5) of this section except that the monthly retirement allowance payable shall not be less than twenty-five percent (25%) of the member's monthly final rate of pay; and

(b) For each dependent child of the member on his disability retirement date, who is alive at the time any particular payment is due, a monthly payment equal to ten percent (10%) of the disabled member's monthly final rate of pay; however, total maximum dependent children's benefit shall not exceed forty percent (40%) of the member's monthly final rate of pay. The payments shall be payable to each dependent child, or to a legally appointed guardian or as directed by the system.

(7) No benefit provided in this section shall be reduced as a result of any change in the extent of disability of any retired member who is age fifty-five (55) or older.

(8) If a regular full-time officer or hazardous position member has been approved for benefits under a hazardous disability, the board shall, upon request of the member, permit the member to receive the hazardous disability allowance while accruing benefits in a nonhazardous position, subject to proper medical review of the nonhazardous position's job description by the

system's medical examiner.

(9) For a member of the State Police Retirement System, in lieu of the allowance provided in subsection (5) or (6) of this section, the member may be retained on the regular payroll and receive the compensation authorized by KRS 16.165, if he is qualified.

Section 2. KRS 61.5525 is amended to read as follows:

(1) Effective July 1, 2001, purchase of service under the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, except as provided in subsection (2) of this section, shall be determined by multiplying the higher of the employee's current rate of pay, final rate of pay, or final compensation as of the end of the month in which the purchase is made times the actuarial factor times the number of years of service being purchased.

(2) This provision shall not apply to KRS 61.552(1) and (23), or KRS 61.592(3)(c).

(3) Service purchased on or after August 1, 2004, under the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, except for service purchased under subsections (1) and (23) of KRS 61.552, shall not be used to determine eligibility for or the amount of the monthly insurance contribution under Section 5 of this Act.

(4) For a member whose participation begins on or after August 1, 2004, service purchased under the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, except for service purchased under subsections (1) and (23) of KRS 61.552, shall not be used to determine eligibility for a retirement allowance under disability retirement, early retirement, normal retirement, or death under any of the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852. Purchased service shall only be used to determine the amount of the retirement allowance of a member who is eligible for a retirement allowance under disability, early retirement, normal retirement, or death under any of the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, based on service earned as a participating employee.

Section 3. KRS 61.595 is amended to read as follows:

(1) Effective July 1, 1990, upon retirement at normal retirement date or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) for the County Employees Retirement System and one and ninety-seven hundredths percent (1.97%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except that:

(a) Effective February 1, 1999, a member of the Kentucky Employees Retirement System who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) of final compensation multiplied by the number of years of service credit. Any Kentucky Employees Retirement System member whose effective date of retirement is between February 1, 1999, and January 31, 2009, and who has at least twenty (20) years of service credit in one of the state-administered retirement systems and who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) of final compensation multiplied by the number of years of service credit. Notwithstanding the provisions of KRS 61.565, the funding for this paragraph shall be provided from existing funds of the retirement allowance account;

(b) ***For a member of the County Employees Retirement System whose participation begins on or after August 1, 2004, the annual retirement allowance upon retirement at normal retirement date or later shall be equal to two percent (2%) of final compensation multiplied by the number of years of service credit and shall be payable monthly during his lifetime.***

(c) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(d)~~[(c)]~~The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(e)~~[(d)]~~Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 Regular Session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(f)[~~(e)~~] The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(g)[~~(f)~~] The annual retirement allowance for a member of the Kentucky employees retirement system or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) A member of the Kentucky Employees Retirement System or the County Employees Retirement System who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire with no reduction in the retirement allowance. A member who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority, may count the vested service toward attaining the necessary years of service credit as provided in KRS 61.559(2)(c) and (d) to qualify for a retirement allowance. The credit from a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority shall not be used toward the minimum fifteen (15) years of current service required by KRS 61.559(2)(c) and (d) or to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is two dollars ($2) greater or less than the amount of the initial retirement payment. If the member or beneficiary chose an actuarial equivalent refund payment option, the amount of estimated retirement allowance shall be the official retirement allowance unless the new calculation produces an amount which is one hundred dollars ($100) greater or less than the amount of the initial retirement payment.

Section 4. KRS 61.605 is amended to read as follows:

(1) Upon disability retirement, an employee may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability except that service credit shall be added to the employee's total service beginning with his last date of paid employment and continuing to his sixty-fifth birthday; however, the maximum service credit added shall not exceed the total service the employee had upon his last day of paid employment, and the maximum combined service credit for calculating his disability retirement allowance, including total service and added service shall not exceed twenty-five (25) years. If, however, an employee has accumulated twenty-five (25) or more years of total service, he shall receive added service necessary to bring his combined service credit, including total and added service, to twenty-seven (27) years.

(2) For a member whose participation begins on or after August 1, 2004, the disability retirement allowance shall be the higher of twenty percent (20%) of the member's monthly final rate of pay or the retirement allowance determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability.

Section 5. KRS 61.702 is amended to read as follows:

(1) (a) The board of trustees of Kentucky Retirement Systems shall arrange by appropriate contract or on a self-insured basis to provide a group hospital and medical insurance plan for present and future recipients of a retirement allowance from the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System, except as provided in subsection (8) of this section. The board shall also arrange to provide health care coverage by health maintenance organizations, as defined in KRS 18A.225, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. Any person who chooses coverage by a health maintenance organization shall pay, by payroll deduction from the retirement allowance or by another method, the difference in premium between the cost of health maintenance organization coverage and the benefits to which he would be entitled under this section.

(b) The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status, except as provided in subsection (8) of this section. Notwithstanding the provisions of any other statute, recipients shall be included in the same class as current state employees in determining medical insurance policies and premiums.

(c) For recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky having the same Medicare hospital and medical insurance eligibility status, the board shall provide a medical insurance reimbursement plan as described in subsection (7) of this section.

(2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) (a) The premium required to provide hospital and medical benefits under this section shall be paid:

1. Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or otherwise;

2. Wholly or partly from funds contributed by the Kentucky Retirement Systems insurance fund;

3. Wholly or partly from funds contributed by another state-administered retirement system under a reciprocal arrangement, except that any portion of the premium paid from the Kentucky Retirement Systems insurance fund under a reciprocal agreement shall not exceed the amount that would be payable under this section if all the member's service were in one (1) of the systems administered by the Kentucky Retirement Systems;

4. Partly from subparagraphs 1., 2., or 3., except that any premium for hospital and medical insurance over the amount contributed by the Kentucky Retirement Systems insurance fund or another state-administered retirement system under a reciprocal agreement shall be paid by the recipient. If the board provides for cross-referencing of insurance premiums, the employer's contribution for the working member or spouse shall be applied toward the premium, and the Kentucky Retirement Systems insurance fund shall pay the balance, not to exceed the monthly contribution.

5. In full from the Kentucky Retirement Systems insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement systems (not a beneficiary or dependent child receiving benefits) and had two hundred and forty (240) months or more of service upon retirement. Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred eighty (180) months of service but have at least one hundred twenty (120) months of service, fifty percent (50%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining fifty percent (50%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred twenty (120) months of service but have at least forty-eight (48) months of service, twenty-five percent (25%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining seventy-five percent (75%) by payroll deduction from his retirement allowance or by another method. Notwithstanding the foregoing provisions of this subsection, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who becomes disabled in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have his premium paid in full as if he had two hundred forty (240) months or more of service. "Months of service" as used in this section shall mean the total months of combined service used to determine benefits under any or all of the three (3) retirement systems, except service added to determine disability benefits shall not be counted as "months of service."

(b) For a member electing insurance coverage through the Kentucky Retirement Systems, "months of service" shall include, in addition to service as described in paragraph (a) of this subsection, service credit in one of the other state-administered retirement plans.

1. Effective August 1, 1998, the Kentucky Retirement Systems shall compute the member's combined service, including service credit in another state-administered retirement plan, and calculate the portion of the member's premium to be paid by the insurance fund, according to the criteria established in paragraph (a) of

this subsection. Each state-administered retirement plan annually shall pay to the insurance fund the percentage of the system's cost of the retiree's monthly contribution for single coverage for hospital and medical insurance which shall be equal to the percentage of the member's number of months of service in the other state-administered retirement plan divided by his total combined service. The amounts paid by the other state-administered retirement plans and the insurance fund shall not be more than one hundred percent (100%) of the monthly contribution adopted by the respective boards of trustees.

2. A member may not elect coverage for hospital and medical benefits under this subsection through more than one (1) of the state-administered retirement plans.

3. A state-administered retirement plan shall not pay any portion of a member's monthly contribution for medical insurance unless the member is a recipient or annuitant of the plan.

(4) (a) Group rates under the hospital and medical insurance plan shall be made available to the spouse, dependents, and disabled children, regardless of the disabled child's age, of a recipient who is a former member or the beneficiary, if the premium for the spouse, dependent, disabled child, or beneficiary hospital and medical insurance is paid by payroll deduction from the retirement allowance or by another method. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(b) The other provisions of this section notwithstanding, the insurance fund shall pay a percentage of the monthly contribution for the spouse and dependents of a recipient who was a member of the General Assembly and is receiving a retirement allowance based on General Assembly service, of the Kentucky Employees Retirement System and determined to be in a hazardous position, of the County Employees Retirement System, and determined to be in a hazardous position or of the State Police Retirement System, or the beneficiary of the member, if the member designated only one (1) person as beneficiary. The percentage of the monthly contribution paid for the spouse and dependents of a recipient who was in a hazardous position shall be based solely on the member's service with the State Police Retirement System or service in a hazardous position using the formula in subsection (3)(a) of this section, except that for any recipient of a retirement allowance from the County Employees Retirement System who was contributing to the system on January 1, 1998, for service in a hazardous position, the percentage of the monthly contribution shall be based on the total of hazardous service and any nonhazardous service as a police or firefighter with the same agency, if that agency was participating in the County Employees Retirement System but did not offer hazardous duty coverage for its police and firefighters at the time of initial participation.

(c) The insurance fund shall continue the same level of coverage for a recipient who was a member of the County Employees Retirement System after the age of sixty-five (65) as before the age of sixty-five (65), if the recipient is not eligible for Medicare coverage. If the insurance fund provides coverage for the spouse or dependents or beneficiary of a former member of the County Employees Retirement System, the insurance fund shall continue the same level of coverage for the spouse or dependent or beneficiary after the age of sixty-five (65) as before the age of sixty-five (65), if the spouse or dependent or beneficiary is not eligible for Medicare coverage.

(5) After July 1, 1998, notwithstanding any other provision to the contrary, a member who holds a judicial office but did not elect to participate in the Judicial Retirement Plan and is participating instead in the Kentucky Employees Retirement System, the County Employees Retirement System, or the State Police Retirement System, as provided in KRS 61.680, and who has at least twenty (20) years of total service, one-half (1/2) of which is in a judicial office, shall receive the same hospital and medical insurance benefits, including paid benefits for spouse and dependents, as provided to persons retiring under the provisions of KRS 21.427. The Administrative Office of the Courts shall pay the cost of the medical insurance benefits provided by this subsection.

(6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient. No commission shall be paid for hospital and medical insurance procured under authority of this section.

(7) The board shall promulgate an administrative regulation to establish a medical insurance reimbursement plan to provide reimbursement for hospital and medical insurance premiums of recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky and having the same Medicare hospital and medical insurance eligibility status. An eligible recipient shall file proof of payment for hospital and medical insurance at the retirement office. Reimbursement to eligible recipients shall be made on a quarterly basis. The recipient shall be eligible for reimbursement of substantiated medical insurance premiums for an amount not to exceed the total monthly premium determined under subsection (3) of this section. (c) In determining whether the disability meets the requirement of this section, any reasonable accommodation provided by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered.

(d) If the board determines that the total and permanent disability of a member receiving a retirement allowance under this section has ceased, then the board shall determine if the member has a hazardous disability.

(2) Any person may qualify to retire on disability, subject to the following:

(a) The person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1), or 78.615(1). 3. If any or all multiple beneficiaries die after the first retirement allowance has been issued by the ***system***[~~State Treasurer~~], the deceased beneficiary's estate shall receive a lump-sum payment which is the actuarial equivalent of the remaining monthly payments the deceased beneficiary was entitled to receive.

(c) This designation shall remain in full force and effect until changed by the member, except:

The employee shall be eligible to purchase the additional months under this subsection to total one (1) year.

(3) (a) An employee who is simultaneously eligible for membership in more than one (1) retirement system administered by the Kentucky Retirement Systems may, at his option, choose to participate in only one (1) of those systems. (b) If the employee participates in more than one (1) of the retirement systems administered by the Kentucky Retirement Systems, the employee's service credit shall be divided between each system determined by dividing the employee's creditable compensation in each system by the employee's total creditable compensation in all systems.

(c) If the employee earns creditable compensation in both a hazardous position, as defined by KRS 61.592, and a nonhazardous position, the employee's service credit shall be divided between the employee's hazardous and nonhazardous positions determined by dividing the employee's creditable compensation in the hazardous and nonhazardous positions by the employee's combined hazardous and nonhazardous creditable compensation.

The cost will be determined as a delayed contribution payment, which shall not be picked up by the employer as described in KRS 78.610(4).

(13) A retired member, who is contributing to one (1) of the state-administered retirement programs under the provisions of KRS 61.637(1) to (4) and purchases service credit under this section in the system or systems from which he is retired, shall have his retirement allowance recomputed:

(a) Upon termination from employment, if the member is contributing to the same system or systems from which he was retired; or

(b) Upon completion of six (6) months' service credit as required under subsection (6) of this section, if the member is contributing to a system other than the system or systems from which he is retired.

(14) Any employee participating in one (1) of the systems administered by Kentucky Retirement Systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) in the systems administered by Kentucky Retirement Systems may obtain credit for prior or current service for any period of approved educational leave, or for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, by paying to the respective retirement system a delayed contribution payment. The employee may also obtain credit for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, but only if the Kentucky Retirement Systems receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(15) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) in the systems administered by Kentucky Retirement Systems may obtain credit for prior or current service for any period of ***authorized***~~[approved]~~ maternity leave, unpaid leave authorized under the Federal Family and Medical Leave Act, or for any period of ***authorized***~~[approved]~~ sick leave without pay, by paying to the respective retirement system a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(16) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by making installment payments in lieu of a lump-sum payment.

(a) The cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal; and interest, at the actuarial rate in effect at the time the member elects to make the purchase compounded annually, shall be added for the period that the installments are to be made. Multiple service purchases may be combined under a single installment purchase; however, no employee may make more than one (1) installment purchase at the same time. Once multiple service purchases have been combined in an installment purchase, the employee may not separate the purchases or pay a portion of one (1) of the purchases. The employee may elect to stop the installment payments by notifying the retirement system; may have the installment purchase recalculated to add one (1) or more additional service purchases; or may pay by lump sum the remaining principal.

(b) One (1) year of installment payments shall be made for each one thousand dollars ($1,000) or any part thereof of the total cost, except that the total period allowed for installments shall not be less than one (1) year and shall not exceed five (5) years.

(c) The employee shall pay the installments by payroll deduction. Upon notification by the retirement system, the employer shall report the installment payments either monthly or semimonthly continuously over each twelve (12) month period at the same time as, but separate from, regular employee contributions on the forms or by the computer format specified by the board. The payments made under this subsection shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 61.560(4) and no employer contributions shall be paid on the installments.

(d) The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member's account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(e) If the employee elects to stop the installment payments, dies, retires, or does not continue employment in a position required to participate in the retirement system, the member, or in the case of death, the beneficiary, shall have sixty (60) days to pay the remaining principal of the purchase by lump sum, except that payment by the member shall be made prior to the effective retirement date. If the member or beneficiary does not pay the remaining cost, the retirement system shall refund to the member or the beneficiary the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(f) If the employer does not report installment payments on an employee for sixty (60) days, except in the case of employees on military leave or sick leave without pay, the installment purchase shall cease and the retirement system shall refund to the employee the payment, payments, or portion of a payment that does not represent a full month of service purchased. Installment payments of employees on military leave or sick leave without pay shall be suspended during the period of leave and shall resume without recalculation upon the employee's return from leave.

(g) If payments have ceased under paragraph (e) or (f) of this subsection and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection. If the original installment purchase was for multiple service purchases, the employee may not separate those purchases under a new installment purchase.

(17) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by transferring funds through a direct trustee-to-trustee transfer as permitted under the applicable sections of the Internal Revenue Code and any regulations or rulings issued thereunder, or through a direct rollover as contemplated by and permitted under 26 U.S.C. sec. 401(a)(31) and any regulations or rulings issued thereunder. Service credit may also be purchased by a rollover of funds pursuant to and permitted under the rules specified in 26 U.S.C. sec. 402(c) and 26 U.S.C. sec. 408(d)(3). The Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in the applicable provisions of the Internal Revenue Code and any regulations and rulings issued thereunder. The amount shall be credited to the individual member's contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member.

The employee shall pay a delayed contribution payment. Payment may be by lump sum, or the employee may pay by increments. The employee may transfer funds directly from the other state's plan if eligible to the extent permitted under subsection (17) of this section and to the extent permitted by the other state's laws and shall provide proof that he is not eligible for a retirement benefit for the period of service from the other state's plan.

six (6) months of notification by the system. No interest shall be added to the contributions. The service credit shall not be credited to the member's account until the employer contributions are received. If a retired member makes the payment within six (6) months, the retired member's retirement allowance shall be adjusted to reflect the added service after the employer contributions are received by the retirement system.

If the member does not accrue at least two hundred forty (240) months of service, excluding service purchased under this subsection, upon retirement, death, or written request following termination, the payment, plus interest as provided in KRS 61.575, shall be refunded.

(26) An employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems, who has at least forty-eight (48) months of service if age sixty-five (65), or at least sixty (60) months of service if under age sixty-five (65), in the systems administered by Kentucky Retirement Systems, may obtain credit in the County Employees Retirement System for the period of that employee's service with a community action agency created under KRS 273.405 to 273.453 if that service was not covered by a state-administered retirement system. (29) An employee may obtain credit for regular full-time service with an agency prior to August 1, 1998, for which the employee did not receive credit due to KRS 61.637(1), by paying a delayed contribution. The payment shall not be picked up by the employer, except as provided in subsection (28) of this section, and shall be credited to the employee's second retirement account. Service credit obtained under this subsection shall not be used in determining benefits under KRS 61.702. The employee may purchase credit for service prior to August 1, 1998, if:

(2) This provision shall not apply to KRS 61.552(1) and (23), or KRS 61.592(3)(c).

(3) Service purchased on or after August 1, 2004, under the provisions of KRS 16.505 to KRS 16.652, KRS 61.510 to KRS 61.705, or KRS 78.510 to KRS 78.852, except for service purchased under subsections (1) and (23) of Section 12 of this Act, shall not be used to determine benefits under Section 32 of this Act.

The payment by the member shall not be picked up by the employer, as described in KRS 61.560(4), and shall be deposited to his individual member's account. The remaining sixty-five percent (65%) shall be paid by the state from funds appropriated specifically for the purpose and these payments shall be deposited to the respective retirement allowance accounts. If no funds are available in the special appropriation account, the system shall not accept employee payments until funds are available in the account.

(5) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems eligible to purchase military service credit under subsection (4) of this section shall receive current service credit for active military duty as provided under subsection (4) of this section without payment of the current employee contribution ratio if the member was taken prisoner by a hostile power at any time during active military service.

(7) Any employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems age sixty-five (65) or older who has forty-eight (48) months of service, at least twelve (12) of which are current service, or if younger who has sixty (60) months of service, at least twelve (12) of which are current service, shall receive one (1) month of current service for each six (6) months of service in the National Guard or the military reserves of the United States, by paying the retirement system a delayed contribution payment. The service shall be treated as service earned prior to participation in the system and shall not be included in the member's final compensation. Payment may be made by lump sum or in increments. The payment shall not be picked up by the employer, as described in KRS 16.545(4), 61.560(4), or 78.610(4) and shall be deposited in the member's individual retirement account.

Section 15. KRS 61.590 is amended to read as follows:

(1) A member or beneficiary eligible to receive retirement benefits under any of the provisions of KRS 61.510 to 61.705, 78.510 to 78.852, and 16.510 to 16.652 shall have on file at the retirement office on the form prescribed by the board, notification of retirement, giving his name, address, Social Security number, last day of employment, and other information the system may require. The notification of retirement shall not be filed more than six (6) months before the member's effective retirement date.

(2) Within ten (10) days of the receipt of the notification of retirement form submitted within two (2) months of the effective date of retirement, the system shall cause to be prepared an estimate of the amounts the member or beneficiary may expect to receive under the various plans available to the member or beneficiary. This information shall be recorded on a form entitled "Estimated Retirement Allowance" and forwarded to the member or beneficiary. If the member submits a notification of retirement form more than two (2) months prior to the effective retirement date, the system shall provide the estimated retirement allowance within forty-five (45) days of the member's effective retirement date.

(3) The member or beneficiary shall file at the retirement office the form entitled "Estimated Retirement Allowance" after he has checked the plan of his choice, signed the document and had his signature witnessed. A member or beneficiary may not select a different plan after the first retirement allowance payment has been issued by the *system*[~~State Treasurer~~].

(4) A member or beneficiary choosing a monthly payment plan shall have on file at the retirement office his birth certificate or other acceptable evidence of date of birth. If a survivorship plan is chosen, proof of dates of birth of the beneficiary and member shall be on file at the retirement office.

(5) The effective date of normal retirement shall be the first month following the month in which employment was terminated from a regular full-time position. The effective date of disability retirement shall be the first month following the month in which the member's last day of paid employment in a regular full-time position occurred. The effective date of early retirement shall be the first month following the month the notification of retirement form is filed at the retirement office or a future month designated by the member, if employment in a regular full-time position has been terminated and if the member files the "Estimated Retirement Allowance Form" no later than six (6) months following termination.

(6) The effective date of a deferred retirement option as provided under KRS 16.576(5) shall be the month following age sixty-five (65), or the month following written notification from the member that he wishes to begin receiving retirement payments. In the event of the death of a member who has deferred his retirement allowance, the effective date of retirement shall be the month following the member's death.

(7) Notwithstanding the provisions of KRS 16.578 or 61.640, the effective date of a beneficiary's retirement allowance under normal, early, or disability retirement shall be as prescribed in subsection (5) or (6) of this section if the member dies before the first retirement allowance has been issued by the *system*[~~State Treasurer~~] and his beneficiary becomes eligible for payments under KRS 16.578 or 61.640.

Section 16. KRS 61.595 is amended to read as follows:

(1) Effective July 1, 1990, upon retirement at normal retirement date or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) for the County Employees Retirement System and one and ninety-seven hundredths percent (1.97%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except

that:

(a) Effective February 1, 1999, a member of the Kentucky Employees Retirement System who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) of final compensation multiplied by the number of years of service credit. Any Kentucky Employees Retirement System member whose effective date of retirement is between February 1, 1999, and January 31, 2009, and who has at least twenty (20) years of service credit in one of the state-administered retirement systems and who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) of final compensation multiplied by the number of years of service credit. Notwithstanding the provisions of KRS 61.565, the funding for this paragraph shall be provided from existing funds of the retirement allowance account;

(b) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(c) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(d) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 Regular Session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(e) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(f) The annual retirement allowance for a member of the Kentucky Employees Retirement System or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) A member of the Kentucky Employees Retirement System or the County Employees Retirement System who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire with no reduction in the retirement allowance. A member who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority, may count the vested service toward attaining the necessary years of service credit as provided in KRS 61.559(2)(c) and (d) to qualify for a retirement allowance. The credit from a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority shall not be used toward the minimum fifteen (15) years of current service required by KRS 61.559(2)(c) and (d) or to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the ***system***~~[State Treasurer]~~ shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is two dollars ($2) greater or less than the amount of the initial retirement payment. If the member or beneficiary chose an actuarial

equivalent refund payment option, the amount of estimated retirement allowance shall be the official retirement allowance unless the new calculation produces an amount which is one hundred dollars ($100) greater or less than the amount of the initial retirement payment.

Section 17. KRS 61.600 is amended to read as follows:

(1) Any person may qualify to retire on disability, subject to the following conditions:

(a) The person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1), or 78.615(1);

(b) ***For a person whose membership date is prior to August 1, 2004,*** the person shall not be eligible for an unreduced retirement allowance;

(c) The person's application ***or reapplication*** shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment, as defined in KRS 61.510, in a regular full-time position, as defined in KRS 61.510 or 78.510;

(d) The person shall receive a satisfactory determination pursuant to KRS 61.665; ***and***

~~(f) A person who had previously applied for and was denied disability benefits by the board on or before December 31, 1996, because of the pre-existing disease of poliomyelitis may file a new application for disability benefits no later than December 31, 2002, at the office of the retirement systems, and subsection(2)(d) of this section shall not apply to the new application if the person applying under this paragraph has at least ten (10) years of current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems~~].

(2) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:

(a) The person, since his last day of paid employment, has been mentally or physically incapacitated to perform the job, or jobs of like duties, from which he received his last paid employment. In determining whether the person may return to a job of like duties, any reasonable accommodation by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered;

(b) The incapacity is a result of bodily injury, mental illness, or disease. For purposes of this section, "injury" means any physical harm or damage to the human organism other than disease or mental illness;

(c) The incapacity is deemed to be permanent; and

(d) The incapacity does not result directly or indirectly from bodily injury, mental illness, disease, or condition which pre-existed membership in the system or reemployment, whichever is most recent. For purposes of this subsection, reemployment shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

(3) Paragraph (d) of subsection (2) shall not apply if:

(a) The incapacity is a result of bodily injury, mental illness, disease, or condition which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or

(b) The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

(4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a regular full-time position.

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.
2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.
3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

(1) Once each year following the retirement of a ***person***[~~member~~] on a disability retirement allowance, or less frequently as determined by the board's medical examiner but not less than once every five (5) years, the system may require the person, prior to his normal retirement date, to undergo ***an employment***[~~a financial~~] and medical staff review and, if necessary, be required to ***file at the retirement office on the review form prescribed by the board***[~~submit~~] current ***employment information and current*** medical information ***for the bodily injury, mental illness, or disease for which he receives a disability retirement allowance. The system shall send notice of the discontinuance of the disability retirement allowance by United States first class mail to the person's last address on file in the retirement office. If the person's benefits are discontinued or reduced under this section, his rights to further disability retirement allowances shall cease, except as provided by Section 20 of this Act***[~~until his withdrawal of refusal, and if the refusal continues for one (1) year, all his rights to any further disability allowance shall cease~~].

Section 20. KRS 61.615 is amended to read as follows:

(1) If ***the board's medical examiner determines that*** a recipient of a disability retirement allowance is, prior to his normal retirement date, employed in a position with the same or similar duties***, or in a position with duties requiring greater residual functional capacity and physical exertion,*** as the position from which he was disabled, except where the recipient has returned to work on a trial basis not to exceed nine (9) months, the ***system***[~~board~~] may reduce ***or discontinue*** the retirement allowance. Each recipient of a disability retirement allowance who is engaged in gainful employment shall notify the system of any employment; otherwise, the system shall have the right to recover payments ***of a disability retirement allowance*** made during the employment.

(2) If ***the board's medical examiner determines***[~~it is determined~~] that ***a***[~~any disabled~~] recipient ***of a disability retirement allowance*** is***, prior to his normal retirement date, no longer incapacitated by the bodily injury, mental illness, or disease for which he receives a disability retirement allowance, the board may reduce or discontinue the retirement allowance***[~~able to be employed in a position with the same or similar duties as the position from which he was disabled, and if the board finds that the person refused any employment considered by the board suitable to his capacity, he shall not be entitled to any allowance during the continuance of his refusal, unless in the opinion of the board his refusal was justified~~].

(3) The system shall have full power and exclusive authority to reduce or discontinue a disability retirement allowance and the system shall utilize ***the***[~~procedures consistent with KRS 61.665, including~~] services of ***a medical examiner as provided in Section 28 of this Act***[~~an examiner~~], in determining ***whether to continue, reduce, or discontinue a disability***[~~the amount of reduction in~~] retirement allowance under this section.

(a) The system shall select an examiner to evaluate the review form and current employment and medical information submitted by the person. The medical examiner shall recommend that disability retirement allowance be continued, reduced, or discontinued. If there is objective medical evidence of a mental impairment, the medical examiner may request the board's licensed mental health professional to assist in determining the level of the mental impairment. The system may require the person to submit to a medical examination.

(b) If the medical examiner recommends that the disability retirement allowance be continued, the system shall make retirement payments in accordance with the retirement plan selected by the person.

(c) If the medical examiner recommends that the disability retirement allowance be reduced or discontinued, the system shall send notice of the recommendation by United States first class mail to the person's last address on file in the retirement office. The person shall have sixty (60) days from the day that the system mailed the notice to file at the retirement office additional supporting employment or medical information and certify to the retirement office that the review form and additional supporting employment information or medical information are ready to be evaluated by the medical examiner, or to appeal the recommendation of the medical examiner to reduce or discontinue the disability retirement allowance by filing at the retirement office a request for a formal hearing. If the person fails or refuses to file at the retirement office the review form including the additional supporting employment information and current medical information or to appeal the recommendation of the medical examiners to reduce or discontinue the disability retirement allowance, his retirement allowance shall be discontinued on the first day of the month following the expiration of the period of the sixty (60) days from the day the system mailed the notice of the recommendation to the person's last address on file in the retirement office.

(d) If the medical examiner recommends that the disability retirement allowance be reduced or discontinued based upon the evaluation of additional supporting medical information in accordance with paragraph (c) of this subsection, the systems shall send notice of this recommendation by United States first class mail to the person's last address on file in the retirement office. The person shall have sixty (60) days from the day that the system mailed the notice of the recommendation to appeal the recommendation to reduce or discontinue the disability retirement allowance by filing at the retirement office a request for formal hearing. If the person fails or refuses to appeal the recommendation of the medical examiners to reduce or discontinue the disability retirement allowance, his retirement allowance shall be discontinued on the first day of the month following the expiration of the period of the sixty (60) days from the day the system mailed the notice of the recommendation to the person's last address on file in the retirement office.

(e) If the medical examiner recommends that the disability retirement allowance be continued, the system shall make disability retirement payments in accordance with the retirement plan selected by the person.

(f) The medical examiners shall be paid a reasonable amount by the retirement system for each case evaluated.

(g) Notwithstanding the foregoing provisions of this section, the system may pay for one (1) or more medical examinations of the person requested by the medical examiner for the purpose of providing medical information deemed necessary by the medical examiner. The system may require the person to submit to one (1) or more medical examinations. If the person fails or refuses to submit to one (1) or more medical examinations, his rights to further disability retirement allowance shall cease.

(h) Any person whose disability benefits have been reduced or discontinued, pursuant to paragraph (c) or (d) of this

subsection, may file at the retirement office a request for formal hearing to be conducted in accordance with KRS Chapter 13B. The right to demand a formal hearing shall be limited to a period of sixty (60) days after the person had notice, as described in paragraph (c) or (d) of this subsection. The request for formal hearing shall be filed with the system, at the retirement office in Frankfort. The request for formal hearing shall include a short and plain statement of the reasons the reduction, discontinuance, or denial of disability retirement is being contested.

(i) Failure of the person to request a formal hearing within the period of time specified shall preclude the person from proceeding any further with contesting the reduction or discontinuation of disability retirement allowance, except as provided in subsection (6)(d) of this section. This paragraph shall not limit the person's right to appeal to a court.

(j) The system may require the person requesting the formal hearing to submit to one (1) or more medical or psychological examinations. Notice of the time and place of the examination shall be mailed to the person or his legal representative. The system shall be responsible for the cost of the examination.

(k) A final order of the board shall be based on substantial evidence appearing in the record as a whole and shall set forth the decision of the board and the facts and law upon which the decision is based. If the board orders that the person's disability retirement allowance be discontinued or reduced, the order shall take effect on the first day of the month following the day the system mailed the order to the person's last address on file in the retirement office. Judicial review of the final board order shall not operate as a stay and the system shall discontinue or reduce the person's disability retirement allowance as provided in this section.

(l) All requests for a hearing pursuant to this section shall be made in writing.

(4) The board may establish an appeals committee whose members shall be appointed by the chair and who shall have the authority to act upon the recommendations and reports of the hearing officer pursuant to this section on behalf of the board.

(5) Any person aggrieved by a final order of the board may seek judicial review after all administrative appeals have been exhausted by filing a petition for judicial review in the Franklin Circuit Court in accordance with KRS Chapter 13B.

(6)[~~(4)~~] If a disability retirement allowance is reduced or discontinued, the member may apply for early retirement benefits as provided under KRS 61.559, subject to the following provisions:

(a) The member may not change his beneficiary or payment option;

(b) If the member has returned to employment with an employer participating in the system from which he retired, the service and creditable compensation shall be used in recomputing his benefit, except that the member's final compensation shall not be less than the final compensation last used in determining his retirement allowance;

(c) The benefit shall be reduced as provided by KRS 61.595(2);

(d) The member shall remain eligible for reinstatement of his disability allowance upon reevaluation by the medical review board until his normal retirement age*. The member shall apply for reinstatement of disability benefits in accordance with the provisions of this section. If the member establishes that the disability benefits should be reinstated, the retirement system shall pay disability benefits effective from the first day of the month following the month in which the member applied for reinstatement of the disability benefits*; and

(e) Upon attaining normal retirement age, the member shall receive the higher of either his disability retirement allowance or his early retirement allowance.

(7)[~~(5)~~] No disability retirement allowance shall be reduced or discontinued by the system after the member's normal retirement date except in case of reemployment as provided for by KRS 61.637. If a disability retirement allowance has been reduced or discontinued, except if the member is reemployed as provided for by KRS 61.637, the retirement allowance shall be reinstated upon attainment of the member's normal retirement age to the retirement allowance prior to adjustment. No reinstated payment shall be less than the recipient is receiving upon attainment of the member's normal retirement age.

Section 21. KRS 61.621 is amended to read as follows:

(2) (a) For purposes of this section, "duty-related injury" means:

b. A single act of violence committed against the employee that is found to be related to his job duties, whether or not it occurs at his job site; and

2. The event or act of violence produces a harmful change in the human organism evidenced by objective medical findings.

(3) (a) If the employee dies as a result of a duty-related injury and is survived by a spouse, the surviving spouse shall be the beneficiary, and this shall supersede the designation of all previous beneficiaries of the deceased employee's retirement account.

(b) The surviving spouse may elect to receive the benefits payable under KRS 61.640 or other applicable death benefit statutes, or may elect to receive a lump-sum payment of ten thousand dollars ($10,000) and a monthly payment equal to twenty-five percent (25%) of the member's monthly final rate of pay beginning in the month following the member's death and continuing each month until death.

(4) If the employee is determined to be disabled as provided in KRS 61.600, or other applicable disability statutes in any other state-administered retirement system, as the result of a duty-related injury, the employee may elect to receive benefits determined under the provisions of KRS 61.605, or other applicable disability statutes in any other state-administered retirement system, except that the monthly retirement allowance shall not be less than twenty-five percent (25%) of the employee's monthly final rate of pay. For purposes of determining disability, the service requirement in KRS 61.600(1)(a), or other applicable statutes in any other state-administered retirement system, shall be waived.

(5) In the period of time following a member's death or disability during which dependent children survive, a monthly payment shall be made for each dependent child who is alive which shall be equal to ten percent (10%) of the deceased or disabled member's monthly final rate of pay; however, total maximum dependent children's benefits shall not exceed forty percent (40%) of the deceased or disabled member's monthly final rate of pay at the time any particular payment is due. The payment shall commence in the month following the date of death or disability of the member and shall be payable to the beneficiaries, or to a legally appointed guardian, or as directed by the system. (3) The fund shall be administered by the board of trustees of the Kentucky Retirement Systems and the board shall manage the assets of the fund in the same manner in which it administers the retirement funds.

Section 32. KRS 61.702 is amended to read as follows:

(1) (a) The board of trustees of Kentucky Retirement Systems shall arrange by appropriate contract or on a self-insured basis to provide a group hospital and medical insurance plan for present and future recipients of a retirement allowance from the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System, except as provided in subsection (8) of this section. The board shall also arrange to provide health care coverage by health maintenance organizations, as defined in KRS 18A.225, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. Any person who chooses coverage by a health maintenance organization shall pay, by payroll deduction from the retirement allowance or by another method, the difference in premium between the cost of health maintenance organization coverage and the benefits to which he would be entitled under this section.

(b) The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status, except as provided in subsection (8) of this section. Notwithstanding the provisions of any other statute, recipients shall be included in the same class as current state employees in determining medical insurance policies and premiums.

(c) For recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky having the same Medicare hospital and medical insurance eligibility status, the board shall provide a medical insurance reimbursement plan as described in subsection (7) of this section.

(2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) (a) The premium required to provide hospital and medical benefits under this section shall be paid:

1. Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or otherwise;

Wholly or partly from funds contributed by another state-administered retirement system under a reciprocal arrangement, except that any portion of the premium paid from the Kentucky Retirement Systems insurance fund under a reciprocal agreement shall not exceed the amount that would be payable under this section if all the member's service were in one (1) of the systems administered by the Kentucky Retirement Systems;
4. Partly from subparagraphs 1., 2., or 3., except that any premium for hospital and medical insurance over the amount contributed by the Kentucky Retirement Systems insurance fund or another state-administered retirement system under a reciprocal agreement shall be paid by the recipient. 5. In full from the Kentucky Retirement Systems insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement systems (not a beneficiary or dependent child receiving benefits) and had two hundred and forty (240) months or more of service upon retirement. Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred twenty (120) months of service but have at least forty-eight (48) months of service, twenty-five percent (25%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining seventy-five percent (75%) by payroll deduction from his retirement allowance or by another method. 1. Effective August 1, 1998, the Kentucky Retirement Systems shall compute the member's combined service, including service credit in another state-administered retirement plan, and calculate the portion of the member's premium to be paid by the insurance fund, according to the criteria established in paragraph (a) of this subsection. Each state-administered retirement plan annually shall pay to the insurance fund the percentage of the system's cost of the retiree's monthly contribution for single coverage for hospital and medical insurance which shall be equal to the percentage of the member's number of months of service in the other state-administered retirement plan divided by his total combined service. The amounts paid by the other state-administered retirement plans and the insurance fund shall not be more than one hundred percent (100%) of the monthly contribution adopted by the respective boards of trustees.
2. A member may not elect coverage for hospital and medical benefits under this subsection through more than one (1) of the state-administered retirement plans.

(c) The insurance fund shall continue the same level of coverage for a recipient who was a member of the County Employees Retirement System after the age of sixty-five (65) as before the age of sixty-five (65), if the recipient is not eligible for Medicare coverage. If the insurance fund provides coverage for the spouse or ***each dependent child***[~~dependents or beneficiary~~] of a former member of the County Employees Retirement System, the insurance fund shall continue the same level of coverage for the spouse or ***each*** dependent ***child***[~~or beneficiary~~] after the age of sixty-five (65) as before the age of sixty-five (65), if the spouse or dependent ***child***[~~or beneficiary~~] is not eligible for Medicare coverage.

The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient. No commission shall be paid for hospital and medical insurance procured under authority of this section.

(7) The board shall promulgate an administrative regulation to establish a medical insurance reimbursement plan to provide reimbursement for hospital and medical insurance premiums of recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky and having the same Medicare hospital and medical insurance eligibility status. An employee who earns at least one hundred twenty (120) months of service in the state-administered retirement systems shall be eligible for benefits determined using the formula in subsection (3) of this section for a recipient with one hundred twenty (120) or more months of service. The one hundred twenty (120) months of service requirement shall be waived for a member who is disabled or killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, and the member or his beneficiary shall be entitled to the benefits payable under subparagraph (3)(a)5. of this section. The county shall establish a payment schedule subject to approval by the board for payment of the service credit. The maximum period allowed in a payment schedule shall be ten (10) years with interest at the rate actuarially assumed by the board; however, a shorter period is desirable and the board may approve any schedule provided it is not longer than a ten (10) year period;

(d) If a county or department elects the provisions of this subsection, any present employee who would be eligible to receive service credit under the provisions of this subsection and has purchased service credit under subsection (4) or (5) of this section shall have his payment for the service credit refunded with interest at the rate paid under KRS 61.575 or 78.640;

(e) Any payments made by a county or department under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members.

sixty (60) months of service if under age sixty-five (65) in the systems administered by Kentucky Retirement Systems may purchase service credit for interim, seasonal, emergency, or temporary employment or part-time employment averaging one hundred (100) or more hours of work per month on a calendar or fiscal year basis. If the average number of hours of work is less than one hundred (100) per month, the member shall be allowed credit only for those months he receives creditable compensation for one hundred hours of work. The cost will be determined as a delayed contribution payment for the period of time involved, which shall not be picked up by the employer as described in KRS 61.560(4).

(b) Any non certified27 employee of a school board who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) in the systems administered by Kentucky Retirement Systems may purchase service credit for part-time employment prior to the 1990-91 school year which averaged eighty (80) or more hours of work per month on a calendar or fiscal year basis by paying to the County Employees Retirement System a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 78.610(4), by the employer. Payment may be by lump sum or the employee may pay by increments. If the average number of hours of work is less than eighty (80) per month, the noncertified employee of a school board shall be allowed credit only for those months he receives creditable compensation for eighty (80) hours of work. The cost will be determined as a delayed contribution payment, which shall not be picked up by the employer as described in KRS 78.610(4).

(13) A retired member, who is contributing to one (1) of the state-administered retirement programs under the provisions of KRS 61.637(1) to (4) and purchases service credit under this section in the system or systems from which he is retired, shall have his retirement allowance recomputed:

(a) Upon termination from employment, if the member is contributing to the same system or systems from which he was retired; or

(b) Upon completion of six (6) months' service credit as required under subsection (6) of this section, if the member is contributing to a system other than the system or systems from which he is retired.

(14) Any employee participating in one (1) of the systems administered by Kentucky Retirement Systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) in the systems administered by Kentucky Retirement Systems may obtain credit for prior or current service for any period of approved educational leave, or for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, by paying to the respective retirement system a delayed contribution payment. The employee may also obtain credit for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, but only if the Kentucky Retirement Systems receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(15) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) in the systems administered by Kentucky Retirement Systems may obtain credit for prior or current service for any period of ***authorized***~~[approved]~~ maternity leave, unpaid leave authorized under the Federal Family and Medical Leave Act, or for any period of ***authorized***~~[approved]~~ sick leave without pay, by paying to the respective retirement system a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(16) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by making installment payments in lieu of a lump-sum payment.

(a) The cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal; and interest, at the actuarial rate in effect at the time the member elects to make the purchase compounded annually, shall be added for the period that the installments are to be made. Multiple service purchases may be combined under a single installment purchase; however, no employee may make more than one (1) installment purchase at the same time. Once multiple service purchases have been combined in an installment purchase, the employee may not separate the purchases or pay a portion of one (1) of the purchases. The employee may elect to stop the installment payments by notifying the retirement system; may have the installment purchase recalculated to add one (1) or more additional service purchases; or may pay by lump sum the remaining principal.

(b) One (1) year of installment payments shall be made for each one thousand dollars ($1,000) or any part thereof of the total cost, except that the total period allowed for installments shall not be less than one (1) year and shall not exceed five (5) years.

(c) The employee shall pay the installments by payroll deduction. Upon notification by the retirement system, the employer shall report the installment payments either monthly or semimonthly continuously over each twelve (12) month period at the same time as, but separate from, regular employee contributions on the forms or by the computer format specified by the board. The payments made under this subsection shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 61.560(4) and no employer contributions shall be paid on the installments.

(d) The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member's account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(e) If the employee elects to stop the installment payments, dies, retires, or does not continue employment in a position required to participate in the retirement system, the member, or in the case of death, the beneficiary, shall have sixty (60) days to pay the remaining principal of the purchase by lump sum, except that payment by the member shall be made prior to the effective retirement date. If the member or beneficiary does not pay the remaining cost, the retirement system shall refund to the member or the beneficiary the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(f) If the employer does not report installment payments on an employee for sixty (60) days, except in the case of employees on military leave or sick leave without pay, the installment purchase shall cease and the retirement system shall refund to the employee the payment, payments, or portion of a payment that does not represent a full month of service purchased. Installment payments of employees on military leave or sick leave without pay shall be suspended during the period of leave and shall resume without recalculation upon the employee's return from leave.

(g) If payments have ceased under paragraph (e) or (f) of this subsection and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection. If the original installment purchase was for multiple service purchases, the employee may not separate those purchases under a new installment purchase.

(17) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by transferring funds through a direct trustee-to-trustee transfer as permitted under the applicable sections of the Internal Revenue Code and any regulations or rulings issued thereunder, or through a direct rollover as contemplated by and permitted under 26 U.S.C. sec. 401(a)(31) and any regulations or rulings issued thereunder. Service credit may also be purchased by a rollover of funds pursuant to and permitted under the rules specified in 26 U.S.C. sec. 402(c) and 26 U.S.C. sec. 408(d)(3). The Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in the applicable provisions of the Internal Revenue Code and any regulations and rulings issued thereunder. The amount shall be credited to the individual member's contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member.

(18) After August 1, 1998, any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems who is age sixty-five (65) or older and has forty-eight (48) months of service credit or, if younger, who has sixty (60) months of service credit in systems administered by Kentucky Retirement Systems may purchase credit in the system in which the employee has the service credit for up to ten (10) years service in a regular full-time position that was credited to a state or local government-administered public defined benefit plan in another state other than a defined benefit plan for teachers. The employee shall pay a delayed contribution payment. Payment may be by lump sum, or the employee may pay by increments. The employee may transfer funds directly from the other state's plan if eligible to the extent permitted under subsection (17) of this section and to the extent permitted by the other state's laws and shall provide proof that he is not eligible for a retirement benefit for the period of service from the other state's plan.

(19) After August 1, 1998, any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems, who has sixty (60) or more months of service in the State Police Retirement System or in a hazardous position in the Kentucky Employees Retirement System or the County Employees Retirement System, may purchase credit in the system in which the employee has the sixty (60) months of service credit for up to ten (10) years of service in a regular full-time position that was credited to a defined benefit retirement plan administered by a state or local government in another state, if the service could be certified as hazardous pursuant to KRS 61.592. The employee shall pay a delayed contribution payment. Payment may be by lump sum or by increments. The employee may transfer funds directly from the other unit of government's plan if eligible to the extent permitted under subsection (17) of this section and to the extent permitted by the other state's laws, and the employee shall provide proof that he is not eligible for a retirement benefit for the period of service from the other unit of government's plan.

No interest shall be added to the contributions. The service credit shall not be credited to the member's account until the employer contributions are received. If a retired member makes the payment within six (6) months, the retired member's retirement allowance shall be adjusted to reflect the added service after the employer contributions are received by the retirement system.

Section 15. KRS 61.595 is amended to read as follows:

(1) Effective July 1, 1990, upon retirement at normal retirement date or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) for the County Employees Retirement System and one and ninety-seven hundredths percent (1.97%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except that:

(a) Effective February 1, 1999, a member of the Kentucky Employees Retirement System who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) of final compensation multiplied by the number of years of service credit. Any Kentucky Employees Retirement System member whose effective date of retirement is between February 1, 1999, and January 31, 2009, and who has at least twenty (20) years of service credit in one of the state-administered retirement systems and who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) of final compensation multiplied by the number of years of service credit. Notwithstanding the provisions of KRS 61.565, the funding for this paragraph shall be provided from existing funds of the retirement allowance account;

(b) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(c) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(d) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 Regular Session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(e) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(f) The annual retirement allowance for a member of the Kentucky Employees Retirement System or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) A member of the Kentucky Employees Retirement System or the County Employees Retirement System who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire with no reduction in the retirement allowance. A member who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority, may count the vested service toward attaining the necessary years of service credit as provided in KRS 61.559(2)(c) and (d) to qualify for a retirement allowance. The credit from a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority shall not be used toward the minimum fifteen (15) years of current service required by KRS 61.559(2)(c) and (d) or to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon

this calculation, the ***system***[~~State Treasurer~~] shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is two dollars ($2) greater or less than the amount of the initial retirement payment. If the member or beneficiary chose an actuarial equivalent refund payment option, the amount of estimated retirement allowance shall be the official retirement allowance unless the new calculation produces an amount which is one hundred dollars ($100) greater or less than the amount of the initial retirement payment.

Section 16. KRS 61.600 is amended to read as follows:

(1) Any person may qualify to retire on disability, subject to the following conditions:

(a) The person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1), or 78.615(1);

(b) ***For a person whose membership date is prior to August 1, 2004,*** the person shall not be eligible for an unreduced retirement allowance;

(c) The person's application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment, as defined in KRS 61.510, in a regular full-time position, as defined in KRS 61.510 or 78.510; ***and***

(d) The person shall receive a satisfactory determination pursuant to KRS 61.665***.***[~~;~~]

(2)[~~(e)~~] A person's disability ***reapplication***[~~application~~] based on the same claim of incapacity shall be accepted and reconsidered for disability if accompanied by new objective medical evidence. The ***reapplication***[~~application~~] shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment in a regular full-time position[~~; and~~

~~(f) A person who had previously applied for and was denied disability benefits by the board on or before December 31, 1996, because of the pre-existing disease of poliomyelitis may file a new application for disability benefits no later than December 31, 2002, at the office of the retirement systems, and subsection(2)(d) of this section shall not apply to the new application if the person applying under this paragraph has at least ten (10) years of current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems~~].

(3)[~~(2)~~] Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:

(a) The person, since his last day of paid employment, has been mentally or physically incapacitated to perform the job, or jobs of like duties, from which he received his last paid employment. In determining whether the person may return to a job of like duties, any reasonable accommodation by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered;

(b) The incapacity is a result of bodily injury, mental illness, or disease. For purposes of this section, "injury" means any physical harm or damage to the human organism other than disease or mental illness;

(c) The incapacity is deemed to be permanent; and

(d) The incapacity does not result directly or indirectly from bodily injury, mental illness, disease, or condition which pre-existed membership in the system or reemployment, whichever is most recent. For purposes of this subsection, reemployment shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

(4)[~~(3)~~] Paragraph (d) of subsection ***(3) of this section***[~~(2)~~] shall not apply if:

(a) The incapacity is a result of bodily injury, mental illness, disease, or condition which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or

(b) The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

(5)[~~(4)~~] (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a regular full-time position.

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.
2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.
3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.
4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.
5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.

Section 17. KRS 61.605 is amended to read as follows:

Upon disability retirement, an employee may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability except that service credit shall be added to the *person's*[~~employee's~~] total service beginning with his last date of paid employment and continuing to his sixty-fifth birthday; however, the maximum service credit added shall not exceed the total service the *person*[~~employee~~] had upon his last day of paid employment, and the maximum combined service credit for calculating his disability retirement allowance, including total service and added service shall not exceed twenty-five (25) years. If, however, *a person*[~~an employee~~] has accumulated twenty-five (25) or more years of total service, he shall receive added service necessary to bring his combined service credit, including total and added service, to twenty-seven (27) years.

Section 18. KRS 61.610 is amended to read as follows:

(1) Once each year following the retirement of a *person*[~~member~~] on a disability retirement allowance, or less frequently as determined by the board's medical examiner but not less than once every five (5) years, the system may require the person, prior to his normal retirement date, to undergo *an employment*[~~a financial~~] and medical staff review and, if necessary, be required to *file at the retirement office on the review form prescribed by the board*[~~submit~~] current *employment information and current* medical information *for the bodily injury, mental illness, or disease for which he receives a disability retirement allowance. The person shall have one hundred eighty (180) days from the day the system mailed the review form to the person's last address on file in the retirement office to file at the retirement office the review form and the current employment and medical information. The person shall certify to the retirement office that the review form, including current employment and medical information, is ready to be evaluated by the medical examiner in accordance with Section 19 of this Act*.

(2) If, after good faith efforts, the person informs the system that he has been unable to obtain the employment or medical information, the system shall assist the person in obtaining the records and may use the authority granted pursuant to KRS 61.685(1) to obtain the records.

(3) If *the person fails or*[~~he~~] refuses[~~ to submit~~] to *file at the retirement office the review form, including the current employment and medical information*[~~a medical examination~~], his retirement allowance shall be discontinued *or reduced on the first day of the month following the expiration of the one hundred eighty (180) days from the day the system mailed the review form to the person's last address on file in the retirement office. The system shall send notice of the discontinuance or reduction of the disability retirement allowance by United States first class mail to the person's last address on file in the retirement office. If the person's benefits are discontinued or reduced under this section, his rights to further disability retirement allowances shall cease, except as provided by Section 19 of this Act*[~~until his withdrawal of refusal, and if the refusal continues for one (1) year, all his rights to any further disability allowance shall cease~~].

[~~(2) Disability retirees whose effective retirement date is August 1, 1988, or thereafter shall undergo an annual financial and~~

~~medical staff review and, if necessary, be required to submit current medical information.~~]

Section 19. KRS 61.615 is amended to read as follows:

(1) If ***the board's medical examiner determines that*** a recipient of a disability retirement allowance is, prior to his normal retirement date, employed in a position with the same or similar duties***, or in a position with duties requiring greater residual functional capacity and physical exertion,*** as the position from which he was disabled, except where the recipient has returned to work on a trial basis not to exceed nine (9) months, the ***system***[~~board~~] may reduce ***or discontinue*** the retirement allowance. Each recipient of a disability retirement allowance who is engaged in gainful employment shall notify the system of any employment; otherwise, the system shall have the right to recover payments ***of a disability retirement allowance*** made during the employment.

(2) If ***the board's medical examiner determines***[~~it is determined~~] that ***a***[~~any disabled~~] recipient ***of a disability retirement allowance*** is***, prior to his normal retirement date, no longer incapacitated by the bodily injury, mental illness, or disease for which he receives a disability retirement allowance, the board may reduce or discontinue the retirement allowance***[~~able to be employed in a position with the same or similar duties as the position from which he was disabled, and if the board finds that the person refused any employment considered by the board suitable to his capacity, he shall not be entitled to any allowance during the continuance of his refusal, unless in the opinion of the board his refusal was justified~~].

(3) The system shall have full power and exclusive authority to reduce or discontinue a disability retirement allowance and the system shall utilize ***the***[~~procedures consistent with KRS 61.665, including~~] services of ***a medical examiner as provided in Section 27 of this Act***[~~an examiner~~], in determining ***whether to continue, reduce, or discontinue a disability***[~~the amount of reduction in~~] retirement allowance under this section.

(a) The system shall select a medical examiner to evaluate the forms and medical information submitted by the person. If there is objective medical evidence of a mental impairment, the medical examiner may request the board's licensed mental health professional to assist in determining the level of the mental impairment.

(b) The medical examiners shall be paid a reasonable amount by the retirement system for each case evaluated.

(c) The medical examiner shall recommend that disability retirement allowance be continued, reduced, or discontinued.

1. If the medical examiner recommends that the disability retirement allowance be continued, the system shall make retirement payments in accordance with the retirement plan selected by the person.

2. If the medical examiner recommends that the disability retirement allowance be reduced or discontinued, the system shall send notice of the recommendation by United States first class mail to the person's last address on file in the retirement office.

a. The person shall have sixty (60) days from the day that the system mailed the notice to file at the retirement office additional supporting employment or medical information and certify to the retirement office that the forms and additional supporting employment information or medical information are ready to be evaluated by the medical examiner or to appeal the recommendation of the medical examiner to reduce or discontinue the disability retirement allowance by filing at the retirement office a request for a formal hearing.

b. If the person fails or refuses to file at the retirement office the forms, the additional supporting employment information, and current medical information or to appeal the recommendation of the medical examiners to reduce or discontinue the disability retirement allowance, his retirement allowance shall be discontinued on the first day of the month following the expiration of the period of the sixty (60) days from the day the system mailed the notice of the recommendation to the person's last address on file in the retirement office.

(d) The medical examiner shall make a recommendation based upon the evaluation of additional supporting medical information submitted in accordance with paragraph (c)2.a. of this subsection.

1. If the medical examiner recommends that the disability retirement allowance be continued, the system shall make disability retirement payments in accordance with the retirement plan selected by the person.

2. If the medical examiner recommends that the disability retirement allowance be reduced or discontinued based upon the evaluation of additional supporting medical information, the system shall send notice of this recommendation by United States first class mail to the person's last address on file in the retirement office.

a. The person shall have sixty (60) days from the day that the system mailed the notice of the recommendation to appeal the recommendation to reduce or discontinue the disability retirement allowance by filing at the retirement office a request for formal hearing.

b. If the person fails or refuses to appeal the recommendation of the medical examiners to reduce or discontinue the disability retirement allowance, his retirement allowance shall be discontinued on the first day of the month following the expiration of the period of the sixty (60) days from the day the system mailed the notice of the recommendation to the person's last address on file in the

retirement office.

(e) Any person whose disability benefits have been reduced or discontinued, pursuant to paragraph (c)2. or (d)2. of this subsection, may file at the retirement office a request for formal hearing to be conducted in accordance with KRS Chapter 13B. The right to demand a formal hearing shall be limited to a period of sixty (60) days after the person had notice, as described in paragraph (c) or (d) of this subsection. The request for formal hearing shall be filed with the system, at the retirement office in Frankfort. The request for formal hearing shall include a short and plain statement of the reasons the reduction, discontinuance, or denial of disability retirement is being contested.

(f) Failure of the person to request a formal hearing within the period of time specified shall preclude the person from proceeding any further with contesting the reduction or discontinuation of disability retirement allowance, except as provided in paragraph (6)(d) of this section. This paragraph shall not limit the person's right to appeal to a court.

(g) A final order of the board shall be based on substantial evidence appearing in the record as a whole and shall set forth the decision of the board and the facts and law upon which the decision is based. If the board orders that the person's disability retirement allowance be discontinued or reduced, the order shall take effect on the first day of the month following the day the system mailed the order to the person's last address on file in the retirement office. Judicial review of the final board order shall not operate as a stay and the system shall discontinue or reduce the person's disability retirement allowance as provided in this section.

(h) Notwithstanding any other provisions of this section, the system may require the person to submit to one (1) or more medical or psychological examinations at any time. The system shall be responsible for any costs associated with any examinations of the person requested by the medical examiner or the system for the purpose of providing medical information deemed necessary by the medical examiner or the system. Notice of the time and place of the examination shall be mailed to the person or his legal representative. If the person fails or refuses to submit to one (1) or more medical examinations, his rights to further disability retirement allowance shall cease.

(i) All requests for a hearing pursuant to this section shall be made in writing.

(4) The board may establish an appeals committee whose members shall be appointed by the chair and who shall have the authority to act upon the recommendations and reports of the hearing officer pursuant to this section on behalf of the board.

(5) Any person aggrieved by a final order of the board may seek judicial review after all administrative appeals have been exhausted by filing a petition for judicial review in the Franklin Circuit Court in accordance with KRS Chapter 13B.

(6)[~~(4)~~] If a disability retirement allowance is reduced or discontinued, the *person*[~~member~~] may apply for early retirement benefits as provided under KRS 61.559, subject to the following provisions:

(a) The *person*[~~member~~] may not change his beneficiary or payment option;

(b) If the *person*[~~member~~] has returned to employment with an employer participating in the system from which he retired, the service and creditable compensation shall be used in recomputing his benefit, except that the *person's*[~~member's~~] final compensation shall not be less than the final compensation last used in determining his retirement allowance;

(c) The benefit shall be reduced as provided by KRS 61.595(2);

(d) The *person*[~~member~~] shall remain eligible for reinstatement of his disability allowance upon reevaluation by the medical review board until his normal retirement age*. The person shall apply for reinstatement of disability benefits in accordance with the provisions of this section. If the person establishes that the disability benefits should be reinstated, the retirement system shall pay disability benefits effective from the first day of the month following the month in which the person applied for reinstatement of the disability benefits*; and

(e) Upon attaining normal retirement age, the *person*[~~member~~] shall receive the higher of either his disability retirement allowance or his early retirement allowance.

(7)[~~(5)~~] No disability retirement allowance shall be reduced or discontinued by the system after the *person's*[~~member's~~] normal retirement date except in case of reemployment as provided for by KRS 61.637. If a disability retirement allowance has been reduced or discontinued, except if the *person*[~~member~~] is reemployed as provided for by KRS 61.637, the retirement allowance shall be reinstated upon attainment of the *person's*[~~member's~~] normal retirement age to the retirement allowance prior to adjustment. No reinstated payment shall be less than the *person*[~~recipient~~] is receiving upon attainment of the *person's*[~~member's~~] normal retirement age.

Section 20. KRS 61.621 is amended to read as follows:

(1) Notwithstanding any provision of any statutes to the contrary, effective June 1, 2000, any employee participating in one (1) of the state-administered retirement systems who is not in a hazardous duty position, as defined in KRS 61.592, shall be eligible for minimum benefits equal to the benefits payable under this section or KRS 61.702 if the employee dies or becomes *totally and permanently* disabled *to engage in any occupation for remuneration or profit* as a result of a duty-related injury.

(2) (a) For purposes of this section, "duty-related injury" means:

1. a. A single traumatic event that occurs while the employee is performing the duties of his position; or

b. A single act of violence committed against the employee that is found to be related to his job duties, whether or not it occurs at his job site; and

2. The event or act of violence produces a harmful change in the human organism evidenced by objective medical findings.

(b) Duty-related injury does not include the effects of the natural aging process, a communicable disease unless the risk of contracting the disease is increased by nature of the employment, or a psychological, psychiatric, or stress-related change in the human organism unless it is the direct result of a physical injury.

(3) (a) If the employee dies as a result of a duty-related injury and is survived by a spouse, the surviving spouse shall be the beneficiary, and this shall supersede the designation of all previous beneficiaries of the deceased employee's retirement account.

(b) The surviving spouse may elect to receive the benefits payable under KRS 61.640 or other applicable death benefit statutes, or may elect to receive a lump-sum payment of ten thousand dollars ($10,000) and a monthly payment equal to twenty-five percent (25%) of the member's monthly final rate of pay beginning in the month following the member's death and continuing each month until death.

(4) If the employee is determined to be disabled as provided in KRS 61.600, or other applicable disability statutes in any other state-administered retirement system, as the result of a duty-related injury, the employee may elect to receive benefits determined under the provisions of KRS 61.605, or other applicable disability statutes in any other state-administered retirement system, except that the monthly retirement allowance shall not be less than twenty-five percent (25%) of the employee's monthly final rate of pay. For purposes of determining disability, the service requirement in KRS 61.600(1)(a), or other applicable statutes in any other state-administered retirement system, shall be waived.

(5) In the period of time following a member's death or disability during which dependent children survive, a monthly payment shall be made for each dependent child who is alive which shall be equal to ten percent (10%) of the deceased or disabled member's monthly final rate of pay; however, total maximum dependent children's benefits shall not exceed forty percent (40%) of the deceased or disabled member's monthly final rate of pay at the time any particular payment is due. The payment shall commence in the month following the date of death or disability of the member and shall be payable to the beneficiaries, or to a legally appointed guardian, or as directed by the system. Benefits for death as a result of a duty-related injury shall be payable under this subsection notwithstanding an election by a beneficiary to withdraw the deceased member's accumulated contributions as provided in KRS 61.625 or benefits under any other provisions of KRS 61.515 to 61.705 or other applicable death benefit statutes in any other state-administered retirement system.

(6) This section shall be known as "The Fred Capps Memorial Act."

Section 21. KRS 61.623 is amended to read as follows:

(1) A recipient who begins receiving a retirement allowance August 1, 2000, or after, from the Kentucky Employees Retirement System, the County Employees Retirement System, or the State Police Retirement System shall have the retirement allowance paid by electronic fund transfer to a financial institution designated by the recipient.

(2) When an individual becomes eligible to receive a monthly retirement allowance, the retirement system shall provide an authorization for deposit of retirement payment form to the recipient to have the monthly retirement allowance deposited to an account in a financial institution.

(3) The recipient and the financial institution shall provide the information and authorizations required for the electronic transfer of funds~~[from the State Treasurer's office]~~ to the designated financial institution.

(4) At any time while receiving a retirement allowance, the recipient may change the designated institution by completing a new authorization for deposit of retirement payment form and filing the form at the retirement office in Frankfort. The last authorization for deposit of retirement payment on file at the retirement office shall control the electronic transfer of the recipient's retirement allowance.

(5) (a) A recipient may request to be paid by check~~[issued by the State Treasurer]~~ instead of by electronic transfer by completing and filing at the retirement office a request for payment by check form.

(b) The request shall be approved if:

1. The recipient certifies that he does not currently have an account with a financial institution; *or*

2. The recipient's bank certifies that it does not participate in the electronic funds transfer program~~[; or~~

~~3. The recipient shows that the requirement would create an undue hardship]~~.

(c) The retirement office shall, every five (5) years, require the recipient to certify that the original conditions under which he requested payment by check continue. If the original conditions do not exist, the recipient shall complete an authorization for direct deposit of retirement payment form and file it with the retirement office.

Section 22. KRS 61.630 is amended to read as follows:

(1) If a retired member who did not elect an optional retirement plan dies at any time after retirement but before receiving total

retirement allowances provided in KRS 16.510 to 16.652, KRS 61.515 to 61.705, and KRS 78.520 to 78.852 at least equal to his accumulated contributions as of the date of his retirement, the difference between the accumulated contributions and the total allowances shall be payable in a lump sum to the properly designated beneficiary. If a living person designated as the beneficiary predeceases the retired member, the estate shall become the beneficiary. If a spouse designated as the beneficiary is divorced from the retired member as of the member's death, the estate shall become the beneficiary.

(2) If a retired member who elected an optional retirement plan and his beneficiary both die at any time after retirement of the member but before receiving total retirement allowances provided in KRS 16.510 to 16.652, KRS 61.515 to 61.705, and KRS 78.520 to 78.852 at least equal to the retired member's accumulated contributions as of the date of his retirement, the difference between the accumulated contributions and the total allowances shall be payable in a lump sum to the estate of the last deceased, except that the retired member's estate shall receive the payment if the beneficiary was the spouse and they were divorced as of the date of the member's death. If the retired member and beneficiary die simultaneously, the estate of the retired member shall become the beneficiary.

(3) If a beneficiary receiving a lifetime retirement allowance under KRS 16.578 or 61.640 dies before receiving total retirement allowances provided in KRS 16.510 to 16.652, KRS 61.515 to 61.705, and KRS 78.520 to 78.852 at least equal to the member's accumulated contributions as of the date of the member's death, the difference between the accumulated contributions and the total allowances shall be payable in a lump sum to the estate of the beneficiary.

(1) There is hereby created and established a[~~ state~~] fund to be known as "Kentucky Retirement Systems Insurance Fund." ***All assets received in the fund shall be deemed trust funds to be held and applied solely as provided in this section.***

(2) The fund is created pursuant to 26 U.S.C. sec. 106 for the purpose of providing a fund separate from the retirement funds and is to be used to provide fringe benefits as provided in KRS 61.702 to retired recipients and employees of employers participating in the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System, and to certain of their dependents or beneficiaries.

(3) The fund shall be administered by the board of trustees of the Kentucky Retirement Systems and the board shall manage the assets of the fund in the same manner in which it administers the retirement funds.

Section 31. KRS 61.702 is amended to read as follows:

(1) (a) The board of trustees of Kentucky Retirement Systems shall arrange by appropriate contract or on a self-insured basis to provide a group hospital and medical insurance plan for present and future recipients of a retirement allowance from the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System, except as provided in subsection (8) of this section. The board shall also arrange to provide health care coverage by health maintenance organizations, as defined in KRS 18A.225, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. Any person who chooses coverage by a health maintenance organization shall pay, by payroll deduction from the retirement allowance or by another method, the difference in premium between the cost of health maintenance organization coverage and the benefits to which he would be entitled under this section.

(b) The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status, except as provided in subsection (8) of this section. Notwithstanding the provisions of any other statute, recipients shall be included in the same class as current state employees in determining medical insurance policies and premiums.

(c) For recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky having the same Medicare hospital and medical insurance eligibility status, the board shall provide a medical insurance reimbursement plan as described in subsection (7) of this section.

(2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) (a) The premium required to provide hospital and medical benefits under this section shall be paid:

1. Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or

otherwise;

2. Wholly or partly from funds contributed by the Kentucky Retirement Systems insurance fund;

3. Wholly or partly from funds contributed by another state-administered retirement system under a reciprocal arrangement, except that any portion of the premium paid from the Kentucky Retirement Systems insurance fund under a reciprocal agreement shall not exceed the amount that would be payable under this section if all the member's service were in one (1) of the systems administered by the Kentucky Retirement Systems;

4. Partly from subparagraphs 1., 2., or 3., except that any premium for hospital and medical insurance over the amount contributed by the Kentucky Retirement Systems insurance fund or another state-administered retirement system under a reciprocal agreement shall be paid by the recipient. If the board provides for cross-referencing of insurance premiums, the employer's contribution for the working member or spouse shall be applied toward the premium, and the Kentucky Retirement Systems insurance fund shall pay the balance, not to exceed the monthly contribution.

5. In full from the Kentucky Retirement Systems insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement systems (not a beneficiary or dependent child receiving benefits) and had two hundred and forty (240) months or more of service upon retirement. Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred eighty (180) months of service but have at least one hundred twenty (120) months of service, fifty percent (50%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining fifty percent (50%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred twenty (120) months of service but have at least forty-eight (48) months of service, twenty-five percent (25%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining seventy-five percent (75%) by payroll deduction from his retirement allowance or by another method. Notwithstanding the foregoing provisions of this subsection, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who becomes disabled in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have his premium paid in full as if he had two hundred forty (240) months or more of service. Further, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who is killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have the premium for the beneficiary, if the beneficiary is the member's spouse, and for each dependent child paid so long as they individually remain eligible for a monthly retirement benefit. "Months of service" as used in this section shall mean the total months of combined service used to determine benefits under any or all of the three (3) retirement systems, except service added to determine disability benefits shall not be counted as "months of service." ***For current and former employees of the Council on Postsecondary Education who were employed prior to January 1, 1993, and who earn at least fifteen (15) years of service credit in the Kentucky Employees Retirement System, "months of service" shall also include vested service in another retirement system other than the Kentucky Teachers' Retirement System sponsored by the Council on Postsecondary Education.***

(b) For a member electing insurance coverage through the Kentucky Retirement Systems, "months of service" shall include, in addition to service as described in paragraph (a) of this subsection, service credit in one of the other state-administered retirement plans.

1. Effective August 1, 1998, the Kentucky Retirement Systems shall compute the member's combined service, including service credit in another state-administered retirement plan, and calculate the portion of the member's premium to be paid by the insurance fund, according to the criteria established in paragraph (a) of this subsection. Each state-administered retirement plan annually shall pay to the insurance fund the percentage of the system's cost of the retiree's monthly contribution for single coverage for hospital and medical insurance which shall be equal to the percentage of the member's number of months of service in the other state-administered retirement plan divided by his total combined service. The amounts paid by the other state-administered retirement plans and the insurance fund shall not be more than one hundred percent (100%) of the monthly contribution adopted by the respective boards of trustees.

2. A member may not elect coverage for hospital and medical benefits under this subsection through more than one (1) of the state-administered retirement plans.

(4) (a) Group rates under the hospital and medical insurance plan shall be made available to the spouse, ***each dependent child***[~~dependents~~], and ***each*** disabled ***child***[~~children~~], regardless of the disabled child's age, of a recipient who is a former member or the beneficiary, if the premium for the ***hospital and medical insurance for the*** spouse, ***each***

The percentage of the monthly contribution paid for the spouse and ***each dependent child***[~~dependents~~] of a recipient who was in a hazardous position shall be based solely on the member's service with the State Police Retirement System or service in a hazardous position using the formula in subsection (3)(a) of this section, except that for any recipient of a retirement allowance from the County Employees Retirement System who was contributing to the system on January 1, 1998, for service in a hazardous position, the percentage of the monthly contribution shall be based on the total of hazardous service and any nonhazardous service as a police or firefighter with the same agency, if that agency was participating in the County Employees Retirement System but did not offer hazardous duty coverage for its police and firefighters at the time of initial participation.

(c) The insurance fund shall continue the same level of coverage for a recipient who was a member of the County Employees Retirement System after the age of sixty-five (65) as before the age of sixty-five (65), if the recipient is not eligible for Medicare coverage. If the insurance fund provides coverage for the spouse or ***each dependent child***[~~dependents or beneficiary~~] of a former member of the County Employees Retirement System, the insurance fund shall continue the same level of coverage for the spouse or ***each*** dependent ***child***[~~or beneficiary~~] after the age of sixty-five (65) as before the age of sixty-five (65), if the spouse or dependent ***child***[~~or beneficiary~~] is not eligible for Medicare coverage.

The Administrative Office of the Courts shall pay the cost of the medical insurance benefits provided by this subsection.

(6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient. No commission shall be paid for hospital and medical insurance procured under authority of this section.

(7) The board shall promulgate an administrative regulation to establish a medical insurance reimbursement plan to provide reimbursement for hospital and medical insurance premiums of recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky and having the same Medicare hospital and medical insurance eligibility status. An eligible recipient shall file proof of payment for hospital and medical insurance at the retirement office. Reimbursement to eligible recipients shall be made on a quarterly basis. The recipient shall be eligible for reimbursement of substantiated medical insurance premiums for an amount not to exceed the total monthly premium determined under subsection (3) of this section. The plan shall not be made available if all recipients are eligible for the same coverage as recipients living in Kentucky.

(8) For employees ***having a membership date***[~~hired~~] on or after July 1, 2003, participation in the insurance benefits provided under this section shall not be allowed until the employee has earned at least one hundred twenty (120) months of service in the state-administered retirement systems. An employee who earns at least one hundred twenty (120) months of service in the state-administered retirement systems shall be eligible for benefits determined using the formula in subsection (3) of this section for a recipient with one hundred twenty (120) or more months of service. The one hundred twenty (120) months of service requirement shall be waived for a member who is disabled or killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, and the member or his beneficiary shall be entitled to the benefits payable under subparagraph (3)(a)5. of this section. The benefits of this subsection as provided on July 1, 2003, and thereafter shall not be considered as benefits protected by the inviolable contract provisions of KRS 61.692, 16.652, and 78.852. The General Assembly reserves the right to suspend or reduce the benefits conferred in this subsection if in their judgment the welfare of the Commonwealth so demands.

HB 10, AN ACT relating to children with disabilities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 159.030 is amended to read as follows:

(1) The board of education of the district in which the child resides shall exempt from the requirement of attendance upon a regular public day school every child of compulsory school age:

(a) Who is a graduate from an accredited or an approved four (4) year high school; or

(b) Who is enrolled and in regular attendance in a private, parochial, or church regular day school. It shall be the duty of each private, parochial, or church regular day school to notify the local board of education of those students in attendance at the school. If a school declines, for any reason, to notify the local board of education of those students in attendance, it shall so notify each student's parent or legal guardian in writing, and it shall then be the duty of the parent or legal guardian to give proper notice to the local board of education; or

(c) Who is less than seven (7) years old and is enrolled and in regular attendance in a private kindergarten-nursery school; or

(d) Whose physical or mental condition prevents or renders inadvisable attendance at school or application to study; or

(e) Who is enrolled and in regular attendance in private, parochial, or church school programs for exceptional children; or

(f) Who is enrolled and in regular attendance in a state-supported program for exceptional children;

(g) For purposes of this section, "church school" shall mean a school operated as a ministry of a local church, group of churches, denomination, or association of churches on a nonprofit basis.

(2) Before granting an exemption under subsection (1)(d) of this section, the board of education of the district in which the child resides shall require satisfactory evidence, in the form of***:***

(a) A signed statement of a licensed physician, advanced registered nurse practitioner, psychologist, psychiatrist, chiropractor, or public health officer, that the condition of the child prevents or renders inadvisable attendance at school or application to study. On the basis of such evidence, the board may exempt the child from compulsory attendance. Any child who is excused from school attendance more than six (6) months shall have two (2) signed statements from a combination of the following professional persons: a licensed physician, advanced registered nurse practitioner, psychologist, psychiatrist, chiropractor, and health officer***; or***

(b) An individual education plan specifying that placement of the child with a disability at home or in a hospital is the least restrictive environment for providing services.

Exemptions of all children under the provisions of subsection (1)(d) of this section shall be reviewed annually with the evidence required being updated.

(3) For any child who is excluded under the provisions of subsection (1)(d) of this section, home, hospital, institutional, or other regularly scheduled and suitable instruction meeting standards, rules, and regulations of the Kentucky Board of Education shall be provided.

The Committee Amendment No. 1 to **HB 10** is as follows:

HB 10, On page 2, line 12, after "officer", insert:

"***, except that this requirement shall not apply to a child whose treating physician, advanced registered nurse practitioner, chiropractor, or public health officer certifies that the student has a chronic physical condition that prevents or renders inadvisable attendance at school or application to study and is unlikely to substantially improve within one (1) year***"; and

On page 2, line 17, after "updated", insert:

"***, except that for an exceptional child whose treating physician, advanced registered nurse practitioner, chiropractor, or public health officer certifies that the student has a chronic physical condition unlikely to substantially improve within three (3) years, the child's admissions and release committee shall annually consider the child's condition and the existing documentation to determine whether updated evidence is required. Updated evidence shall be provided for a child upon determination of need by the admissions and release committee, or at least every three (3) years***".

HB 540, AN ACT relating to the safety and well-being of students.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 158.441 is amended to read as follows:

As used in this chapter, unless the context requires otherwise:

(1) ***"Bullying" means any deliberate and repeated force or threat of force to willfully injure, intimidate, interfere with, or threaten a student that has the effect of:***

(a) Physically harming a student;

(b) Damaging a student's property;

(c) Materially or substantially disrupting the orderly operation of the school; or

(d) Creating a hostile environment which substantially interferes with a student's educational benefits, opportunities, or performance, or with a student's physical or psychological well-being.

(2) "Intervention services" means any preventive, developmental, corrective, supportive services or treatment provided to a student who is at risk of school failure, is at risk of participation in violent behavior or juvenile crime, or has been expelled from the school district. Services may include, but are not limited to, screening to identify students at risk for emotional disabilities and antisocial behavior; direct instruction in academic, social, problem solving, and conflict resolution skills; alternative educational programs; psychological services; identification and assessment of abilities; counseling services; medical services; day treatment; family services; work and community service programs.

(3)[~~(2)~~] "School resource officer" means a sworn law enforcement officer who has specialized training to work with youth at a school site. The school resource officer shall be employed through a contract between a local law enforcement agency and a school district.

(4) "Volunteers" has the same meaning as in KRS 161.148.

Section 2. KRS 158.148 is amended to read as follows:

(1) In cooperation with the Kentucky Education Association, the Kentucky School Boards Association, the Kentucky Association of School Administrators, the Parent-Teachers Association, the Kentucky Chamber of Commerce, the Farm Bureau, members of the Interim Joint Committee on Education, and other interested groups, and in collaboration with the Center for School Safety, the Department of Education shall develop ***and provide to local education agencies***:

(a) Statewide student discipline guidelines to ensure safe schools;~~[and]~~

(b) ***A sample policy to address deliberate and repeated bullying that shall include prevention, intervention, and follow-up services for the bully and the victim; and***

(c) Recommendations designed to improve the learning environment and school climate, parental and community involvement in the schools, and student achievement.

(2) The department shall obtain statewide data on major discipline problems and reasons why students drop out of school. In addition, the department, in collaboration with the Center for School Safety, shall identify successful strategies currently being used in programs in Kentucky and in other states and shall incorporate those strategies into the statewide guidelines and the recommendations under subsection (1) of this section.

(3) Copies of the discipline guidelines shall be distributed to all school districts. The statewide guidelines shall contain broad principles to guide local districts in developing their own discipline code and school councils in the selection of discipline and classroom management techniques under KRS 158.154; and in the development of the district-wide safety plan.

(4) Each local board of education shall be responsible for formulating a code of acceptable behavior and discipline to apply to the students in each school operated by the board.

(a) The superintendent, or designee, shall be responsible for overall implementation and supervision, and each school principal shall be responsible for administration and implementation within each school. Each school council shall select and implement the appropriate discipline and classroom management techniques necessary to carry out the code. The board shall establish a process for a two-way communication system for teachers and other employees to notify a principal, supervisor, or other administrator of an existing emergency.

(b) The code shall contain the type of behavior expected from each student, the consequences of failure to obey the standards, and the importance of the standards to the maintenance of a safe learning environment where orderly learning is possible and encouraged.

(c) ***The code shall prohibit the deliberate and repeated bullying of a student, defined in a manner no less inclusive than the definition in Section 1 of this Act, and shall contain:***

1. Procedures for reporting any incident of repeated and deliberate bullying, including a provision that permits a person to report an incident anonymously;

2. Procedures for the prompt investigation of a complaint; and

3. Provisions for the discipline of a student who retaliates against a student who reports misconduct.

(d) The principal of each school shall apply the code of behavior and discipline uniformly and fairly to each student at the school without partiality or discrimination.

(e)~~[(d)]~~ A copy of the code of behavior and discipline adopted by the board of education shall be posted ***in a prominent location*** at each school. Guidance counselors shall be provided copies for discussion with students. The code shall be referenced in all school handbooks. All school employees and parents shall be provided copies of the code.

(f) A local school district shall:

1. Incorporate information regarding the code of acceptable behavior and discipline into the district's employee training manual; and

2. Implement an annual process for discussing the code with students and informing the students of the consequences of violating the code.

Section 3. KRS 158.150 is amended to read as follows:

(1) All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:

(a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, ***repeated and deliberate bullying of other students,*** the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school; and

(b) Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.

(2) Each local board of education shall adopt a policy requiring the expulsion from school for a period of not less than one (1) year for a student who is determined by the board to have brought a weapon to a school under its jurisdiction. The board shall also adopt a policy requiring disciplinary actions, up to and including expulsion from school, for a student who is

determined by the board to have possessed prescription drugs or controlled substances for the purpose of sale or distribution at a school under the board's jurisdiction, or to have physically assaulted or battered or abused educational personnel or other students at a school or school function under the board's jurisdiction. The board may modify the expulsion requirement for students on a case-by-case basis. A board that has expelled a student from the student's regular school setting shall provide or assure that educational services are provided to the student in an appropriate alternative program or setting, unless the board has made a determination, on the record, supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff and cannot be placed into a state-funded agency program. Other intervention services as indicated for each student may be provided by the board or by agreement with the appropriate state or community agency. A state agency that provides the service shall be responsible for the cost. In determining whether a student has brought a weapon to school, a local board of education shall use the definition of "unlawful possession of a weapon on school property" stated in KRS 527.070.

(3) School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the district transportation system pending any further disciplinary action that may occur. Each board of education shall adopt a policy to assure the implementation of this section and to assure the safety of the students and staff.

(4) A pupil shall not be suspended from the common schools until after at least the following due process procedures have been provided:

(a) The pupil has been given oral or written notice of the charge or charges against him which constitute cause for suspension;

(b) The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and

(c) The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

(5) The superintendent, principal, assistant principal, or head teacher of any school may suspend a pupil but shall report the action in writing immediately to the superintendent and to the parent, guardian, or other person having legal custody or control of the pupil. The board of education of any school district may expel any pupil for misconduct as defined in subsection (1) of this section, but the action shall not be taken until the parent, guardian, or other person having legal custody or control of the pupil has had an opportunity to have a hearing before the board. The decision of the board shall be final.

(6) (a) Suspension of exceptional children, as defined in KRS 157.200, shall be considered a change of educational placement if:

1. The child is removed for more than ten (10) consecutive days during a school year; or

2. The child is subjected to a series of removals that constitute a pattern because the removals accumulate to more than ten (10) school days during a school year and because of other factors, such as the length of each removal, the total amount of time the child is removed, and the proximity of removals to one another.

(b) The admissions and release committee shall meet to review the placement and make a recommendation for continued placement or a change in placement and determine whether regular suspension or expulsion procedures apply. Additional evaluations shall be completed, if necessary.

(c) If the admissions and release committee determines that an exceptional child's behavior is related to his disability, the child shall not be suspended any further or expelled unless the current placement could result in injury to the child, other children, or the educational personnel, in which case an appropriate alternative placement shall be provided that will provide for the child's educational needs and will provide a safe learning and teaching environment for all. If the admissions and release committee determines that the behavior is not related to the disability, the local educational agency may pursue its regular suspension or expulsion procedure for the child, if the behavior so warrants. However, educational services shall not be terminated during a period of expulsion and during a suspension after a student is suspended for more than a total of ten (10) days during a school year. A district may seek temporary injunctive relief through the courts if the parent and the other members of the admissions and release committee cannot agree upon a placement and the current placement will likely result in injury to the student or others.

(7) Suspension of primary school students shall be considered only in exceptional cases where there are safety issues for the child or others.

Section 4. KRS 158.444 is amended to read as follows:

(1) The Kentucky Board of Education shall promulgate appropriate administrative regulations relating to school safety, student discipline, and related matters.

(2) The Kentucky Department of Education shall:

(a) Collaborate with the Center for School Safety in carrying out the center's mission; and

(b) Establish and maintain a statewide data collection system by which school districts shall report by sex, race, and grade level:

1. All incidences of violence and assault against school employees and students; incidences of possession of guns or other deadly weapons on school property or at school functions; and incidences of the possession or use of alcohol, prescription drugs, or controlled substances on school property or at school functions;

2. ***All incidences of repeated and deliberate bullying of a student by another student, school employee, or volunteer resulting in corporal punishment, suspension, or expulsion;***

3. The number of arrests, the charges, and whether civil damages were pursued by the injured party;

4.~~[3.]~~ The number of suspensions, expulsions, and corporal punishments; and

5.~~[4.]~~ Data required during the assessment process under KRS 158.445.

The department shall provide all data collected relating to this subsection to the Center for School Safety according to timelines established by the center.

Section 5. KRS 160.345 is amended to read as follows:

(b) "School" means an elementary or secondary educational institution that is under the administrative control of a principal or head teacher and is not a program or part of another school. The term "school" does not include district-operated schools that are:

1. Exclusively vocational-technical, special education, or preschool programs;

2. Instructional programs operated in institutions or schools outside of the district; or

3. Alternative schools designed to provide services to at-risk populations with unique needs;

(2) Each local board of education shall adopt a policy for implementing school-based decision making in the district which shall include, but not be limited to, a description of how the district's policies, including those developed pursuant to KRS 160.340, have been amended to allow the professional staff members of a school to be involved in the decision making process as they work to meet educational goals established in KRS 158.645 and 158.6451. The policy may include a requirement that each school council make an annual report at a public meeting of the board describing the school's progress in meeting the educational goals set forth in KRS 158.6451 and district goals established by the board. The policy shall also address and comply with the following:

(a) Except as provided in paragraph (b)2. of this subsection, each participating school shall form a school council composed of two (2) parents, three (3) teachers, and the principal or administrator. The membership of the council may be increased, but it may only be increased proportionately. A parent representative on the council shall not be an employee or a relative of an employee of the school in which that parent serves, nor shall the parent representative be an employee or a relative of an employee in the district administrative offices. A parent representative shall not be a local board member or a board member's spouse. None of the members shall have a conflict of interest pursuant to KRS Chapter 45A, except the salary paid to district employees;

(b) 1. The teacher representatives shall be elected for one (1) year terms by a majority of the teachers. A teacher elected to a school council shall not be involuntarily transferred during his or her term of office. The parent representatives shall be elected for one (1) year terms. The parent members shall be elected by the parents of students preregistered to attend the school during the term of office in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. A school council, once elected, may adopt a policy setting different terms of office for parent and teacher members subsequently elected. The principal or head teacher shall be the chair of the school council.

2. School councils in schools having eight percent (8%) or more minority students enrolled, as determined by the enrollment on the preceding October 1, shall have at least one (1) minority member. If the council formed under paragraph (a) of this subsection does not have a minority member, the principal, in a timely manner, shall be responsible for carrying out the following:

a. Organizing a special election to elect an additional member. The principal shall call for nominations and shall notify the parents of the students of the date, time, and location of the election to elect a minority parent to the council by ballot; and

b. Allowing the teachers in the building to select one (1) minority teacher to serve as a teacher member on the council. If there are no minority teachers who are members of the faculty, an additional teacher member shall be elected by a majority of all teachers. Term limitations shall not apply for a minority teacher member who is the only minority on faculty;

(c) 1. The school council shall have the responsibility to set school policy consistent with district board policy which shall provide an environment to enhance the students' achievement and help the school meet the goals established by KRS 158.645 and 158.6451. The principal or head teacher shall be the primary administrator and the instructional leader of the school, and with the assistance of the total school staff shall administer the policies established by the school council and the local board.

The policy shall include the number of committees, their jurisdiction, composition, and the process for membership selection;

(d) The school council and each of its committees shall determine the frequency of and agenda for their meetings. Matters relating to formation of school councils that are not provided for by this section shall be addressed by local board policy;

(e) The meetings of the school council shall be open to the public and all interested persons may attend. However, the exceptions to open meetings provided in KRS 61.810 shall apply;

(f) After receiving notification of the funds available for the school from the local board, the school council shall determine, within the parameters of the total available funds, the number of persons to be employed in each job classification at the school. The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals;

(g) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council. The school council shall consult with the school media librarian on the maintenance of the school library media center, including the purchase of instructional materials, information technology, and equipment;

(h) From a list of applicants submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council, consistent with subsection (2)(i)10. of this section. The superintendent may forward to the school council the names of qualified applicants who have pending certification from the Education Professional Standards Board based on recent completion of preparation requirements, out-of-state preparation, or alternative routes to certification pursuant to KRS 161.028 and 161.048. Requests for transfer shall conform to any employer-employee bargained contract which is in effect. If the vacancy to be filled is the position of principal, the school council shall select the new principal from among those persons recommended by the local superintendent. When a vacancy in the school principalship occurs, the school council shall receive training in recruitment and interviewing techniques prior to carrying out the process of selecting a principal. The council shall select the trainer to deliver the training. Personnel decisions made at the school level under the authority of this subsection shall be binding on the superintendent who completes the hiring process. Applicants subsequently employed shall provide evidence that they are certified prior to assuming the duties of a position in accordance with KRS 161.020. The superintendent shall provide additional applicants upon request when qualified applicants are available;

(i) The school council shall adopt a policy to be implemented by the principal in the following additional areas:

1. Determination of curriculum, including needs assessment and curriculum development;

2. Assignment of all instructional and noninstructional staff time;

4. Determination of the schedule of the school day and week, subject to the beginning and ending times of the school day and school calendar year as established by the local board;

5. Determination of use of school space during the school day;

6. Planning and resolution of issues regarding instructional practices;

7. Selection and implementation of discipline and classroom management techniques***, including procedures to address repeated and deliberate bullying*** as a part of a comprehensive school safety plan***.***[~~, including~~] Responsibilities of the student, parent, teacher, counselor, and principal ***shall be addressed***;

8. Selection of extracurricular programs and determination of policies relating to student participation based on academic qualifications and attendance requirements, program evaluation, and supervision;

technology utilization, and program appraisal; and

10. Procedures to assist the council with consultation in the selection of personnel by the principal, including, but not limited to, meetings, timelines, interviews, review of written applications, and review of references. Procedures shall address situations in which members of the council are not available for consultation; and

(j) Each school council shall annually review data on its students' performance as shown by the Commonwealth Accountability Testing System. The data shall include but not be limited to information on performance levels of all students tested, and information on the performance of students disaggregated by race, gender, disability, and participation in the federal free and reduced price lunch program. After completing the review of data, each school council, with the involvement of parents, faculty, and staff, shall develop and adopt a plan to ensure that each student makes progress toward meeting the goals set forth in KRS 158.645 and 158.6451(1)(b) by April of each year and submit the plan to the superintendent and local board of education for review as described in KRS 160.340. The Kentucky Department of Education shall provide each school council the data needed to complete the review required by this paragraph no later than November 1 of each year. If a school does not have a council, the review shall be completed by the principal with the involvement of parents, faculty, and staff.

(3) The policy adopted by the local board to implement school-based decision making shall also address the following:

(a) School budget and administration, including: discretionary funds; activity and other school funds; funds for maintenance, supplies, and equipment; and procedures for authorizing reimbursement for training and other expenses;

(b) Assessment of individual student progress, including testing and reporting of student progress to students, parents, the school district, the community, and the state;

(g) Requirements for waiver of district policies;

(h) Requirements for record keeping by the school council; and

(i) A process for appealing a decision made by a school council.

(4) In addition to the authority granted to the school council in this section, the local board may grant to the school council any other authority permitted by law. The board shall make available liability insurance coverage for the protection of all members of the school council from liability arising in the course of pursuing their duties as members of the council.

(5) After July 13, 1990, any school in which two-thirds (2/3) of the faculty vote to implement school-based decision making shall do so. All schools shall implement school-based decision making by July 1, 1996, in accordance with this section and with the policy adopted by the local board pursuant to this section. Upon favorable vote of a majority of the faculty at the school and a majority of at least twenty-five (25) voting parents of students enrolled in the school, a school meeting its goal as determined by the Department of Education pursuant to KRS 158.6455 may apply to the Kentucky Board of Education for exemption from the requirement to implement school-based decision making, and the state board shall grant the exemption. The voting by the parents on the matter of exemption from implementing school-based decision making shall be in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

(6) The Department of Education shall provide professional development activities to assist schools in implementing school-based decision making. School council members elected for the first time shall complete a minimum of six (6) clock hours of training in the process of school-based decision making, no later than thirty (30) days after the beginning of the service year for which they are elected to serve. School council members who have served on a school council at least one (1) year shall complete a minimum of three (3) clock hours of training in the process of school-based decision making no later than one hundred twenty (120) days after the beginning of the service year for which they are elected to serve. Experienced members may participate in the training for new members to fulfill their training requirement. School council training required under this subsection shall be conducted by trainers endorsed by the Department of Education. By November 1 of each year, the principal through the local superintendent shall forward to the Department of Education the names and addresses of each council member and verify that the required training has been completed. School council members elected to fill a vacancy shall complete the applicable training within thirty (30) days of their election.

(7) A school that chooses to have school-based decision making but would like to be exempt from the administrative structure set forth by this section may develop a model for implementing school-based decision making, including but not limited to a description of the membership, organization, duties, and responsibilities of a school council. The school shall submit the model through the local board of education to the commissioner of education and the Kentucky Board of Education, which shall have final authority for approval. The application for approval of the model shall show evidence that it has been

developed by representatives of the parents, students, certified personnel, and the administrators of the school and that two-thirds (2/3) of the faculty have agreed to the model.

(8) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt by administrative regulation a formula by which school district funds shall be allocated to each school council. Included in the school council formula shall be an allocation for professional development that is at least sixty-five percent (65%) of the district's per pupil state allocation for professional development for each student in average daily attendance in the school. The school council shall plan professional development in compliance with requirements specified in KRS 156.095, except as provided in KRS 158.649. School councils of small schools shall be encouraged to work with other school councils to maximize professional development opportunities.

(9) (a) No board member, superintendent of schools, district employee, or member of a school council shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (i) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the Kentucky Board of Education.

(c) The Kentucky Board of Education shall conduct a hearing in accordance with KRS Chapter 13B for complaints referred by the Office of Education Accountability.

(d) If the state board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent, a member of a school council, or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

The Committee Substitute to **HB 540** is as follows:

HB 540, AN ACT relating to the safety and well-being of students.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

(2) "Intervention services" means any preventive, developmental, corrective, supportive services or treatment provided to a student who is at risk of school failure, is at risk of participation in violent behavior or juvenile crime, or has been expelled from the school district. Services may include, but are not limited to, screening to identify students at risk for emotional disabilities and antisocial behavior; direct instruction in academic, social, problem solving, and conflict resolution skills; alternative educational programs; psychological services; identification and assessment of abilities; counseling services; medical services; day treatment; family services; work and community service programs.

(3)[~~(2)~~] "School resource officer" means a sworn law enforcement officer who has specialized training to work with youth at a school site. The school resource officer shall be employed through a contract between a local law enforcement agency and a school district.

(4) "Volunteers" has the same meaning as in KRS 161.148.

Section 2. KRS 158.148 is amended to read as follows:

(1) In cooperation with the Kentucky Education Association, the Kentucky School Boards Association, the Kentucky Association of School Administrators, the Parent-Teachers Association, the Kentucky Chamber of Commerce, the Farm Bureau, members of the Interim Joint Committee on Education, and other interested groups, and in collaboration with the Center for School Safety, the Department of Education shall develop ***and provide to local education agencies***:

(a) Statewide student discipline guidelines to ensure safe schools;[~~ and~~]

(b) ***A sample policy to address deliberate and repeated bullying that shall include prevention, intervention, and follow-up services for the bully and the victim; and***

(c) Recommendations designed to improve the learning environment and school climate, parental and community involvement in the schools, and student achievement.

(2) The department shall obtain statewide data on major discipline problems and reasons why students drop out of school. In addition, the department, in collaboration with the Center for School Safety, shall identify successful strategies currently being used in programs in Kentucky and in other states and shall incorporate those strategies into the statewide guidelines and the recommendations under subsection (1) of this section.

(3) Copies of the discipline guidelines shall be distributed to all school districts. The statewide guidelines shall contain broad principles to guide local districts in developing their own discipline code and school councils in the selection of discipline and classroom management techniques under KRS 158.154; and in the development of the district-wide safety plan.

(4) Each local board of education shall be responsible for formulating a code of acceptable behavior and discipline to apply to the students in each school operated by the board.

(a) The superintendent, or designee, shall be responsible for overall implementation and supervision, and each school principal shall be responsible for administration and implementation within each school. Each school council shall select and implement the appropriate discipline and classroom management techniques necessary to carry out the code. The board shall establish a process for a two-way communication system for teachers and other employees to notify a principal, supervisor, or other administrator of an existing emergency.

(b) The code shall contain the type of behavior expected from each student, the consequences of failure to obey the standards, and the importance of the standards to the maintenance of a safe learning environment where orderly learning is possible and encouraged.

(c) *The code shall include provisions to address student behavior that materially or substantially disrupts the education process, or has the effect of substantially denying another student access to education opportunities, or school-related programs. The code shall require students to exercise civility in interactions with other students, faculty, and staff. For the purpose of this section, civility shall be defined to prohibit, among other behaviors, physical assault, threats, lewd, profane, or vulgar language, verbal or physical abuse, and any other act which is prohibited by KRS 158.150(1). Civility shall not be interpreted to prohibit civil exchange of opinions or debate protected under state or federal Constitution, where the opinions expressed do not otherwise materially or substantially disrupt the education process.*

(d) The code shall prohibit the deliberate and repeated bullying of a student, defined in a manner no less inclusive than the definition in Section 1 of this Act, and shall contain:

1. Procedures for reporting any incident of repeated and deliberate bullying, including a provision that permits a person to report an incident anonymously;

2. Procedures for the prompt investigation of a complaint; and

3. Provisions for the discipline of a student who retaliates against a student who reports misconduct.

(e) The principal of each school shall apply the code of behavior and discipline uniformly and fairly to each student at the school without partiality or discrimination.

(f)[~~(d)~~] A copy of the code of behavior and discipline adopted by the board of education shall be posted *in a prominent location* at each school. Guidance counselors shall be provided copies for discussion with students. The code shall be referenced in all school handbooks. All school employees and parents shall be provided copies of the code.

(g) A local school district shall:

1. Incorporate information regarding the code of acceptable behavior and discipline into the district's employee training manual; and

2. Implement an annual process for discussing the code with students and informing the students of the consequences of violating the code.

Section 3. KRS 158.150 is amended to read as follows:

(1) All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:

(a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, *repeated and deliberate bullying of other students,* the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school; and

(b) Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.

(2) Each local board of education shall adopt a policy requiring the expulsion from school for a period of not less than one (1) year for a student who is determined by the board to have brought a weapon to a school under its jurisdiction. The board shall also adopt a policy requiring disciplinary actions, up to and including expulsion from school, for a student who is determined by the board to have possessed prescription drugs or controlled substances for the purpose of sale or

distribution at a school under the board's jurisdiction, or to have physically assaulted or battered or abused educational personnel or other students at a school or school function under the board's jurisdiction. The board may modify the expulsion requirement for students on a case-by-case basis. A board that has expelled a student from the student's regular school setting shall provide or assure that educational services are provided to the student in an appropriate alternative program or setting, unless the board has made a determination, on the record, supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff and cannot be placed into a state-funded agency program. Other intervention services as indicated for each student may be provided by the board or by agreement with the appropriate state or community agency. A state agency that provides the service shall be responsible for the cost. In determining whether a student has brought a weapon to school, a local board of education shall use the definition of "unlawful possession of a weapon on school property" stated in KRS 527.070.

(3) School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the district transportation system pending any further disciplinary action that may occur. Each board of education shall adopt a policy to assure the implementation of this section and to assure the safety of the students and staff.

(4) A pupil shall not be suspended from the common schools until after at least the following due process procedures have been provided:

(a) The pupil has been given oral or written notice of the charge or charges against him which constitute cause for suspension;

(b) The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and

(c) The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

(5) The superintendent, principal, assistant principal, or head teacher of any school may suspend a pupil but shall report the action in writing immediately to the superintendent and to the parent, guardian, or other person having legal custody or control of the pupil. The board of education of any school district may expel any pupil for misconduct as defined in subsection (1) of this section, but the action shall not be taken until the parent, guardian, or other person having legal custody or control of the pupil has had an opportunity to have a hearing before the board. The decision of the board shall be final.

(6) (a) Suspension of exceptional children, as defined in KRS 157.200, shall be considered a change of educational placement if:

1. The child is removed for more than ten (10) consecutive days during a school year; or

2. The child is subjected to a series of removals that constitute a pattern because the removals accumulate to more than ten (10) school days during a school year and because of other factors, such as the length of each removal, the total amount of time the child is removed, and the proximity of removals to one another.

(b) The admissions and release committee shall meet to review the placement and make a recommendation for continued placement or a change in placement and determine whether regular suspension or expulsion procedures apply. Additional evaluations shall be completed, if necessary.

(c) If the admissions and release committee determines that an exceptional child's behavior is related to his disability, the child shall not be suspended any further or expelled unless the current placement could result in injury to the child, other children, or the educational personnel, in which case an appropriate alternative placement shall be provided that will provide for the child's educational needs and will provide a safe learning and teaching environment for all. If the admissions and release committee determines that the behavior is not related to the disability, the local educational agency may pursue its regular suspension or expulsion procedure for the child, if the behavior so warrants. However, educational services shall not be terminated during a period of expulsion and during a suspension after a student is suspended for more than a total of ten (10) days during a school year. A district may seek temporary injunctive relief through the courts if the parent and the other members of the admissions and release committee cannot agree upon a placement and the current placement will likely result in injury to the student or others.

(7) Suspension of primary school students shall be considered only in exceptional cases where there are safety issues for the child or others.

Section 4. KRS 158.444 is amended to read as follows:

(1) The Kentucky Board of Education shall promulgate appropriate administrative regulations relating to school safety, student discipline, and related matters.

(2) The Kentucky Department of Education shall:

(a) Collaborate with the Center for School Safety in carrying out the center's mission; and

(b) Establish and maintain a statewide data collection system by which school districts shall report by sex, race, and grade level:

1. All incidences of violence and assault against school employees and students; incidences of possession of guns or other deadly weapons on school property or at school functions; and incidences of the possession or use of alcohol, prescription drugs, or controlled substances on school property or at school functions;

2. ***All incidences of repeated and deliberate bullying of a student by another student resulting in corporal punishment, suspension, or expulsion;***

3. The number of arrests, the charges, and whether civil damages were pursued by the injured party;

4.[~~3.~~] The number of suspensions, expulsions, and corporal punishments; and

5.[~~4.~~] Data required during the assessment process under KRS 158.445.

The department shall provide all data collected relating to this subsection to the Center for School Safety according to timelines established by the center.

Section 5. KRS 160.345 is amended to read as follows:

(b) "School" means an elementary or secondary educational institution that is under the administrative control of a principal or head teacher and is not a program or part of another school. The term "school" does not include district-operated schools that are:

1. Exclusively vocational-technical, special education, or preschool programs;

2. Instructional programs operated in institutions or schools outside of the district; or

3. Alternative schools designed to provide services to at-risk populations with unique needs;

(c) "Teacher" means any person for whom certification is required as a basis of employment in the public schools of the state with the exception of principals, assistant principals, and head teachers; and

(2) Each local board of education shall adopt a policy for implementing school-based decision making in the district which shall include, but not be limited to, a description of how the district's policies, including those developed pursuant to KRS 160.340, have been amended to allow the professional staff members of a school to be involved in the decision making process as they work to meet educational goals established in KRS 158.645 and 158.6451. The policy may include a requirement that each school council make an annual report at a public meeting of the board describing the school's progress in meeting the educational goals set forth in KRS 158.6451 and district goals established by the board. The policy shall also address and comply with the following:

(a) Except as provided in paragraph (b)2. of this subsection, each participating school shall form a school council composed of two (2) parents, three (3) teachers, and the principal or administrator. The membership of the council may be increased, but it may only be increased proportionately. A parent representative on the council shall not be an employee or a relative of an employee of the school in which that parent serves, nor shall the parent representative be an employee or a relative of an employee in the district administrative offices. A parent representative shall not be a local board member or a board member's spouse. None of the members shall have a conflict of interest pursuant to KRS Chapter 45A, except the salary paid to district employees;

(b) 1. The teacher representatives shall be elected for one (1) year terms by a majority of the teachers. A teacher elected to a school council shall not be involuntarily transferred during his or her term of office. The parent representatives shall be elected for one (1) year terms. The parent members shall be elected by the parents of students preregistered to attend the school during the term of office in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. A school council, once elected, may adopt a policy setting different terms of office for parent and teacher members subsequently elected. The principal or head teacher shall be the chair of the school council.

2. School councils in schools having eight percent (8%) or more minority students enrolled, as determined by the enrollment on the preceding October 1, shall have at least one (1) minority member. If the council formed under paragraph (a) of this subsection does not have a minority member, the principal, in a timely manner, shall be responsible for carrying out the following:

a. Organizing a special election to elect an additional member. The principal shall call for nominations and shall notify the parents of the students of the date, time, and location of the election to elect a minority parent to the council by ballot; and

b. Allowing the teachers in the building to select one (1) minority teacher to serve as a teacher member on the council. If there are no minority teachers who are members of the faculty, an additional teacher member shall be elected by a majority of all teachers. Term limitations shall not apply for a minority teacher member who is the only minority on faculty;

(c) 1. The school council shall have the responsibility to set school policy consistent with district board policy which shall provide an environment to enhance the students' achievement and help the school meet the goals established by KRS 158.645 and 158.6451. The policy shall include the number of committees, their jurisdiction, composition, and the process for membership selection;

(d) The school council and each of its committees shall determine the frequency of and agenda for their meetings. Matters relating to formation of school councils that are not provided for by this section shall be addressed by local board policy;

(e) The meetings of the school council shall be open to the public and all interested persons may attend. However, the exceptions to open meetings provided in KRS 61.810 shall apply;

(f) After receiving notification of the funds available for the school from the local board, the school council shall determine, within the parameters of the total available funds, the number of persons to be employed in each job classification at the school. The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals;

(g) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council. The school council shall consult with the school media librarian on the maintenance of the school library media center, including the purchase of instructional materials, information technology, and equipment;

(h) From a list of applicants submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council, consistent with subsection (2)(i)10. of this section. The superintendent may forward to the school council the names of qualified applicants who have pending certification from the Education Professional Standards Board based on recent completion of preparation requirements, out-of-state preparation, or alternative routes to certification pursuant to KRS 161.028 and 161.048. Requests for transfer shall conform to any employer-employee bargained contract which is in effect. If the vacancy to be filled is the position of principal, the school council shall select the new principal from among those persons recommended by the local superintendent. When a vacancy in the school principalship occurs, the school council shall receive training in recruitment and interviewing techniques prior to carrying out the process of selecting a principal. The council shall select the trainer to deliver the training. Personnel decisions made at the school level under the authority of this subsection shall be binding on the superintendent who completes the hiring process. Applicants subsequently employed shall provide evidence that they are certified prior to assuming the duties of a position in accordance with KRS 161.020. 6. Planning and resolution of issues regarding instructional practices;
7. 10. Procedures to assist the council with consultation in the selection of personnel by the principal, including, but not limited to, meetings, timelines, interviews, review of written applications, and review of references. Procedures shall address situations in which members of the council are not available for consultation; and

(j) Each school council shall annually review data on its students' performance as shown by the Commonwealth Accountability Testing System. The data shall include but not be limited to information on performance levels of all students tested, and information on the performance of students disaggregated by race, gender, disability, and participation in the federal free and reduced price lunch program. After completing the review of data, each school council, with the involvement of parents, faculty, and staff, shall develop and adopt a plan to ensure that each student makes progress toward meeting the goals set forth in KRS 158.645 and 158.6451(1)(b) by April of each year and submit the plan to the superintendent and local board of education for review as described in KRS 160.340. The Kentucky Department of Education shall provide each school council the data needed to complete the review required by this paragraph no later than November 1 of each year. If a school does not have a council, the review shall be completed by the principal with the involvement of parents, faculty, and staff.

(3) The policy adopted by the local board to implement school-based decision making shall also address the following:

(a) School budget and administration, including: discretionary funds; activity and other school funds; funds for maintenance, supplies, and equipment; and procedures for authorizing reimbursement for training and other expenses;

(b) Assessment of individual student progress, including testing and reporting of student progress to students, parents, the school district, the community, and the state;

(4) In addition to the authority granted to the school council in this section, the local board may grant to the school council any other authority permitted by law. The board shall make available liability insurance coverage for the protection of all members of the school council from liability arising in the course of pursuing their duties as members of the council.

(5) After July 13, 1990, any school in which two-thirds (2/3) of the faculty vote to implement school-based decision making shall do so. All schools shall implement school-based decision making by July 1, 1996, in accordance with this section and with the policy adopted by the local board pursuant to this section. Upon favorable vote of a majority of the faculty at the school and a majority of at least twenty-five (25) voting parents of students enrolled in the school, a school meeting its goal as determined by the Department of Education pursuant to KRS 158.6455 may apply to the Kentucky Board of Education for exemption from the requirement to implement school-based decision making, and the state board shall grant the exemption. The voting by the parents on the matter of exemption from implementing school-based decision making shall be in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

(6) The Department of Education shall provide professional development activities to assist schools in implementing school-based decision making. School council members elected for the first time shall complete a minimum of six (6) clock hours of training in the process of school-based decision making, no later than thirty (30) days after the beginning of the service year for which they are elected to serve. School council members who have served on a school council at least one (1) year shall complete a minimum of three (3) clock hours of training in the process of school-based decision making no later than one hundred twenty (120) days after the beginning of the service year for which they are elected to serve. Experienced members may participate in the training for new members to fulfill their training requirement. School council training required under this subsection shall be conducted by trainers endorsed by the Department of Education. By November 1 of each year, the principal through the local superintendent shall forward to the Department of Education the names and addresses of each council member and verify that the required training has been completed. School council members elected to fill a vacancy shall complete the applicable training within thirty (30) days of their election.

(7) A school that chooses to have school-based decision making but would like to be exempt from the administrative structure set forth by this section may develop a model for implementing school-based decision making, including but not limited to a description of the membership, organization, duties, and responsibilities of a school council. The school shall submit the model through the local board of education to the commissioner of education and the Kentucky Board of Education, which shall have final authority for approval. The application for approval of the model shall show evidence that it has been developed by representatives of the parents, students, certified personnel, and the administrators of the school and that

two-thirds (2/3) of the faculty have agreed to the model.

(8) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt by administrative regulation a formula by which school district funds shall be allocated to each school council. Included in the school council formula shall be an allocation for professional development that is at least sixty-five percent (65%) of the district's per pupil state allocation for professional development for each student in average daily attendance in the school. The school council shall plan professional development in compliance with requirements specified in KRS 156.095, except as provided in KRS 158.649. School councils of small schools shall be encouraged to work with other school councils to maximize professional development opportunities.

(9) (a) No board member, superintendent of schools, district employee, or member of a school council shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (i) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the Kentucky Board of Education.

(c) The Kentucky Board of Education shall conduct a hearing in accordance with KRS Chapter 13B for complaints referred by the Office of Education Accountability.

(d) If the state board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent, a member of a school council, or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

SB 28, AN ACT relating to education and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 158.070 is amended to read as follows:

(2) The local board of education, upon recommendation of the local school district superintendent, shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, instructional days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.

(3) Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:

(a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30;

(b) A pupil's required attendance in school shall be for at least the minimum instructional term; and

(c) No teacher shall be required to teach more than the minimum term during the school year.

(4) (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of pupils pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.

(b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.

2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement or

consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.

(c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.

(d) Each local board may use two (2) days for planning activities without the presence of pupils.

(e) Each local board may use the number of days deemed necessary for:

1. National or state disaster or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;

2. Local disaster which would endanger the health or safety of children; and

3. Mourning when so designated by the local board of education and approved by the Kentucky Board of Education upon recommendation of the commissioner of education.

(5) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of school days, including days missed from the regular school day as a result of local disaster, as defined in subsection (4)(e)2. of this section, and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for professional development and planning activities for the professional staff.

(6) (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit teachers who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The commissioner of education shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings shall not be counted as a part of the minimum school term. School shall be closed on the day of a regular election, and may be closed on the day of a primary election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences.

(b) All schools shall be closed on the third Monday of January in observance of the birthday of Martin Luther King, Jr. Districts may:

1. Designate the day as one (1) of the four (4) holidays permitted under subsection (4)(c) of this section; or

2. Not include the day in the minimum school term specified in subsection (1) of this section.

(7) Students applying for excused absence for attendance at the Kentucky State Fair shall be granted one (1) day of excused absence.

(8) Schools shall provide continuing education for those students who are determined to need additional time to achieve the outcomes defined in KRS 158.6451, and schools shall not be limited to the minimum school term in providing this education. Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts and shall include criteria by which the commissioner of education may approve a district's request for a waiver to use an alternative service delivery option, including providing services during the school day on a limited basis. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the school day.

(9) Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.

(10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. In the event of an unforeseen bus delay, the administrator of a school that participates in the Federal School Breakfast Program may authorize up to fifteen (15) minutes of the six (6) hour instructional day if necessary to provide the opportunity for children to eat breakfast not to exceed eight (8) times during the school year within a school building.

(11) Effective for the 2003-2004 academic year and each year thereafter, notwithstanding any other statute to the contrary, the following provisions apply to school personnel in a school district for which the Department of Education has

approved, for a specific school year, a school calendar containing a provision that additional instructional time each day shall be used to make up full days which may be missed due to emergencies, including weather-related situations:

(a) Extended instructional time beyond the normal instructional day shall be used for the purposes of calculating equivalent time to be applied toward the minimum one hundred eighty-five (185) day school calendar required under subsection (1) of this section. The additional time shall also be considered as equivalent time to be applied toward the calculation of service credit for retirement under KRS 161.500 for certified employees. The additional time shall also be calculated as equivalent time to be applied toward the calculation of service credit for classified employees under KRS 78.615 for those classified employees whose contract requires a minimum six (6) hour work day and whose job responsibilities are extended when the instructional time is extended for purposes of making up time.

(b) Classified employees who are regularly scheduled to work less than six (6) hours each day and who do not have additional work responsibilities as a result of lengthened instructional days shall be excluded from the provisions of this subsection. Classified employees who are regularly scheduled to work less than six (6) hours each day may be assigned additional work responsibilities to make up service credit lost due to lengthened instructional days.

Section 2. Whereas numerous school districts will be forced to lengthen school days during the current school year in order for students to make up instructional time lost due to inclement weather and weather-related emergencies, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming law.

The House Committee Substitute to **SB 28** is as follows:

SB 28, AN ACT relating to education and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 158.070 is amended to read as follows:

(1) The minimum school term shall be one hundred eighty-five (185) days, including no less than the equivalent of one hundred seventy-five (175) six (6) hour instructional days. A board of education may extend its term beyond the minimum term.

(2) The local board of education, upon recommendation of the local school district superintendent, shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, instructional days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.

(3) Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:

(a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30;

(b) A pupil's required attendance in school shall be for at least the minimum instructional term; and

(c) No teacher shall be required to teach more than the minimum term during the school year.

(4) (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of pupils pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.

(b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.

2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement or consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.

(c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.

(d) Each local board may use two (2) days for planning activities without the presence of pupils.

(e) Each local board may use the number of days deemed necessary for:

1. National or state disaster or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;

2. Local disaster which would endanger the health or safety of children; and

3. Mourning when so designated by the local board of education and approved by the Kentucky Board of Education upon recommendation of the commissioner of education.

(5) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of school days, including days missed from the regular school day as a result of local disaster, as defined in subsection (4)(e)2. of this section, and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for professional development and planning activities for the professional staff.

(6) (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit teachers who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The commissioner of education shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings shall not be counted as a part of the minimum school term. School shall be closed on the day of a regular election, and may be closed on the day of a primary election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences.

(b) All schools shall be closed on the third Monday of January in observance of the birthday of Martin Luther King, Jr. Districts may:

1. Designate the day as one (1) of the four (4) holidays permitted under subsection (4)(c) of this section; or

2. Not include the day in the minimum school term specified in subsection (1) of this section.

(7) Students applying for excused absence for attendance at the Kentucky State Fair shall be granted one (1) day of excused absence.

(8) Schools shall provide continuing education for those students who are determined to need additional time to achieve the outcomes defined in KRS 158.6451, and schools shall not be limited to the minimum school term in providing this education. Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts and shall include criteria by which the commissioner of education may approve a district's request for a waiver to use an alternative service delivery option, including providing services during the school day on a limited basis. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the school day.

(9) Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.

(10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. In the event of an unforeseen bus delay, the administrator of a school that participates in the Federal School Breakfast Program may authorize up to fifteen (15) minutes of the six (6) hour instructional day if necessary to provide the opportunity for children to eat breakfast not to exceed eight (8) times during the school year within a school building.

(11) Notwithstanding any other statute to the contrary, the following provisions shall apply to a school district that misses school days due to emergencies, including weather-related emergencies:

(a) A certified school employee shall be considered to have fulfilled the minimum one hundred eighty-five (185) day contract with a school district under KRS 157.350 and shall be given credit for the purpose of calculating service credit for retirement under KRS 161.500 for certified school personnel if:

1. State requirements under this section are met regarding the equivalent of the number and length of instructional days, professional development days, holidays, and days for planning activities without the presence of pupils; and

2. The provisions of the district's school calendar to make up school days missed due to any emergency, as approved by the Kentucky Department of Education, including but not limited to a provision for additional instructional time per day, are met.

(b) Additional time worked by a classified school employee shall be considered as equivalent time to be applied toward the employee's contract and calculation of service credit for classified employees under KRS 78.615 if:

1. The employee works for a school district with a school calendar approved by the Kentucky Department of Education that contains a provision that additional instructional time per day shall be used to make up full days missed due to an emergency;

2. The employee's contract requires a minimum six (6) hour work day; and

3. The employee's job responsibilities and work day are extended when the instructional time is extended for the purposes of making up time.

(c) Classified employees who are regularly scheduled to work less than six (6) hours per day and who do not have additional work responsibilities as a result of lengthened instructional days shall be excluded from the provisions of this subsection. These employees may be assigned additional work responsibilities to make up service credit under KRS 78.615 that would be lost due to lengthened instructional days.

Section 2. Whereas numerous school districts will be forced to lengthen school days during the current school year in order for students to make up instructional time lost due to inclement weather and weather-related emergencies, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming law.

HB 577, AN ACT relating to coalbed methane development and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 349 IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby declares:

(a) The venting of coalbed methane and degasification of coal seams is approved by the Commonwealth for the purpose of ensuring the safe recovery of coal;

(b) The economic impact of coal mining to the Commonwealth is currently greater than that of coalbed methane production;

(c) Coalbed methane is not found in conventional gas reservoirs;

(d) Any development of coalbed methane should be undertaken in a way to protect and preserve the environment and preserve the coal for future safe mining and the maximum recovery of coal;

(e) Commercial recovery and marketing of coalbed methane should be facilitated whenever appropriate to meet the energy needs of both the Commonwealth and the United States;

(f) The extraction of methane from mineable coal enhances mine safety, promotes environmental goals and objectives, and conserves an important energy resource; and

(g) The Energy Policy Act of 1992 was enacted, in part, to encourage coalbed methane development and the Commonwealth should enact legislation to carry out the purpose of that Act.

(2) Therefore, in order to encourage and ensure the fullest practical safe recovery of both coal and coalbed methane, consistent with the above declarations and findings, this chapter is established to:

(a) Authorize coalbed methane well permits;

(b) Regulate the design of coalbed methane wells and recovery techniques;

(c) Authorize coalbed methane well drilling units and pooling interests therein;

(d) Establish field rules; and

(e) Provide a process to enable coalbed methane well operators and coalbed methane owners to proceed with the orderly development and production of coalbed methane pending the judicial resolution of issues relating to coalbed methane ownership.

(3) Notwithstanding subsections (1) and (2) of this section, the General Assembly expressly finds that establishing an orderly process to permit and produce coalbed methane shall in no way be construed to create an inference or

presumption as to the ownership of coalbed methane in any judicial or administrative proceeding, or be construed to or be used or interpreted to apply to any well otherwise permitted, approved, or regulated under KRS Chapter 353, except for any wells that are to be permitted, converted to, or operated as coalbed methane wells.

(4) It is hereby declared to be the public policy of this Commonwealth and in the public interest to:

(a) Safeguard, preserve, and protect coal seams for safe mining; facilitate the expeditious, safe evacuation of coalbed methane from the coalbeds of this state; and maintain the ability and right of coal operators at all times to vent coalbed methane from mine areas for the safe recovery of coal;

(b) Foster, encourage, and promote the commercial development of the Commonwealth's coalbed methane by establishing procedures for issuing permits and forming drilling units for coalbed methane wells without adversely affecting the safety of mining or the mineability of coal seams;

(c) Safeguard, protect, and enforce the correlative rights of coalbed methane operators and coalbed methane owners in a pool of coalbed methane so that each operator and owner may obtain his or her just and equitable share of production from coalbed methane;

(d) Create a state permitting procedure and authority to provide for and facilitate coalbed methane development as encouraged by the Energy Policy Act of 1992; and

(e) Seek the deletion of the Commonwealth of Kentucky from the list of affected states by the Secretary of the United States Department of Interior as provided for in the Energy Policy Act of 1992.

SECTION 3. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Before a permit may be issued by the department to drill a coalbed methane well on any tract known to be underlaid with coal-bearing strata, the well operator shall provide to the department:

(a) A plat prepared by a licensed professional land surveyor and licensed professional engineer showing the county in which the coalbed methane well drill site is located;

(b) The name of the surface owner of the drill site tract, the acreage of the drill site tract, the names of the surface owners of adjacent tracts, the names of all coal interest holders from the surface to fifty (50) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located, and the names of all oil and gas owners from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located;

(c) The proposed or actual location of the coalbed methane well determined by bearing and distance, relative to two (2) permanent points or monuments that appear on the applicable United States Geological Survey seven and one-half (7-1/2) minute topographic quadrangle map;

(d) The location of any other existing or permitted coalbed methane well or any oil or gas well located within one thousand five hundred (1,500) feet of the well;

(e) The outside boundary of the mineral tract from which the coalbed methane is to be produced if within seven hundred fifty (750) feet of the well; and

(f) The number to be given the coalbed methane well, the earliest date for commencement of drilling, the earliest date for commencement of any stimulation of the coalbed methane well, and if horizontal drilling of a coalbed methane well is proposed, the vertical and horizontal alignment and extent of the coalbed methane well.

(2) If the location of any coalbed methane well proposed to be drilled, deepened, or reopened is known to be underlaid by a coal bearing stratum which is not within the area of an existing mining permit or the proposed permitted area of a pending application or permit modification for a mine before the DSMRE, simultaneously with the filing of an application for a permit, the applicant shall send, by registered or certified mail, a copy of the required plat to the record coal owner or owners and record coal lessee or lessees from the surface to fifty (50) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located.

(3) If the coal bearing stratum is within the area of an existing mining permit or the proposed permitted area of a pending application or permit modification for a mine before the DSMRE, a copy of the required plat shall also be sent by the applicant, by registered or certified mail, to each mine licensee and mine permittee operating any stratum as designated on the current license issued by the department and at the address stated thereon.

(4) If the address of any record owner is unknown to the applicant and cannot upon diligent inquiry within the county be ascertained, or if there are more than five (5) record owners, then the applicant shall file with the department an affidavit that either condition exists, and the department may prescribe some different method of notifying the record owner in lieu of sending a copy of the plat and notice of application as required by this section.

(5) The plat shall be filed and become a permanent record, subject to inspection at any time by any interested person. Any executive officer of the mine licensee or mine permittee may be considered as a mine licensee or mine permittee. Any process agent or chief engineer may be considered a mine licensee or mine permittee for the purposes of mailing the required copy of the plat.

(6) If a coalbed methane well is proposed to be drilled, deepened, converted, or reopened by an applicant who is not the owner or lessee of all of the oil and gas interests, the applicant shall, simultaneously with the filing of the application for a permit, send by registered or certified mail a copy of the required plat to the record oil and gas lessees of, to the record oil and gas lessors of, and to the operator of all oil and gas wells producing from, all formations from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract upon which the well is proposed to be located.

(7) The operator shall promptly upon completion of either a vertically drilled coalbed methane well located ten (10) feet or more from the location reflected on the plat required with the permit application or a horizontally drilled coalbed methane well file with the department an as-drilled plat prepared by a licensed professional land surveyor and a licensed professional engineer reflecting the actual coalbed methane well location. If the operator has completed a horizontally drilled coalbed methane well, the as-drilled plat shall show its alignment and extent. The plat shall become a permanent record subject to inspection at any time by any interested persons.

(8) Each plat, or exhibit attached thereto, shall have the following information on a form supplied by the department:

(a) Notice of the application for a coalbed methane well and the address where a copy of the application may be obtained;

(b) A statement that the recipient has twenty (20) days within which to file an objection to the proposed coalbed methane well, its location, the proposed stimulation in the workable coalbed, or the proposed completion in the workable coalbed; and

SECTION 4. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) If the drilling of a coalbed methane well could adversely affect the present or future use or operation of a workable coalbed, any coal interest holder may object to a proposed coalbed methane well, the well's location, the proposed stimulation of the well, or the proposed completion of the well. Any coal interest holder, within twenty (20) days of

receipt of the plat by him or her and by the department, may file specific objections in writing with the department. The filed objections shall provide sufficient detail for the applicant to identify the nature and substance of the objection. The department shall notify the applicant of the objections and fix a time and place for a hearing before the review board to be conducted in accordance with KRS Chapter 13B and this chapter.

(2) If any coal interest holder, notified pursuant to Section 3 of this Act, or any other person, claims to have a valid real property interest in, or the current legal right to produce, coalbed methane, the person claiming the real property interest or right shall notify the applicant and the department, in writing, within twenty (20) days from the receipt of the plat by him or her and by the department. The person also shall request that a pooling order be entered pursuant to subsection (1) of Section 16 of this Act.

(3) If the record oil and gas lessor, lessee, or well operator notified pursuant to Section 3 of this Act, or any other person, claims to have a valid real property interest in, or the current legal right to produce, coalbed methane, the person claiming the real property interest or right shall notify the applicant and the department, in writing, within twenty (20) days from the receipt of the plat by him. The person shall request that a pooling order be entered pursuant to subsection (1) of Section 16 of this Act.

(4) If no objections are filed within the fifteen (15) day period, the department shall immediately issue a drilling permit to the well operator approving the location of the well and authorizing the well operator to proceed to drill at that location, provided all other preconditions to issuance of a permit, as contained in this chapter, have been met.

(5) Upon receipt of an application to drill a coalbed methane well, the department shall provide a copy of the required plat and permit application to DSMRE. Within fifteen (15) days of receipt by DSMRE notification shall be sent to the department as to whether the proposed coalbed methane well will be located within the boundaries of any coal mine for which a permit has been issued or has been applied for pursuant to KRS Chapter 350. If the proposed coalbed methane well is to penetrate a workable coalbed that is within the area of an existing permit for an underground mine issued by DSMRE, or the proposed permitted area of a pending application or permit modification for an underground mine before DSMRE, the written authorization of the mine permittee shall be required prior to issuance by the department of a permit to stimulate, complete, or horizontally drill the coalbed methane well in the workable coalbed that is within the area of an existing permit for an underground mine issued by DSMRE or within the proposed permitted area of a pending application or permit modification for an underground mine before DSMRE. If the proposed coalbed methane well is to be located within a surface area permitted, or proposed in a pending application or permit modification to be issued by DSMRE, the written authorization of the mine permittee shall be required prior to issuance by the department of a permit to drill the coalbed methane well. In the absence of the written authorization of the mine permittee, the applicant may file an appeal with the review board requesting approval to drill the proposed coalbed methane well if:

(a) Authorization has been denied by the mine licensee; and

(b) The proposed location and area to be disturbed by the proposed coalbed methane well has achieved either a partial bond release status or the bond for the area has been forfeited.

SECTION 5. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Prior to the abandonment of a coalbed methane well drilled through a workable coalbed, the well operator shall notify, by certified mail, return receipt requested, or by registered mail, all the coal interest holders of the workable coalbed and the department of the operator's intention to plug and abandon the well. The notice shall give the number of the well and its location, and fix the time at which the work of plugging and filling will be commenced. The time shall not be less than fifteen (15) days after the day on which the notice was received, or in due course should be received, by the department. The department shall prescribe the form of notice to be used. A representative of any coal interest holder, at his or her own expense and liability, and of the department may be present at the plugging and filling of the well. Regardless of whether representatives appear, the well operator may proceed, at the time fixed, to plug and fill the well. When the well is plugged and filled, an affidavit setting forth the time and manner in which the well was plugged shall be made in triplicate by two (2) persons experienced in plugging and filling wells who participated in the work. The affidavit shall be made on forms furnished by the department. One (1) copy of the affidavit shall be retained by the well operators, one (1) provided to each coal interest holder, and one (1) provided to the department.

(2) In addition to the notification required under subsection (1) of this section, prior to the abandonment of a coalbed methane well the operator shall submit a plugging plan which is subject to approval by the department. The proposed plugging plan shall be designed to allow coal mining to occur through the well after the well is plugged.

(3) If a coalbed methane well ceases to produce in paying quantities and no dewatering operations are being conducted for a period of fifteen (15) consecutive months, any coal interest holder or any record oil or gas lessor or lessee of any tract being penetrated by the coalbed methane well, may file a request for hearing pursuant to Section 12 of this Act, to determine whether the well has been abandoned and should be plugged in accordance with this section. However, nothing in this subsection shall require the plugging and abandonment of a coalbed methane well that is being temporarily shut in by the coalbed methane well operator. Simultaneously with the filing of a request for a hearing with the department, the coal interest holder shall send a copy of the request to all record oil or gas lessors and lessees of any tract being penetrated by the coalbed methane well.

(4) Any coal interest holder shall have the following rights with respect to a coalbed methane well to be plugged and

abandoned:

(a) To convert the coalbed methane well to a vent hole or otherwise take the coalbed methane well. In this event the department, upon determination that the coal interest holder has placed the coalbed methane well under a mining permit, shall release the coalbed methane well operator's bond and the coalbed methane well operator shall be relieved of further responsibility for the coalbed methane well; and

(b) To file an objection concerning the proposed manner or method of plugging with the department, within fifteen (15) days after receipt of notice of intent to plug. The department shall consider any objection and may issue an order specifying the manner and method of plugging and reclamation consistent with this section.

(5) All coalbed methane wells shall be plugged and abandoned in accordance with this section. The department shall promulgate regulations specifying the manner and method of plugging vertical and horizontal coalbed methane wells and in so doing, or in entering any order for such plugging and abandonment, shall give consideration to the ability to mine any affected coal seam safely and the protection of any affected coal seam for future mining.

SECTION 6. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) If a coalbed methane well is permitted and drilled within the boundaries of any coal mine for which a permit has been issued or an application for a mine permit or a mine permit modification has been filed but not issued pursuant to KRS Chapter 350, the mine licensee shall have the right to mine through that coalbed methane well and the associated drilling unit in accordance with the provisions of this subsection.

(a) At least one hundred twenty (120) days prior to mining through a coalbed methane well and associated drilling unit, the mine licensee shall notify the review board and operator of its intention to mine through the property. The notice shall be made on a form prescribed by the review board, and shall include a plat showing the location of the drilling unit, the coalbed methane well and associated surface equipment, facilities, infrastructure, and improvements, and the geographic extent of the mining operations to be conducted within the drilling unit. The mine licensee shall also submit an estimated schedule for commencing and completing mining operations within the drilling unit. The review board shall promptly issue a written determination on whether the continued operation of the coalbed methane well will impede, interfere with, or present a possible safety hazard to the mine licensee's planned mining operations. If the review board determines that the coalbed methane well will impede, interfere with, or present a safety hazard to the planned mining operations, concurrently an order shall be issued to the operators, with a copy to the mine licensee, directing the temporary or permanent plugging of the well at the operator's cost and such other action as may be appropriate in the circumstances. Following the issuance of the order, the review board shall promptly issue a mine through certificate to the mine licensee, with a copy to the operator, authorizing the mine licensee to mine-through the coalbed methane well and associated drilling unit.

(b) The mine licensee and all other coalbed interest holders having interests in the coalbed within the drilling unit shall have no duty or obligation to compensate or pay the operator or other interested coalbed methane parties for any causes of action, claims, or damages arising from the suspension or loss of coalbed methane production or the plugging and abandonment of a coalbed methane well and the removal or relocation of any associated facilities, infrastructure, and improvements due to mining through the coalbed methane well and associated drilling unit pursuant to this subsection.

(2) If a mine licensee files an application for a coal mine permit or seeks to amend an existing coal mine permit so as to include a geographical area containing one (1) or more existing coalbed methane wells or any well sites for which drilling permits have been issued or are pending, the mine licensee shall have the right to mine through those coalbed methane wells or into or through a coalbed methane well and the associated drilling units and any well sites for which permits to drilling have been issued or applications for permits to drill have been filed but not issued in accordance with the provisions of this subsection.

(a) At least one hundred eighty (180) days prior to mining into or through one (1) or more drilling units or permitted well sites operated by a common operator, the mine licensee shall notify the review board and the operator of its intention to mine into or through the property. The notice shall be made on a form prescribed by the review board and shall include a plat showing the location of the drilling unit, the coalbed methane well and associated surface equipment, facilities, infrastructure, and improvements, and the geographic extent of the mining operations to be conducted within the drilling unit. The mine licensee shall also submit an estimated schedule for commencing and completing mining operations within the drilling unit.

(b) Within thirty (30) days after receiving the mine licensee's notice pursuant to paragraph (a) of this subsection, the mine licensee and operator shall enter into a confidentiality agreement on a form prescribed by the review board and the operator shall provide, to the extent available, copies of all data and information necessary and appropriate to enable the mine licensee to determine the current value of each drilling unit, well site, and any associated assets described in the mine licensee's notice in accordance with the criteria set forth in paragraph (e) of this subsection. The information shall be in a form prescribed by the review board and shall include, among other things, data, reports, and information relating to current coalbed methane reserve calculations, well completions, historic production and sales results, capital and operating costs, all actual land, legal permitting, survey, title, and any other costs and expenses directly relating to the acquisition, permitting,

development, and operation of each drilling unit and well site, and estimated well plugging and abandonment costs of any existing coalbed methane wells. In addition, the operator shall provide the review board and mine licensee with copies of all agreements and leases, payment division orders and any pooling agreements or pooling orders for each drilling unit and well site, together with a schedule setting forth the name, address, and working interest and net revenue percentages, royalties and overriding royalties, and all other interests and rights of all other interested coalbed methane parties. If the information is not timely filed or is incomplete, the mine licensee may seek an order from the review board directing the operator to comply with the provisions of this subsection.

(c) Within thirty (30) days after receiving the information described in paragraph (b) of this subsection, the mine licensee and operator shall meet and confer at a mutually agreed upon date, time, and place for the purpose of attempting to conclude a mutually acceptable agreement as to the compensation due to the operator for any damage, impairment, or loss resulting from the mine licensee planned mine-through operations to each drilling unit, well site, and any associated assets described in the information provided by the operator. Any compensation agreement between the mine licensee and operator for each drilling unit or well site shall be approved and executed by all other interested coalbed methane parties. The mine licensee and operator shall jointly notify the review board that a compensation agreement has been entered into between the parties and request that the review board issue a mine-through certificate for each drilling unit and well site described in the notice. The notice shall include any terms and conditions set forth in the compensation agreement that the parties have agreed to incorporate in the applicable mine-through certificates. Upon receipt of the executed compensation agreement, the review board shall promptly issue the requested mine-through certificates to the mine licensee, with copies to the operator and all other interested coalbed methane parties. If the parties are unable to reach an agreement, within ten (10) days following the expiration of the thirty (30) day meet and confer period, either party may request a hearing before the review board for the purpose of determining the compensation due the operator and any terms and conditions to be imposed upon the mine licensee's proposed mining operations. Copies of the hearing request shall be sent to all other interested coalbed methane parties.

(d) Within fifteen (15) days of receiving the hearing request, the review board shall schedule a hearing to take place within sixty (60) days and shall notify the mine licensee, the operator and all other interested coalbed methane parties of the date, time, and location of the hearing. At its election, the review board may engage a qualified petroleum engineer for the purpose of conducting an independent evaluation of the compensation to be paid to the operator and all other interested coalbed methane parties in accordance with paragraph (e) of this subsection. The mine licensee and the operator shall each pay one-half (1/2) of the costs and expenses for the petroleum engineer retained by the review board.

(e) The review board shall determine the value of each drilling unit, well site, and all associated assets before and after the mine licensee's planned mine-through operations. In determining the amount of compensation due the operator and all other interested coalbed methane parties, the review board must consider all relevant evidence and information submitted and the review board shall base its decision upon the following criteria and procedures:

1. *Except as otherwise expressly provided in this subsection, all coalbed methane reserve estimates and the valuation of reserves and other assets damaged, impaired, or lost due to the planned mining operations shall be consistent with standard oil and gas industry accounting, engineering, and reserve practices and shall be performed pursuant to the then-current applicable laws, regulations, policies, and guidelines for determining gas reserves for public reporting companies in the United States.*
2. *At the hearing, the mine licensee and operator, on behalf of itself and all other interested coalbed methane parties, shall appear and submit evidence and testimony as to the value of the subject drilling units, well sites, and any associated assets before and after the mine licensee's planned mining operations. The review board shall only consider coalbed methane reserve estimates or valuation determinations made in conformity with subparagraph 1. of this paragraph by a professional petroleum engineer with experience in evaluating coalbed methane reserves and operations. All reserve estimates and any valuation analysis prepared by the mine licensee and operator for use in the review board's hearing shall be effective thirty (30) days prior to the date of the hearing. The reserve estimates and valuation analysis shall be exchanged between the mine licensee and operator and copies of the information shall be provided to the review board and all other interested coalbed methane parties no less than twenty-one (21) days prior to the hearing date. Any coalbed methane reserve estimates or valuation analysis prepared at the review board's request shall be set forth in a written report. Copies of the report prepared for the review board shall be provided to the mine licensee, the operator, and all other interested coalbed methane parties no less than ten (10) days prior to the review board's hearing date.*
3. *All estimates of remaining recoverable coalbed methane reserves immediately before and immediately after the planned mining operations shall consist of proved developed producing or proved developed nonproducing reserves as determined pursuant to this subsection. A drilling unit shall have proved developed producing reserves if the unit has an operating coalbed methane well, which is completed in*

one (1) or more target coal seams and is producing commercial quantities of coalbed methane. The drilling units total proved developed producing reserves before and after the planned mining operations shall be calculated based on the complete coal seams within the unit well. A drilling unit shall have proved developed nonproducing reserves if the unit has a coalbed methane well which is completed in one (1) or more target coal seams and is fully operational and all associated infrastructure such as power, gas gathering, and water management systems required to produce and sell coalbed methane in commercial quantities has been constructed, but the well is not producing coalbed methane in commercial quantities because it either is in the dewatering stage or is not operating due to factors beyond the operator's control. Whether a drilling unit contains proved developed producing reserves or proved developed nonproducing reserves shall be determined based on the status of the coalbed methane well and associated infrastructure sixty (60) days prior to the review board's hearing date.

4. *The net present value of proved developed producing reserves projected immediately before and immediately after the planned mining operations shall be calculated using a discount rate of twelve percent (12%). The net present value of proved developed nonproducing reserves projected immediately before and immediately after the planned mining operations shall be calculated using a discount rate of twenty percent (20%). The valuation analysis shall also project the net present value of all revenues received, if any, by the operator during the period in which the planned mining operations are to be conducted.*

5. *In determining the compensation due the operator and all other interested coalbed methane parties for delay or lost production, if the total projected production of the coalbed methane well is reduced so as not to yield a commercially reasonable return on investment to the operator, but the well is still able to produce coalbed methane in commercial quantities, the projected difference in the net present value of the recoverable reserves before and after mining shall be included as part of the compensation due the operator and all other interested coalbed methane parties.*

6. *In determining the value of the coalbed methane reserves impaired or lost due to the planned mining operations, except as expressly provided herein, no consideration shall be given to undeveloped coalbed methane resources in coal seams which have not been completed in the subject coalbed methane well or which are in coal seams below the total depth of the well bore. If, however, a coal seam in the same field is producing coalbed methane but the coal seam is not completed in the subject coalbed methane well, the operator may submit evidence to the review board for its consideration as to the potential net present value of the resources within the uncompleted seam, but in no event shall the net present value of those resources be discounted at less than thirty percent (30%).*

7. *Except as otherwise provided herein, in determining the value of coalbed methane for purposes of this subsection, the gas price shall be the last published price in the gas market closest to the drilling unit sixty (60) days prior to the review board's hearing date. If however the coalbed methane is sold pursuant to a gas sales agreement or marketing contract in which the gas price is determined based on a published price, subject to any contractual adjustment, in the gas market other than the market closest to the drilling unit, the gas price shall be determined based on the last published price in the gas market referred to in the gas sales agreement or marketing contract, subject to any contractual adjustment set forth therein, sixty (60) days prior to the review board's agreement or marketing contract. The actual sales price received by operator for gas sold sixty (60) days prior to the review board's hearing date shall be used as the gas price in the coalbed methane valuation.*

8. *All capital, operating, and production costs used in the net present value determinations made pursuant to this subsection shall be based on the operator's then current reasonable and verifiable actual costs and expenses. Copies of all relevant and available cost information shall be provided by the operator to the review board and mine licensee as provided in paragraph (b) of this subsection. If actual cost information is not otherwise available, all calculations shall be made using reasonable and customary costs for comparable coalbed methane operations in the Commonwealth and in the surrounding states.*

9. *If the planned mining operations will mine through a coalbed methane well or require the removal, relocation, or suspension of operation of other facilities, infrastructure, or improvements in a drilling unit, the operator and any other interested coalbed methane parties shall be reimbursed for all reasonable actual and direct costs, damages, and expenses to be incurred due to these mining operations; provided, however, that in no event shall any replacement costs and expenses exceed the operator's or any other interested coalbed methane parties' actual costs and expenses for the affected well, facilities, infrastructure, and improvements, as the case may be. The operator and any other interested coalbed methane parties shall not be reimbursed for any general, administrative, or overhead costs and expenses or any other costs and expenses not otherwise allocated to the costs of the subject drilling unit, coalbed methane well and the associated facilities, infrastructure, and improvements. Any amounts due the operator and any other interested coalbed methane parties shall be reduced by the projected then-current market value of such equipment, facilities, and improvements to the extent that it can be salvaged and sold or used in other operations.*

10. If, prior to drilling a coalbed methane well, the mine licensee submits a plan to mine into or through any part of the associated drilling unit or well site for which a drilling permit has been issued or is pending, the operator shall not proceed with drilling a coalbed methane well pending a final decision by the review board with respect to the mine licensee's request for a mine-through certificate. When a mine-through certificate is issued to the mine licensee, the operator and all other interested coalbed methane parties shall be reimbursed for all reasonable costs and verifiable actual land, legal, permitting, surveying, and technical costs and expenses incurred to acquire or lease and maintain the property and obtain any permits, approvals, and other agreements required to drill the coalbed methane well. The operator and all other interested coalbed methane parties shall not be reimbursed for any general, administrative, or overhead costs and expenses or any other costs and expenses not otherwise allocated to the costs to acquire or lease the subject property or permit the coalbed methane well.

(f) At hearing, the review board shall take testimony and evidence from the mine licensee and operator, on behalf of itself and all other interested coalbed methane parties consistent with the provisions in this subsection. Within fifteen (15) days following the hearing, the review board shall issue a written decision to the mine licensee and operator determining the compensation due the operator and each of the other interested coalbed methane parties in the amount of the difference between the value of each drilling unit, well site, and any associated assets before and after the mine licensee's planned mining operations. If the review board determines that the mine licensee's proposed mining operations will result in a loss or taking of all of either the coalbed methane reserves in the coal seam to be mined and all coalbed methane reserves in completed coal seams in the coalbed methane well below the mined coal seam as provided in paragraph (e)5. of this subsection or the entire drilling unit, the operator and other interested coalbed methane parties shall be awarded the full value of the property and assets prior to the proposed mining operations as determined by the review board. The review board's decision shall list the compensation amounts to be paid to the operator and each of the other interested coalbed methane parties for each drilling unit, well site, and any associated assets. The decision shall also set forth any duties or obligations to be performed by the parties, such as the temporary or permanent plugging of any well or the relocation or removal of any surface facilities, to enable the mine licensee to proceed immediately with the planned mining operations.

(g) Within fifteen (15) days of receiving the review board's decision, the mine licensee shall notify the review board and the operator and all other interested parties of its decision to:

1. Accept the review board's decision with respect to one or more of the drilling units, well sites and associated assets and deposit the compensation awarded to the operator and each of the other interested coalbed methane parties for the property;

2. Appeal all or part of the review board's decision as provided in paragraph (j) of this subsection; or

3. Withdraw notice of intent to mine into any of the subject coalbed methane property and assets. If the mine licensee elects to withdraw notice of intent to mine into or through all of the drilling units, well sites, and any associated assets which were the subject of the review board hearing, upon receiving a statement of costs from the operator, the mine licensee shall promptly reimburse the operator for all reasonable out-of-pocket engineering and legal costs and expenses incurred to prepare for and participate in the review board hearing and shall have no further obligations to the operator or any of the other interested coalbed methane parties.

(h) Within fifteen (15) days of receiving the review board's decision, the operator, on behalf of itself and other interested coalbed methane parties, shall notify the review board and the mine licensee whether it will accept the amounts awarded by the review board or file an appeal with the Circuit Court in the county where the drilling unit or well site is located challenging the review board's valuation of any of the property or assets.

(i) If no appeal of the review board's decision is filed by the parties, upon receipt of the compensation due the operator and all other interested coalbed methane parties for each drilling unit and well site selected by the mine licensee for which a mine-through certificate will be issued, the review board shall promptly deliver the awarded compensation to the operator and all other interested coalbed methane parties for the drilling unit and well site and concurrently issue the appropriate mine-through certificate to the mine licensee, with copies to the operator and all other interested coalbed methane parties. If the operator and other coalbed methane parties are awarded either the total net present value of the coalbed methane reserves in coal seams to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below such coal seam as provided in subparagraph 5. of paragraph (e) of subsection (2) of this Section or the total value of the entire drilling unit and associated assets, upon receipt of the compensation, the operator and other interested coalbed methane parties shall, if requested by the mine licensee, assign and transfer to the mine licensee all of their respective unencumbered rights, title, and interests in such property and assets, as the case may be, within the drilling unit on a form to be prescribed by the review board. The review board shall take whatever other action that may be deemed appropriate or necessary in the circumstances.

(j) If either party notifies the review board of a decision to appeal the review board's valuation of any of the subject coalbed methane properties and assets to the Circuit Court, the mine licensee shall deposit with the review board the compensation due the operator and each of the other interested coalbed methane parties for each

drilling unit, well site and any associated assets selected by the mine licensee for which a mine-through certificate will be issued. Upon receipt of the funds from the mine licensee, the review board shall promptly deliver to the operator and the other interested coalbed methane parties one hundred percent (100%) of the awarded compensation for any drilling unit, well site and any associated assets not listed in any notice of appeal and seventy-five percent (75%) of the awarded compensation to the operator and other interested coalbed methane parties for any drilling unit, well site, and any associated assets for which an appeal is to be filed. Concurrently with delivering the awarded compensation to the operator as provided herein, the review board shall issue to the mine licensee, with copies to the operator and all other interested coalbed methane parties, a mine-through certificate for each drilling unit and well site for which compensation has been received. If the review board's decision with respect to any drilling unit is not appealed and the operator and other interested coalbed methane parties are awarded either the total net present value of the coalbed methane reserves in the coal seam to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below that coal seam as provided in paragraph (e)5. of this subsection or the total value of each drilling unit, well site, and any associated assets, upon receipt of the compensation, the operator and other interested coalbed methane parties shall, if requested by the mine licensee, assign and transfer to the mine licensee all of their respective unencumbered rights, title, and interests in that property and assets, as the case may be, within the drilling unit or well site on a form to be prescribed by the review board. The review board shall take whatever other action that may be deemed appropriate or necessary in the circumstances to carry out its decision. All funds deposited with the review board shall be placed in an interest-bearing account pending a final resolution of any appeals.

(k) Within thirty (30) days following the issuance of the review board's decision, the mine licensee or the operator, on behalf of itself and any other interested coalbed methane parties, may file a petition in the Circuit Court of the county in which the drilling unit or well site is located or in the Franklin County Circuit Court disputing the review board's valuation of all or any part of any coalbed methane properties or assets pursuant to this subsection. The parties filing the petition shall name as parties to the action the following: the review board, the mine licensee, all other coal interest holders, the operator, and all other interested coalbed methane parties. Promptly upon receiving notice of the petition, the review board shall deliver any remaining funds deposited by the mine licensee as provided in paragraph (j) of this subsection, together with all interest accrued thereon, to the clerk of the Circuit Court for the county in which the petition is filed and these funds shall be deposited in an interest bearing account pending a decision on the petition. The decision of the Circuit Court shall be made in accordance with the provisions of Section 18 of this Act. If the Circuit Court determines the operator and other interested coalbed methane parties are entitled to greater compensation than the amount awarded by the review board, the mine licensee shall pay the difference to the clerk of the Circuit Court within fifteen (15) days of the court's decision. Upon receipt of the additional funds awarded by the Circuit Court, the clerk shall promptly deliver to the operator and any other interested coalbed methane parties these funds together with all interest accrued thereon. If the Circuit Court determines that the operator is entitled to less compensation than the amount awarded by the review board, the amount of the reduction shall be refunded to the mine licensee together with any interest that accrued thereon. If the escrowed funds are not sufficient to fully reimburse the mine licensee, the operator and all other interested coalbed methane parties having an interest in the subject coalbed methane properties and assets shall promptly pay the mine licensee for the difference between the escrowed funds and the total amount to be reimbursed pursuant to the Circuit Court's order. If the Circuit Court determines that the operator and other interested coalbed methane parties are to receive either the total net present value of the coalbed methane reserves in the coal seam to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below such coal seam as provided in paragraph (e)5. of this subsection or the total value of the entire drilling unit, well site, and any associated assets, which values may be increased or decreased by the Circuit Court, upon receipt of the awarded compensation, the operator and other interested coalbed methane parties shall, if requested by the mine licensee, assign and transfer to the mine licensee all of their respective unencumbered rights, title, and interest in such property and assets, as the case may be, within the drilling unit on a form to be prescribed by the review board.

(l) Subject to obtaining a decision by the Circuit Court with respect to any appeals initiated pursuant to paragraph (k) of this subsection, the operator and all of the other interested coalbed methane parties' acceptance of the compensation awarded by the review board and of the performance of any duties and obligations by the mine licensee as ordered by the review board shall constitute full and complete consideration to the operator and all of the other interested coalbed methane parties for any and all causes of action, claims, damages or losses to each drilling unit, well site, or any associated assets caused by the mine licensee, or any other coal interest holder's subsequent mining operations, regardless of whether these operations were specifically described in the notice provided in this subsection or are conducted pursuant to a new mine plan or amendment to an existing plan on any other coal seam within the drilling unit or well site subject to the review board's decision. The mine licensee and all other coal interest holders shall indemnify and hold harmless the operator and all of the other interested coalbed methane parties from any and all causes of action and claims arising from the mining operations conducted by the mine licensee on, in, or with respect to that property.

(3) If, after the mine licensee files a notice of intention to mine into or through any coalbed methane properties or assets pursuant to subsection (1) or (2) of this section, the mine licensee's coal mining permit or any pending amendment to an existing permit issued pursuant to KRS Chapter 350 is withdrawn, canceled, delayed, or modified so as to exclude all or any part of the geographic area covering any drilling unit or well site described in the mine licensee's notice, the mine licensee shall promptly advise the review board and operator that it is amending its request for a mine-through certificate to exclude any property that is no longer subject to a coal mine permit or a pending mine permit application.

SECTION 7. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) This chapter shall apply to all lands located in the Commonwealth however owned including lands owned or administered by any government or any agency or political subdivision thereof, over which the Commonwealth has jurisdiction under its police power.

(2) The waste of coalbed methane is hereby prohibited. The waste prohibited includes physical waste as that term is generally understood in the oil, gas, and coalbed methane industry, giving consideration to coal mining operations and the safe recovery of coal and includes:

- *(a) The locating, drilling, equipping, operating, or producing of any coalbed methane well or wells drilled, deepened, or reopened in a manner that causes or tends to cause a reduction in the quantity of coalbed methane ultimately recoverable from a pool under prudent and proper operations, or contrary to any provision of, or any order, rule or administrative regulation promulgated or issued under this chapter;*
- *(b) Permitting the migration of coalbed methane from the stratum in which it is found into other strata, thereby ultimately resulting in the loss of recoverable coalbed methane;*
- *(c) The drowning with water of any stratum or part thereof capable of producing coalbed methane in paying quantities, except for secondary recovery purposes, or in hydraulic fracturing or other completion practices;*
- *(d) The unreasonable damage to underground, fresh or mineral water supply, workable coalbeds, or other mineral deposits in the operations for the discovery, development, production, or handling of coalbed methane;*
- *(e) The unnecessary or excessive loss of coalbed methane by spillage or venting or destruction of coalbed methane or its constituents; and*
- *(f) The drilling of more wells than are reasonably required to recover efficiently the maximum amount of coalbed methane from a pool.*

(3) For purposes of this chapter, waste does not include coalbed methane vented or released from any mine area, the degasification of a coal seam for the safe recovery of coal, the plugging of coalbed methane wells for the safe recovery of coal, or the conversion of coalbed methane wells to vent holes for the safe recovery of coal.

(4) The sale or use of coalbed methane from any coalbed methane well unless a permit has been issued as required by Section 8 of this Act, or in violation of the spacing provisions of Section 15 of this Act, shall be prohibited.

SECTION 8. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) It is unlawful for any person to drill, commence, operate, deepen, convert, or stimulate any coalbed methane well, to conduct any horizontal drilling of a coalbed methane well or to convert any existing oil or natural gas well to a coalbed methane well, without first securing from the department a permit pursuant to this chapter. Before any well, borehole, or facility initially used for a coal mining related purpose, such as a vent hole, is converted for the purpose of recovering coalbed methane for sale or use, the operator shall obtain a permit and comply with the provisions of this chapter prior to the time that the well, borehole, or facility is converted or used for the purpose of recovering coalbed methane for sale or use. It is unlawful for any person to drill, deepen, convert, or reopen a coalbed methane well for the production of oil or natural gas or for the injection of water, gas, or other fluids into any oil or natural gas producing formation until the person has obtained a permit from the department for a petroleum or natural gas well pursuant to KRS 353.570. However, no additional permit fee shall be required if the original permit for the coalbed methane well has not expired.

(2) Every permit application filed under this section shall be verified and shall contain the following:

- *(a) A statement that the applicant claims to have a valid real property interest in, or the current legal right to produce coalbed methane from a person claiming a valid real property interest in, the coalbed methane. The statement shall identify with specificity the nature of the real property interest and the document or instrument evidencing that interest or right, including recording information of any recorded document or instrument;*
- *(b) The names and addresses of the coalbed methane well operator and every person or entity whom the applicant must notify under any section of this chapter;*
- *(c) The name and address of each coal interest holder of any workable coalbed which is to be penetrated by a proposed coalbed methane well or within seven hundred fifty (750) horizontal feet or fifty (50) vertical feet of any portion of the proposed coalbed methane well;*
- *(d) The name and addresses of each record oil and gas lessee of, the record oil and gas lessor of, and the operator of all oil and gas formations from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract upon which the coalbed methane well is proposed to be located;*

(e) The coalbed methane well name or such other identification as the department may require;

(f) The approximate depth to which the coalbed methane well is to be drilled, deepened or converted, the coal seams including the depth and thickness of each seam, and any other coal seams which will be penetrated by the coalbed methane well;

(g) A description of any means to be used to stimulate the coalbed methane well;

(h) If the proposed coalbed methane well will require casing or tubing, the entire casing program for the coalbed methane well, including the size of each string of pipe, the starting point and depth to which each string is to be set, and the extent to which each string is to be cemented;

(i) If the proposed operation is to convert an existing petroleum or natural gas well, as defined in KRS 353.010(13), or to convert a vertical borehole or facility initially used for a coal mining related purpose, such as a vent hole, to a coalbed methane well, all information required by this section, all formations from which production is anticipated, and any plans to plug any portion of the well;

(j) Except for a vent hole proposed to be converted to a coalbed methane well, if the proposed coalbed methane well will be completed in some but not all coal seams for production, a plan and design for the coalbed methane well which will protect all workable coalbeds which will be penetrated by the coalbed methane well;

(k) If the proposed operations will include horizontal drilling of a coalbed methane well, a description of these operations, including both the vertical and horizontal alignment and extent of the coalbed methane well from the surface to total depth;

(l) Other information as the department may require consistent with this chapter.

(3) Each application for a coalbed methane well permit shall be accompanied by the following:

(a) A permit application fee of three hundred dollars ($300);

(b) A bond in an amount prescribed in Section 24 of this Act; and

(c) A certificate that the applicant's notice requirements of Section 3 of this Act have been satisfied. Certification may be by affidavit of personal service, or the return receipt card, or other postal receipt, for certified mailing.

(4) Prior to the department's issuance of a permit to drill a coalbed methane well, a copy of the written authorization from the mine licensee shall be filed with the application under the following circumstances:

(a) If the proposed coalbed methane well is to penetrate a workable coalbed that is within the permitted area of an active permit or the proposed permitted area of a permit pending before the DSMRE and if the applicant plans to stimulate, complete, or horizontally drill the coalbed methane well in a workable coalbed that is being actively mined by the mine licensee;

(b) If the proposed coalbed methane well is to be located within a surface area permitted under an existing permit, or the proposed permitted area of a permit pending before DSMRE for which no bond release has been obtained; or

(c) If the proposed coalbed methane well is to be located within a surface area permitted under an existing permit by DSMRE for which a partial bond release has been obtained.

If a coalbed methane well permit is issued for a well site located within the boundaries of any coal mine for which a permit has been issued or is pending pursuant to KRS Chapter 350, the permit shall include a provision specifically stating that the permitted coalbed methane well location is in an area for which a coal mine permit has been issued or is pending pursuant to KRS Chapter 350 and is subject to the mine-through right set forth in subsection (1) of Section 6 of this Act.

(5) If a partial bond release for the surface area on which the proposed coalbed methane well is located has been obtained from DSMRE and the applicant is denied written authorization from the mine licensee, the applicant may file an appeal with the review board requesting approval to drill the proposed coalbed methane well. When requesting an appeal, the applicant shall submit a verified statement including the following:

(a) The applicant has met and conferred with or offered to meet and confer with the mine licensee concerning the authorization;

(b) The mine licensee has refused to provide written authorization to disturb the permitted area;

(c) The physical area to be disturbed by the proposed well location and the use of area, including ingress and egress thereto, qualifies as a commercial or industrial postmining land use entitling the mine licensee to a complete bond release for the area to be disturbed by the coalbed methane well operator in accordance with KRS Chapter 350; and

(d) The applicant has agreed to pay the reasonable and actual costs of the permit revision required by DSMRE to affect the incremental bond release for the proposed area to be disturbed by the coalbed methane well operator, not to exceed five thousand dollars ($5,000).

(6) Prior to the issuance of a permit to drill a coalbed methane well, the applicant shall grant assignable subsidence waivers to any mine licensee if requested in an objection filed pursuant to Section 12 of this Act under a requirement to allow present or future mining with planned subsidence under KRS Chapter 353. However, this subsection and any

subsidence waivers shall in no way waive, affect, or impair the ability of the applicant or the applicant's successors or assigns to pursue any remedies for damages to persons, or to improved or tangible property, suffered or incurred as a result of any subsidence caused by the mine licensee or the mine licensee's successors or assigns. This subsection and any subsidence waivers shall indemnify and hold harmless the applicant or the applicant's successors or assigns from any damages to persons or to improved or tangible property caused by subsidence.

(7) If the mine licensee has not exercised his or her mine-through rights, as set forth in subsection (1) or (2) of Section 6 of this Act, in any coal mine before removing any coal or other material or driving any entry or passageway within five hundred (500) horizontal feet of the vertical segment of a coalbed methane well or within fifty (50) vertical feet of the horizontal segment of a coalbed methane well, the mine licensee shall forward simultaneously to the well operator and to the department, by certified mail, return receipt requested, or by registered mail, a copy of the maps and plans required by law to be filed and kept up to date. Maps or plans shall show the mine workings and projected mine workings within five hundred (500) horizontal feet of the coalbed methane well. However, the issuance of any coalbed methane well permit shall not preclude or prevent coal mining outside two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of a coalbed methane well or outside of the workable coalbed in which the horizontal segment of a coalbed methane well is located, unless specified by the department for reasons of mine or well safety. The mine licensee shall not mine within fifty (50) feet of the vertical segment of a coalbed methane well without the written authorization of the coalbed methane well operator. A mine licensee may file a request with the department to mine closer than two hundred (200) feet of the vertical segment of the coalbed methane well. The mine licensee shall forward simultaneously to the well operator and the department, by certified mail, return receipt requested, or by registered mail, a request to mine closer than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well, which shall be accompanied by the following:

(a) A copy of the maps and plans required by law to be filed and kept up to date, showing on the copy of the map or plan its mine plan workings and projected mine workings beneath the tract of land and within two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well; and

(b) A statement that the applicant has met and conferred with, or offered to met and confer with, the well operator concerning the mine licensee's plan to mine closer than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well.

The well operator may, within fifteen (15) days of receipt of the documents listed in paragraphs (a) and (b) of this subsection, file specific objections in writing with the department. When objections are filed, the department shall provide a copy of the objections to the mine licensee and fix a time and place for an informal hearing. The hearing shall be held not more than ten (10) days from the end of the fifteen (15) day period. At the hearing, the mine licensee and the well operator, in person or by representative, shall consider the objections and seek agreement on the character and the extent of operations to be conducted within less than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well. If no agreement can be reached, the department, after administrative hearing conducted in accordance with KRS Chapter 13B, shall make a decision defining what coal, if any, is necessary to be left for the safe protection, use, and operation of the well. The department's decision shall be subject to appeal by either party as provided in this chapter. The department shall keep a complete record of all hearings. The mine licensee shall, every six (6) months, while mining within two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well, file up-to-date maps and plans required by this section, or file new maps and plans complete to date.

(8) The department may deny the issuance of a permit if it determines that the applicant has a documented pattern or practice of substantial violations of the provisions of this chapter and has failed to abate or seek review of the violations. If the department finds that a substantial violation has occurred with respect to existing operations and that the operator has failed to abate or seek review of the violation in the time prescribed, the department may suspend the permit. After a suspension, the operator shall forthwith cease all work being conducted under the permit until the department reinstates the permit. The department shall make a written finding of its determination and may enforce the determination in Circuit Court pursuant to Section 31 of this Act.

SECTION 9. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) When two (2) or more separately owned tracts, or portions thereof, are embraced within a drilling unit, or when there are separately owned interests in all or part of any such drilling unit, the operators or owners of coalbed methane owning the interests may pool their interests for the development and operation of the drilling unit by voluntary agreement. These agreements may be based on the exercise of pooling rights or rights to establish units which are granted in any gas or oil lease, coal lease, coalbed methane lease, or similar instrument.

(2) No voluntary pooling agreement between or among coalbed methane operators or owners shall be held to violate the statutory or common law of the Commonwealth which prohibits monopolies or acts, arrangements, contracts, combinations, or conspiracies in restraint of trade or commerce.

SECTION 10. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) No permit shall be issued to stimulate a coalbed methane well unless the applicant has obtained and filed with the department:

(a) An agreement between all coal interest holders of any workable coalbed within five hundred (500) horizontal

feet and fifty (50) vertical feet above or below the proposed coalbed methane well; and

(b) A statement identifying any workable coalbed that the applicant proposes to stimulate for which any coal interest holder has raised an objection pursuant to subsection (1) of Section 4 of this Act.

(2) The requirement for an agreement to stimulate in this section shall not be construed to impair, abridge, or affect any contractual rights or obligations arising out of a contract, lease, deed, or similar agreement which provides for the development of coalbed methane and stimulation of workable coalbeds between the applicant and a coal interest holder. The existence of any such contract, lease, deed, or similar document shall constitute a waiver of the requirement to file an agreement to stimulate with the department.

(3) An agreement to stimulate shall provide:

(a) That the coal interest holder has been provided with a copy of the permit application to drill a coalbed methane well and a copy of all plats and documents which may accompany the application; and

(b) That the coal interest holder agrees to the stimulation of the workable coalbed as described in the application.

(4) Subject to subsection (5) of Section 4 of this section, in the absence of the applicant submitting the agreement to stimulate as described herein, the applicant may submit a request for a hearing before the review board accompanied by an affidavit, or verified statement, which shall include the following:

(a) A statement that the coal interest holder has refused to sign a written agreement to stimulate the workable coalbed;

(b) A statement detailing the efforts undertaken to obtain the signed agreement to stimulate; and

(c) A statement that the proposed method of stimulation does not involve the use of explosives and will not have a significant adverse affect on the mineability of the workable coalbed, or impair mine safety.

(5) The failure to obtain an agreement to stimulate shall in no way create an inference or presumption that the method of stimulation proposed by the applicant will harm the workable coalbed.

(6) Upon receipt of a request for a hearing and affidavit, or verified statement, as set forth in this section, the department shall forward the application to the review board to consider the proposed stimulation, or if other objections or requests are filed requiring a hearing before the review board, the request may be included for consideration by the review board along with other matters related to the permit application.

(7) Any well operator that stimulates a workable coalbed without an agreement to stimulate from the coal interest holder shall be liable in tort without proof of negligence for any damages proximately caused by the stimulation to the workable coalbed, or any other workable coalbed within five hundred (500) horizontal feet or fifty (50) vertical feet of the coalbed methane well and for damages to any mining equipment proximately caused by the stimulation. The well operator shall be liable for injury, death, or damage to property proximately caused by the stimulation.

SECTION 11. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(5) All final orders issued by the review board pursuant to this chapter shall be effective thirty-one (31) days after the date of the review board order.

SECTION 13. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The department shall notify the review board of the objection, request, or appeal as set forth in subsection (1) of Section 12 of this Act and schedule a time and place for a hearing.

(2) Notice of the hearing shall be given not less than fifteen (15) days in advance of the hearing to the applicant and all other parties as required under Section 4, 14, or 17 of this Act, as applicable. The hearing of the review board shall be held within thirty (30) days after the filing of the objection, request or appeals or as soon thereafter as the review board can be assembled.

(3) All proceedings before the review board shall be conducted in accordance with KRS Chapter 13B.

(4) With respect to any objection filed pursuant to Section 3 of this Act concerning the proposed coalbed methane well, or its location, stimulation or completion, appeals arising under subsection (5) of Section 4 of this Act, or requests for a hearing arising under this chapter, the review board shall make a determination as to whether a permit shall be issued by the department and any conditions to be included within the permit, which determination and order shall be consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors:

(a) The declaration of public policy and legislative findings as set forth in this chapter;

(b) Whether the proposed coalbed methane well can be drilled safely, taking into consideration the dangers from creeps, squeezes or other disturbances due to the extraction of coal;

(c) The feasibility of moving the proposed drilling location to another location;

(d) Whether any stimulation of the workable coalbed will have a significant adverse affect on the mineability of that workable coalbed or any other workable coalbeds within five hundred (500) horizontal feet or fifty (50) vertical feet of the coalbed methane well or impair mine safety;

(e) Whether the drilling location is above or in close proximity to any mine opening, shaft, entry, travelway, airway, haulageway, drainageway or passageway, or to any proposed extension thereof, any abandoned, operating coal mine or any coal mine already surveyed and platted but not yet being operated;

(f) Whether the proposed drilling can reasonably be done through an existing or planned pillar of coal, or in close proximity to an existing or planned pillar of coal, taking into consideration the surface topography;

(g) The extent to which the proposed drilling location interferes with the safe recovery of coal or coalbed methane;

(h) The extent to which the proposed drilling location will unreasonably interfere with present or future coal mining operations;

(i) The technology and methods proposed for the safe and efficient recovery of coal and coalbed methane;

(j) The practicality of locating the coalbed methane well out of a uniform pattern with other wells;

(k) The surface topography and use; and

(l) Any other factor the review board determines would be considered consistent with KRS Chapters 350 and 352 and this chapter.

(5) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon the ability

to mine any affected workable coalbed safely and the protection of any workable coalbed for safe future mining, shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (4) of this section, and based thereon shall issue and file with the department a written order directing it to:

(a) Refuse to issue a coalbed methane well permit;

(b) Issue a permit for the proposed coalbed methane well location and any conditions to be included within the permit;

(c) Issue a coalbed methane well permit and any conditions to be included within the permit for an alternate drilling location different from that requested by the applicant; or

(d) Issue a permit authorizing the applicant to stimulate the coalbed methane well in the absence of an agreement of the affected coal interest holders as described in subsection (1) of Section 9 of this Act, as proposed or as modified by the order of the review board.

(6) With respect to any request for a hearing pursuant to Section 5 of this Act by a coalbed interest holder, or any record oil or gas lessor or lessee of any tract being penetrated by a coalbed methane well, to determine whether the well has been abandoned and should be plugged in accordance with this chapter, the review board shall make a determination as to whether the coalbed methane well should be plugged or abandoned, which determination and order shall be consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration such of the following factors that it considers applicable in the particular proceeding:

(a) Whether the coalbed methane well has ceased to produce in paying quantities, and no dewatering operations are being conducted, for a period of fifteen (15) consecutive months;

(b) Whether the coalbed methane well is being temporarily shut in by the coalbed methane well operator; and

(c) Any other factor the review board determines should be considered consistent with this section.

(7) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether the coalbed methane well has been abandoned and should be plugged in accordance with this chapter; shall enter a written order containing findings of fact and conclusions which address any relevant consideration in subsection (6) of this section based thereon; and shall issue and file with the department a written order directing the department to:

(a) Require the coalbed methane well operator to plug and abandon the well;

(b) Allow the coalbed methane well operator to continue to operate and produce the well; or

(c) Allow the coalbed methane well operator to continue to shut down the coalbed methane well on a temporary basis.

(8) Upon receipt of the review board order, the department shall promptly undertake the action directed by the review board, provided that all other provisions of this chapter have been complied with.

SECTION 14. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) In order to prevent the waste of coalbed methane or to protect the correlative rights of the operators and owners of coalbed methane, the review board on its own motion or upon application of an operator of coalbed methane shall have the power to establish or modify drilling units, establish field rules, or unitize coalbed methane wells, pools or fields. Drilling units, to the extent reasonably possible, shall be of uniform shape and size for an entire pool or field. Any operator or owner of coalbed methane may apply to the review board for the establishment of field rules, the creation of drilling units for a pool or field, and the unitization of any coalbed methane wells, pools or fields.

(2) With respect to any request for the establishment of field rules, the creation of drilling units for the pool or field, and the unitization of any coalbed methane wells, pools or fields, the review board shall grant or deny the request and issue an order consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors:

(a) The area which may be drained efficiently and economically by the proposed coalbed methane well or wells and the spacing requirements of Section 15 of this Act;

(b) The plan of development for the coal, that drilling units conform to mine development plans, and the need for proper ventilation of any mines or degasification of any affected coal seams;

(c) The nature and character of any coal seam or seams which will be affected by the coalbed methane well or wells;

(d) The surface topography and mineral boundaries of the lands underlaid by the coal seams to be included in the unit;

(e) Evidence relevant to the proper boundary of the drilling unit;

(f) The nature and extent of ownership of each coalbed methane owner or claimant and whether conflicting claims exist;

(g) Whether the applicant for the drilling unit proposes to be the operator of the coalbed methane well or wells within the drilling unit; and if so, whether the applicant has a lease or other agreement from the owners or claimants of a majority interest in the proposed drilling unit;

(h) Whether a disagreement exists among the coalbed methane owners or claimants over the designation of the operator for any coalbed methane wells within the drilling unit; and if so, relevant evidence to determine which operator can properly and efficiently develop the coalbed methane within the drilling unit for the benefit of the majority of the coalbed methane owners;

(i) If more than one person is interested in operating a coalbed methane well within the drilling unit, the estimated cost of submitting by each such person for drilling, completing, operating and marketing the coalbed methane from any proposed coalbed methane well or wells;

(j) Any other available geological or scientific data pertaining to the pool which is proposed to be developed;

(k) The correlative rights of the operators and owners of coalbed methane, so that each operator and owner may obtain his or her just and equitable share of production from the coalbed methane; and

(l) Any other factor the review board determines should be considered consistent with KRS Chapters 350 and 352, and this chapter.

(3) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether to establish or modify a drilling unit, establish or modify field rules or establish or modify the unitization of coalbed methane wells, pools or fields. The review board shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (2) of this section and based thereon shall issue and file with the department a written order:

(a) Establishing and modifying a drilling unit, field rules or unitizing coalbed methane wells, pools or fields;

(b) Refusing to establish or modify a drilling unit, field rules or unitization of coalbed methane wells, pools or fields; or

(c) Attaching certain conditions to the establishment or modification of a drilling unit, field rules, or unitization of coalbed methane wells, pools or fields.

(4) In establishing or modifying a drilling unit for coalbed methane wells, and in order to accommodate the unique characteristics of coalbed methane development, the review board may require that drilling units conform to the mine development plan, if any. If requested by the coal interest holder, well locations and spacing shall correspond with mine operations, including the drilling of multiple coalbed methane wells on each drilling unit.

(5) If an order to establish or modify a drilling unit, field rules or unitization of coalbed methane wells, pools or fields will allow a coalbed methane well to be drilled into or through a workable coalbed, any coal interest holder and any record oil and gas lessor and lessee within the area to be covered by the drilling unit, field rules or unitization of coalbed methane wells, pools or fields may object to the establishment or modification of the drilling unit, field rules or unitization of coalbed methane wells, pools or fields.

(6) The review board may continue a hearing to allow for further investigation and the gathering and taking of additional data and evidence. If at any time during a hearing there is not sufficient evidence for the review board to determine field boundaries, or drilling unit size or shape, the review board may enter a temporary order establishing provisional drilling units, and field boundaries for the orderly development of the pool or field, pending receipt of the information necessary to determine the ultimate pool or field boundaries, and spacing of wells for the pool or field. Upon additional findings of fact, the boundaries of a pool or field and drilling units for the pool or field may be modified by the review board.

(7) Unless otherwise provided for by the review board, after an application for a hearing to establish or modify drilling units or pool boundaries has been filed, no additional wells shall be permitted in the pool or field until the review board's order establishing or modifying the pool or field or unit has been entered.

(8) After the review board issues a field or pool spacing order which creates drilling units or a pattern of drilling units for a pool or field, should an operator or owner of coalbed methane apply for a permit or otherwise indicate a desire to drill a coalbed methane well outside of such drilling units or pattern of drilling units and thereby potentially extend the pool or field, the review board may, on its own motion or the motion of any interested person, require that the coalbed methane well be located and drilled in compliance with the provisions of the order affecting the pool or field.

SECTION 15. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

Except as provided in Section 14 of this Act, or pursuant to voluntary pooling, no permit shall be issued for a coalbed methane well unless the proposed location of a vertical well shall be at least seven hundred fifty (750) feet horizontally from the nearest mineral boundary upon which the well is to be drilled and the proposed location shall be at least one thousand five hundred (1,500) feet horizontally from the nearest coalbed methane well, unless the department orders that a different spacing distance shall apply. Spacing distances for coalbed methane horizontal wells shall be separately established by the department pursuant to this subchapter.

SECTION 16. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Whenever an applicant proposes to drill, deepen, convert, or reopen a well for purposes of production of coalbed methane and the ownership of the right to produce coalbed methane is in dispute, the department shall refer the application to the review board for its consideration and the issuance of appropriate pooling orders in accordance with Section 17 of this Act. Upon the issuance of a pooling order by the review board, the department shall issue a permit to

drill, deepen, convert, or reopen the well and require the development and operation of all pooled tracts and interests as a single leasehold estate in accordance with the pooling order.

(2) No pooling as permitted by this section shall be ordered except:

  (a) When an application has been filed to drill, deepen, or reopen a well within the distance limitations prescribed in Section 15 of this Act; or

  (b) A request for pooling has been made pursuant to this section or Section 17 of this Act.

(3) No pooling, as permitted by this section, shall be ordered with respect to any tract or portion thereof upon which a well is drilled, deepened, or converted or reopened:

  (a) Unless the pooling was requested prior to the commencement of the drilling, deepening, converting, or reopening of the coalbed methane well; and

  (b) Unless the request, if made by the owner of an operating interest who elects to participate in the risk and cost of the drilling, deepening, converting, or reopening of the coalbed methane well, is accompanied by a bond or other security satisfactory to and in an amount set by the review board for the payment of such owner's share of the cost of drilling, deepening, converting, or reopening the well.

(4) Production from any well which is ordered pooled pursuant to this section shall be deemed for all purposes to have been so produced from each tract or portion thereof included in the pool in proportion to the amounts established in the pooling order.

SECTION 17. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The person requesting a pooling order shall provide to the department a list of all persons reasonably known to own an oil or gas interest and all coal interest holders, in any tract upon which the coalbed methane well will be located from the surface to a depth of one hundred (100) feet below the base of the deepest coal seam to be penetrated. A pooling order shall be made only after the department provides notice to all persons reasonably known to own an oil or gas interest and all coal interest holders in any tract upon which the well will be located and any tract or portion thereof proposed to be pooled in any drilling unit, from the surface to a depth of one hundred (100) feet below the base of the deepest coal seam to be penetrated, after a hearing has been held. After filing an application for a pooling order under subsection (1) of Section 16 of this Act, where unknown or nonlocatable owners exist, or at the request of the permit applicant or person requesting a pooling order, the permit applicant shall publish, at least twenty (20) days prior to the hearing on the application for the pooling order, one (1) notice in the newspaper of the largest circulation in each county in which any tract, or portion thereof, proposed to be pooled is located. The notice shall:

  (a) State that an application for a pooling order is being filed with the review board;

  (b) Describe any tract, or portion thereof, proposed to be pooled;

  (c) In the case of an unknown owner, identify the name of the last known owner;

  (d) In the case of a nonlocatable owner, identify the owner and the owner's last known address; and

  (e) State that any party claiming an interest in any tract, or portion thereof, proposed to be pooled should contact the permit applicant at the published address and provide a copy of the notification to the review board within twenty (20) days of the date of the publication.

(2) The review board shall grant or deny the request for a pooling order and issue an order consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors:

  (a) The area which may be drained efficiently and economically by the proposed coalbed methane well or wells and the spacing requirements of Section 15 of this Act;

  (b) The plan of development of the coal that drilling units conform to mine development plans and the need for proper ventilation of any mines or degasification of any affected coal seams;

  (c) The nature and character of any coal seam or seams which will be affected by the proposed coalbed methane well or wells;

  (d) The surface topography and mineral boundaries of the lands underlaid by the coal seams to be included in the unit;

  (e) Evidence relevant to the proper boundary of the drilling unit;

  (f) The nature and extent of ownership of each coalbed methane owner or claimant and whether conflicting claims exist;

  (g) Whether the applicant for the drilling unit proposes to be the operator of the coalbed methane well or wells within the drilling unit; and if so, whether the applicant has a lease or other agreement from the owners or claimants of a majority interest in the proposed drilling unit;

  (h) Whether a disagreement exists among the coalbed methane owners or claimants over the designation of the operator for any coalbed methane wells within the unit, and if so, relevant evidence to determine which operator can properly and efficiently develop the coalbed methane within the unit for the benefit of the majority of the coalbed methane owners;

(i) If more than one person is interested in operating a coalbed methane well within the unit, the estimated cost submitted by each such person for drilling, completing, operating, and marketing the coalbed methane from any proposed coalbed methane well or wells;

(j) Any other available geological or scientific data pertaining to the pool which is proposed to be developed;

(k) The correlative rights of the operators and owners of the coalbed methane, so that each operator and owner may obtain his or her just and equitable share of production from the coalbed methane; and

(l) Any other factor the review board determines should be considered consistent with KRS Chapters 350 and 352 and this chapter.

(3) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether to grant a pooling order, and shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (2) of this section and based thereon shall issue and file with the department a written order granting the pooling order with any applicable conditions.

(4) A pooling order shall authorize the drilling, deepening, or reopening, and the operation of a well for the production of coalbed methane on the tracts or portions thereof pooled; shall designate the operator to drill and operate the well; shall prescribe the time and manner in which all owners of working interests in the pooled tracts or portions thereof may elect to participate therein; shall provide that all reasonable costs and expenses of drilling, deepening, converting or reopening, and the completing, operating, plugging, and abandoning the well shall be borne, and all production from the well shall be shared, by all owners of working interests in proportion to the net mineral acres in the pooled tracts owned or under lease to each owner; and shall make provision for the payment of the reasonable and actual cost thereof, including a reasonable charge for supervision, by all those who elect to participate therein.

(5) A pooling order shall establish a procedure for the owner who claims a working interest and who does not decide to become a participating working interest owner to elect to either:

(a) Surrender, by means of sale or lease, the interest to a participating working interest owner on a reasonable basis and for a reasonable consideration, which if not agreed upon shall be one-eighth (1/8) of the production attributable to the well; or

(b) Share in the operation of the well as a nonparticipating working interest owner on a carried basis after the proceeds allocable to his or her share equal to two hundred percent (200%) of the share of the costs allocable to his or her interest.

(6) A coalbed methane owner or claimant whose identity and location remain unknown at the conclusion of the hearing concerning the entry of a pooling order for which public notice was given and whose interest is pooled pursuant to subsection (1) of Section 16 of this Act shall be deemed to have elected to lease the interest to the coalbed methane operator, exclusive of one-eighth (1/8) of the production attributable to the unleased interest, and shall not be entitled to make the election established in subsection (5) of this section.

(7) Except as provided in this section, a coalbed methane owner who does not make an election under the pooling order within thirty (30) days of the entry of the order shall be deemed to have leased the coalbed methane interest to the coalbed methane well operator in the manner established in subsection (6) of this section.

(8) A person whose interest is subject to a coalbed methane lease or other agreement which grants to another the right to operate or conduct operations shall not own an operating interest for the purposes of this section.

(9) A certified copy of any pooling order entered under this section shall be entitled to be recorded in the office of the county clerk of the county or counties in which all or any portion of the pooled tract is located, and the record of the order, from the time of lodging the order for record, shall be notice of the order to all persons.

(10) Each pooling order for a coalbed methane well issued pursuant to subsection (1) of Section 16 of this Act shall provide for the establishment of an interest-bearing escrow account to be maintained by the department. The escrow account shall receive deposits and hold payment for costs and proceeds attributable to the conflicting interests as follows:

(a) Each participating working interest owner, except for the unit operator, shall deposit in the escrow account the owner's proportionate share of the costs allocable to the ownership interest claimed by each participating working interest owner as set forth in the pooling order; and

(b) The unit operator shall collect all proceeds from the sale or use of coalbed methane and deposit in the escrow account all proceeds attributable to the conflicting interests of lessors, lessees, or royalty owners and all proceeds in the excess of the recover of all capital costs and expenses and all ongoing operational expenses including reasonable overhead costs and operating fees attributable to conflicting working interests.

(11) The department shall order payment of principal and accrued interest from the escrow account to all legally entitled entities within thirty (30) days of receipt by the department of notification of the final legal determination of entitlement or upon agreement of all entities claiming an ownership interest in the coalbed methane. Upon the department's final determination:

(a) Each legally entitled participating working interest owner shall receive a proportionate share of the proceeds attributable to the conflicting ownership interest;

(b) Each legally entitled nonparticipating working interest owner shall receive a proportionate share of the

proceeds attributable to the conflicting ownership interest, less the cost of being carried as a nonparticipating working interest owner as determined by the election of the person under the applicable pooling order;

(c) Each person leasing or deemed to have leased its coalbed methane ownership interest to the unit operator shall receive a share of the royalty proceeds as set out in the applicable pooling order attributable to the conflicting interests of the lessees;

(d) The unit operator shall receive the costs contributed to the escrow account by each legally entitled participating working interest owner, but only to the extent that the costs and expenses described in subsection (10)(b) of this section have not been recouped from production proceeds;

(e) Each participating working interest owner who is determined not to hold an ownership interest shall receive a refund of all amounts placed in escrow pursuant to subsection (10)(a) of this section plus interest earned thereon; and

(f) All amounts remaining in escrow, after distribution of amounts described in paragraphs (a), (b), (c), (d), and (e) of this subsection, shall be distributed to the legally entitled participating working interest owners in proportion to their interests.

(12) The department shall promulgate administrative regulations for the administration and protection of funds delivered to the escrow accounts.

SECTION 18. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Any person aggrieved by any order issued by the review board under this chapter shall have the right to bring a civil action for review of the order by filing a complaint in the Circuit Court of the county in which the premises or any portion thereof is located as established by the order, or in Franklin Circuit Court.

(2) The civil action shall be brought within thirty (30) days after the order is issued, and in the event no civil action is filed within the thirty (30) day period, the order shall be final.

(3) In any civil action the burden of proof shall be upon the party challenging the order. The order shall be deemed prima facie valid. Any party to the civil action may offer evidence for any part of the record of the hearing which resulted in the order, and any other relevant evidence.

(4) In any civil action no new evidence may be introduced, except as to fraud or misconduct of some person engaged in the hearing before the review board. New evidence may be introduced if, upon motion and for good cause shown, the court determines that the interest of justice will be better served by the introduction of new evidence. The court, sitting without a jury, shall hear the cause upon the record before it. The court shall dispose of the civil action in a summary manner, being limited to determining whether or not: the review board acted without or in excess of its powers; the order was procured by fraud; the order is not in conformity with the provisions of this chapter; the order is clearly erroneous on the basis of reliable, probative, and material evidence contained in the whole record; the order is arbitrary, capricious, characterized by abuse of discretion, or clearly unwarranted exercise of discretion. The court shall enter its findings in the order book as a judgment of the court, and the judgment shall have the effect and be enforceable the same as any other judgment of the court in civil cases.

(5) The practice, pleading, and proceedings in the civil action shall be in accordance with the Rules of Civil Procedure.

(6) During the pendency of the civil action, the court may stay the order until it shall enter its decree. The court shall have jurisdiction to enter a decree affirming or setting aside the order, or remand the cause with directions to modify the order to conform to the provisions of this chapter. Appeals may be taken by any party to the suit in the same manner and to the same extent as in other civil actions.

SECTION 19. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) A coalbed methane well penetrating one (1) or more workable coalbeds shall be drilled in a manner that will exclude, if practicable, all coalbed methane or coalbed methane pressure from the workable coalbed, except as is found in the workable coalbed itself. Each string of casing that is run through a workable coal bed shall be seated at least thirty (30) feet below the workable coalbed in twenty (20) feet of cement, mud, clay, or other nonporous material that will make an effective seal. If a second workable coalbed is found less than thirty (30) feet below the first workable coalbed, the casing shall be seated and mudded off as above provided at least thirty (30) feet below the second workable coalbed. If gas is found between the two (2) workable coalbeds, it shall be treated as prescribed by this chapter. After any such string of casing has been properly seated, drilling may proceed immediately.

(2) When a coalbed methane well is drilled through the horizon of a workable coalbed where the coal has been removed, the hole shall be drilled at least thirty (30) feet below the workable coalbed, and shall be of a size sufficient to permit the placing of a liner, which shall start not less than twenty (20) feet beneath the horizon of the workable coalbed and extend not less than twenty (20) feet above it. The largest sized casing to be used in the well shall be centrally placed within this liner. The liner may be welded to the casing to be used, and the space between the liner and the casing shall be filled with cement as the liner and casing are lowered into the hole. Cement shall be placed in the bottom of the hole to a depth of twenty (20) feet to form a sealed seat for both liner and casing. Following the setting of the liner, drilling may proceed. If it is necessary to drill through the horizon of two (2) or more workable coalbeds where the coal has been removed, the liner shall be started not less than twenty (20) feet below the lowest horizon penetrated and shall extend to a point not less than twenty (20) feet above the highest horizon penetrated.

SECTION 20. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

If any coalbed methane well produces coalbed methane, all coal-protecting strings of casing shall remain in place during the life of the well. The top ends of all the strings shall be provided with casing heads or other suitable devices that will allow the free passage of coalbed methane and prevent filling the annular spaces outside the casing with dirt or debris.

SECTION 21. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) No person shall abandon or remove casings from any coalbed methane well, either dry or producing, without first plugging the well in a secure manner approved by the department and consistent with administrative regulations. Upon the department's plugging of an abandoned coalbed methane well in accordance with the requirements of this subsection, the department may sell all equipment removed from that well. The department shall conduct the sale by sealed bid, or include the sale as part of compensation in the contract for the plugging of the well. Proceeds from the sale shall be deposited into the coalbed methane well plugging fund, established in subsection (3) of Section 24 of this Act.

(2) Not less than thirty (30) days before advertising for bids for the plugging of coalbed methane wells, the department shall publish, in a newspaper of general circulation, and in locally published newspapers serving the areas in which the wells proposed for plugging are located, notices of all wells on which there is salvageable equipment, described as to farm name, Carter Coordinate, and state plane coordinate location, for which the department intends to see bids for plugging. If a person other than the operator claims an interest in the equipment of a well proposed for plugging, the person shall provide documentation of that interest to the department within thirty (30) days of the date of publication of the notice of the department's intent to plug a well. Prior to the department's advertising of bids for the plugging of a well, the department shall release the well's equipment to the person deemed to have an interest in that equipment. It shall be the duty of the interest holder to remove the equipment before the well is plugged. If documentation as to an asserted interest is not provided to the department in the manner described in this subsection or if a person deemed to be an interest holder fails to remove the equipment before a well is plugged, the department may sell or otherwise dispose of the equipment in accordance with this subsection.

(3) If a person fails to comply with subsection (1) of this section, any person lawfully in possession of land adjacent to the coalbed methane well or the department may enter on the land upon which the well is located and plug the well in the manner provided in subsection (1) of this section, and may maintain a civil action against the owner or person abandoning the well, jointly or severally, to recover the coast of plugging the well. This subsection shall not apply to persons owning the land on which the well is situated, and drilled by other persons.

SECTION 22. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The department shall exercise supervision over the drilling, casing, plugging, and filling of all coalbed methane wells. The department shall exercise supervision over all mining operations in close proximity to any well. The department shall have access to the records and properties of coal, oil, gas and coalbed methane operators when necessary.

(2) The department may receive, or may file on its own motion, formal complaints that drilling or mining operations are being conducted contrary to the provisions of this chapter or to the order of the department or review board, and shall hold administrative hearings on the complaints, in accordance with KRS Chapter 13B. Following a hearing, the department shall issue a final order necessary to secure the proper administration of this chapter.

SECTION 23. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The department is hereby authorized to adopt all rules, administrative regulations, and amendments to implement the provisions of this chapter. All rules, administrative regulations, and amendments promulgated under this chapter shall be promulgated by the department after notice and a hearing. At all hearings held to consider any rules, administrative regulations, or amendments thereto, any interested person shall be entitled to be heard.

(2) All hearings shall be held at a time and place as is specified by the department according to rules and regulations promulgated under this chapter. A written record of each hearing shall be kept; however, if not at variance with KRS 61.870 to 61.884, the keeping of a record may be waived by all parties who participate therein. All interested persons shall be entitled to be heard at all hearings conducted under this chapter.

(3) Operators shall submit annual production information for each coalbed methane well on a form prescribed by the department.

SECTION 24. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) When any person submits to the department an application for a permit to drill a coalbed methane well, or to reopen, deepen, or temporarily abandon any coalbed methane well which is not covered by a surety bond, the department shall, except as provided in this section, require from the well operator a bond in the sum of five thousand dollars ($5,000). The bonds shall be made in favor of the Department of Natural Resources, conditioned that the wells upon abandonment shall be plugged in accordance with the administrative regulations and that all records required by the department be filed as specified. All bonds shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of the bond may file with the department a blanket bond in a sum of one hundred thousand dollars ($100,000), covering all coalbed methane wells drilled or to be drilled in the Commonwealth by the principal in the bond, and the acceptance and approval by the department of the blanket bond shall be in full compliance with the above provision requiring an individual well bond.

A deposit in cash or a bank-issued irrevocable letter of credit may serve in lieu of either of the individual well or blanket bonds. A certificate of deposit, the principal of which is pledged in lieu of a bond and whose interest is payable to the party making the pledge, may also be accepted by the department. If an operator is required to post individual well bonds exceeding a total of five thousand dollars ($5,000) or elects to post a blanket bond, the certificate of deposit shall be accepted by the department in lieu of that portion of the amount of the bonds exceeding five thousand dollars ($5,000). The bond or bonds referred to in this section shall be executed by the well operator as principal and, if a surety bond, by a corporate surety authorized to do business in the Commonwealth. A deposit in cash shall serve in lieu of either of the above bonds; all cash bonds accepted by the department shall be deposited into an interest-bearing account, with the interest thereon payable to the special agency account known as the coalbed methane well plugging fund, created in subsection (3) of this section, to be used in accordance with the purposes described therein.

(2) A successor to the well operator shall post bond, pay a twenty-five dollar ($25) fee per well to the department, and notify the department in writing in advance of commencing use or operations of a well or wells. The successor shall assume the obligations of this chapter as to a particular well or wells and relieve the original permittee of responsibility under this chapter with respect to the well or wells. It shall be the responsibility of the selling operator to require the successor operator to post bond before use or operation is commenced by the successor and relief of responsibility under this chapter is granted to the original permittee.

(3) All sums received through the forfeiture of bonds shall be placed in the State Treasury and credited to a special agency account to be designated as the coalbed methane well plugging fund, which shall be in an interest-bearing account with the interest thereon payable to the fund. This fund shall be available to the department and shall be expended for the plugging of any abandoned coalbed methane wells coming within the authority of the department pursuant to this chapter. The plugging of any coalbed methane wells pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist except for the plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

SECTION 25. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Any person to whom a permit is issued pursuant to this chapter shall file, within ninety (90) days after termination of operations conducted under the permit, with the department for transmittal to the Kentucky Geological Survey on forms to be furnished by the department the following information relating to the well:

(a) A copy of the driller's log certified to be true and accurate;

(b) The depth and thickness of all water zones encountered and logged;

(c) The depth of all showing of oil, gas, or coalbed methane;

(d) The depth and thickness of all coal seams encountered; and

(e) A true copy of all electrical surveys and similar logs and surveys taken. If the person to whom the permit is issued obtains a copy of the electrical survey or similar log or survey in electronic form, the operator shall submit the electrical survey or similar log in electronic form if requested by the department.

(2) Upon request by the department, any person to whom a permit is issued shall save for the Kentucky Geological Survey samples of all cuttings from the well drilled or deepened pursuant to the permit for a period of ninety (90) days after completion thereof.

(3) Upon request by any person furnishing information under this section, the information shall be kept confidential, for a period of one (1) year after the information is furnished by such person.

(4) This section shall not apply to wells drilled or deepened as geological or structure test holes.

SECTION 26. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

All applicants for coalbed methane well shall comply with all of the requirements of KRS 353.5901 and 353.595.

SECTION 27. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Each coalbed methane well permit issued under this chapter shall expire one (1) year after the date issued, unless the drilling, deepening, or reopening of a coalbed methane well is commenced prior to the expiration of the one (1) year period. However, the permit term shall be extended by one (1) year if, prior to the expiration date, the permit applicant:

(a) Notifies the department in writing of the applicant's request for an extension;

(b) Notifies all coal interest holders originally entitled to receive a copy of the plat under Section 3 of this Act;

(c) Submits an affidavit, or verified statement, stating that the information in the original permit application is still correct; and

(d) Submits a fee for the extension in an amount equal to the permit fee required by Section 8 of this Act.

(2) The extension of the permit term pursuant to subsection (1) of this section shall not create a right to object to the coalbed methane well location under Section 4 of this Act nor to mediation under KRS 353.5901.

SECTION 28. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

In any case where title to subsurface minerals has been severed in such a way that title to natural gas underlying the tract and title to coal underlying the tract are in different persons, it shall be an affirmative defense to any action for willful trespass arising from the drilling, development, operation, and production of coalbed methane from any coal seam or gob area underlying the tract, that the operator of the coalbed methane well permitted, drilled, completed, and produced the coalbed methane well under color of title of any instrument, deed, or lease for oil and gas purposes from the gas owner, or any instrument, deed, or lease for coal mining purposes from the coal owner.

SECTION 29. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Whenever it appears that a person is violating or threatening to violate any provision of this chapter, or any rule, administrative regulation or order promulgated or issued under this chapter, the department may bring suit against the person in the Circuit Court of the county where the violation occurred or is threatened, or in the county in which the defendant resides or in which any defendant resides if there is more than one defendant, to restrain the person from continuing the violation or from carrying out the threatened violation. In the suit, the court shall have jurisdiction to grant without bond or other undertaking the prohibitory or mandatory injunction as the facts may warrant, including a temporary restraining order or injunction.

(2) Whenever it appears that any person is violating any provision of this subchapter, or any rule, administrative regulation or order promulgated or issued hereunder, the Attorney General or any person who is adversely affected by the violation may bring suit to restrain the violation in any court in which the department might have brought suit. The department shall be made a party defendant in the suit in addition to the person allegedly violating a provision or any rule, administrative regulation, or order promulgated or issued under this chapter.

SECTION 30. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Nothing in this chapter shall be construed as affecting, in any way, the right of any person to enforce or protect, under applicable law, his or her interest in water resources affected by a coalbed methane well or related operations.

(2) The operator of a coalbed methane well shall replace the water supply of an owner of an interest in real property who obtains all or part of his or her supply of water for domestic, agricultural, industrial, or other legitimate use from an underground or surface source where the supply has been affected by contamination, diminution, or interruption proximately resulting from the operation of a coalbed methane well.

SECTION 31. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Any person who violates any provision of this chapter shall be subject to a fine of not more than one thousand dollars ($1,000) or imprisonment for a term not exceeding one hundred eighty (180) days, or both.

(2) Any person who continues to violate any provision of this chapter, or any administrative regulation or order promulgated or issued under this chapter after being notified in writing of the violation by the department, shall be subject to a fine of not more than one thousand dollars ($1,000) or imprisonment for a term not exceeding one hundred eighty (180) days, or both.

(3) Any person who does any of the following for the purpose of evading or violating this chapter or any administrative regulation or order promulgated or issued under this chapter shall be subject to a fine of not more than one thousand dollars ($1,000) or imprisonment for a term not exceeding one hundred and eighty (180) days, or both:

- *(a) Makes or causes to be made a false entry or statement in a report, record, account, or memorandum, required by this chapter, or by any administrative regulation or order under this chapter;*
- *(b) Omits or causes to be omitted from a report, record, account, or memorandum full, true, and correct entries and information as required by this chapter, or by any administrative regulation or order under this chapter; or*
- *(c) Removes from this Commonwealth or destroys, mutilates, alters, or falsifies a report, record, account, or memorandum required by this chapter, or by any administrative regulation or order.*

(4) Any person who knowingly aids or abets any other person in the violation of any provision of this chapter, or any administrative regulation or order promulgated or issued under this chapter, shall be subject to the same penalty as that prescribed in this section for the violation by the other person.

SECTION 32. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Nothing in this chapter shall be construed to preclude any coal interest holder from removing support of the surface and any structure or facilities thereon and other strata as such rights may exist in any severance deed or other contract.

(2) Nothing in this chapter is intended to or shall be construed as superseding, impairing, abridging, or affecting any specific contractual rights or obligations now or hereafter existing between the respective owners of oil, gas, or other minerals, or any interests therein.

(3) Nothing in this chapter shall be construed to, or be used or interpreted to, determine ownership.

(4) Nothing in this chapter shall be construed to, or be used or interpreted to, apply to any well otherwise permitted, approved, or regulated under KRS Chapter 353 except for the wells that are to be converted to or operated as coalbed methane wells.

(5) Nothing in this chapter shall be construed to authorize any limitation of production of coalbed methane from any coalbed methane well, lease, drilling unit, pool, field, or property to prevent or control economic waste or to limit

production to market demand.

(6) This chapter shall be liberally construed so as to effectuate the declaration of public policy set forth in Section 1 of this Act.

(7) Coalbed methane wells shall not be subject to the provisions of KRS Chapter 353, except as expressly provided in this chapter.

The Committee Substitute to **HB 577** is as follows:

HB 577, AN ACT relating to coalbed methane development and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 349 IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby declares:

(a) The venting of coalbed methane and degasification of coal seams is approved by the Commonwealth for the purpose of ensuring the safe recovery of coal;

(b) The positive economic impact of coal mining to the Commonwealth is currently greater than that of coalbed methane production;

(c) Coalbed methane is not found in conventional gas reservoirs;

(d) Any development of coalbed methane should be undertaken in a way to protect and preserve the environment and protect and preserve the coal for future safe mining and the maximum recovery of coal;

(e) Commercial recovery and marketing of coalbed methane should be facilitated whenever appropriate to meet the energy needs of both the Commonwealth and the United States;

(f) The extraction of methane from mineable coal enhances mine safety, promotes environmental goals and objectives, and conserves an important energy resource; and

(g) The Energy Policy Act of 1992 was enacted, in part, to encourage coalbed methane development and the Commonwealth should enact legislation to carry out the purpose of that Act.

(2) Therefore, in order to encourage and ensure the fullest practical safe recovery of both coal and coalbed methane, consistent with the above declarations and findings, this chapter is established to:

(a) Authorize coalbed methane well permits;

(b) Regulate the design of coalbed methane wells and recovery techniques;

(c) Authorize coalbed methane well drilling units and pooling interests therein;

(d) Establish field rules; and

(e) Provide a process to enable coalbed methane well operators and coalbed methane owners to proceed with the orderly development and production of coalbed methane pending the judicial resolution of issues relating to coalbed methane ownership.

(3) Notwithstanding subsections (1) and (2) of this section, the General Assembly expressly finds that establishing an orderly process to permit and produce coalbed methane shall in no way be construed to create an inference or presumption as to the ownership of coalbed methane in any judicial or administrative proceeding, or be construed to or be used or interpreted to apply to any well otherwise permitted, approved, or regulated under KRS Chapter 353, except for any wells that are to be permitted, converted to, or operated as coalbed methane wells.

(4) It is hereby declared to be the public policy of this Commonwealth and in the public interest to:

(a) Safeguard, preserve, and protect coal seams for safe mining; facilitate the expeditious, safe evacuation of coalbed methane from the coalbeds of this state; and maintain the ability and right of coal operators at all times to vent coalbed methane from mine areas for the safe recovery of coal;

(b) Foster, encourage, and promote the commercial development of the Commonwealth's coalbed methane by establishing procedures for issuing permits and forming drilling units for coalbed methane wells without adversely affecting the safety of mining or the mineability of coal seams;

(c) Safeguard, protect, and enforce the correlative rights of coalbed methane operators and coalbed methane owners in a pool of coalbed methane so that each operator and owner may obtain his or her just and equitable share of production from coalbed methane;

(d) Create a state permitting procedure and authority to provide for and facilitate coalbed methane development as encouraged by the Energy Policy Act of 1992; and

(e) Seek the deletion of the Commonwealth of Kentucky from the list of affected states by the Secretary of the United States Department of Interior as provided for in the Energy Policy Act of 1992.

SECTION 2. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

As used in this chapter:

SECTION 3. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Before a permit may be issued by the department to drill a coalbed methane well on any tract known to be underlaid with coal-bearing strata, the well operator shall provide to the department a plat prepared by a licensed, professional land surveyor and a licensed, professional engineer showing:

  (a) The county in which the coalbed methane well drill site is located;

  (b) The name of the surface owner of the drill site tract, the acreage of the drill site tract, the names of the surface owners of adjacent tracts, the names of all coal interest holders from the surface to fifty (50) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located, and the names of all oil and gas owners from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located;

  (c) The proposed or actual location of the coalbed methane well determined by bearing and distance, relative to two (2) permanent points or monuments that appear on the applicable United States Geological Survey seven and one-half (7-1/2) minute topographic quadrangle map;

  (d) The location of any other existing or permitted coalbed methane well or any oil or gas well located within one thousand five hundred (1,500) feet of the well;

  (f) The number to be given the coalbed methane well, the earliest date for commencement of drilling, the earliest date for commencement of any stimulation of the coalbed methane well, and if horizontal drilling of a coalbed methane well is proposed, the vertical and horizontal alignment and extent of the coalbed methane well.

(2) If the location of any coalbed methane well proposed to be drilled, deepened, or reopened is known to be underlaid by a coal bearing stratum which is not within the area of an existing mining permit or the proposed permitted area of a pending application or permit modification for a mine before the DSMRE, simultaneously with the filing of an application for a permit, the applicant shall send, by registered or certified mail, a copy of the required plat to the

record coal owner or owners and record coal lessee or lessees from the surface to fifty (50) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located.

(3) If the coal bearing stratum is within the area of an existing mining permit or the proposed permitted area of a pending application or permit modification for a mine before the DSMRE, a copy of the required plat shall also be sent by the applicant, by registered or certified mail, to each mine licensee and mine permittee operating any stratum as designated on the current license issued by the department and at the address stated thereon.

(4) If the address of any record owner is unknown to the applicant and cannot upon diligent inquiry within the county be ascertained, or if there are more than five (5) record owners, then the applicant shall file with the department an affidavit that either condition exists, and the department may prescribe some different method of notifying the record owner in lieu of sending a copy of the plat and notice of application as required by this section.

(5) The plat shall be filed and become a permanent record, subject to inspection at any time by any interested person. Any executive officer, process agent, or chief engineer of the mine licensee or mine permittee may be considered a mine licensee or mine permittee for the purposes of mailing the required copy of the plat.

(6) If a coalbed methane well is proposed to be drilled, deepened, converted, or reopened by an applicant who is not the owner or lessee of all of the oil and gas interests, the applicant shall, simultaneously with the filing of the application for a permit, send by registered or certified mail a copy of the required plat to the record oil and gas lessees of, to the record oil and gas lessors of, and to the operator of all oil and gas wells producing from, all formations from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract upon which the well is proposed to be located.

(7) The operator shall promptly upon completion of either a vertically drilled coalbed methane well located ten (10) feet or more from the location reflected on the plat required with the permit application or a horizontally drilled coalbed methane well file with the department an as-drilled plat prepared by a licensed professional land surveyor and a licensed professional engineer reflecting the actual coalbed methane well location. If the operator has completed a horizontally drilled coalbed methane well, the as-drilled plat shall show its alignment and extent. The plat shall become a permanent record subject to inspection at any time by any interested persons.

(8) Each plat, or exhibit attached thereto, shall have the following information on a form supplied by the department:

(a) Notice of the application for a coalbed methane well and the address where a copy of the application may be obtained;

(b) A statement that the recipient has twenty (20) days within which to file an objection to the proposed coalbed methane well, its location, the proposed stimulation in the workable coalbed, or the proposed completion in the workable coalbed; and

(c) A statement that the applicant has met and conferred with, or offered to meet and confer with, each coal interest holder concerning the proposed coalbed methane well, its location, the proposed stimulation in the workable coalbed, or the proposed completion in the workable coalbed.

SECTION 4. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) If the drilling of a coalbed methane well could adversely affect the present or future use or operation of a workable coalbed, any coal interest holder may object to a proposed coalbed methane well, the well's location, the proposed stimulation in the workable coalbed, or the proposed completion in the workable coalbed. Any coal interest holder, within twenty (20) days of receipt of the plat by him or her and by the department, may file specific objections in writing with the department. The filed objections shall provide sufficient detail for the applicant to identify the nature and substance of the objection. The department shall notify the applicant of the objections and fix a time and place for a hearing before the review board to be conducted in accordance with KRS Chapter 13B and this chapter.

(2) If any coal interest holder, notified pursuant to Section 3 of this Act, or any other person, claims to have a valid real property interest in, or the current legal right to produce, coalbed methane, the person claiming the real property interest or right shall notify the applicant and the department, in writing, within twenty (20) days from the receipt of the plat by him or her and by the department. The person also shall request that a pooling order be entered pursuant to subsection (1) of Section 16 of this Act.

(3) If the record oil and gas lessor, lessee, or well operator notified pursuant to Section 3 of this Act, or any other person, claims to have a valid real property interest in, or the current legal right to produce, coalbed methane, the person claiming the real property interest or right shall notify the applicant and the department, in writing, within twenty (20) days from the receipt of the plat by him. The person shall request that a pooling order be entered pursuant to subsection (1) of Section 16 of this Act.

(4) If no objections are filed within the twenty (20) day period, the department shall immediately issue a drilling permit to the well operator approving the location of the well and authorizing the well operator to proceed to drill at that location, provided all other preconditions to issuance of a permit, as contained in this chapter, have been met.

(5) Upon receipt of an application to drill a coalbed methane well, the department shall provide a copy of the required plat and permit application to DSMRE. Within fifteen (15) days of receipt by DSMRE notification shall be sent to the department by DSMRE as to whether the proposed coalbed methane well will be located within the boundaries of any coal mine for which a permit has been issued or has been applied for pursuant to KRS Chapter 350. If the proposed

coalbed methane well is to penetrate a workable coalbed that is within the area of an existing permit for an underground mine issued by DSMRE, or the proposed permitted area of a pending application or permit modification for an underground mine before DSMRE, the written authorization of the mine permittee shall be required prior to issuance by the department of a permit to stimulate, complete, or horizontally drill the coalbed methane well in the workable coalbed that is within the area of an existing permit for an underground mine issued by DSMRE or within the proposed permitted area of a pending application or permit modification for an underground mine before DSMRE. If the proposed coalbed methane well is to be located within a surface area permitted, or proposed in a pending application or permit modification to be issued by DSMRE, the written authorization of the mine permittee shall be required prior to issuance by the department of a permit to drill the coalbed methane well. In the absence of the written authorization of the mine permittee, the applicant may file an appeal with the review board requesting approval to drill the proposed coalbed methane well if:

(a) Authorization has been denied by the mine permittee; and

(b) The proposed location and area to be disturbed by the proposed coalbed methane well has achieved either a partial bond release status or the bond for the area has been forfeited.

SECTION 5. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Prior to the abandonment of a coalbed methane well drilled through a workable coalbed, the well operator shall notify, by certified mail, return receipt requested, or by registered mail, all the coal interest holders of the workable coalbed and the department of the operator's intention to plug and abandon the well. The notice shall give the number of the well and its location, and fix the time at which the work of plugging and filling will be commenced. The time shall not be less than fifteen (15) days after the day on which the notice was received, or in due course should be received, by the department. The department shall prescribe the form of notice to be used. A representative of any coal interest holder, at his or her own expense and liability, and of the department may be present at the plugging and filling of the well. Regardless of whether representatives appear, the well operator may proceed, at the time fixed, to plug and fill the well. When the well is plugged and filled, an affidavit setting forth the time and manner in which the well was plugged shall be made in triplicate by two (2) persons experienced in plugging and filling wells who participated in the work. The affidavit shall be made on forms furnished by the department. One (1) copy of the affidavit shall be retained by the well operator, one (1) provided to each coal interest holder, and one (1) provided to the department.

(2) In addition to the notification required under subsection (1) of this section, prior to the abandonment of a coalbed methane well the operator shall submit a plugging plan which is subject to approval by the department. The proposed plugging plan shall be designed to allow coal mining to occur through the well after the well is plugged.

(3) If a coalbed methane well ceases to produce in paying quantities and no dewatering operations are being conducted for a period of fifteen (15) consecutive months, any coal interest holder or any record oil or gas lessor or lessee of any tract being penetrated by the coalbed methane well, may file a request for hearing pursuant to Section 12 of this Act, to determine whether the well has been abandoned and should be plugged in accordance with this section. However, nothing in this subsection shall require the plugging and abandonment of a coalbed methane well that is being temporarily shut in by the coalbed methane well operator. Simultaneously with the filing of a request for a hearing with the department, the person requesting the hearing shall send a copy of the request to the coalbed methane well operator.

(4) Any coal interest holder shall have the following rights with respect to a coalbed methane well to be plugged and abandoned:

(a) To convert the coalbed methane well to a vent hole or otherwise take the coalbed methane well. In this event the department, upon determination that the coal interest holder has placed the coalbed methane well under a mining permit, shall release the coalbed methane well operator's bond and the coalbed methane well operator shall be relieved of further responsibility for the coalbed methane well; and

(b) To file an objection concerning the proposed manner or method of plugging with the department, within fifteen (15) days after receipt of notice of intent to plug. The department shall consider any objection and may issue an order specifying the manner and method of plugging and reclamation consistent with this section.

(5) All coalbed methane wells shall be plugged and abandoned in accordance with this section. The department shall promulgate regulations specifying the manner and method of plugging vertical and horizontal coalbed methane wells and in so doing, or in entering any order for such plugging and abandonment, shall give consideration to the ability to mine any affected coal seam safely and the protection of any affected coal seam for future mining.

SECTION 6. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) If a coalbed methane well is permitted and drilled within the boundaries of any coal mine for which a permit has been issued or an application for a mine permit or a mine permit modification or amendment has been filed but not issued pursuant to KRS Chapter 350, the mine licensee shall have the right to mine through that coalbed methane well and the associated drilling unit in accordance with the provisions of this subsection.

(a) At least one hundred twenty (120) days prior to mining through a coalbed methane well and associated drilling unit, the mine licensee shall notify the review board and operator of its intention to mine through the property. The notice shall be made on a form prescribed by the review board, and shall include a plat showing the

location of the drilling unit, the coalbed methane well and associated surface equipment, facilities, infrastructure, and improvements, and the geographic extent of the mining operations to be conducted within the drilling unit. The mine licensee shall also submit an estimated schedule for commencing and completing mining operations within the drilling unit. After a hearing the review board shall promptly issue a written determination on whether the continued operation of the coalbed methane well will impede, interfere with, or present a possible safety hazard to the mine licensee's planned mining operations. If the review board determines that the coalbed methane well will impede, interfere with, or present a safety hazard to the planned mining operations, concurrently an order shall be issued to the operators, with a copy to the mine licensee, directing the temporary or permanent plugging of the well at the operator's cost and such other action as may be appropriate in the circumstances. Following the issuance of the order, the review board shall promptly issue a mine through certificate to the mine licensee, with a copy to the operator, authorizing the mine licensee to mine-through the coalbed methane well and associated drilling unit.

(b) The mine licensee and all other coal interest holders having interests in the coalbed within the drilling unit shall have no duty or obligation to compensate or pay the operator or other interested coalbed methane parties for any causes of action, claims, or damages arising from the suspension or loss of coalbed methane production or the plugging and abandonment of a coalbed methane well and the removal or relocation of any associated facilities, infrastructure, and improvements due to mining through the coalbed methane well and associated drilling unit pursuant to this subsection.

(2) If a mine licensee files an application for a coal mine permit or seeks to modify or amend an existing coal mine permit so as to include a geographical area containing one (1) or more existing coalbed methane wells or any well sites for which drilling permits have been issued or are pending, the mine licensee shall have the right to mine through those coalbed methane wells or into or through a coalbed methane well and the associated drilling units and any well sites for which permits to drill have been issued or applications for permits to drill have been filed but not issued in accordance with the provisions of this subsection.

(a) At least one hundred eighty (180) days prior to mining into or through one (1) or more drilling units or permitted well sites operated by a common operator, the mine licensee shall notify the review board and the operator of its intention to mine into or through the property. The notice shall be made on a form prescribed by the review board and shall include a plat showing the location of the drilling unit, the coalbed methane well and associated surface equipment, facilities, infrastructure, and improvements, and the geographic extent of the mining operations to be conducted within the drilling unit. The mine licensee shall also submit an estimated schedule for commencing and completing mining operations within the drilling unit.

(b) Within thirty (30) days after receiving the mine licensee's notice pursuant to paragraph (a) of this subsection, the mine licensee and operator shall enter into a confidentiality agreement on a form prescribed by the review board and the operator shall provide, to the extent available, copies of all data and information necessary and appropriate to enable the mine licensee to determine the current value of each drilling unit, well site, and any associated assets described in the mine licensee's notice in accordance with the criteria set forth in paragraph (e) of this subsection. The information shall be in a form prescribed by the review board and shall include, among other things, data, reports, and information relating to current coalbed methane reserve calculations, well completions, historic production and sales results, capital and operating costs, all actual land, legal permitting, survey, title, and any other costs and expenses directly relating to the acquisition, permitting, development, and operation of each drilling unit and well site, and estimated well plugging and abandonment costs of any existing coalbed methane wells. In addition, the operator shall provide the review board and mine licensee with copies of all agreements and leases, payment division orders and any pooling agreements or pooling orders for each drilling unit and well site, together with a schedule setting forth the name, address, and working interest and net revenue percentages, royalties and overriding royalties, and all other interests and rights of all other interested coalbed methane parties. If the information is not timely filed or is incomplete, the mine licensee may seek an order from the review board directing the operator to comply with the provisions of this subsection.

(c) Within thirty (30) days after receiving the information described in paragraph (b) of this subsection, the mine licensee and operator shall meet and confer at a mutually agreed upon date, time, and place for the purpose of attempting to conclude a mutually acceptable agreement as to the compensation due to the operator for any damage, impairment, or loss to each drilling unit, well site, and any associated assets described in the information provided by the operator resulting from the mine licensee's planned mine-through operations. Any compensation agreement between the mine licensee and operator for each drilling unit or well site shall be approved and executed by all other interested coalbed methane parties. The mine licensee and operator shall jointly notify the review board that a compensation agreement has been entered into between the parties and request that the review board issue a mine-through certificate for each drilling unit and well site described in the notice. The notice shall include any terms and conditions set forth in the compensation agreement that the parties have agreed to incorporate in the applicable mine-through certificates. Upon receipt of the executed compensation agreement, the review board shall promptly issue the requested mine-through certificates to the mine licensee, with copies to the operator and all other interested coalbed methane parties. If the parties are

unable to reach an agreement, within ten (10) days following the expiration of the thirty (30) day meet and confer period, either party may request a hearing before the review board for the purpose of determining the compensation due the operator and any terms and conditions to be imposed upon the mine licensee's proposed mining operations. Copies of the hearing request shall be sent to all other interested coalbed methane parties.

(d) Within fifteen (15) days of receiving the hearing request, the review board shall schedule a hearing to take place within sixty (60) days and shall notify the mine licensee, the operator and all other interested coalbed methane parties of the date, time, and location of the hearing. At its election, the review board may engage a qualified petroleum engineer for the purpose of conducting an independent evaluation of the compensation to be paid to the operator and all other interested coalbed methane parties in accordance with paragraph (e) of this subsection. The mine licensee and the operator shall each pay one-half (1/2) of the costs and expenses for the petroleum engineer retained by the review board.

(e) The review board shall determine the value of each drilling unit, well site, and all associated assets before and after the mine licensee's planned mine-through operations. In determining the amount of compensation due the operator and all other interested coalbed methane parties, the review board must consider all relevant evidence and information submitted and the review board shall base its decision solely upon the following criteria and procedures:

1. Except as otherwise expressly provided in this subsection, all coalbed methane reserve estimates and the valuation of reserves and other assets damaged, impaired, or lost due to the planned mining operations shall be consistent with standard oil and gas industry accounting, engineering, and reserve practices and shall be performed pursuant to the then-current applicable laws, regulations, policies, and guidelines for determining gas reserves for public reporting companies in the United States.

2. At the hearing, the mine licensee and operator, on behalf of itself and all other interested coalbed methane parties, shall appear and submit evidence and testimony as to the value of the subject drilling units, well sites, and any associated assets before and after the mine licensee's planned mining operations. The review board shall only consider coalbed methane reserve estimates or valuation determinations made in conformity with subparagraph 1. of this paragraph by a professional petroleum engineer with experience in evaluating coalbed methane reserves and operations. All reserve estimates and any valuation analysis prepared by the mine licensee and operator for use in the review board's hearing shall be effective thirty (30) days prior to the date of the hearing. The reserve estimates and valuation analysis shall be exchanged between the mine licensee and operator and copies of the information shall be provided to the review board and all other interested coalbed methane parties no less than twenty-one (21) days prior to the hearing date. Any coalbed methane reserve estimates or valuation analysis prepared at the review board's request shall be set forth in a written report. Copies of the report prepared for the review board shall be provided to the mine licensee, the operator, and all other interested coalbed methane parties no less than ten (10) days prior to the review board's hearing date.

3. All estimates of remaining recoverable coalbed methane reserves immediately before and immediately after the planned mining operations shall consist of proved developed producing or proved developed nonproducing reserves as determined pursuant to this subsection. A drilling unit shall have proved developed producing reserves if the unit has an operating coalbed methane well, which is completed in one (1) or more target coal seams and is producing commercial quantities of coalbed methane. The drilling units total proved developed producing reserves before and after the planned mining operations shall be calculated based on the completed coal seams within the unit well. A drilling unit shall have proved developed nonproducing reserves if the unit has a coalbed methane well which is completed in one (1) or more target coal seams and is fully operational and all associated infrastructure such as power, gas gathering, and water management systems required to produce and sell coalbed methane in commercial quantities has been constructed, but the well is not producing coalbed methane in commercial quantities because it either is in the dewatering stage or is not operating due to factors beyond the operator's control. Whether a drilling unit contains proved developed producing reserves or proved developed nonproducing reserves shall be determined based on the status of the coalbed methane well and associated infrastructure sixty (60) days prior to the review board's hearing date.

4. The net present value of proved developed producing reserves projected immediately before and immediately after the planned mining operations shall be calculated using a discount rate of twelve percent (12%). The net present value of proved developed nonproducing reserves projected immediately before and immediately after the planned mining operations shall be calculated using a discount rate of twenty percent (20%). The valuation analysis shall also project the net present value of all revenues received, if any, by the operator during the period in which the planned mining operations are to be conducted.

5. In determining the compensation due the operator and all other interested coalbed methane parties for delayed or lost production, if the total projected production of the coalbed methane well is reduced so as not to yield a commercially reasonable return on investment to the operator, but the well is still able to *produce coalbed methane in commercial quantities, the projected difference in the net present value of the recoverable reserves before and after mining shall be included as part of the compensation due the operator and all other interested coalbed methane parties.*

6. In determining the value of the coalbed methane reserves impaired or lost due to the planned mining operations, except as expressly provided herein, no consideration shall be given to undeveloped coalbed methane resources in coal seams which have not been completed in the subject coalbed methane well or which are in coal seams below the total depth of the well bore. If, however, a coal seam in the same field is producing coalbed methane but the coal seam is not completed in the subject coalbed methane well, the operator may submit evidence to the review board for its consideration as to the potential net present value of the resources within the uncompleted seam, but in no event shall the net present value of those resources be discounted at less than thirty percent (30%).

7. Except as otherwise provided herein, in determining the value of coalbed methane for purposes of this subsection, the gas price shall be the last published price in the gas market closest to the drilling unit sixty (60) days prior to the review board's hearing date. If the coalbed methane is sold pursuant to a gas sales agreement or marketing contract in which the gas price is determined based on a published price, subject to any contractual adjustment, in the gas market other than the market closest to the drilling unit, the gas price shall be determined based on the last published price in a gas market referred to in the gas sales agreement or marketing contract, subject to any contractual adjustment set forth therein, sixty (60) days prior to the review board's hearing date. If the coalbed methane is sold pursuant to an arms-length firm or fixed price gas sales agreement or marketing contract, the actual sales price received by operator for gas sold sixty (60) days prior to the review board's hearing date shall be used as the gas price in the coalbed methane valuation.

8. All capital, operating, and production costs used in the net present value determinations made pursuant to this subsection shall be based on the operator's then current reasonable and verifiable actual costs and expenses. Copies of all relevant and available cost information shall be provided by the operator to the review board and mine licensee as provided in paragraph (b) of this subsection. If actual cost information is not otherwise available, all calculations shall be made using reasonable and customary costs for comparable coalbed methane operations in the Commonwealth and in the surrounding states.

9. If the planned mining operations will mine through a coalbed methane well or require the removal, relocation, or suspension of operation of other facilities, infrastructure, or improvements in a drilling unit, the operator and any other interested coalbed methane parties shall be reimbursed for all reasonable actual and direct costs, damages, and expenses to be incurred due to these mining operations; provided, however, that in no event shall any replacement costs and expenses exceed the operator's or any other interested coalbed methane parties' actual costs and expenses for the affected well, facilities, infrastructure, and improvements, as the case may be. The operator and any other interested coalbed methane parties shall not be reimbursed for any general, administrative, or overhead costs and expenses or any other costs and expenses not otherwise allocated to the costs of the subject drilling unit, coalbed methane well and the associated facilities, infrastructure, and improvements. Any amounts due the operator and any other interested coalbed methane parties shall be reduced by the projected then-current market value of such equipment, facilities, and improvements to the extent that it can be salvaged and sold or used in other operations.

10. If, prior to drilling a coalbed methane well, the mine licensee submits a plan to mine into or through any part of the associated drilling unit or well site for which a drilling permit has been issued or is pending, the operator shall not proceed with drilling a coalbed methane well pending a final decision by the review board with respect to the mine licensee's request for a mine-through certificate. When a mine-through certificate is issued to the mine licensee, the operator and all other interested coalbed methane parties shall be reimbursed for all reasonable costs and verifiable actual land, legal, permitting, surveying, and technical costs and expenses incurred to acquire or lease and maintain the property and obtain any permits, approvals, and other agreements required to drill the coalbed methane well. The operator and all other interested coalbed methane parties shall not be reimbursed for any general, administrative, or overhead costs and expenses or any other costs and expenses not otherwise allocated to the costs to acquire or lease the subject property or permit the coalbed methane well.

(f) At a hearing, the review board shall take testimony and evidence from the mine licensee and operator, on behalf of itself and all other interested coalbed methane parties consistent with the provisions in this subsection. Within fifteen (15) days following the hearing, the review board shall issue a written decision to the mine licensee and operator determining the compensation due the operator and each of the other interested coalbed methane parties in the amount of the difference between the value of each drilling unit, well site, and any associated assets before and after the mine licensee's planned mining operations. If the review board determines that the mine licensee's proposed mining operations will result in a loss or taking of all of either the coalbed methane reserves in the coal seam to be mined and all coalbed methane reserves in completed coal seams in the coalbed methane well below the mined coal seam as provided in paragraph (e)5. of this subsection or the entire

drilling unit, the operator and other interested coalbed methane parties shall be awarded the full value of the property and assets prior to the proposed mining operations as determined by the review board. The review board's decision shall list the compensation amounts to be paid to the operator and each of the other interested coalbed methane parties for each drilling unit, well site, and any associated assets. The decision shall also set forth any duties or obligations to be performed by the parties, such as the temporary or permanent plugging of any well or the relocation or removal of any surface facilities, to enable the mine licensee to proceed immediately with the planned mining operations.

(g) Within fifteen (15) days of receiving the review board's decision, the mine licensee shall notify the review board and the operator and all other interested coalbed methane parties of its decision to:

1. Accept the review board's decision with respect to one (1) or more of the drilling units, well sites, and associated assets and deposit the compensation awarded to the operator and each of the other interested coalbed methane parties for the property;

2. Appeal all or part of the review board's decision as provided in paragraph (j) of this subsection; or

3. Withdraw notice of intent to mine into any of the subject coalbed methane property and assets. If the mine licensee elects to withdraw notice of intent to mine into or through all of the drilling units, well sites, and any associated assets which were the subject of the review board hearing, upon receiving a statement of costs from the operator, the mine licensee shall promptly reimburse the operator for all reasonable out-of-pocket engineering and legal costs and expenses incurred to prepare for and participate in the review board hearing and shall have no further obligations to the operator or any of the other interested coalbed methane parties.

(h) Within fifteen (15) days of receiving the review board's decision, the operator, on behalf of itself and other interested coalbed methane parties, shall notify the review board and the mine licensee whether it will accept the amounts awarded by the review board or file an appeal with the Circuit Court in the county where the drilling unit or well site is located challenging the review board's valuation of any of the property or assets.

(i) If no appeal of the review board's decision is filed by the parties, upon receipt of the compensation due the operator and all other interested coalbed methane parties for each drilling unit and well site selected by the mine licensee for which a mine-through certificate will be issued, the review board shall promptly deliver the awarded compensation to the operator and all other interested coalbed methane parties for the drilling unit and well site and concurrently issue the appropriate mine-through certificate to the mine licensee, with copies to the operator and all other interested coalbed methane parties. If the operator and other interested coalbed methane parties are awarded either the total net present value of the coalbed methane reserves in coal seams to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below such coal seam as provided in subparagraph 5. of paragraph (e)5. of this subsection or the total value of the entire drilling unit and associated assets, upon payment of the compensation, the operator and other interested coalbed methane parties shall simultaneously, if requested by the mine licensee, assign and transfer free and clear of all encumbrances to the mine licensee all of their respective rights, title, and interests in such property and assets, as the case may be, within the drilling unit on a form to be prescribed by the review board. The review board shall take whatever other action that may be deemed appropriate or necessary in the circumstances.

(j) If either party notifies the review board of a decision to appeal the review board's valuation of any of the subject coalbed methane properties and assets to the Circuit Court, the mine licensee shall deposit with the review board the compensation due the operator and each of the other interested coalbed methane parties for each drilling unit, well site and any associated assets selected by the mine licensee for which a mine-through certificate will be issued. Upon receipt of the funds from the mine licensee, the review board shall promptly deliver to the operator and the other interested coalbed methane parties one hundred percent (100%) of the awarded compensation for any drilling unit, well site and any associated assets not listed in any notice of appeal and seventy-five percent (75%) of the awarded compensation to the operator and other interested coalbed methane parties for any drilling unit, well site, and any associated assets for which an appeal is to be filed. Concurrently with delivering the awarded compensation to the operator as provided herein, the review board shall issue to the mine licensee, with copies to the operator and all other interested coalbed methane parties, a mine-through certificate for each drilling unit and well site for which compensation has been received. If the review board's decision with respect to any drilling unit is not appealed and the operator and other interested coalbed methane parties are awarded either the total net present value of the coalbed methane reserves in the coal seam to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below that coal seam as provided in paragraph (e)5. of this subsection or the total value of each drilling unit, well site, and any associated assets, upon payment of the compensation, the operator and other interested coalbed methane parties shall simultaneously if requested by the mine licensee, assign and transfer free and clear of all encumbrances to the mine licensee all of their respective rights, title, and interests in that property and assets, as the case may be, within the drilling unit or well site on a form to be prescribed by the review board. The review board shall take whatever other action that may be deemed appropriate or necessary in the circumstances to carry out its decision. All funds deposited with the review board shall be

placed in an interest-bearing account pending a final resolution of any appeals.

(k) Within thirty (30) days following the issuance of the review board's decision, the mine licensee or the operator, on behalf of itself and any other interested coalbed methane parties, may file a petition in the Circuit Court of the county in which the drilling unit or well site is located or in the Franklin County Circuit Court disputing the review board's valuation of all or any part of any coalbed methane properties or assets pursuant to this subsection. The parties filing the petition shall name as parties to the action the following: the review board, the mine licensee, all other coal interest holders, the operator, and all other interested coalbed methane parties. Promptly upon receiving notice of the petition, the review board shall deliver any remaining funds deposited by the mine licensee as provided in paragraph (j) of this subsection, together with all interest accrued thereon, to the clerk of the Circuit Court for the county in which the petition is filed and these funds shall be deposited in an interest bearing account pending a decision on the petition. The decision of the Circuit Court shall be made in accordance with the provisions of Section 18 of this Act. If the Circuit Court determines the operator and other interested coalbed methane parties are entitled to greater compensation than the amount awarded by the review board, the mine licensee shall pay the difference to the clerk of the Circuit Court within fifteen (15) days of the court's decision. Upon receipt of the additional funds awarded by the Circuit Court, the clerk shall promptly deliver to the operator and any other interested coalbed methane parties these funds together with all interest accrued thereon. If the Circuit Court determines that the operator is entitled to less compensation than the amount awarded by the review board, the amount of the reduction shall be refunded to the mine licensee together with any interest that accrued thereon. If the escrowed funds are not sufficient to fully reimburse the mine licensee, the operator and all other interested coalbed methane parties having an interest in the subject coalbed methane properties and assets shall promptly pay the mine licensee for the difference between the escrowed funds and the total amount to be reimbursed pursuant to the Circuit Court's order. If the Circuit Court determines that the operator and other interested coalbed methane parties are to receive either the total net present value of the coalbed methane reserves in the coal seam to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below such coal seam as provided in paragraph (e)5. of this subsection or the total value of the entire drilling unit, well site, and any associated assets, which values may be increased or decreased by the Circuit Court, upon receipt of the awarded compensation, the operator and other interested coalbed methane parties shall simultaneously if requested by the mine licensee, assign and transfer free and clear of all encumbrances to the mine licensee all of their respective rights, title, and interest in such property and assets, as the case may be, within the drilling unit on a form to be prescribed by the review board.

(l) Subject to obtaining a decision by the Circuit Court with respect to any appeals initiated pursuant to paragraph (k) of this subsection, the operator and all of the other interested coalbed methane parties' acceptance of the compensation awarded by the review board and of the performance of any duties and obligations by the mine licensee as ordered by the review board shall constitute full and complete consideration to the operator and all of the other interested coalbed methane parties for any and all causes of action, claims, damages, or losses to each drilling unit or any portion thereof, well site, or any associated assets caused by the mine licensee, or any other coal interest holder's subsequent mining operations. The mine licensee shall be liable for any and all injuries, deaths, or damages proximately caused by the mine licensee on, in, or with respect to that property.

(3) If, after the mine licensee files a notice of intention to mine into or through any coalbed methane properties or assets pursuant to subsection (1) or (2) of this section, the mine licensee's coal mining permit or any pending amendment to an existing permit issued pursuant to KRS Chapter 350 is withdrawn, canceled, delayed, or modified so as to exclude all or any part of the geographic area covering any drilling unit or well site described in the mine licensee's notice, the mine licensee shall promptly advise the review board and operator that it is amending its request for a mine-through certificate to exclude any property that is no longer subject to a coal mine permit or a pending coal mine permit application.

SECTION 7. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) This chapter shall apply to all lands located in the Commonwealth however owned including lands owned or administered by any government or any agency or political subdivision thereof, over which the Commonwealth has jurisdiction under its police power.

(2) The waste of coalbed methane is hereby prohibited. The waste prohibited includes physical waste as that term is generally understood in the oil, gas, and coalbed methane industry, giving consideration to coal mining operations and the safe recovery of coal and includes:

(a) The locating, drilling, equipping, operating, or producing of any coalbed methane well or wells drilled, deepened, or reopened in a manner that causes or tends to cause a reduction in the quantity of coalbed methane ultimately recoverable from a pool under prudent and proper operations, or contrary to any provision of, or any order, rule or administrative regulation promulgated or issued under this chapter;

(b) Permitting the migration of coalbed methane from the stratum in which it is found into other strata, thereby ultimately resulting in the loss of recoverable coalbed methane;

(c) The drowning with water of any stratum or part thereof capable of producing coalbed methane in paying

quantities, except for secondary recovery purposes, or in hydraulic fracturing or other completion practices;

(d) The unreasonable damage to underground, fresh or mineral water supply, workable coalbeds, or other mineral deposits in the operations for the discovery, development, production, or handling of coalbed methane;

(e) The unnecessary or excessive loss of coalbed methane by spillage or venting or destruction of coalbed methane or its constituents; and

(f) The drilling of more wells than are reasonably required to recover efficiently the maximum amount of coalbed methane from a pool.

(3) For purposes of this chapter, waste does not include coalbed methane vented or released from any mine area, the degasification of a coal seam for the safe recovery of coal, the plugging of coalbed methane wells for the safe recovery of coal, or the conversion of coalbed methane wells to vent holes for the safe recovery of coal.

(4) The sale or use of coalbed methane from any coalbed methane well unless a permit has been issued as required by Section 8 of this Act, or in violation of the spacing provisions of Section 15 of this Act, shall be prohibited.

SECTION 8. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) It is unlawful for any person to drill, commence, operate, deepen, convert, or stimulate any coalbed methane well, to conduct any horizontal drilling of a coalbed methane well or to convert any existing oil or natural gas well to a coalbed methane well, without first securing from the department a permit pursuant to this chapter. Before any well, borehole, or facility initially used for a coal mining related purpose, such as a vent hole, is converted for the purpose of recovering coalbed methane for sale or use, the operator shall obtain a permit and comply with the provisions of this chapter prior to the time that the well, borehole, or facility is converted or used for the purpose of recovering coalbed methane for sale or use. It is unlawful for any person to drill, deepen, convert, or reopen a coalbed methane well for the production of oil or natural gas or for the injection of water, gas, or other fluids into any oil or natural gas producing formation until the person has obtained a permit from the department for a petroleum or natural gas well pursuant to KRS 353.570. However, no additional permit fee shall be required if the original permit for the coalbed methane well has not expired.

(2) Every permit application filed under this section shall be verified and shall contain the following:

(a) A statement that the applicant claims to have a valid real property interest in, or the current legal right to produce coalbed methane from a person claiming a valid real property interest in, the coalbed methane. The statement shall identify with specificity the nature of the real property interest and the document or instrument evidencing that interest or right, including recording information of any recorded document or instrument;

(b) The names and addresses of the coalbed methane well operator and every person or entity whom the applicant must notify under any section of this chapter;

(c) The name and address of each coal interest holder of any workable coalbed which is to be penetrated by a proposed coalbed methane well or within seven hundred fifty (750) horizontal feet or fifty (50) vertical feet of any portion of the proposed coalbed methane well;

(d) The name and addresses of each record oil and gas lessee of, the record oil and gas lessor of, and the operator of all oil and gas formations from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract upon which the coalbed methane well is proposed to be located;

(e) The coalbed methane well name or such other identification as the department may require;

(f) The approximate depth to which the coalbed methane well is to be drilled, deepened, or converted, the coal seams including the depth and thickness of each seam that will be completed for production, and any other coal seams which will be penetrated by the coalbed methane well;

(g) A description of any means to be used to stimulate any of the workable coalbeds penetrated by the coalbed methane well;

(h) If the proposed coalbed methane well will require casing or tubing, the entire casing program for the coalbed methane well, including the size of each string of pipe, the starting point and depth to which each string is to be set, and the extent to which each string is to be cemented;

(i) If the proposed operation is to convert an existing petroleum or natural gas well, as defined in KRS 353.010(13), or to convert a vertical borehole or facility initially used for a coal mining related purpose, such as a vent hole, to a coalbed methane well, all information required by this section, all formations from which production is anticipated, and any plans to plug any portion of the well;

(j) Except for a vent hole proposed to be converted to a coalbed methane well, if the proposed coalbed methane well will be completed in some but not all coal seams for production, a plan and design for the coalbed methane well which will protect all workable coalbeds which will be penetrated by the coalbed methane well;

(k) If the proposed operations will include horizontal drilling of a coalbed methane well, a description of the operations, including both the vertical and horizontal alignment and extent of the coalbed methane well from the surface to total depth; and

(l) Other information as the department may require consistent with this chapter.

(3) Each application for a coalbed methane well permit shall be accompanied by the following:

(a) A permit application fee of three hundred dollars ($300);

(b) A bond in an amount prescribed in Section 24 of this Act; and

(c) A certificate that the applicant's notice requirements of Section 3 of this Act have been satisfied. Certification may be by affidavit of personal service, or the return receipt card, or other postal receipt, for certified mailing.

(4) Prior to the department's issuance of a permit to drill a coalbed methane well, a copy of the written authorization from the mine licensee shall be filed with the application under the following circumstances:

(a) If the proposed coalbed methane well is to penetrate a workable coalbed that is within the permitted area of an existing permit or the proposed permitted area of a permit pending before the DSMRE and if the applicant plans to stimulate, complete, or horizontally drill the coalbed methane well in a workable coalbed that is within the permitted area of an existing permit or the proposed permitted area of a permit pending before DSMRE;

(b) If the proposed coalbed methane well is to be located within a surface area permitted under an existing permit, or the proposed permitted area of a permit pending before DSMRE for which no bond release has been obtained; or

(c) If the proposed coalbed methane well is to be located within a surface area permitted under an existing permit by DSMRE for which a partial bond release has been obtained.

If a coalbed methane well permit is issued for a well site located within the boundaries of any coal mine for which a permit has been issued or is pending pursuant to KRS Chapter 350, the permit shall include a provision specifically stating that the permitted coalbed methane well location is in an area for which a coal mine permit has been issued or is pending pursuant to KRS Chapter 350 and is subject to the mine-through rights set forth in subsection (1) of Section 6 of this Act.

(5) If a partial bond release for the surface area on which the proposed coalbed methane well is located has been obtained from DSMRE and the applicant is denied written authorization from the mine licensee, the applicant may file an appeal with the review board requesting approval to drill the proposed coalbed methane well. When requesting an appeal, the applicant shall submit a verified statement including the following:

(a) The applicant has met and conferred with or offered to meet and confer with the mine licensee concerning the authorization;

(b) The mine licensee has refused to provide written authorization to disturb the permitted area;

(c) The physical area to be disturbed by the proposed well location and the use of area, including ingress and egress thereto, qualifies as a commercial or industrial postmining land use entitling the mine licensee to a complete bond release for the area to be disturbed by the coalbed methane well operator in accordance with KRS Chapter 350; and

(d) The applicant has agreed to pay the reasonable and actual costs of the permit revision required by DSMRE to affect the incremental bond release for the proposed area to be disturbed by the coalbed methane well operator, not to exceed five thousand dollars ($5,000).

(6) Prior to the issuance of a permit to drill a coalbed methane well, the applicant shall grant assignable subsidence waivers to any mine licensee if requested in an objection filed pursuant to Section 12 of this Act and, if required, to allow present or future mining with planned subsidence under KRS Chapter 350. However, this subsection and any subsidence waivers shall in no way waive, affect, or impair the ability of the applicant or the applicant's successors or assigns to pursue any remedies for damages to persons, or to improved or tangible property, suffered or incurred as a result of any subsidence caused by the mine licensee or the mine licensee's successors or assigns. The mine licensee, its successors or assigns, shall be liable for any and all damages to persons or to improved or tangible property proximately caused by the mine licensee.

(7) If the mine licensee is mining in a coal seam that is not being produced by the coalbed methane well operator and has not exercised his or her mine-through rights, as set forth in subsection (1) or (2) of Section 6 of this Act, in any coal mine before removing any coal or other material or driving any entry or passageway within five hundred (500) horizontal feet of the vertical segment of a coalbed methane well or within fifty (50) vertical feet of the horizontal segment of a coalbed methane well, the mine licensee shall forward simultaneously to the well operator and to the department, by certified mail, return receipt requested, or by registered mail, a copy of the maps and plans required by law to be filed and kept up to date. Maps or plans shall show the mine workings and projected mine workings within five hundred (500) horizontal feet of the coalbed methane well. However, the issuance of any coalbed methane well permit shall not preclude or prevent coal mining outside two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of a coalbed methane well or outside of the workable coalbed in which the horizontal segment of a coalbed methane well is located, unless specified by the department for reasons of mine or well safety. The mine licensee shall not mine within fifty (50) feet of the vertical segment of a coalbed methane well without the written authorization of the coalbed methane well operator. A mine licensee may file a request with the department to mine closer than two hundred (200) feet of the vertical segment of the coalbed methane well. The mine licensee shall forward simultaneously to the well operator and the department, by certified mail, return receipt requested, or by registered mail, a request to mine closer than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical

segment of the coalbed methane well, which shall be accompanied by the following:

(a) A copy of the maps and plans required by law to be filed and kept up to date, showing on the copy of the map or plan its mine plan workings and projected mine workings beneath the tract of land and within two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well; and

(b) A statement that the applicant has met and conferred with, or offered to met and confer with, the well operator concerning the mine licensee's plan to mine closer than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well.

The well operator may, within twenty (20) days of receipt of the documents listed in paragraphs (a) and (b) of this subsection, file specific objections in writing with the department. When objections are filed, the department shall provide a copy of the objections to the mine licensee and fix a time and place for an informal hearing. The hearing shall be held not more than ten (10) days from the end of the twenty (20) day period. At the hearing, the mine licensee and the well operator, in person or by representative, shall consider the objections and seek agreement on the character and the extent of operations to be conducted within less than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well. If no agreement can be reached, the department, after administrative hearing conducted in accordance with KRS Chapter 13B, shall make a decision defining what coal, if any, is necessary to be left for the safe protection, use, and operation of the well. The department's decision shall be subject to appeal by either party as provided in this chapter. The department shall keep a complete record of all hearings. The mine licensee shall, every six (6) months, while mining within two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well, file up-to-date maps and plans required by this section, or file new maps and plans complete to date.

(8) The department may deny the issuance of a permit if it determines that the applicant has a documented pattern or practice of substantial violations of the provisions of this chapter and has failed to abate or seek review of the violations. If the department finds that a substantial violation has occurred with respect to existing operations and that the operator has failed to abate or seek review of the violation in the time prescribed, the department may suspend the permit. After a suspension, the operator shall forthwith cease all work being conducted under the permit until the department reinstates the permit. The department shall make a written finding of its determination and may enforce the determination in Circuit Court pursuant to Section 29 of this Act.

SECTION 9. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) When two (2) or more separately owned tracts, or portions thereof, are embraced within a drilling unit, or when there are separately owned interests in all or part of any such drilling unit, the operators or owners of coalbed methane owning the interests may pool their interests for the development and operation of the drilling unit by voluntary agreement. These agreements may be based on the exercise of pooling rights or rights to establish units which are granted in any gas or oil lease, coal lease, coalbed methane lease, or similar instrument.

(2) No voluntary pooling agreement between or among coalbed methane operators or owners shall be held to violate the statutory or common law of the Commonwealth which prohibits monopolies or acts, arrangements, contracts, combinations, or conspiracies in restraint of trade or commerce.

SECTION 10. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) If any coal interest holder has objected to the proposed stimulation pursuant to subsection (1) of Section 4 of this Act, no permit shall be issued to stimulate a coalbed methane well unless the applicant has obtained and filed with the department an agreement between the coal interest holders of any workable coalbed within five hundred (500) horizontal feet of the proposed coalbed methane well to be stimulated and within the five hundred (500) foot horizontal radius and feet fifty (50) vertical feet above or below the workable coalbed proposed to be stimulated.

(2) The requirement for an agreement to stimulate in this section shall not be construed to impair, abridge, or affect any contractual rights or obligations arising out of a contract, lease, deed, or similar agreement which provides for the development of coalbed methane and stimulation of workable coalbeds between the applicant and the coal interest holder. The existence of any such contract, lease, deed, or similar document shall constitute a waiver of the requirement to file an agreement to stimulate with the department.

(3) An agreement to stimulate shall provide:

(a) That the coal interest holder has been provided with a copy of the permit application to drill a coalbed methane well and a copy of all plats and documents which may accompany the application; and

(b) That the coal interest holder agrees to the stimulation of the workable coalbed as described in the application.

(4) Subject to subsection (5) of Section 4 of this Act, in the absence of the applicant submitting the agreement to stimulate as described herein, the applicant may submit a request for a hearing before the review board accompanied by an affidavit, or verified statement, which shall include the following:

(a) A statement that the coal interest holder has refused to sign a written agreement to stimulate the workable coalbed;

(b) A statement detailing the efforts undertaken to obtain the signed agreement to stimulate; and

(c) A statement that the proposed method of stimulation does not involve the use of explosives and will not have a

significant adverse affect on the mineability of the workable coalbed, or impair mine safety.

(5) The failure to obtain an agreement to stimulate shall in no way create an inference or presumption that the method of stimulation proposed by the applicant will harm the workable coalbed.

(6) Upon receipt of a request for a hearing and an affidavit, or verified statement, as set forth in this section, the department shall forward the application to the review board to consider the proposed stimulation, or if other objections or requests are filed requiring a hearing before the review board, the request may be included for consideration by the review board along with other matters related to the permit application.

(7) Any well operator that stimulates a workable coalbed without an agreement to stimulate from the coal interest holder shall be liable in tort without proof of negligence for any damages proximately caused by the stimulation to the workable coalbed, or any other workable coalbed within five hundred (500) horizontal feet of the coalbed methane well stimulated or within the five hundred (500) foot horizontal radius and fifty (50) vertical feet above or below the workable coalbed stimulated and for damages to any mining equipment proximately caused by the stimulation. The well operator shall be liable for injury, death, or damage to property proximately caused by the stimulation.

SECTION 11. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The Coalbed Methane Well Review Board is hereby established. The review board shall be composed of five (5) members and shall have the powers and duties specified under this chapter.

(2) The review board shall consist of the commissioner of the Department of Natural Resources, the commissioner of the Department of Mines and Minerals, and the director of the Division of Oil and Gas within the Department of Mines and Minerals, a representative of the oil and gas industry, and a representative of the coal industry. The representatives from the oil and gas industry and the coal industry shall be appointed by the Governor for terms of four (4) years.

(3) The review board shall be, for administrative purposes only, attached to the Division of Oil and Gas within the Department of Mines and Minerals.

SECTION 12. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The review board shall rule upon:

(a) Objections to proposed coalbed methane wells, their locations, the proposed stimulation, or the proposed completion pursuant to Section 4 of this Act;

(b) Appeals of permit denials arising under subsection (5) of Section 4 of this Act;

(c) Requests for a hearing arising under subsection (3) of Section 5 of this Act ;

(d) Requests for pooling orders pursuant to subsection (1) of Section 16 of this Act;

(e) Requests for the establishment or modification of drilling units for coalbed methane wells;

(f) Requests for the creation or modification of field rules relating to the drilling, completion, and production of coalbed methane wells; and

(g) Requests for the unitization of coalbed methane wells, pools, or fields.

(2) The review board shall meet, hold conferences, and hold hearings at a time and place as designated by the chairman. The chairman may call a meeting of the review board at any time. A majority of the members of the review board shall constitute a quorum for the transaction of any business to come before the review board. All determinations of the review board shall be by majority vote of the quorum present. The commissioner, or his designee within the department, shall be the chairman of the review board. The review board shall hold a regular monthly meeting. Notice of all meetings of the review board shall be given to each member by the chairman at least ten (10) days in advance of each meeting, unless otherwise agreed by the members.

(3) The review board shall execute, carry out, administer, and enforce the provisions of this chapter in the manner provided in this section.

(4) The review board may:

(a) Take evidence and issue orders concerning the permitting of a coalbed methane well, its location, stimulation, and the completion pursuant to Section 3 of this Act; issue pooling orders in accordance with subsection (1) of Section 16 of this Act; issue orders regarding the establishment or modification of drilling units for coalbed methane wells, field rules relating to the drilling, completion, and production of coalbed methane wells; and requests for the unitization of coalbed methane wells, pools, and fields;

(b) Promulgate and enforce administrative regulations and rules necessary to govern the practice and procedure before the review board;

(c) Make relevant investigations of records and facilities as it deems proper in connection with ruling on any objections to a proposed coalbed methane well, its location, the proposed stimulation, or the proposed completion; and

(d) Issue subpoenas for the attendance and sworn testimony from witnesses and subpoenas duces tecum for the production of any books, records, maps, charts, diagrams, electronic data, and other pertinent documents or data in the review board's own name or at the request of any party.

SECTION 13. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The department shall notify the review board of the objection, request, or appeal as set forth in subsection (1) of Section 12 of this Act and schedule a time and place for a hearing.

(2) Notice of the hearing shall be given not less than fifteen (15) days in advance of the hearing to the applicant and all other parties as required under Section 4, 14, or 17 of this Act, as applicable. The hearing of the review board shall be held within thirty (30) days after the filing of the objection, request or appeals or as soon thereafter as the review board can be assembled.

(3) All proceedings before the review board shall be conducted in accordance with KRS Chapter 13B.

(4) With respect to any objection filed pursuant to Section 3 of this Act concerning the proposed coalbed methane well, or its location, stimulation or completion, appeals arising under subsection (5) of Section 4 of this Act, or requests for a hearing arising under this chapter, the review board shall make a determination as to whether a permit shall be issued by the department and any conditions to be included within the permit, which determination and order shall be consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors that it considers applicable in the particular proceeding:

(a) The declaration of public policy and legislative findings as set forth in this chapter;

(b) Whether the proposed coalbed methane well can be drilled safely, taking into consideration the dangers from creeps, squeezes or other disturbances due to the extraction of coal;

(c) The feasibility of moving the proposed drilling location to another location;

(d) Whether any stimulation of the workable coalbed will have a significant adverse affect on the mineability of that workable coalbed or any other workable coalbeds within five hundred (500) of the proposed coalbed methane well to be stimulated or within the five hundred (500) foot horizontal radius and fifty (50) vertical feet above or below the workable coalbed proposed to be stimulated or impair mine safety;

(e) Whether the drilling location is above or in close proximity to any mine opening, shaft, entry, travelway, airway, haulageway, drainageway or passageway, or to any proposed extension thereof, any abandoned, operating coal mine or any coal mine already surveyed and platted but not yet being operated;

(f) Whether the proposed drilling can reasonably be done through an existing or planned pillar of coal, or in close proximity to an existing or planned pillar of coal, taking into consideration the surface topography;

(g) The extent to which the proposed drilling location interferes with the safe recovery of coal or coalbed methane;

(h) The extent to which the proposed drilling location will unreasonably interfere with present or future coal mining operations;

(i) The technology and methods proposed for the safe and efficient recovery of coal and coalbed methane;

(j) The practicality of locating the coalbed methane well out of a uniform pattern with other wells;

(k) The surface topography and use; and

(l) Any other factor the review board determines would be considered consistent with KRS Chapters 350 and 352 and this chapter.

(5) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon the ability to mine any affected workable coalbed safely and the protection of any workable coalbed for safe future mining, shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (4) of this section, and based thereon shall issue and file with the department a written order directing it to:

(a) Refuse to issue a coalbed methane well permit;

(b) Issue a permit for the proposed coalbed methane well location and any conditions to be included within the permit;

(c) Issue a coalbed methane well permit and any conditions to be included within the permit for an alternate drilling location different from that requested by the applicant; or

(d) Issue a permit authorizing the applicant to stimulate the coalbed methane well in the absence of an agreement of the affected coal interest holders as described in subsection (1) of Section 9 of this Act, as proposed or as modified by the order of the review board.

(6) With respect to any request for a hearing pursuant to Section 5 of this Act by a coalbed interest holder, or any record oil or gas lessor or lessee of any tract being penetrated by a coalbed methane well, to determine whether the well has been abandoned and should be plugged in accordance with this chapter, the review board shall make a determination as to whether the coalbed methane well should be plugged, which determination and order shall be consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors that it considers applicable in the particular proceeding:

(a) Whether the coalbed methane well has ceased to produce in paying quantities, and no dewatering operations are being conducted, for a period of fifteen (15) consecutive months;

(b) Whether the coalbed methane well is being temporarily shut in by the coalbed methane well operator; and

(c) Any other factor the review board determines should be considered consistent with this section.

(7) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether the coalbed methane well has been abandoned and should be plugged in accordance with this chapter; shall enter a written order containing findings of fact and conclusions which address any relevant consideration in subsection (6) of this section based thereon; and shall issue and file with the department a written order directing the department to:

(a) Require the coalbed methane well operator to plug and abandon the well;

(b) Allow the coalbed methane well operator to continue to operate and produce the well; or

(c) Allow the coalbed methane well operator to continue to shut in the coalbed methane well on a temporary basis.

(8) Upon receipt of the review board order, the department shall promptly undertake the action directed by the review board, provided that all other provisions of this chapter have been complied with.

SECTION 14. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) In order to prevent the waste of coalbed methane or to protect the correlative rights of the owners of coalbed methane, the review board on its own motion or upon application of an operator of a coalbed methane well or owner of coalbed methane shall have the power to establish or modify drilling units, establish or modify field rules, or unitize coalbed methane wells, pools or fields. Drilling units, to the extent reasonably possible, shall be of uniform shape and size for an entire pool or field. Any operator of a coalbed methane well or owner of coalbed methane may apply to the review board for the creation or modification of drilling units, the establishment or modification of field rules for a pool or field, and the unitization of any coalbed methane wells, pools, or fields.

(2) With respect to any request for the creation or modification of drilling units, establishment or modification of field rules for the pool or field, and the unitization of any coalbed methane wells, pools, or fields, the review board shall grant or deny the request and issue an order consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors that it considers applicable in the particular proceedings:

(a) The area which may be drained efficiently and economically by the proposed coalbed methane well or wells and the spacing requirements of Section 15 of this Act;

(b) The plan of development for the coal, that drilling units conform to mine development plans, and the need for proper ventilation of any mines or degasification of any affected coal seams;

(c) The nature and character of any coal seam or seams which will be affected by the coalbed methane well or wells;

(d) The surface topography and mineral boundaries of the lands underlaid by the coal seams to be included in the unit;

(e) Evidence relevant to the proper boundary of the drilling unit;

(f) The nature and extent of ownership of each coalbed methane owner or claimant and whether conflicting claims exist;

(g) Whether the applicant for the drilling unit proposes to be the operator of the coalbed methane well within the drilling unit; and if so, whether the applicant has a lease or other agreement from the owners or claimants of a majority interest in the proposed drilling unit;

(h) Whether a disagreement exists among the coalbed methane owners or claimants over the designation of the operator for any coalbed methane well within the drilling unit; and if so, relevant evidence to determine which operator can properly and efficiently develop the coalbed methane within the drilling unit for the benefit of the majority of the coalbed methane owners;

(i) If more than one person is interested in operating a coalbed methane well within the drilling unit, the estimated cost of submitting by each such person for drilling, completing, operating and marketing the coalbed methane from any proposed coalbed methane well or wells;

(j) Any other available geological or scientific data pertaining to the pool which is proposed to be developed;

(k) The correlative rights of the operators and owners of coalbed methane, so that each operator and owner may obtain his or her just and equitable share of production from the coalbed methane; and

(l) Any other factor the review board determines should be considered consistent with KRS Chapters 350 and 352, and this chapter.

(3) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether to establish or modify a drilling unit, establish or modify field rules or establish or modify the unitization of coalbed methane wells, pools or fields. The review board shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (2) of this section and based thereon shall issue and file with the department a written order:

(a) Establishing or modifying a drilling unit, field rules or unitizing coalbed methane wells, pools or fields;

(b) Refusing to establish or modify a drilling unit, field rules or unitization of coalbed methane wells, pools or fields; or

(c) Attaching certain conditions to the establishment or modification of a drilling unit, field rules, or unitization of coalbed methane wells, pools or fields.

(4) In establishing or modifying a drilling unit for coalbed methane wells, and in order to accommodate the unique characteristics of coalbed methane development, the review board may require that drilling units conform to the mine development plan, if any. If requested by the coal interest holder, well locations and spacing shall correspond with mine operations, including the drilling of multiple coalbed methane wells on the same surface location of each drilling unit.

(5) If an order to establish or modify a drilling unit, field rules or unitization of coalbed methane wells, pools or fields will allow a coalbed methane well to be drilled into or through a workable coalbed, any coal interest holder and any record oil and gas lessor and lessee within the area to be covered by the drilling unit, field rules or unitization of coalbed methane wells, pools or fields may object to the establishment or modification of the drilling unit, field rules or unitization of coalbed methane wells, pools or fields.

(6) The review board may continue a hearing to allow for further investigation and the gathering and taking of additional data and evidence. If at any time during a hearing there is not sufficient evidence for the review board to determine field boundaries, or drilling unit size or shape, the review board may enter a temporary order establishing provisional drilling units, and field boundaries for the orderly development of the pool or field, pending receipt of the information necessary to determine the ultimate pool or field boundaries, and spacing of wells for the pool or field. Upon additional findings of fact, the boundaries of a pool or field and drilling units for the pool or field may be modified by the review board.

(7) Unless otherwise provided for by the review board, after an application for a hearing to establish or modify drilling units or pool boundaries has been filed, no additional wells shall be permitted in the pool or field until the review board's order establishing or modifying the pool or field or unit has been entered.

(8) After the review board issues a field or pool spacing order which creates drilling units or a pattern of drilling units for a pool or field, should an operator or owner of coalbed methane apply for a permit or otherwise indicate a desire to drill a coalbed methane well outside of such drilling units or pattern of drilling units and thereby potentially extend the pool or field, the review board may, on its own motion or the motion of any interested person, require that the coalbed methane well be located and drilled in compliance with the provisions of the order affecting the pool or field.

SECTION 15. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

Except as provided in Section 14 of this Act, or pursuant to voluntary pooling, no permit shall be issued for a coalbed methane well unless the proposed location of a vertical well shall be at least seven hundred fifty (750) feet horizontally from the nearest mineral boundary upon which the well is to be drilled and the proposed location shall be at least one thousand five hundred (1,500) feet horizontally from the nearest coalbed methane well, unless the department orders that a different spacing distance shall apply. Spacing distances for coalbed methane horizontal wells shall be separately established by the department pursuant to this subchapter.

SECTION 16. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Whenever an applicant proposes to drill, deepen, convert, or reopen a well for purposes of production of coalbed methane and the ownership of the right to produce coalbed methane is in dispute, the department shall refer the application to the review board for its consideration and the issuance of appropriate pooling orders, if any, in accordance with Section 17 of this Act. Upon the issuance of a pooling order by the review board, and if all other provisions of this chapter are complied with the department shall issue a permit to drill, deepen, convert, or reopen the well and require the development and operation of all pooled tracts and interests as a single leasehold estate in accordance with the pooling order.

(2) No pooling as permitted by this section shall be ordered except:

(a) When an application has been filed to drill, deepen, or reopen a well within the distance limitations prescribed in Section 15 of this Act; or

(b) A request for pooling has been made pursuant to this section or Section 17 of this Act.

(3) No pooling, as permitted by this section, shall be ordered with respect to any tract or portion thereof upon which a well is drilled, deepened, or converted or reopened:

(a) Unless the pooling was requested prior to the commencement of the drilling, deepening, converting, or reopening of the coalbed methane well; and

(b) Unless the request, if made by the owner of an operating interest who elects to participate in the risk and cost of the drilling, deepening, converting, or reopening of the coalbed methane well, is accompanied by a bond or other security satisfactory to and in an amount set by the review board for the payment of such owner's share of the cost of drilling, deepening, converting, or reopening the well.

(4) Production from any well which is ordered pooled pursuant to this section shall be deemed for all purposes to have been so produced from each tract or portion thereof included in the pool in proportion to the amounts established in the pooling order.

SECTION 17. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The person requesting a pooling order shall provide to the department a list of all persons reasonably known to own an oil or gas interest and all coal interest holders, in any tract upon which the coalbed methane well will be located from the surface to a depth of one hundred (100) feet below the base of the deepest coal seam to be penetrated. A pooling order shall be made only after the department provides notice to all persons reasonably known to own an oil or gas interest and all coal interest holders in any tract upon which the well will be located and any tract or portion thereof proposed to be pooled in any drilling unit, from the surface to a depth of one hundred (100) feet below the base of the deepest coal seam to be penetrated, after a hearing has been held. After filing an application for a pooling order under subsection (1) of Section 16 of this Act, where unknown or nonlocatable owners exist, or at the request of the permit applicant or person requesting a pooling order, the permit applicant shall publish, at least twenty (20) days prior to the hearing on the application for the pooling order, one (1) notice in the newspaper of the largest circulation in each county in which any tract, or portion thereof, proposed to be pooled is located. The notice shall:

(a) State that an application for a pooling order is being filed with the review board;

(b) Describe any tract, or portion thereof, proposed to be pooled;

(c) In the case of an unknown owner, identify the name of the last known owner;

(d) In the case of a nonlocatable owner, identify the owner and the owner's last known address; and

(e) State that any party claiming an interest in any tract, or portion thereof, proposed to be pooled should contact the permit applicant at the published address and provide a copy of the notification to the review board within twenty (20) days of the date of the publication.

(2) The review board shall grant or deny the request for a pooling order and issue an order consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors that it considers applicable in the particular proceeding:

(a) The area which may be drained efficiently and economically by the proposed coalbed methane well or wells and the spacing requirements of Section 15 of this Act;

(b) The plan of development of the coal and the need for proper ventilation of any mines or degasification of any affected coal seams;

(c) The nature and character of any coal seam or seams which will be affected by the proposed coalbed methane well or wells;

(d) The surface topography and mineral boundaries of the lands underlaid by the coal seams to be included in the unit;

(e) Evidence relevant to the proper boundary of the drilling unit;

(f) The nature and extent of ownership of each coalbed methane owner or claimant and whether conflicting claims exist;

(g) Whether the applicant for the drilling unit proposes to be the operator of the coalbed methane well or wells within the drilling unit; and if so, whether the applicant has a lease or other agreement from the owners or claimants of a majority interest in the proposed drilling unit;

(h) Whether a disagreement exists among the coalbed methane owners or claimants over the designation of the operator for any coalbed methane wells within the unit, and if so, relevant evidence to determine which operator can properly and efficiently develop the coalbed methane within the unit for the benefit of the majority of the coalbed methane owners;

(i) If more than one person is interested in operating a coalbed methane well within the unit, the estimated cost submitted by each such person for drilling, completing, operating, and marketing the coalbed methane from any proposed coalbed methane well or wells;

(j) Any other available geological or scientific data pertaining to the pool which is proposed to be developed;

(k) The correlative rights of the operators and owners of the coalbed methane, so that each operator and owner may obtain his or her just and equitable share of production from the coalbed methane; and

(l) Any other factor the review board determines should be considered consistent with KRS Chapters 350 and 352 and this chapter.

(3) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether to grant a pooling order, and shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (2) of this section and based thereon shall issue and file with the department a written order granting the pooling order with any applicable conditions or denying the pooling order.

(4) A pooling order shall authorize the drilling, deepening, or reopening, and the operation of a well for the production of coalbed methane on the tracts or portions thereof pooled; shall designate the operator to drill and operate the well; shall prescribe the time and manner in which all owners of working interests in the pooled tracts or portions thereof may elect to participate therein; shall provide that all reasonable costs and expenses of drilling, deepening, converting or reopening, and the completing, operating, plugging, and abandoning the well shall be borne, and all production from the well shall be shared, by all owners of working interests in proportion to the net mineral acres in the pooled

tracts owned or under lease to each owner; and shall make provision for the payment of the reasonable and actual cost thereof, including a reasonable charge for supervision, by all those who elect to participate therein.

(5) A pooling order shall establish a procedure for the owner who claims a working interest and who does not decide to become a participating working interest owner to elect to either:

(a) Surrender, by means of sale or lease, the interest to a participating working interest owner on a reasonable basis and for a reasonable consideration, which if not agreed upon shall be one-eighth (1/8) of the production attributable to the well; or

(b) Share in the operation of the well as a nonparticipating working interest owner on a carried basis after the proceeds allocable to his or her share equal to two hundred percent (200%) of the share of the costs allocable to his or her interest.

(6) A coalbed methane owner or claimant whose identity and location remain unknown at the conclusion of the hearing concerning the entry of a pooling order for which public notice was given and whose interest is pooled pursuant to subsection (1) of Section 16 of this Act shall be deemed to have elected to lease the interest to the coalbed methane operator, exclusive of one-eighth (1/8) of the production attributable to the unleased interest, and shall not be entitled to make the election established in subsection (5) of this section.

(7) Except as provided in this section, a coalbed methane owner who does not make an election under the pooling order within thirty (30) days of the entry of the order shall be deemed to have leased the coalbed methane interest to the coalbed methane well operator in the manner established in subsection (6) of this section.

(8) A person whose interest is subject to a coalbed methane lease or other agreement which grants to another the right to operate or conduct operations shall not own an operating interest for the purposes of this section.

(9) A certified copy of any pooling order entered under this section shall be entitled to be recorded in the office of the county clerk of the county or counties in which all or any portion of the pooled tract is located, and the record of the order, from the time of lodging the order for record, shall be notice of the order to all persons.

(10) Each pooling order for a coalbed methane well issued pursuant to subsection (1) of Section 16 of this Act shall provide for the establishment of an interest-bearing escrow account to be maintained by the department. The escrow account shall receive deposits and hold payment for costs and proceeds attributable to the conflicting interests as follows:

(a) Each participating working interest owner, except for the unit operator, shall deposit in the escrow account the owner's proportionate share of the costs allocable to the ownership interest claimed by each participating working interest owner as set forth in the pooling order; and

(b) The unit operator shall collect all proceeds from the sale or use of coalbed methane and deposit in the escrow account all proceeds attributable to the conflicting interests of lessors, lessees, or royalty owners and all proceeds in excess of the recovery of all capital costs and expenses and all ongoing operational expenses including reasonable overhead costs and operating fees attributable to conflicting working interests.

(11) The department shall order payment of principal and accrued interest from the escrow account to all legally entitled entities within thirty (30) days of receipt by the department of notification of the final legal determination of entitlement or upon agreement of all entities claiming an ownership interest in the coalbed methane. Upon the department's final determination:

(a) Each legally entitled participating working interest owner shall receive a proportionate share of the proceeds attributable to the conflicting ownership interest;

(b) Each legally entitled nonparticipating working interest owner shall receive a proportionate share of the proceeds attributable to the conflicting ownership interest, less the cost of being carried as a nonparticipating working interest owner as determined by the election of the person under the applicable pooling order;

(c) Each person leasing or deemed to have leased its coalbed methane ownership interest to the unit operator shall receive a share of the royalty proceeds as set out in the applicable pooling order attributable to the conflicting interests of the lessees;

(d) The unit operator shall receive the costs contributed to the escrow account by each legally entitled participating working interest owner, but only to the extent that the costs and expenses described in subsection (10)(b) of this section have not been recouped from production proceeds;

(e) Each participating working interest owner who is determined not to hold an ownership interest shall receive a refund of all amounts placed in escrow pursuant to subsection (10)(a) of this section plus interest earned thereon; and

(f) All amounts remaining in escrow, after distribution of amounts described in paragraphs (a), (b), (c), (d), and (e) of this subsection, shall be distributed to the legally entitled participating working interest owners in proportion to their interests.

SECTION 18. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Any person aggrieved by any order issued by the review board under this chapter shall have the right to bring a civil action for review of the order by filing a complaint in the Circuit Court of the county in which the premises or any

portion thereof is located as established by the order, or in Franklin Circuit Court.

(2) The civil action shall be brought within thirty (30) days after the order is issued, and in the event no civil action is filed within the thirty (30) day period, the order shall be final.

(3) In any civil action the burden of proof shall be upon the party challenging the order. The order shall be deemed prima facie valid. Any party to the civil action may offer evidence for any part of the record of the hearing which resulted in the order, and any other relevant evidence.

(4) In any civil action no new evidence may be introduced, except as to fraud or misconduct of some person engaged in the hearing before the review board. New evidence may be introduced if, upon motion and for good cause shown, the court determines that the interest of justice will be better served by the introduction of new evidence. The court, sitting without a jury, shall hear the cause upon the record before it. The court shall dispose of the civil action in a summary manner, being limited to determining whether or not: the review board acted without or in excess of its powers; the order was procured by fraud; the order is not in conformity with the provisions of this chapter; the order is clearly erroneous on the basis of reliable, probative, and material evidence contained in the whole record; the order is arbitrary, capricious, characterized by abuse of discretion, or clearly unwarranted exercise of discretion. The court shall enter its findings in the order book as a judgment of the court, and the judgment shall have the effect and be enforceable the same as any other judgment of the court in civil cases.

(5) The practice, pleading, and proceedings in the civil action shall be in accordance with the Rules of Civil Procedure.

(6) During the pendency of the civil action, the court may stay the order until it shall enter its decree. The court shall have jurisdiction to enter a decree affirming or setting aside the order, or remand the cause with directions to modify the order to conform to the provisions of this chapter. Appeals may be taken by any party to the suit in the same manner and to the same extent as in other civil actions.

SECTION 19. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) A coalbed methane well penetrating one (1) or more workable coalbeds shall be drilled in a manner that will exclude, if practicable, all coalbed methane or coalbed methane pressure from the workable coalbed, except as is found in the workable coalbed itself. Each string of casing that is run through a workable coalbed shall be seated at least thirty (30) feet below the workable coalbed in twenty (20) feet of cement, mud, clay, or other nonporous material that will make an effective seal. If a second workable coalbed is found less than thirty (30) feet below the first workable coalbed, the casing shall be seated and mudded off as above provided at least thirty (30) feet below the second workable coalbed. If gas is found between the two (2) workable coalbeds, it shall be treated as prescribed by this chapter. After any such string of casing has been properly seated, drilling may proceed immediately.

(2) When a coalbed methane well is drilled through the horizon of a workable coalbed where the coal has been removed, the hole shall be drilled at least thirty (30) feet below the workable coalbed, and shall be of a size sufficient to permit the placing of a liner, which shall start not less than twenty (20) feet beneath the horizon of the workable coalbed and extend not less than twenty (20) feet above it. The largest sized casing to be used in the well shall be centrally placed within this liner. The liner may be welded to the casing to be used, and the space between the liner and the casing shall be filled with cement as the liner and casing are lowered into the hole. Cement shall be placed in the bottom of the hole to a depth of twenty (20) feet to form a sealed seat for both liner and casing. Following the setting of the liner, drilling may proceed. If it is necessary to drill through the horizon of two (2) or more workable coalbeds where the coal has been removed, the liner shall be started not less than twenty (20) feet below the lowest horizon penetrated and shall extend to a point not less than twenty (20) feet above the highest horizon penetrated.

SECTION 20. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

If any coalbed methane well produces coalbed methane, all coal-protecting strings of casing shall remain in place during the life of the well. The top ends of all the strings shall be provided with casing heads or other suitable devices that will allow the free passage of coalbed methane and prevent filling the annular spaces outside the casing with dirt or debris.

SECTION 21. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) No person shall abandon or remove casings from any coalbed methane well, either dry or producing, without first plugging the well in a secure manner approved by the department and consistent with administrative regulations. Upon the department's plugging of an abandoned coalbed methane well in accordance with the requirements of this subsection, the department may sell all equipment removed from that well by sealed bid, or may include the equipment as part of compensation in the contract for the plugging of the well. Proceeds from the sale shall be deposited into the coalbed methane well plugging fund, established in subsection (3) of Section 24 of this Act.

(2) Not less than thirty (30) days before advertising for bids for the plugging of coalbed methane wells, the department shall publish, in a newspaper of general circulation, and in locally published newspapers serving the areas in which the wells proposed for plugging are located, notices of all wells on which there is salvageable equipment, described as to farm name, Carter Coordinate, and state plane coordinate location, for which the department intends to seek bids for plugging. If a person other than the operator claims an interest in the equipment of a well proposed for plugging, the person shall provide documentation of that interest to the department within thirty (30) days of the date of publication of the notice of the department's intent to plug a well. Prior to the department's advertising of bids for the plugging of a well, the department shall release the well's equipment to the person deemed to have an interest in that

equipment. It shall be the duty of the interest holder to remove the equipment before the well is plugged. If documentation as to an asserted interest is not provided to the department in the manner described in this subsection or if a person deemed to be an interest holder fails to remove the equipment before a well is plugged, the department may sell or otherwise dispose of the equipment in accordance with this section.

(3) If a person fails to comply with subsection (1) of this section, any person lawfully in possession of land adjacent to the coalbed methane well or the department may enter on the land upon which the well is located and plug the well in the manner provided in subsection (1) of this section, and may maintain a civil action against the owner or person abandoning the well, jointly or severally, to recover the cost of plugging the well. This subsection shall not apply to persons owning the land on which the well is situated, and drilled by other persons.

SECTION 22. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The department shall exercise supervision over the drilling, casing, plugging, and filling of all coalbed methane wells. The department shall exercise supervision over all mining operations in close proximity to any well. The department shall have access to the records and properties of coal, oil, gas and coalbed methane operators when necessary.

(2) The department may receive, or may file on its own motion, formal complaints that drilling or mining operations are being conducted contrary to the provisions of this chapter or to the order of the department or review board, and shall hold administrative hearings on the complaints, in accordance with KRS Chapter 13B. Following a hearing, the department shall issue a final order necessary to secure the proper administration of this chapter.

SECTION 23. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The department is hereby authorized to adopt all rules, administrative regulations, and amendments to implement the provisions of this chapter. All rules, administrative regulations, and amendments promulgated under this chapter shall be promulgated by the department after notice and a hearing. At all hearings held to consider any rules, administrative regulations, or amendments thereto, any interested person shall be entitled to be heard.

(2) All hearings shall be held at a time and place as is specified by the department according to rules and regulations promulgated under this chapter. A written record of each hearing shall be kept; however, if not at variance with KRS 61.870 to 61.884, the keeping of a record may be waived by all parties who participate therein. All interested persons shall be entitled to be heard at all hearings conducted under this chapter.

(3) Operators shall submit annual production information for each coalbed methane well on a form prescribed by the department.

SECTION 24. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) When any person submits to the department an application for a permit to drill a coalbed methane well, or to reopen, deepen, or temporarily abandon any coalbed methane well which is not covered by a surety bond, the department shall, except as provided in this section, require from the well operator a bond in the sum of five thousand dollars ($5,000). The bonds shall be made in favor of the Department of Natural Resources, conditioned that the wells upon abandonment shall be plugged in accordance with the administrative regulations and that all records required by the department be filed as specified. All bonds shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of the bond may file with the department a blanket bond in a sum of one hundred thousand dollars ($100,000), covering all coalbed methane wells drilled or to be drilled in the Commonwealth by the principal in the bond, and the acceptance and approval by the department of the blanket bond shall be in full compliance with the above provision requiring an individual well bond. A deposit in cash or a bank-issued irrevocable letter of credit may serve in lieu of either of the individual well or blanket bonds. A certificate of deposit, the principal of which is pledged in lieu of a bond and whose interest is payable to the party making the pledge, may also be accepted by the department. If an operator is required to post individual well bonds exceeding a total of five thousand dollars ($5,000) or elects to post a blanket bond, the certificate of deposit shall be accepted by the department in lieu of that portion of the amount of the bonds exceeding five thousand dollars ($5,000). A deposit in cash shall serve in lieu of either of the above bonds; all cash bonds accepted by the department shall be deposited into an interest-bearing account, with the interest thereon payable to the special agency account known as the coalbed methane well plugging fund, created in subsection (3) of this section, to be used in accordance with the purposes described therein.

Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

The Cabinet for Economic Development shall determine whether the development area described in the application constitutes a project of the type described in this section. The Cabinet for Economic Development, upon its determination, shall assign the application to the economic development authority or the tourism development authority, as appropriate, for further consideration and approval.

(2) A development area for purposes of infrastructure development shall:

(b) Each project for which an application has been submitted to be located in the development area for infrastructure development, provided that each project approved for location in the development area for infrastructure development meets the criteria necessary in order to qualify for inducements under subchapters 22, 24, or 28 of KRS Chapter 154, or satisfies the requirements of a tourism development attraction defined under KRS 148.851;

The agency shall then present the total increment due from the Commonwealth under the grant contract to the Revenue Cabinet for certification.

1. Upon notice from the agency, each taxing district obligated under the grant contract, other than the Commonwealth, shall release to the agency the respective portion of the total increment due under the grant contract. The agency shall certify to the Revenue Cabinet on a calendar year basis the amount of the increment collected.

The Cabinet for Economic Development, upon its determination, shall assign the application to the economic development authority or the tourism development authority, as appropriate, for further consideration and approval.

2. The estimated amount of increment the development area is expected to generate over a twenty (20) year period from the projected activation date;

3. The estimated amount of ad valorem taxes, other than the school or fire district portion of ad valorem taxes, from real property, Kentucky individual income tax, Kentucky sales and use taxes, local insurance premium taxes, occupational license fees, or other such state taxes which would be displaced within the Commonwealth, to reflect economic activity which is being shifted over the twenty (20) year period;

4. The estimated increment the development area is expected to generate over the twenty (20) year period, equal to the estimated amount set forth in paragraph (a)2. of this subsection minus the estimated amount set forth in paragraph (a)3. of this subsection; and

5. The project or development area will not occur if not for the designation of the development area and granting of increments by the Commonwealth to the development area.

(b) The independent consultant shall consult with the economic development authority or the tourism development authority, as appropriate, the Office of State Budget Director, the Finance and Administration Cabinet, and the Revenue Cabinet in the development of the report. The Office of State Budget Director, the Finance and Administration Cabinet, and the Revenue Cabinet shall agree as to methodology to be used and assumptions to be made by the independent consultant in preparing its report. On the basis of the independent consultant's report and prior to any approval of a project by the economic development authority or the tourism development authority, as appropriate, the Office of State Budget Director, the Finance and Administration Cabinet, and the Revenue Cabinet shall certify whether there is a projected net positive economic impact to the Commonwealth and the expected amount of incremental state revenues from the project to the economic development authority or tourism development authority, as appropriate. Approval shall not be granted if it is determined that there is no projected net positive economic impact to the Commonwealth.

(c) The primary project entity shall pay all costs associated with the independent consultant's report.

(4) With respect to each city, county, or agency that applies for approval of a project and development area, the economic development authority or the tourism development authority, as appropriate, shall request materials and make all inquiries concerning the application the economic development authority or the tourism development authority, as appropriate, deems necessary. Upon review of the application and requested materials, and completion of inquiries, the economic development authority or the tourism development authority, as appropriate, may by resolution grant approval for:

(a) The development area and project for which an application has been submitted;

(b) The percentage of the Commonwealth's portion of the increment that the Commonwealth agrees to have distributed to the agency each year during the term of the grant contract;

(c) The maximum amount of costs for the project for which the increment may be distributed to the agency; and

(d) The grant contract.

(5) Prior to any approval by the economic development authority or the tourism development authority, as appropriate, the economic development authority or the tourism development authority shall have received an ordinance adopted by the city or county creating the development area and approving the project and establishing the percentage of increment that the city and county are distributing each year to the agency to pay for the development area for which economic development authority or tourism development authority approval is sought. The economic development authority or the tourism development authority, as appropriate, shall not approve a percentage of the Commonwealth's portion of the increment to be distributed to the agency each year with respect to a development area and project greater than the percentage approved by the city or county creating the development area.

(6) The amount of increment available for a development area shall be no more than eighty percent (80%) per year, but shall in no case exceed twenty-five percent (25%) of the project costs during the term of the grant agreement.

(7) The terms and conditions of each grant contract are subject to negotiations between the economic development authority or the tourism development authority, as appropriate, and the other parties to the grant contract. The grant contract shall include but not be limited to the following provisions: the activation date, the agreed taxes to be included in the calculation of the increment, the percentage increment to be contributed by the Commonwealth and other taxing districts, the maximum amount of project costs, a description of the development area and the project, the termination date, and the requirement that the agency annually certify to the economic development authority or tourism development authority, as appropriate, as to the use of the increment for payment of project costs in the development area.

(8) The agency responsible for the development area that enters into the grant contract shall, after each year the grant contract is in effect, certify to the economic development authority or the tourism development authority, as appropriate:

(a) The amount of the increment used during the previous calendar year for the project costs; and

(b) That more than twenty-five percent (25%) of the total revenues derived from the project during the previous calendar year were attributable to sources outside the Commonwealth.

(9) (a) Any agency that enters into a grant contract for the release of any increments that may arise during the period of a grant contract shall, after each calendar year a grant contract is in effect, notify each taxing district obligated under the grant contract that an increment is due. In consultation with each taxing district, the agency shall determine the respective portion of the total increment due from each taxing district, and the determination of the agency shall be reviewed by an independent certified public accountant. The agency shall submit to the Revenue Cabinet for certification its determination with respect to the total increment due together with the review of the certified public accountant and detailed information concerning ad valorem taxes, Kentucky individual income tax, Kentucky sales and use taxes, local insurance premium taxes, occupational license fees, and other such state taxes as may be determined by the Revenue Cabinet, including withholding taxes of employees of each taxpayer located in the development area.

1. Upon notification to the agency of the total increment by the Revenue Cabinet and notice from the agency, each taxing district obligated under the grant contract, other than the Commonwealth, shall release to the agency the respective portion of the total increment due under the grant contract. The agency shall certify to the Revenue Cabinet on a calendar year basis the amount of the increments collected.

2. Upon certification of the total increment due from the Commonwealth by the Revenue Cabinet, the Cabinet is authorized and directed to transfer the increment to a tax increment financing account established and administered by the Finance and Administration Cabinet for payment of the Commonwealth's portion of the increment. Prior to disbursement by the Finance and Administration Cabinet of the funds from the tax increment financing account, the economic development authority or the tourism development authority, as appropriate, shall notify the Finance and Administration Cabinet that the agency is in compliance with the terms of the grant contract. Upon notification, the Finance and Administration Cabinet is authorized and directed to release to the agency the Commonwealth's portion of the total increment due under the grant contract.

(b) The Revenue Cabinet shall report to the economic development authority or the tourism development authority, as appropriate, on a calendar year basis the amount of the total increment released to an agency.

(10) The Revenue Cabinet shall have the authority to establish operating procedures for the administration and determination of the Commonwealth's increment.

(11) The Revenue Cabinet or agency shall have no obligation to refund or otherwise return any of the increment to the taxpayer from whom the increment arose or is attributable. Further, no additional increment resulting from audit, amended returns or other activity for any period shall be transferred to the trust account established under subsection (9)(a)2. of this section and administered by the Finance and Administration Cabinet after the initial release to the agency of the Commonwealth's increment for that period.

The sales tax refund shall accrue over the term of the agreement in an annual amount equal to two and one-half percent (2.5%) of the approved cost. Notwithstanding the foregoing two and one-half percent (2.5%) limitation, any unused inducements as set forth in KRS 148.851(9) from a previous year may be carried forward to any succeeding year during the term of the agreement until the entire twenty-five percent (25%) of the approved costs have been received through sales tax refunds. WHEREAS, according to the Kentucky Public Employee Health Insurance Program Annual Report, 68% of large employers self-fund a PPO plan for their employees; and

WHEREAS, a self-funded program typically has more design flexibility which may result in more consistency in the benefit options offered to plan participants in different geographic areas of the Commonwealth; and

WHEREAS, under a self-funded arrangement the Commonwealth could consolidate its risk pool and have increased flexibility in allocating its health care program's costs;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

SECTION 2. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) In allocating receipts and disbursements to or between principal and income, and with respect to any matter within the scope of Articles 2 and 3 of the Kentucky Principal and Income Act, a fiduciary:

(a) Shall administer a trust or estate in accordance with the terms of the trust or the will, even if there is a different provision in Sections 1 to 27 of this Act;

(b) May administer a trust or estate by the exercise of a discretionary power of administration given to the fiduciary by the terms of the trust or the will, even if the exercise of the power produces a result different from a result required or permitted by Sections 1 to 27 of this Act;

(c) Shall administer a trust or estate in accordance with Sections 1 to 27 of this Act if the terms of the trust or the will do not contain a different provision or do not give the fiduciary a discretionary power of administration; and

(d) Shall add a receipt or charge a disbursement to principal to the extent that neither the terms of the trust nor Sections 1 to 27 of this Act provide a rule for allocating the receipt or disbursement to or between principal and income.

(2) In exercising the power to adjust under subsection (2) or (3) of Section 3 of this Act or a discretionary power of administration regarding a matter within the scope of Sections 1 to 27 of this Act, whether granted by the terms of a trust, a will, or Sections 1 to 27 of this Act, a fiduciary shall administer a trust or estate impartially, based on what is fair and reasonable to all of the beneficiaries, except to the extent that the terms of the trust or the will clearly manifest a contrary intention. Except as provided in this subsection, determination in accordance with Sections 1 to 27 of this Act shall be presumed to be fair and reasonable to all of the beneficiaries.

SECTION 3. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any provision of Kentucky law to the contrary, the trustee of a trust to which by law KRS 287.277 does not apply may elect to have such provisions apply to the administration of the trust with approval of the District Court.

(2) A trustee may adjust between principal and income to the extent the trustee considers necessary if KRS 287.277 applies by law or by election made and approved under subsection (1) of this Act, the terms of the trust describe the amount that may or shall be distributed to a beneficiary by referring to the trust's income, the trustee determines, after applying the rules in subsection (1) of Section 2 of this Act, that the trustee is unable to comply with subsection (2) of Section 2 of this Act and the adjustment, including an adjustment method such as an annual percentage distribution if the percentage is not less than three percent (3%) nor more than five percent (5%) of the fair market value of the trust assets determined annually, is approved by the District Court.

(3) (a) A personal representative may adjust between principal and income in the same manner as a trustee if KRS 287.277 applies to the personal representative by law or if the personal representative elects to have KRS 287.277 apply to the administration of the estate, upon approval of the District Court, which approval may be an adjustment method such as an annual percentage distribution if the percentage is not less than three percent (3%) nor more than five percent (5%) of the fair market value of the trust assets determined annually, and:

1. The amount distributable to a beneficiary of the estate is determined by reference to the income of the estate; and

2. The personal representative determines, and after applying the rules of subsection (1) of Section 2 of this Act, that the personal representative is unable to comply with subsection (2) of Section 2 of this Act.

(4) A fiduciary shall not make an adjustment:

(a) That diminishes the income interest in a trust that requires all of the income to be paid at least annually to a spouse and for which an estate tax or gift tax marital deduction would be allowed, in whole or in part, if the fiduciary did not have the power to make the adjustment;

(b) That reduces the actuarial value of the income interest in a trust to which a person transfers property with the intent to qualify for a gift tax exclusion;

(c) That changes the amount payable to a beneficiary as a fixed annuity or a fixed fraction of the value of the trust assets;

(d) From any amount that is permanently set aside for charitable purposes under a will or the terms of a trust unless both income and principal are so set aside;

(e) If possessing or exercising the power to make an adjustment causes an individual to be treated as the owner of all or part of the trust or estate for income tax purposes, and the individual would not be treated as the owner if the fiduciary did not possess the power to make an adjustment;

(f) If possessing or exercising the power to make an adjustment causes all or part of the trust or estate assets to be included for estate tax purposes in the estate of an individual who has the power to remove a fiduciary, appoint a fiduciary, or both, and the assets would not be included in the estate of the individual if the fiduciary did not possess the power to make an adjustment;

(g) If the fiduciary is a beneficiary of the trust or estate; or

(h) If the fiduciary is not a beneficiary, but the adjustment would benefit the fiduciary directly or indirectly; except that any effect on the fiduciary's compensation shall not preclude an adjustment so long as the fiduciary's fees are reasonable and otherwise comply with the applicable law.

(5) If paragraph (e), (f), (g), or (h) of subsection (4) of this section applies to a fiduciary and there is more than one (1) fiduciary, a cofiduciary to whom the provision shall not apply may make the adjustment unless the exercise of the power by the remaining fiduciary or fiduciaries is not permitted by the terms of the trust.

(6) A fiduciary may release the entire power conferred by subsection (2) or (3) of this section or may release only the power to adjust from income to principal or the power to adjust from principal to income if the fiduciary is uncertain about whether possessing or exercising the power will cause a result described in paragraphs (a) to (f) of subsection (4) of this section or paragraph (h) of subsection (4) of this section, or if the fiduciary determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in subsection (4) of this section. The release may be permanent or for a specified period, including a period measured by the life of an individual. Such release shall require approval of the District Court. Further, with approval of the District Court, a fiduciary may divide a trust into one (1) or more fractional shares if the division does not change the beneficial interests.

(7) Terms of a trust or will that limit the power of a fiduciary to make an adjustment between principal and income do not affect the application of this section unless it is clear from the terms of the trust or will that the terms are intended to deny the fiduciary the power of adjustment conferred by subsection (2) or (3) of this section.

ARTICLE 2

DECEDENT'S ESTATE OR TERMINATING INCOME INTEREST

SECTION 4. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

After a decedent dies, in the case of an estate, or after an income interest in a trust ends, the following rules apply.

(1) A fiduciary of an estate or of a terminating income interest shall determine the amount of net income and net principal receipts received from property specifically given to a beneficiary under the rules in Articles 3, 4, and 5 of the Kentucky Principal and Income Act that apply to trustees and the rules in subsection (5) of this section. The fiduciary shall distribute the net income and net principal receipts to the beneficiary who is to receive the specific property.

(2) A fiduciary shall determine the remaining net income of a decedent's estate or a terminating income interest under the rules in Articles 3, 4, and 5 of the Kentucky Principal and Income Act that apply to trustees and by:

(a) Including in net income all income from property used to discharge liabilities;

(b) Paying from income or principal, in the fiduciary's discretion, fees to attorneys, accountants, and fiduciaries; court costs and other expenses of administration; and interest on death taxes, but the fiduciary may pay those expenses from income of property passing to a trust for which the fiduciary claims an estate tax marital or charitable deduction only to the extent that the payment of those expenses from income will not cause the reduction or loss of the deduction; and

(c) Paying from principal all other disbursements made or incurred in connection with the settlement of a decedent's estate or the winding up of a terminating income interest, including debts, funeral expenses, disposition of remains, family allowances, and death taxes and related penalties that are apportioned to the estate or terminating income interest by the will, the terms of the trust, or applicable law.

(3) A fiduciary shall distribute to a beneficiary who receives a pecuniary amount outright the interest or any other amount provided by the will, the terms of the trust, or applicable law from net income determined under subsection (2) of this section, or from principal to the extent that net income is insufficient. If a beneficiary is to receive a pecuniary amount outright from a trust after an income interest ends and no interest or other amount is provided for by the terms of the trust or applicable law, the fiduciary shall distribute the interest or other amount to which the beneficiary would be entitled under applicable law if the pecuniary amount were required to be paid under a will.

(4) A fiduciary shall distribute the net income remaining after distributions required by subsection (3) of this section in the manner described in Section 5 of this Act to all other beneficiaries, including a beneficiary who receives a pecuniary amount in trust, even if the beneficiary holds an unqualified power to withdraw assets from the trust or other presently exercisable general power of appointment over the trust.

(5) A fiduciary shall not reduce principal or income receipts from property described in subsection (1) of this section because of a payment described in Section 21 of this Act to the extent that the will, the terms of the trust, or applicable law requires the fiduciary to make the payment from assets other than the property or to the extent that the fiduciary recovers or expects to recover the payment from a third party. The net income and principal receipts from the property are determined by including all of the amounts the fiduciary receives or pays with respect to the property, whether those amounts accrued or became due before, on, or after the date of a decedent's death or an income interest's terminating event, and by making a reasonable provision for amounts that the fiduciary believes the estate or terminating income interest may become obligated to pay after the property is distributed.

SECTION 5. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) Each beneficiary described in subsection (4) of Section 4 of this Act is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in undistributed principal assets, using values as of the distribution date. If a fiduciary makes more than one (1) distribution of assets to beneficiaries to whom this section applies, each beneficiary, including one (1) who shall not receive part of the distribution, is entitled, as of each distribution date, to the net income the fiduciary has received after the date of the death or terminating event or earlier distribution date but has not distributed as of the current distribution date.

(2) In determining a beneficiary's share of net income, the following rules apply.

(a) The beneficiary is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in the undistributed principal assets immediately before the distribution date, including assets that later may be sold to meet principal obligations.

(b) The beneficiary's fractional interest in the undistributed principal assets shall be calculated without regard to property specifically given to a beneficiary and property required to pay pecuniary amounts not in trust.

(c) The beneficiary's fractional interest in the undistributed principal assets shall be calculated on the basis of the aggregate value of those assets as of the distribution date without reducing the value by an unpaid principal obligation.

(d) The distribution date for purposes of this section may be the date as of which the fiduciary calculates the value of the assets if that date is reasonably near the date on which assets are actually distributed.

(3) If a fiduciary does not distribute all of the collected but undistributed net income to each person as of a distribution date, the fiduciary shall maintain appropriate records showing the interest of each beneficiary in that net income.

(4) A fiduciary may apply the rules in this section, to the extent that the fiduciary considers it appropriate, to net gain or loss realized after the date of death or terminating event or earlier distribution date from the disposition of a principal asset if this section applies to the income from the asset.

ARTICLE 3

APPORTIONMENT AT BEGINNING AND END OF INCOME INTEREST

SECTION 6. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) An income beneficiary is entitled to net income from the date on which the income interest begins. An income interest begins on the date specified in the terms of the trust or, if no date is specified, on the date an asset becomes subject to a

trust or successive income interest.

(2) An asset becomes subject to a trust:

(a) On the date it is transferred to the trust in the case of an asset that is transferred to a trust during the transferor's life;

(b) On the date of a testator's death in the case of an asset that becomes subject to a trust by reason of a will, even if there is an intervening period of administration of the testator's estate; or

(c) On the date of an individual's death in the case of an asset that is transferred to a fiduciary by a third party because of the individual's death.

(3) An asset becomes subject to a successive income interest on the day after the preceding income interest ends, as determined under subjection (4) of this section, even if there is an intervening period of administration to wind up the preceding income interest.

(4) An income interest ends on the day before an income beneficiary dies or another terminating event occurs, or on the last day of a period during which there is no beneficiary to whom a trustee may distribute income.

SECTION 7. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) A trustee shall allocate an income receipt or disbursement other than one to which subsection (1) of Section 4 of this Act applies to principal if its due date occurs before a decedent dies in the case of an estate or before an income interest begins in the case of a trust or successive income interest.

(2) A trustee shall allocate an income receipt or disbursement to income if its due date occurs on or after the date on which a decedent dies or an income interest begins and it is a periodic due date. An income receipt or disbursement shall be treated as accruing from day to day if its due date is not periodic or it has no due date. The portion of the receipt or disbursement accruing before the date on which a decedent dies or an income interest begins shall be allocated to principal and the balance shall be allocated to income.

(3) An item of income or an obligation is due on the date the payer is required to make a payment. If a payment date is not stated, there is no due date for the purposes of Sections 1 to 27 of this Act. Distributions to shareholders or other owners from an entity to which Section 9 of this Act applies are deemed to be due on the date fixed by the entity for determining who is entitled to receive the distribution or, if no date is fixed, on the declaration date for the distribution. A due date is periodic for receipts or disbursements that shall be paid at regular intervals under a lease or an obligation to pay interest or if an entity customarily makes distributions at regular intervals.

SECTION 8. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) In this section, "undistributed income" means net income received before the date on which an income interest ends. The term shall not include an item of income or expense that is due or accrued or net income that has been added or is required to be added to principal under the terms of the trust.

(2) When a mandatory income interest ends, the trustee shall pay to a mandatory income beneficiary who survives that date, or the estate of a deceased mandatory income beneficiary whose death causes the interest to end, the beneficiary's share of the undistributed income that is not disposed of under the terms of the trust unless the beneficiary has an unqualified power to revoke more than five percent (5%) of the trust immediately before the income interest ends. In the latter case, the undistributed income from the portion of the trust that may be revoked shall be added to principal.

(3) When a trustee's obligation to pay a fixed annuity or a fixed fraction of the value of the trust's assets ends, the trustee shall prorate the final payment if and to the extent required by applicable law to accomplish a purpose of the trust or its settlor relating to income, gift, estate, or other tax requirements. The settlor may change the charitable beneficiary of a trust by Will or through written notice to trustee, or may decline to make a change in like manner, so long as the change does not alter the income, gift, estate, or other tax benefits available under the terms of the trust.

ARTICLE 4

ALLOCATION OF RECEIPTS DURING ADMINISTRATION OF TRUST

SECTION 9. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) In this section, "entity" means a corporation, partnership, limited liability company, regulated investment company, real estate investment trust, common trust fund, or any other organization in which a trustee has an interest other than a trust or estate to which Section 10 of this Act applies.

(2) Except as otherwise provided in this section, a trustee shall allocate to income money received from an entity.

(3) A trustee shall allocate the following receipts from an entity to principal:

(a) Property other than money;

(b) Money received in one (1) distribution or a series of related distributions in exchange for part or all of a trust's interest in the entity;

(c) Money received in total or partial liquidation of the entity; and

(d) Money received from an entity that is a regulated investment company or a real estate investment trust, if the

money distributed is a capital gain dividend for federal income tax purposes.

(4) Money is received in partial liquidation:

  (a) To extent that the entity, at or near the time of a distribution, indicates that it is a distribution in partial liquidation; or

  (b) If the total amount of money and property received in a distribution or series of related distributions is greater than twenty percent (20%) of the entity's gross assets, as shown by the entity's year end financial statements immediately preceding the initial receipt.

(5) Money is not received in partial liquidation, nor may it be taken into account under paragraph (b) of subsection (4) of this section to the extent that it does not exceed the amount of income that a trustee or beneficiary shall pay on taxable income of the entity that distributes the money.

(6) A trustee may rely upon a statement made by an entity about the source or character of a distribution if the statement is made at or near the time of distribution by the entity's board of directors or other person or group of persons authorized to exercise powers to pay money or transfer property comparable to those of a corporation's board of directors.

SECTION 10. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

A trustee shall allocate to income an amount received as a distribution of income from a trust or an estate in which the trust has an interest other than a purchased interest, and shall allocate to principal an amount received as a distribution of principal from such a trust or estate. If a trustee purchases an interest in a trust that is an investment entity, or a decedent or donor transfers an interest in such a trust to a trustee, Section 9 of this Act applies to a receipt from the trust.

SECTION 11. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

A trustee shall allocate to principal:

(1) To the extent not allocated to income under Sections 1 to 27 of this Act, assets received from a transferor during the transferor's lifetime, a decedent's estate, a trust with a terminating income interest, or a payer under a contract naming the trust or its trustee as beneficiary;

(2) Money or other property received from the sale, exchange, liquidation, or change in form of a principal asset, including stock splits and realized profit, subject to this article;

(3) Amounts recovered from third parties to reimburse the trust because of disbursements described in subsection (1)(g) of Section 22 of this Act or for other reasons to the extent not based on the loss of income;

(4) Proceeds of property taken by eminent domain, but a separate award made for the loss of income with respect to an accounting period during which a current income beneficiary had a mandatory income interest is income;

(5) Net income received in an accounting period during which there is no beneficiary to whom a trustee may or shall distribute income;

(6) If a trustee grants an option to buy property from the trust, whether or not the trust owns the property when the option is granted, grants an option that permits another person to sell property to the trust, or acquires an option to buy property for the trust or an option to sell an asset owned by the trust, and the trustee or other owner of the asset is required to deliver the asset if the option is exercised, an amount received for granting the option shall be allocated to principal. An amount paid to acquire the option shall be paid from principal. A gain or loss realized upon the exercise of an option, including an option granted to a settlor of the trust for services rendered, shall be allocated to principal; and

(7) Other receipts as provided in Sections 15, 16, 17, 18, 19, and 20 of this Act.

SECTION 12. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

To the extent that a trustee accounts for receipts from rental property under this section, the trustee shall allocate to income an amount received as rent of real or personal property, including an amount received for cancellation or renewal of a lease. An amount received as a refundable deposit, including a security deposit or a deposit that is applied as rent for future periods, shall be added to principal and held subject to the terms of the lease and is not available for distribution to a beneficiary until the trustee's contractual obligations have been satisfied with respect to that amount.

SECTION 13. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) An amount received as interest, whether determined at a fixed, variable, or floating rate, on an obligation to pay money to the trustee, including an amount received as consideration for prepaying principal, shall be allocated to income without any provision for amortization of premium.

(2) A trustee shall allocate to principal an amount received from the sale, redemption, or other disposition of an obligation to pay money to the trustee more than one (1) year after it is purchased or acquired by the trustee, including an obligation whose purchase price or value when it is acquired is less than its value at maturity. If the obligation matures within one (1) year after it is purchased or acquired by the trustee, an amount received in excess of its purchase price or its value when acquired by the trust shall be allocated to income.

(3) This section shall not apply to an obligation to which Section 12, 16, 17, 18, or 19 of this Act applies.

SECTION 14. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided in subsection (2) of this section, a trustee shall allocate to principal the proceeds of a life insurance policy or other contract in which the trust or its trustee is named as beneficiary, including a contract that insures the trust or its trustee against loss for damage to, destruction of, or loss of title to a trust asset. The trustee shall allocate dividends on an insurance policy to income if the premiums on the policy are paid from income, and to principal if the premiums are paid from principal.

(2) A trustee shall allocate to income proceeds of a contract that insures the trustee against loss of occupancy or other use by an income beneficiary, loss of income, or loss of profits from a business.

(3) This section shall not apply to a contract to which Section 16 of this Act applies.

SECTION 15. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

If a trustee determines that an allocation between principal and income required by Section 16, 17, 18, or 19 of this Act is unsubstantial, the trustee may allocate the entire amount to principal unless one (1) of the circumstances described in subsection (4) of Section 3 of this Act applies to the allocation. This power may be exercised by a cotrustee in the circumstances described in subsection (4) of Section 3 of this Act and may be released for the reasons and in the manner described in subsection (6) of Section 3 of this Act. An allocation is presumed to be insubstantial if:

(1) The amount of the allocation would increase or decrease net income in an accounting period, as determined before the allocation, by less than ten percent (10%); or

(2) The value of the asset producing the receipt for which the allocation would be made is less than ten percent (10%) of the total value of the trust's assets at the beginning of the accounting period.

SECTION 16. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) In this section, "payment" means a payment that a trustee may receive over a fixed number of years or during the life of one (1) or more individuals because of services rendered or property transferred to the payer in exchange for future payments. The term includes a payment made in money or property from the payer's general assets or from a separate fund created by the payer, including a private or commercial annuity, an individual retirement account, and a pension, profit-sharing, stock-bonus, or stock-ownership plan.

(2) To the extent that a payment is characterized as interest or a dividend or a payment made in lieu of interest or a dividend, a trustee shall allocate it to income. The trustee shall allocate to principal the balance of the payment and any other payment received in the same accounting period that is not characterized as interest, a dividend, or an equivalent payment.

(3) If no part of a payment is characterized as interest, a dividend, or an equivalent payment and all or part of the payment is required to be made, a trustee shall allocate to income ten percent (10%) of the part that is required to be made during the accounting period and the balance to principal. If no part of a payment is required to be made or the payment received is the entire amount to which the trustee is entitled, the trustee shall allocate the entire payment to principal. For purposes of this subsection, a payment is not "required to be made" to the extent that it is made because the trustee exercises a right of withdrawal.

(4) If, to obtain an estate tax marital deduction for a trust, a trustee shall allocate more of a payment to income than provided for by this section, the trustee shall allocate to income the additional amount necessary to obtain the marital deduction.

(5) This section shall not apply to payments to which Section 17 of this Act applies.

SECTION 17. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) In this section, "liquidating asset" means an asset whose value will diminish or terminate because the asset is expected to produce receipts for a period of limited duration. The term includes a leasehold, patent, copyright, royalty right, and right to receive payments during a period of more than one (1) year under an arrangement that shall not provide for the payment of interest on the unpaid balance. The term shall not include an activity subject to Section 11(6) of this Act, payment subject to Section 16 of this Act, resources subject to Section 18 of this Act, timber subject to Section 19 of this Act, or any asset for which the trustee establishes a reserve for depreciation under Section 23 of this Act.

(2) A trustee shall allocate to income ten percent (10%) of the receipts from a liquidating asset and the balance to principal.

SECTION 18. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) To the extent that a trustee accounts for receipts from an interest in minerals or other natural resources pursuant to this section, the trustee shall allocate them as follows:

(a) If received as nominal delay rental or nominal annual rent on a lease, a receipt shall be allocated to income;

(b) If received from a production payment, a receipt shall be allocated to income if and to the extent that the agreement creating the production payment provides a factor for interest or its equivalent. The balance shall be allocated to principal;

(c) If an amount received as a royalty, shut-in-well payment, take-or-pay payment, bonus, or delay rental is more than nominal, ninety percent (90%) shall be allocated to principal and the balance to income; or

(d) If an amount is received from a working interest or any other interest not provided for in paragraph (a), (b), or (c) of this subsection, ninety percent (90%) of the net amount received shall be allocated to principal and the balance to income.

If the trust acquires an interest in minerals, water, or other natural resources after the effective date of this Act, the trustee shall allocate receipts from the interest as provided in Sections 1 to 27 of this Act.

(5) The proceeds from any disposition of an interest specified in this section shall be allocated in the same manner as receipts from the interest.

SECTION 19. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) To the extent that a trustee accounts for receipts from the sale of timber and related products pursuant to this section, the trustee shall allocate the net receipts:

(a) To income to the extent that the amount of timber removed from the land does not exceed the rate of growth of the timber during the accounting periods in which a beneficiary has a mandatory income interest;

(b) To principal to the extent that the amount of timber removed from the land exceeds the rate of growth of the timber or the net receipts are from the sale of standing timber;

(c) To or between income and principal if the net receipts are from the lease of timberland or from a contract to cut timber from land owned by a trust, by determining the amount of timber removed from the land under the lease or contract and applying the rules in paragraphs (a) and (b) of this subsection; or

(d) To principal to the extent that advance payments, bonuses, and other payments are not allocated pursuant to paragraphs (a), (b), or (c) of this subsection.

(2) In determining net receipts allocated under subsection (1) of this section, a trustee shall deduct and transfer to principal a reasonable amount for depletion.

(3) Sections 1 to 27 of this Act apply whether or not a decedent or transferor was harvesting timber from the property before it became subject to the trust.

(4) If a trust owns an interest in timberland on the effective date of this Act, the trustee may allocate net receipts from the sale of timber and related products as provided in Sections 1 to 27 of this Act or in the manner used by the trustee before the effective date of this Act. If the trust acquires an interest in timberland after the effective date of this Act, the trustee shall allocate net receipts from the sale of timber and related products as provided in Sections 1 to 27 of this Act.

(1) If a marital deduction is allowed for all or part of a trust, the spouse may require the trustee to make the trust income productive.

(2) In cases not governed by subsection (1) of this section, proceeds from the sale or other disposition of an asset are principal without regard to the amount of income the asset produces during any accounting period.

ARTICLE 5

ALLOCATION OF DISBURSEMENTS DURING ADMINISTRATION OF TRUST

SECTION 21. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

A trustee shall make the following disbursements from income to the extent that they are not disbursements to which subsection (2)(b) or (2)(c) of Section 4 of this Act applies:

(2) One-half (1/2) of all expenses for accountings, judicial proceedings, or other matters that involve both the income and remainder interests;

(3) All of the other ordinary expenses incurred in connection with the administration, management, or preservation of trust property and the distribution of income, including interest, ordinary repairs, regularly recurring taxes assessed against principal, and expenses of a proceeding or other matter that concerns primarily the income interest; and

(4) Recurring premiums on insurance covering the loss of a principal asset or the loss of income from or use of the asset.

SECTION 22. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) A trustee shall make the following disbursements from principal:

(a) That portion of the regular compensation of the trustee and any person providing investment advisory or custodial services to the trustee not paid from income under subsection (1) of Section 21 of this Act;

(b) The remaining one-half (1/2) of the disbursements described in subsection (2) of Section 21 of this Act;

(c) All of the trustee's compensation calculated on principal as a fee for acceptance, distribution, or termination, and disbursements made to prepare property for sale;

(d) Payments on the principal of a trust debt;

(e) Expenses of a proceeding that concerns primarily principal, including a proceeding to construe the trust or to protect the trust or its property;

(f) Premiums paid on a policy of insurance not described in subsection (4) of Section 21 of this Act of which the trust is the owner and beneficiary;

(g) Estate, inheritance, and other transfer taxes, including penalties, apportioned to the trust; and

(h) Disbursements related to environmental matters, including reclamation, assessing environmental conditions, remedying and removing environmental contamination, monitoring remedial activities and the release of substances, preventing future releases of substances, collecting amounts from persons liable or potentially liable for the costs of those activities, penalties imposed under environmental laws or regulations and other payments made to comply with those laws or regulations, statutory or common law claims by third parties, and defending claims based on environmental matters.

(2) If a principal asset is encumbered with an obligation that requires income from that asset to be paid directly to the creditor, the trustee shall transfer from principal to income an amount equal to the income paid to the creditor in reduction of the principal balance of the obligation.

SECTION 23. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) In this section, "depreciation" means a reduction in value due to wear, tear, decay, corrosion, or gradual obsolescence of a fixed asset having a useful life of more than one (1) year.

(2) A trustee may transfer to principal a reasonable amount of the net cash receipts from a principal asset that is subject to depreciation, but shall not transfer any amount for depreciation:

(a) Of that portion of real property used or available for use by a beneficiary as a residence or of tangible personal property held or made available for the personal use or enjoyment of a beneficiary; or

(b) During the administration of a decedent's estate.

(3) An amount transferred to principal need not be held as a separate fund.

SECTION 24. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) If a trustee makes or expects to make a principal disbursement described in this section, the trustee may transfer an appropriate amount from income to principal in one (1) or more accounting periods to reimburse principal or to provide a reserve for future principal disbursements.

(2) Principal disbursements to which subsection (1) of this section applies include the following, but only to the extent that the trustee has not been and does not expect to be reimbursed by a third party:

(a) An amount chargeable to income but paid from principal because it is unusually large, including extraordinary repairs;

(b) A capital improvement to a principal asset, whether in the form of changes to an existing asset or the construction of a new asset, including special assessments;

(c) Disbursements made to prepare property for rental, including tenant allowances, leasehold improvements, and broker's commissions;

(d) Periodic payments on an obligation secured by a principal asset to the extent that the amount transferred from income to principal for depreciation is less than the periodic payments; and

(e) Disbursements described in subsection (1)(g) of Section 22 of this Act.

(3) If the asset whose ownership gives rise to the disbursements becomes subject to a successive income interest after an income interest ends, a trustee may continue to transfer amounts from income to principal as provided in subsection (1) of this section.

SECTION 25. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) A tax required to be paid by a trustee based on receipts allocated to income shall be paid from income.

(2) A tax required to be paid by a trustee based on receipts allocated to principal shall be paid from principal, even if the tax is called an income tax by the taxing authority.

(3) A tax required to be paid by a trustee on the trust's share of an entity's taxable income shall be paid proportionately:

(a) From income to the extent that receipts from the entity are allocated to income; and

(b) From principal to the extent that:

1. Receipts from the entity are allocated to principal; and

2. The trust's share of the entity's taxable income exceeds the total receipts described in paragraph (a) of this subsection and paragraph (b)1. of this subsection.

(4) For purposes of this section, receipts allocated to principal or income shall be reduced by the amount distributed to a beneficiary from principal or income for which the trust receives a deduction in calculating the tax.

SECTION 26. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) A fiduciary may, with District Court approval, make adjustments between principal and income to offset the shifting of economic interests or tax benefits between income beneficiaries and remainder beneficiaries which arise from:

(a) Elections and decisions, other than those described in subsection (2) of this section, that the fiduciary makes from time to time regarding tax matters;

(b) An income tax or any other tax that is imposed upon the fiduciary or a beneficiary as a result of a transaction involving, or a distribution from, the estate or trust; or

(c) The ownership by an estate or trust of an interest in an entity whose taxable income, whether or not distributed, is includable in the taxable income of the estate, trust, or a beneficiary.

(2) If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes and, as a result, estate taxes paid from principal are increased and income taxes paid by an estate, trust, or beneficiary are decreased, each estate, trust, or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement shall equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable contribution deduction but for the payment. The proportionate share of the reimbursement for each estate, trust, or beneficiary whose income taxes are reduced shall be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.

SECTION 27. A NEW SECTION OF KRS CHAPTER 386 IS CREATED TO READ AS FOLLOWS:

(1) The provisions of Section 3 of this Act that allow a trustee to adopt the prudent investor rule and make allocations to income shall not apply to any trust without District Court approval.

(2) The provisions of Sections 1 to 27 of this Act, other than Section 3 of this Act, shall apply to all trusts administered under Kentucky law, except as otherwise specifically provided in the instrument creating the trust, regardless of when created.

Section 30. This Act takes effect January 1, 2005.

HCR 112, A CONCURRENT RESOLUTION encouraging the Congress of the United States to enact legislation protecting our children by establishing an exclusive Internet domain extension of ".xxx", and requiring the posting and dissemination of obscene or pornographic materials to the designated domain.

WHEREAS, in recent years there has been a proliferation of pornographic Web sites on the Internet; and

WHEREAS, pornographic Web sites are easily accessible by children who may be negatively impacted by the materials posted on the Internet; and

WHEREAS, Congress has sought legislative solutions to this growing epidemic through the Children's Internet Protection Act; and

WHEREAS, the Children's Internet Protection Act requires that schools and libraries that receive specified federal funding certify that they have in place an Internet safety policy that includes monitoring the use of Internet access by children, and implementation of technology that will filter out objectionable content; and

WHEREAS, despite the attempts at protection of children that are in place, attempts to limit children's access to adult content on the Internet through filtering software and on-line informational Web sites designated by Internet service providers have been largely unsuccessful; and

WHEREAS, the evolving of adult content production on the Internet has led to a situation in which legal standards regarding content can no longer be enforced effectively or affordably; and

WHEREAS, it is in the best interest of our children and the entire nation to require operators of any Web site or on-line service whose primary business is making available material that is pornographic, obscene, or harmful to minors to register and operate the Web site or on-line service only under a domain specifically designated for pornographic or obscene materials; and

WHEREAS, the United States Internet Crime Task Force, Inc. recommends the passage of federal legislation establishing a ".xxx" Internet domain extension for pornographic or obscene materials; and

WHEREAS, the establishment of an ".xxx" Internet domain to be used exclusively for pornographic or obscene content on the Internet would make it more feasible for Internet service providers and software developers to effectively block access to this objectionable content;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the Kentucky General Assembly hereby encourages the Congress of the United States of America to enact legislation protecting our children by establishing an exclusive Web domain extension of ".xxx", and requiring the posting and dissemination of obscene or pornographic materials to the designated domain.

Section 2. HB 251, AN ACT relating to lost and missing children.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 199 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 4 of this Act, unless the context otherwise requires, "building" means any structure that houses offices of the Commonwealth of Kentucky or public offices of counties, municipalities, special districts, public corporations, public instrumentalities, or the Court of Justice.

SECTION 2. A NEW SECTION OF KRS CHAPTER 199 IS CREATED TO READ AS FOLLOWS:

The "Code Adam" safety protocol is hereby established and shall be implemented by all administrators in public buildings in the following manner:

(1) When a parent, tutor, or guardian notifies any employee of a building that his or her child is lost or missing, the employee shall obtain from the parent, tutor, or guardian a detailed description of the minor, including but not limited to the name, age, color of eyes, height, weight, clothing, and the shoes the child was wearing at the time the child was last seen before becoming lost or missing.

(2) From the closest telephone available, the same employee shall alert the building administrator or the person designated in the building's "Code Adam" plan, and the building administrator shall notify the occupants of the building through the loudspeaker system or via any other fast and effective means of communication that "Code Adam" has been activated.

(3) The employee shall escort the parent, tutor, or guardian to the main door of the building to help in identifying the child.

(4) Persons designated by the administrator shall monitor all building exits to ascertain that the minor does not leave the building without the parent, tutor, or guardian. In addition, two (2) or more employees, as may be necessary, shall be assigned to search the parking areas of the building. This process shall not entail the closing or locking of any of the doors of the building.

(5) Any child, or person with a child, leaving the building shall be asked to go through the main exit previously designated by the administrator. If once there, the child or person insists on leaving the building, he or she shall be allowed to do so once it has been determined that the minor who is leaving is not the one being searched for and that the person with the minor is the parent, tutor, or guardian of the child, and the person presents a government-issued photo identification.

(6) After the activation of "Code Adam" has been announced through the building's loud speaker system or through any other fast and effective means of communication, the employees shall search throughout the entire building, and no less than two (2) employees, as many as shall be deemed necessary, shall be assigned to each floor to certify that the minor is not there. The employees that are directly serving a member of the public at the time and those employees who have been previously excluded by the administrator shall not be compelled to participate in the search.

(7) If the minor is found unharmed and seems to have been simply lost or missing in the building, the child shall be immediately taken to the parent, tutor, or guardian.

(8) If the minor is found in the company of any person other than the child's parent, tutor, or guardian, any reasonable means shall be taken to delay the exit of the child and the person with whom the child was found from the building until a peace officer arrives, and the child and the person with whom the child is found and both are properly identified and the circumstances of the situation determined.

(9) If the minor is not found within a ten (10) minute period, the building administrator shall notify a state or local law enforcement agency that a child is lost or missing and provide the information then known about the lost or missing child. The law enforcement agency shall respond to the scene and shall take control of the incident. The law enforcement agency may request that the local search and rescue coordinator provide additional resources to search for the lost or missing child. The law enforcement agency and the local dispatch center shall take the actions required by KRS 17.450, 17.460, and 39F.180.

(10) Upon the location of the lost or missing child or the arrival of a peace officer from the law enforcement agency which was notified of the lost or missing child, whichever occurs earlier, the building administrator shall cause an announcement of the ending of the "Code Adam" by the building loudspeaker or other fast and effective means of communication.

HJR 65, A JOINT RESOLUTION urging the University of Kentucky and the University of Louisville to complete an analysis of the scientific research findings regarding new drugs and new avenues for the potential therapeutic treatment of addiction to drugs and food.

WHEREAS, addiction to drugs and addiction to food are two major health care concerns that are confronting the citizens of the Commonwealth of Kentucky; and

WHEREAS, addiction to prescription and other drugs is a rampant problem in Kentucky, particularly in the eastern part of the state, and has led to dozens of deaths over the past few years; and

WHEREAS, of all states, Kentucky had the second-highest percentage of adults who were overweight, which is associated with numerous chronic diseases including diabetes, heart disease, stroke, and cancer; and

WHEREAS, Arvid Carlsson, Paul Greengard, and Eric Kandel received the Nobel Prizes in Physiology or Medicine for their pioneering discoveries concerning the signal transduction between nerve cells, called "slow synaptic transmission"; and

WHEREAS, these discoveries have been crucial to understanding the normal functioning of the brain and how disturbances in this signal can lead to neurological and psychiatric diseases, including addiction; and

WHEREAS, their discoveries have led to the development of new drugs for the treatment of schizophrenia, depression, Alzheimer's disease, and addiction to substances; and

WHEREAS, there is scientific evidence of a link between obesity and dopamine, a brain chemical associated with cocaine, alcohol, and other drug addictions; and

WHEREAS, researchers at the U.S. Department of Energy's Brookhaven National Laboratory reported that the mere sight and smell of food spike the level of dopamine in the brain; and

WHEREAS, this report has provided the foundation for additional research to understand the synaptic properties of neurons in brain areas relevant to drug and food addictions; and

WHEREAS, it is in the interest of the citizens of the Commonwealth of Kentucky for the state's research universities to explore the scientific literature to identify new treatment strategies for citizens suffering from obesity or drug addiction;

NOW, THEREFORE,

Section 1. The Kentucky General Assembly respectfully urges the University of Kentucky and the University of Louisville to analyze the scientific research literature to identify new drugs and therapies to treat obesity and drug addiction. The General Assembly further urges these universities to identify potential research questions that need to be investigated in order to understand the effect of chemicals on the brain areas relevant to the treatment of drug addiction and obesity and any relationship between obesity and the functioning of the endocrine system.

Section 2. The Clerk of the House of Representatives is directed to transmit a copy of this Joint Resolution to the president of the University of Kentucky, the president of the University of Louisville, the dean of the University of Kentucky College of Medicine, and the dean of the University of Louisville School of Medicine.

HB 304, AN ACT relating to drivers' licenses.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 159.051 is amended to read as follows:

(1) When a student age sixteen (16) or seventeen (17) drops out of school or is declared to be academically deficient, the school administrator or his designee shall notify the superintendent of schools of the district in which the student is a resident or is enrolled. The reports shall be made at the end of each semester but may be made earlier in the semester for accumulated absences. A student shall be deemed to have dropped out of school when he has nine (9) or more unexcused absences in the preceding semester. Any absences due to suspension shall be unexcused absences. A student shall be deemed to be academically deficient when he has not received passing grades in at least four (4) courses, or the equivalent of four (4) courses, in the preceding semester. The local school board shall adopt a policy to reflect a similar standard for academic deficiency for students in alternative, special education, or part-time programs.

(2). Within ten (10) days after receiving the notification, the superintendent shall report the student's name and Social Security number to the Transportation Cabinet. As soon as possible thereafter, the cabinet shall notify the student that his operator's license, permit, or privilege to operate a motor vehicle has been revoked or denied and shall inform the student of his right to a hearing before the District Court of appropriate venue to show cause as to the reasons his driver's license should be reinstated. Within fifteen (15) days after this notice is sent, the custodial parent, legal guardian, or next friend of the student may request an ex parte hearing before the District Court. The student shall not be charged District Court filing fees. The notification shall inform the student that he is not required to have legal counsel.[~~ Revocation under this subsection shall not be permitted unless the local school district shall operate an alternative education program approved by the Department of Education designed to meet the learning needs of students who are unable to succeed in the regular program.~~]

(3) In order for the student to have his license reinstated, the court shall be satisfied that the license is needed to meet family obligations or family economic considerations which if unsatisfied would create an undue hardship or that the student is the only licensed driver in the household or the student is not considered a dropout or academically deficient pursuant to this section. If the student satisfies the court, the court shall notify the cabinet to reinstate the student's license at no cost. The student, if aggrieved by a decision of the court issued pursuant to this section, may appeal the decision within thirty (30) days to the Circuit Court of appropriate venue. A student who is being schooled at home shall be considered to be enrolled in school.

(4) A student who has had his license revoked under the provisions of this section may reapply for his driver's license as early as the end of the semester during which he enrolls in school and successfully completes the educational requirements. A student may also reapply for his driver's license at the end of a summer school semester which results in the student having passed at least four (4) courses, or the equivalent of four (4) courses, during the successive spring and summer semesters, and the courses meet the educational requirements for graduation. He shall provide proof issued by his school within the preceding sixty (60) days that he is enrolled and is not academically deficient.

the operator's license of any person, or, in the case of a nonresident, withdraw the privilege of operating a motor vehicle in this state, subject to a hearing and with or without receiving a record of conviction of that person of a crime, if the cabinet has reason to believe that:

(a) That person has committed any offenses for the conviction of which mandatory revocation of a license is provided by KRS 186.560.

(b) That person has, by reckless or unlawful operation of a motor vehicle, caused, or contributed to an accident resulting in death or injury or serious property damage.

(c) That person has a mental or physical disability that makes it unsafe for him to drive upon the highways. The Transportation Cabinet shall, by administrative regulations promulgated pursuant to KRS Chapter 13A, establish a medical review board to provide technical assistance in the review of the driving ability of these persons. The board shall consist of licensed medical and rehabilitation specialists.

(d) That person is an habitually reckless or negligent driver of a motor vehicle or has committed a serious violation of the motor vehicle laws.

(2) The cabinet shall deny any person a license or shall suspend the license of an operator of a motor vehicle upon receiving written notification from the Cabinet for Families and Children that the person has a child support arrearage which equals or exceeds the cumulative amount which would be owed after one (1) year of nonpayment or failure, after receiving appropriate notice, to comply with a subpoena or warrant relating to paternity or child support proceedings, as provided by 42 U.S.C. secs. 651 et seq.; except that any child support arrearage which exists prior to January 1, 1994, shall not be included in the calculation to determine whether the license of an operator of a motor vehicle shall be denied or suspended. The denial or suspension shall continue until the arrearage has been eliminated, payments on the child support arrearage are being made in accordance with a court or administrative order, or the person complies with the subpoena or warrant relating to paternity or child support. Before the license may be reinstated, proof of elimination of the child support arrearage or proof of compliance with the subpoena or warrant relating to paternity or child support proceedings as provided by 42 U.S.C. sec. 666(a)(16) from the court where the action is pending or the Cabinet for Families and Children shall be received by the Transportation Cabinet as prescribed by administrative regulations promulgated by the Cabinet for Families and Children and the Transportation Cabinet.

(3) The cabinet or its agent designated in writing for that purpose shall deny any person an operator's license or shall suspend the operator's license of any person, or, in the case of a nonresident, withdraw the privilege of operating a motor vehicle in this state, where the person has been declared ineligible to operate a motor vehicle under KRS 532.356 for the duration of the ineligibility, upon notification of the court's judgment.

(4) The cabinet or its agent designated in writing for that purpose shall provide any person subject to the suspension, revocation, or withdrawal of their driving privileges, under provisions of this section, an informal hearing. Upon determining that the action is warranted, the cabinet shall notify the person in writing by mailing the notice to the person by first-class mail to the last known address of the person. The hearing shall be automatically waived if not requested within twenty (20) days after the cabinet mails the notice. The hearing shall be scheduled as early as practical within twenty (20) days after receipt of the request at a time and place designated by the cabinet. An aggrieved party may appeal a decision rendered as a result of an informal hearing, and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B.

(5) (a) The cabinet may suspend the operator's license of any resident upon receiving notice of the conviction of that person in another state of an offense there which, if committed in this state, would be grounds for the suspension or revocation of an operator's license. The cabinet shall not suspend an operator's license under this paragraph if:

1. The conviction causing the suspension or revocation is more than five (5) years old;
2. The conviction is for a traffic offense other than a felony traffic offense or a habitual violator offense; and
3. The license holder complies with the provisions of KRS 186.442.

(b) If, at the time of application for an initial Kentucky operator's license, a person's license is suspended or revoked in another state for a conviction that is less than five (5) years old, the cabinet shall deny the person a license until the person resolves the matter in the other state and complies with the provisions of this chapter.

This subsection shall apply only to speeding violations. This section shall not apply to a commercial driver's license.

(7) Each operator's license which has been canceled, suspended, or revoked shall be surrendered to and retained by the cabinet. At the end of the period of cancellation, suspension, or revocation, the license may be returned to the licensee after he has complied with all requirements for the issuance or reinstatement of his driving privilege.

(8) Insurance companies issuing motor vehicle policies in the Commonwealth shall be prohibited from raising a policyholder's rates solely because the policyholder's driving privilege has been suspended or denied pursuant to subsection (2) of this section.

HR 175, A RESOLUTION recognizing March as Sexual Assault Awareness Month in Kentucky and honoring Kentucky's thirteen regional rape crisis centers.

WHEREAS, the American Medical Association reports that in the United States a woman is raped every 46 seconds and proclaims that sexual assault is a silent epidemic; and

WHEREAS, women, men, and children are all victims of sexual assault and it is estimated that 1 in 3 women, 1 in 4 girls, 1 in 6 boys, and 1 in 11 men will be a victim at least once in their lifetime; and

WHEREAS, a study conducted in 2003 reported that 1 in 9 adult women in Kentucky has been the victim of "forcible rape" sometime in her lifetime, and this excludes alcohol- or drug-facilitated rape, or statutory rape; and

WHEREAS, every Kentuckian is directly or indirectly affected and impacted by sexual violence; and

WHEREAS, emotional and physical scars resulting from sexual violence are often severe and long lasting; and

WHEREAS, a coalition of rape crisis centers, known as the Kentucky Association of Sexual Assault Programs, has emerged to directly confront rape and sexual assault with the cooperation of law enforcement agencies, churches, health care providers, and other helping professionals from Kentucky's diverse communities; and

WHEREAS, it is important to recognize the compassion and dedication of the individuals involved in these efforts, to applaud their commitment, and to increase public awareness of this significant problem; and

WHEREAS, it is important to recognize the strength, courage, and challenges faced by victims and survivors of sexual assault and their families and friends as they struggle to cope with the reality of sexual assault and to acknowledge that not all victims of sexual assault survive at the time of assault or survive the horrific long-term trauma that sexual assault often inflicts upon victims; and

WHEREAS, raising awareness about societal myths and behaviors that perpetuate rape and providing information and prevention strategies to all citizens is critical to the health and well-being of Kentucky's citizens;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

CAPITAL PROJECTS BUDGET

(1) **Capital Construction Fund Appropriations and Reauthorizations:** Moneys in the Capital Construction Fund are appropriated for the following capital projects subject to the conditions and procedures in this Act. Items listed without appropriated amounts are previously authorized for which no additional amount is required. These items are listed in order to continue their current authorization into the 2004-2006 fiscal biennium. Unless otherwise specified, reauthorized projects shall conform to the original authorization enacted by the General Assembly.

(2) **Expiration of Existing Line-Item Capital Construction Projects:** All appropriations to existing line-item capital construction projects expire on June 30, 2004, unless reauthorized in this Act with the following exceptions: (1) A construction contract for the project shall have been awarded by June 30, 2004; (2) Permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds; and (3) Grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties. Notwithstanding the criteria set forth in this subsection, the disposition of 2002-2004 biennium nonstatutory appropriated maintenance pools funded from Capital Construction Investment Income shall remain subject to the provisions of KRS 45.770(4)(c) and (d).

(3) **New Bond Projects:** Bond projects authorized for the first time in this section which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium. Debt service has been included at the beginning of fiscal year 2005-2006. However, the sale of any bonds to finance these projects shall occur after January 1, 2005.

(4) **Canceled Projects:** If any authorized capital construction or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund.

(5) **Contingent Appropriation for Base Realignment and Closure (BRAC):** Notwithstanding KRS 45.750 to 45.810, the General Assembly has determined that the Commonwealth's efforts to respond to the next phase of federal BRAC initiatives require that up to $400,000 in fiscal year 2003-2004 and up to $800,000 in fiscal year 2004-2005 be appropriated from

the Capital Construction and Equipment Purchase Contingency Account to the Department of Military Affairs for use by the Adjutant General in advancing the Commonwealth's interests.

(6) **Bond Proceeds Investment Income:** Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties and excess bond proceeds upon the completion of a bond-financed capital project may be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations. Notwithstanding KRS 48.010(13)(b), 48.720, or any section of this Act, any funds appropriated but not required to pay debt service because of this fund source substitution shall be credited to the Deferred Maintenance Pool Account each year. Unneeded debt service resulting from any other circumstance shall lapse in accordance with KRS 48.010(13)(b), 48.720, and other provisions of this Act except for the following: if the fund balance in the Emergency Repair, Maintenance, and Replacement Fund falls below $5,000,000 in fiscal year 2004-2005, any debt service lapse necessary to bring the fund balance to $5,000,000 in that fiscal year shall be credited to the Emergency Repair, Maintenance, and Replacement Fund. No transfer to the Emergency Repair, Maintenance, and Replacement Fund, or the Deferred Maintenance Pool Account, shall be made based on the above provisions if the lapse from other General Fund accounts is insufficient to meet appropriations approved in other Parts of this Act.

(7) **Appropriations for Projects Not Line-Itemized:** Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Kentucky Infrastructure Authority Water and Sewer Projects Pool; Repair of State-Owned Dams; Land Acquisition; Property Demolition; Guaranteed Energy Savings projects; Purchase of Agricultural Conservation Easements; Wetland and Stream Mitigation; Phase I Tobacco Settlement Agricultural Development Initiative; Economic Development projects which shall include authorization for the High-Tech Construction Pool and the High-Tech Investment Pool; Infrastructure projects; Employment Services facilities projects authorized in this Part of this Act; Asbestos Abatement projects; Technology Trust Fund projects, systems, and initiatives; the Parks Renovation Project Pool; the Council on Postsecondary Education Agency Bond Pool; the Capital Renewal and Maintenance Bond Pool; and University Major Items of Equipment Pool. PART III

GENERAL PROVISIONS

1. **Funds Designations and Sources:** Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Fund, State Enterprise Funds (State Parks, State Fair Board, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Fleet Management, Computer Services, Correctional Industries, Central Printing, Risk Management, and Property Management), and selected Fiduciary Funds (Other Expendable Trust Funds). Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, and other miscellaneous federal receipts received by a budget unit, the Unemployment Compensation Fund, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. **Expenditure of Excess Restricted Funds or Federal Funds Receipts:** If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 2004-2005 or fiscal year 2005-2006, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act, for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810 and this Act, and with the authorization of the State Budget Director and approval of the Secretary of the Finance and Administration Cabinet.

Prior to authorizing the appropriation of any excess, unbudgeted Restricted Funds pursuant to this section, the State Budget Director and the Secretary of the Finance and Administration Cabinet shall review the adequacy of the General Fund Surplus Account with respect to its availability to support Necessary Government Expenses. In the event that General Fund Surplus Account moneys are determined by this review to be adequate to meet known or anticipated Necessary Government Expenses during fiscal year 2004-2005 or fiscal year 2005-2006, respectively, then the appropriation increase may be approved. In the event that the review indicates that there are insufficient funds available or reasonably estimated to become available to the General Fund Surplus Account to meet known or projected Necessary Government Expenses for the fiscal years enumerated above, the State Budget Director, with the concurrence of the Secretary of the Finance and Administration Cabinet, may disapprove the request for additional Restricted Funds expenditure authority and may direct the excess Restricted Funds identified to the General Fund Surplus Account in order to meet Necessary Government Expense obligations. The results of any review shall be reported to the Interim Joint Committee on Appropriations and Revenue in accordance with KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810.

Any request made by a budget unit pursuant to KRS 48.630 that relates to Restricted or Federal funds shall include documentation showing a comparative statement of revised estimated receipts by fund source and the proposed expenditures by proposed use, with the appropriated sums specified in the Budget of the Commonwealth, and statements which explain the cause, source, and use for any variances which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the fiscal biennium 2004-2006 Branch Budget Request Manual and according to the following schedule in each fiscal year: (1) On or before the beginning of each fiscal year; (2) On or before October 1; (3) On or before January 1; and (4) On or before April 1.

3. **Appropriations Expenditure Purpose and Transfer Restrictions:** Funds appropriated in this Act shall not be expended for any purpose not specifically authorized by the General Assembly in this Act nor shall funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency, or budget unit of state government unless specifically authorized by the General Assembly in this Act and the provisions of KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810. Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

4. **Permitted Appropriation Obligations:** No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the

General Assembly, legislative and executive records, and the statutory budget memorandum.

5. **Lapse of Funds Supplanted by Federal Funds:** Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account, respectively, to the extent the Federal Funds otherwise become available.

6. **Federally Funded Agencies:** A state agency entitled to Federal Funds which would represent 100 percent of the cost of a program shall conform to KRS 48.730.

7. **Lapse of Excess Debt Service:** Pursuant to KRS 48.720, any excess General Fund or Road Fund debt service shall lapse to the respective surplus account unless otherwise directed in this Act.

8. **Interim Appropriation Increases:** No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and the documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with KRS 48.630. Proposed revisions to an appropriation contained in the enacted State/Executive Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

Notwithstanding KRS 48.630(3), (4), and (5), any proposed and recommended actions to increase appropriations for funds specified in Section 2 of this Part shall be scheduled consistent with the timetable contained in that section in order to provide continuous and timely budget information.

9. **Revision of Appropriation Allotments:** Allotments within appropriated sums for the activities and purposes contained in the enacted State/Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

10. **Continuing Appropriations:** All statutes and portions of statutes in conflict with any of the provisions of this section, to the extent of the conflict, are suspended unless otherwise provided by this Act.

11. **Construction of Budget Provisions on Prior Fiscal Year Appropriations and Statutory Budget Administration Powers and Duties:** Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made heretofore or hereafter for the fiscal year ending June 30, 2004, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act.

12. **Interpretation of Appropriations:** All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

13. **Publication of the Budget of the Commonwealth:** The State Budget Director shall cause the Governor's Office for Policy and Management, within 60 days of adjournment of the 2004 Regular Session of the General Assembly, to publish a final enacted budget document, styled the Budget of the Commonwealth, based upon the recommended Legislative Budget, State/Executive Budget and Judicial Budget as enacted by the 2004 Regular Session of the General Assembly as well as other Acts which contain appropriation provisions for the 2004-2006 fiscal biennium, and based upon supporting documentation and legislative records as considered by the 2004 Regular Session of the General Assembly, and the statutory budget memorandum. This document shall include, for each agency and budget unit, a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and for the State/Executive Budget, and any other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. If any executive reorganization order issued from sine die adjournment of the 2003 Regular Session to sine die adjournment of the 2004 Regular Session was not confirmed by the 2004 Regular Session of the General Assembly, the Secretary of the Finance and Administration Cabinet shall,

in consultation with agency heads and with notification to the Legislative Research Commission, transfer the balance of funds for any affected program or function for fiscal year 2003-2004 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to the reorganization action or in which it was placed by action of the 2004 Regular Session of the General Assembly.

"Tax expenditure" means an exemption, exclusion, or deduction from the base of a tax, a credit against the tax, a deferral of a tax, or a preferential tax rate. The estimates shall include for each tax expenditure the amount of revenue loss, a citation of the legal authority for the tax expenditure, the year in which it was enacted, and the tax year in which it became effective.

20. **Duplicate Appropriations:** Any appropriation item and sum in Parts I to X of this Act and in an appropriation provision in another Act of the 2004 Regular Session which constitute a duplicate appropriation shall be governed by KRS 48.312.

22. **Severability of Budget Provisions:** Appropriation items and sums in Parts I to X of this Act shall conform to KRS 48.311. If any section, any subsection, or any provision is found by a court of competent jurisdiction in a final, unappealable order to be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions.

23. **Unclaimed Lottery Prize Money:** For fiscal year 2004-2005 and fiscal year 2005-2006, all unclaimed lottery prize money under KRS 154A.110(3) shall be credited to the Student Financial Aid and Advancement Trust Fund to be held as a subsidiary account for the purpose of funding the Kentucky Excellence in Education Scholarship (KEES) Program as appropriated in this Act. Upon the effective date of this Act, the balance of funds in the KEES Program Reserve Account as established by 2003 Ky. Acts ch. 156, Part III, section 24., shall be transferred to the KEES Reserve subsidiary account of the Student Financial Aid and Advancement Trust Fund. If the Kentucky Higher Education Assistance Authority certifies to the State Budget Director that the appropriations in this Act for the KEES Program under the existing award schedule are insufficient to meet funds required for eligible applicants, then the State Budget Director shall provide the necessary allotment of funds in the balance of the Subsidiary Account to fund the KEES Program. In addition to the General Fund appropriations for the Technology Trust Fund, Restricted Funds, Federal Funds, the Road Fund, private funds, and any matching fund appropriations required are appropriated in support of the projects and priorities previously identified by the Empower Kentucky Steering Committee. However, notwithstanding KRS 45.760(14), 45.770, 45.780, and 45.800, no funds from the Emergency Repair, Maintenance, and Replacement Account shall be used for Technology Trust Fund projects, systems, or initiatives.

25. **General Fund and Road Fund Budget Reduction Plans and Orders:** The General Assembly acknowledges that during fiscal year 2003-2004 the General Fund revenues were less than the enacted estimates pursuant to KRS 48.120(3) and that the 2002 General Assembly had enacted the legislative branch budget bill in 2002 Ky. Acts ch. 172 and the 2003 General Assembly had enacted the executive and judicial branch budget bills in 2003 Ky. Acts chs. 156 and 14 as contained in the Appendices to KRS Chapter 47 based upon the anticipated revenue estimates.

These statutes and Acts provide direction and authority by which the heads of the executive, judicial, and legislative branches shall revise and reduce appropriations and allotments and other deficit alleviation actions for their respective branch budget units under KRS 48.130(4).

Notwithstanding KRS 48.130 and 48.600, the General Assembly confirms, adopts, and enacts the revised General Fund appropriation levels for the budget units of the Executive Branch identified in General Fund Budget Reduction Order 04-01 and confirms and enacts the advances, transfers, and lapses to the General Fund of non-General Fund moneys identified in General Fund Budget Reduction Order 04-01.

Acts ch. 156, Part VII, for state government pursuant to KRS 48.130(1) and (3). These statutes and Acts provide direction and authority by which the head of the Executive Branch shall revise and reduce appropriations and allotments and other deficit alleviation actions for the Executive Branch budget units under KRS 48.130(4).

Notwithstanding KRS 48.130 and 48.600, the General Assembly confirms, adopts, and enacts the revised Road Fund appropriation levels for the budget units of the Executive Branch identified in Road Fund Budget Reduction Order 04-01 and confirms and enacts the advances, transfers, and lapses to the Road Fund of non-Road Fund moneys identified in Road Fund Budget Reduction Order 04-01.

26. **State Purchases of Motor Vehicle Liability Insurance:** Notwithstanding any provision of the Kentucky Revised Statutes, to the extent that any governmental agency purchases motor vehicle liability insurance, sovereign immunity shall be waived to the extent of the insurance coverage.

27. **Use Tax on Sales of Printing or Direct Mail Advertising Materials:** Notwithstanding KRS 139.340, a commercial printer or mailer engaged in business in this state shall not be required to collect use tax on sales of printing or direct mail advertising materials that are both printed out of state and delivered out of state to the United States Postal Service for mass mailing to third-party Kentucky residents who are not purchasers of the advertising materials if the commercial printers or mailers:

(a) Maintain records relating to these sales to assist in the collection of the use tax owed; and

(b) File reports as provided in KRS 139.730 if requested by the Revenue Cabinet.

If the commercial printer or mailer complies with these reporting provisions, the purchaser of the printing or direct mail advertising materials described in this section shall have sole responsibility for payment of the use tax imposed in KRS 139.310.

28. **Excess Tobacco Master Settlement Agreement Funds:** Notwithstanding KRS 248.654, all Master Settlement Agreement - Phase I payments in excess of the amounts appropriated in Part I of this Act shall be retained in the General Fund.

30. **Sales and Use Tax Collection and Remittance Compensation:** Notwithstanding KRS 139.570, after June 30, 2003, the total reimbursement allowed shall not exceed $1,500. Notwithstanding KRS 139.250 or 139.700, after the effective date of this Act, separate permit numbers for a taxpayer with different business locations shall not be issued.

31. **Abandoned Property Receipts/General Fund:** Notwithstanding KRS 393.015, all abandoned property receipts collected, net of claims paid, in fiscal years 2004-2005 and 2005-2006 shall be available for appropriation in the General Fund.

32. **Reallocation of Appropriations Among Budget Units:** The Executive Branch shall implement appropriate actions necessary to operate within the appropriations authorized in this Act. The General Assembly recognizes that Executive Branch agency heads may determine it to be necessary to modify the actual budget unit expenditure totals within each cabinet and agency in order to manage within the available resources provided in this Act in order to execute prescribed administrative and program directives. The Secretary of any cabinet, the Commissioner of the Department of Education, and other agency heads are authorized to request revisions or reallocations in appropriation authority among budget units under their administrative authority for the purpose of implementing this Act. Prior to requesting any reallocation between appropriation units, the Secretary of any cabinet, the Commissioner of the Department of Education, and other agency heads shall submit a request to the Office of State Budget Director to transfer General Fund authority within their respective cabinet or agency. Such requests shall specify the need for the transfer of the authority. Any transfers made under this section for any cabinet, agency, or the Department of Education shall result in no change to the total amount appropriated within that cabinet or agency. Any transfers made under this section shall be made pursuant to KRS 48.500 and shall be reported, in writing, to the Interim Joint Committee on Appropriations and Revenue at least 30 days prior to the proposed transfer.

PART IV

STATE SALARY/COMPENSATION AND EMPLOYMENT POLICY

1. **Maximum Filled Permanent Positions:** Notwithstanding KRS 18A.010(2), for the 2004-2006 fiscal biennium, the total number of filled permanent positions in the agencies of the Executive Branch is limited to the number authorized in the enacted State/Executive Budget of the Commonwealth for the 2004-2006 fiscal biennium. The provisions of this section do not apply to the employees of the General Assembly, the Legislative Research Commission, or the Court of Justice.

2. **Authorized Personnel Complement:** On July 1, 2004, the Department of Personnel shall establish a record of budgeted permanent and other equivalent positions based upon the enacted State/Executive Budget of the Commonwealth and any adjustments authorized by provisions in this Act. The total number of filled and vacant positions of full-time, part-time, and interim employees shall not exceed the authorized complements pursuant to this section. When an agency head certifies that an emergency employment situation exists for a limited time within a fiscal year, the State Budget Director may approve, and the Commissioner of Personnel may authorize, the employment of individuals in addition to the authorized complement for the

duration of the limited time period so authorized within the fiscal year. A copy of records, certifications, and actions authorized in this section shall be provided to the Interim Joint Committee on Appropriations and Revenue on a monthly basis.

3. **Cost-of-Living Adjustment:** Notwithstanding KRS 18A.355(1), a cost-of-living adjustment of one and one-half percent is provided in fiscal year 2004-2005 and three percent is provided in fiscal year 2005-2006 on the base salary or wages of each eligible state employee on their anniversary date.

4. **Employee Furloughs or Reductions in Hours:** The General Assembly declares that the financial condition of the Commonwealth requires the following fiscal policies to be implemented and administered during the 2004-2006 fiscal biennium:

a. For purposes of this section:

(1) "Appointing authority" means the agency head as defined in KRS 18A.005(1) and 151B.010(1);

(2) A "furlough" or "reduction in hours" means that an appointing authority may temporarily reduce the number of hours that an employee is scheduled to work within a pay period if the Budget Reduction Plan or cost savings contemplated in this Act are not achieved. In the case of an employee who is considered "salaried" or "exempt" from the coverage of the Fair Labor Standards Act, 29 U.S.C. sec. 201, et seq., the length of a furlough shall not be less than a work week;

(3) A "lack of funds" means an appointing authority has a current or projected deficiency of funding to maintain current, or to sustain projected, levels of staffing and operations; and

(4) A "lack of work" means an operating authority has a current or projected decrease in the workload, which requires a reduction of current or projected staffing levels.

b. Notwithstanding any other provision of law, an appointing authority, with the approval of the Commissioner of the Department of Personnel or, in the case of employees governed by KRS Chapter 151B, the Kentucky Technical Education Personnel Board, may temporarily reduce the hours of work assigned to employees due to:

(1) Lack of work;

(2) Seasonal changes in demand for services; or

(3) A current or projected deficiency of funding necessary to maintain current, or to sustain projected, levels of staffing and operations.

c. An employee whose hours of work are temporarily reduced by the appointing authority pursuant to this section shall be notified in writing of the reduced schedule of work, the reasons for the reduction, and the reasons for the employee's selection.

d. Notwithstanding any other provision of law, an employee whose hours of work are temporarily reduced by the appointing authority pursuant to this section:

(1) Shall remain eligible for state-paid benefits during the temporary reduction of hours; and

(2) Shall not be entitled to appeal the reduction to the Personnel Board or, in the case of employees governed by KRS Chapter 151B, the Kentucky Technical Education Personnel Board, unless the length of the furlough exceeds ten consecutive working days.

e. Whenever a furlough is necessary, the appointing authority of an agency shall decide in which county or facility and within which classifications the furlough will occur, and the number of employees to be furloughed within each affected county, facility, or classification. The order of furlough shall be based on length of service and relative qualifications to perform the essential functions of any positions that remain in operation within the agency, county, or facility.

f. An employee subject to KRS Chapter 18A who has been furloughed for more than ten consecutive working days, and who believes that the furlough was unwarranted under the provisions of this section or that the appointing authority failed to properly apply the criteria established by this section in determining the order of furlough, may appeal to the Personnel Board within 30 days of the date the notice of furlough was mailed or delivered by the appointing authority. An employee shall not have the right to appear before the appointing authority prior to furlough. In all other respects, the provisions of KRS 18A.095 shall govern appeals based on furloughs.

g. An employee subject to KRS Chapter 151B who has been furloughed more than ten consecutive working days, and who believes that the furlough was unwarranted under the provisions of this section or that the appointing authority failed to properly apply the criteria established in this subsection in determining the order of furlough, may appeal to the Kentucky Technical Education Personnel Board within 30 days of the date the notice of furlough was mailed or delivered by the appointing authority. An employee shall not have the right to appear before the appointing authority prior to furlough. In all other respects, the provisions of KRS 151B.060 shall govern appeals based on furlough.

h. Notwithstanding any other provision of law, an employee participating in one of the state retirement systems who is furloughed to the extent of working less than 100 hours per month shall, upon return to regular hours, have the right to purchase service credit by paying the employee contributions on the difference between the creditable compensation that would have been paid had the employee not been furloughed and the actual compensation received for the period the employee was placed on furlough and worked less than 100 hours. If the employee elects to purchase service credit, the employing agency shall pay the employer contributions for the period purchased by the employee.

i. The Commissioner of the Department of Personnel shall promulgate an administrative regulation to implement a furlough program. The administrative regulation shall include a provision authorizing employees to elect to voluntarily participate in a furlough program.

PART VI

GENERAL FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130 and 48.600, a General Fund Budget Reduction Plan is enacted for state government in the event of an actual or projected deficit in estimated General Fund revenue receipts of $7,153,800,000 in fiscal year 2004-2005 and $7,457,000,000 in fiscal year 2005-2006 as modified by related Acts and actions of the General Assembly in an extraordinary or regular session. Direct services, obligations essential to the minimum level of constitutional functions, and other items that may be specified in this Act, are exempt from the requirements of this Plan. Each branch head shall prepare a specific plan to address a proportionate share of the General Fund revenue shortfall applicable to the respective branch. No budget revision action shall be taken by a branch head in excess of the actual or projected deficit.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary as well as take other measures which shall be consistent with the provisions of this Part and general branch budget bills.

In the event of a revenue shortfall under the provisions of KRS 48.120, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of the Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582 as modified by the provisions of this Act.

(2) Transfers of excess unappropriated and unbudgeted Restricted Funds other than fiduciary funds shall be applied as determined by the head of each branch for its respective budget units.

(3) Excess General Fund appropriations which accrue as a result of personnel vacancies and turnover, and reduced requirements for operating expenses, grants, and capital outlay shall be determined and applied by the heads of the executive, judicial, and legislative departments of state government for their respective branches. The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of the Finance and Administration Cabinet and the Legislative Research Commission. The Secretary of the Finance and Administration Cabinet shall execute the certified actions as transmitted by the branch heads.

Branch heads shall take care, by their respective actions, to protect, preserve, and advance the fundamental health, safety, legal and social welfare, and educational well-being of the citizens of the Commonwealth.

(4) Funds available in the Budget Reserve Trust Fund shall be applied in an amount not to exceed 25 percent of the trust fund balance in fiscal year 2004-2005 and 50 percent of the trust fund balance in fiscal year 2005-2006.

(5) Notwithstanding the provisions of KRS 48.130 and 48.600, if the actions contained in subsections (1) to (4) of this section are insufficient to eliminate an actual or projected revenue shortfall in the enacted General Fund revenue receipts, then the Governor is empowered and directed to take necessary actions with respect to the Executive Branch budget units to balance the budget by such actions conforming with the criteria expressed in the preceding subsection.

PART VII

GENERAL FUND SURPLUS EXPENDITURE PLAN

1. Pursuant to KRS 48.700 and notwithstanding KRS 48.140, there is established a plan for the expenditure of General Fund surplus moneys pursuant to a General Fund Surplus Expenditure Plan contained in this Part for fiscal years 2004-2005 and 2005-2006. Pursuant to the enactment of the Surplus Expenditure Plan, General Fund moneys in the General Fund undesignated fund balance in excess of the amount specified in Part I, section (3), are appropriated to the following: (1) Teacher salary funding support to public school districts in an amount sufficient to provide for the recurring impact in fiscal year 2005-2006 of the one and one-half percent pay increase provided by school districts in fiscal year 2004-2005 to the extent that amount is not already provided in this bill. The appropriate amount shall be calculated by the State Budget Director in consultation with the Commissioner of the Department of Education and the Secretary of the Education Cabinet. In the event that insufficient General Fund Surplus moneys are realized after the close of fiscal year 2004-2005, the amount calculated as necessary by the State Budget Director shall be reserved and appropriated from the Budget Reserve Trust Fund for expenditure in fiscal year 2005-2006; (2) Increased funding of $2 million to the Read to Achieve program in the Department of Education in fiscal year 2004-2005 and in 2005-2006, respectively; (3) Increased support to the Budget Reserve Trust Fund up to the amount necessary to provide a balance equaling one percent of estimated General Fund revenues for each fiscal year; (4) Increased funding for the Office of the New Economy in the Economic Development Cabinet for programs and economic development initiatives not to exceed $25 million; (5) Information technology and business systems funding for projects identified herein including to accelerate action on projects identified by the Secretary of the Executive Cabinet and Chief Information Officer for the Commonwealth not to exceed $50 million; and (6) the Budget Reserve Trust Fund.

2. The Secretary of the Finance and Administration Cabinet shall determine, within thirty (30) days after the close of the fiscal year 2004-2005, and the close of fiscal year 2005-2006, based on the official financial records of the Commonwealth, the amount of actual General Fund undesignated fund balance for the General Fund Surplus Account that may be available for expenditure pursuant to the Plan respectively in fiscal year 2004-2005 and fiscal year 2005-2006.

The Secretary of the Finance and Administration Cabinet shall certify the amount of actual General Fund undesignated fund balance available for expenditure to the Legislative Research Commission.

Subsequent to June 30, 2004, funds that are certified as being available in the actual General Fund undesignated fund balance for the General Fund Surplus Account are appropriated for expenditure in fiscal year 2004-2005 pursuant to the Plan.

PART X

PHASE I TOBACCO SETTLEMENT

(1) **General Purpose:** This section of the Act prescribes the policy implementing aspects of the national settlement agreement between the tobacco industry and the collective states as described in KRS 248.701 to 248.727. In furtherance of that agreement, the General Assembly recognizes that the Commonwealth of Kentucky is a party to the Phase I Master Settlement Agreement (MSA) between the Participating Tobacco Manufacturers and 46 Settling States which provides reimbursement to states for smoking-related expenditures made over time.

(2) **State's MSA Share:** The Commonwealth's share of the MSA is equal to 1.7611586 percent of the total settlement amount. Payments under the MSA were made to the states in January and April of each year through 2003 and will be made annually in January thereafter.

(3) **MSA Payment Amount Variables:** The total settlement amount to be distributed each payment date is subject to change pursuant to several variables provided in the MSA, including inflation adjustments, volume adjustments, previously settled states adjustments, and the nonparticipating manufacturers adjustment.

(4) **Distinct Identity of MSA Payment Deposits:** The General Assembly has determined that it shall be the policy of the Commonwealth that all Phase I Tobacco Settlement payments shall be deposited to the credit of the General Fund and shall maintain a distinct identity as Phase I Tobacco Settlement payments that shall not lapse to the credit of the General Fund surplus, but shall continue forward from each fiscal year to the next fiscal year to the extent that any balance is unexpended.

(5) **MSA Payment Estimates and Adjustments:** Based on the current estimates as reviewed by the Consensus Revenue Forecasting Group, the amount of MSA payments expected to be received in fiscal year 2004-2005 is $108,800,000 and in fiscal year 2005-2006 is $108,600,000. It is recognized that payments to be received by the Commonwealth are estimated and are subject to change. Any appropriations made from the estimated receipts are subject to adjustments based on actual receipts as received and certified by the Secretary of the Finance and Administration Cabinet.

a. **State Enforcement:** Notwithstanding KRS 248.654, a total of $175,000 of the MSA payments received each fiscal year of the 2004-2006 biennium is appropriated to the Finance and Administration Cabinet, Department of Revenue for the state's enforcement of noncompliant nonparticipating manufacturers.

b. **Agricultural Development Initiatives:** Fifty percent of the MSA payments, less the above enforcement appropriations, received in fiscal year 2004-2005, estimated to be $54,312,500, and in fiscal year 2005-2006, estimated to be $54,212,500, is appropriated to the Kentucky Agricultural Development Fund to be used for agricultural development initiatives.

c. **Early Childhood Development Initiatives:** Twenty-five percent of the MSA payments, less the above enforcement appropriations, received in fiscal year 2004-2005, estimated to be $27,156,200, and in fiscal year 2005-2006, estimated to be $27,106,200, is appropriated for Early Childhood Development Initiatives as specified below.

This subsection shall not apply to:

(a) A vehicle that has been disabled on the right-of-way of such a highway in such a manner and to such extent that it is impossible to avoid the occupation of the shoulder of a state-maintained highway or impracticable to remove it from the shoulder of the highway until repairs have been made or sufficient help obtained for its removal. In no event shall a disabled vehicle remain on the shoulder of a state-maintained highway for twenty-four (24) hours or more;

(b) Motor vehicles when required to stop in obedience to the provisions of any section of the Kentucky Revised Statutes or any traffic ordinance, regulation or sign or the command of any peace officer;

(d) Any vehicle required to stop by reason of an obstruction to its progress.

(2) When any police officer finds a vehicle standing upon such a highway in violation of this section, he may move or cause to be moved the vehicle, or require the operator or other person in charge of the vehicle to move it. The police officer may cause the vehicle to be removed by ordering any person engaged in the business of storing or towing motor vehicles to remove the vehicle to a site chosen by such person. Ownership of the vehicle shall be determined by the police officer's enforcement agency through the vehicle's license plates, serial number or other means of determining ownership. As soon as practicable, the police officer's enforcement agency shall notify the owner by mail that the vehicle was illegally upon public property; the name and address of the storage facility where the vehicle is located; that removal of the vehicle from the storage facility will involve payment of towing and storage charges; and that the vehicle may be sold pursuant to the provisions of KRS 376.275 if not claimed within ***thirty (30)***[~~sixty (60)~~] days. No notification shall be required if ownership cannot be determined. In the event of a sale pursuant to KRS 376.275, the state shall receive any proceeds after the satisfaction of all liens placed on the vehicle.

(3) No vehicle shall be parked, stopped, or allowed to stand on the shoulders of any toll road, interstate highway, or other fully controlled access highway, including ramps thereto, nor shall any vehicle registered at a gross weight of over forty-four thousand (44,000) pounds be parked, stopped or allowed to stand on the shoulders of any state-maintained highway except that in the case of emergency, or in response to a peace officer's signal, vehicles shall be permitted to stop on the shoulders to the right of the traveled way with all wheels and projecting parts of the vehicles, including the load, completely clear of the traveled way. Parking of any vehicle which is disabled on the shoulders of a toll road, interstate highway, other fully controlled access highway, including ramps thereto, or any state-maintained highway not mentioned in this section for twenty-four (24) hours continuously is prohibited and vehicles violating this provision may be towed away at the cost of the owner.

(4) When any police officer finds a vehicle unattended upon any bridge or causeway or in a tunnel where the vehicle constitutes an obstruction to traffic, the officer may provide for the removal of the vehicle to the nearest garage or other place of safety as provided in subsection (2) of this section.

(5) No person shall stop or park a vehicle except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control device, in the following places:

(6) No person shall move a vehicle not lawfully under his control into any such prohibited area.

(7) The restrictions in subsection (5)(e) of this section shall not apply to sheriffs and their deputies or police officers when operating properly identified vehicles during performance of their official duties.

Section 2. KRS 376.275 is amended to read as follows:

(1) When a motor vehicle has been involuntarily towed or transported pursuant to order of police, other public authority, or private person or business for any reason or when the vehicle has been stolen or misappropriated and its removal from the public ways has been ordered by police, other public authority, or by private person or business, or in any other situation where a motor vehicle has been involuntarily towed or transported by order of police, other authority, or by private person or business, the police, other authority, private person or business shall attempt to ascertain from the Transportation Cabinet the identity of the registered owner of the motor vehicle or lessor of a motor carrier as defined in KRS Chapter 281 and within ten (10) business days of the removal shall, by certified mail, attempt to notify the registered owner at the address of record of the make, model, license number and vehicle identification number of the vehicle and of the location of the vehicle, and the requirements for securing the release of said motor vehicle.

(2) If a vehicle described in subsection (1) of this section is placed in a garage or other storage facility, the owner of the facility shall attempt to provide the notice provided in subsection (1) of this section, by certified mail, to the registered owner at the address of record of the motor vehicle or lessor of a motor carrier as defined in KRS Chapter 281 within ten (10) business days of recovery of, or taking possession of the motor vehicle. The notice shall contain the information as to the make, model, license number and vehicle identification number of the vehicle, the location of the vehicle and the amount of reasonable charges due on the vehicle. When the owner of the facility fails to provide notice as provided herein, the motor vehicle storage facility shall forfeit all storage fees accrued after ten (10) business days from the date of tow. This subsection shall not apply to a garage or storage facility owned or operated by a government entity.

(3) Any person engaged in the business of storing or towing motor vehicles, who has substantially complied with the aforementioned requirements of this section, shall have a lien on the motor vehicle, for the reasonable or agreed charges for storing or towing the vehicle, as long as it remains in his possession. If after a period of ***thirty (30)***[~~forty-five (45)~~] days the reasonable or agreed charges for storing or towing a motor vehicle have not been paid, the motor vehicle may be sold to pay the charges after the owner has been notified by certified mail ten (10) days prior to the time and place of the sale. If the proceeds of the sale of any vehicle pursuant to this section are insufficient to satisfy accrued charges for towing, transporting, and storage, the sale and collection of proceeds shall not constitute a waiver or release of responsibility for payment of unpaid towing, transporting, and storage charges by the owner or responsible casualty insurer of the vehicle. This lien shall be subject to prior recorded liens.
